## **OPTIONS:**

### **Option 1: Maintain Levy Current Rate at 0.368 Cents per 1,000 assessed home value**

Levy Option 1 would maintain the existing tax rate for the Sheriff's Office's levy. Option 1 would require a levy-funded sworn personnel reduction of approximately 37% (from 92 to 58). The current levy costs the average homeowner \$131.86 a year / \$10.99 per month based on a median assessed value of \$358,313.00.

### **Option 2: 0.534 Cents per 1,000 assessed home value**

Levy Option 2 maintains the existing Sheriff's Office's levy services. Option 2 is an increase of 0.166 cents. It would cost the average homeowner an additional \$59.48 a year / \$4.96 per month based on a median assessed value of \$358,313.00.

### **Option 3: 0.608 Cents per 1,000 assessed home value**

Levy Option 3 maintains the existing Sheriff's Office's levy services and funds a specialized crime reduction team. Option 3 is an increase of 0.24 cents. It would cost the average homeowner an additional \$86 a year / \$7.17 per month based on a median assessed value of \$358,313.00.

### **Option 4: 0.681 Cents per 1,000 assessed home value**

Levy Option 4 maintains the existing Sheriff's Office's levy services, funds a specialized crime reduction team, and provides funding to replace the Sheriff's aging fleet of patrol vehicles. Option 4 is an increase of 0.313 cents. It would cost the average homeowner an additional \$112.16 a year / \$9.35 per month based on a median assessed value of \$358,313.00.

## **RECOMMENDATION:**

It is recommended that the Board determine what rate, if any, will be placed on a future ballot this year and which election, May or November, the levy will appear before voters.
