EXECUTIVE SUMMARY: Clackamas County Department of Transportation and Development applies and maintains road signage for the safety of those using County roads. It is vitally important that the County develop an agreement and maintain a supply of sign materials. The Clackamas County Road Department maintains local roadways which utilize various materials to ensure regulatory compliance requirements and road safety. Material consumption varies upon changes in traffic, weather, and process control demands. These specifications meet Manual on Uniform Traffic Control Devices standards and Qualified Products List criteria required by Clackamas County and ODOT.

Transportation Maintenance is requesting this amendment to the current contract for an additional \$160,000.00 to pay for traffic signs and supplies. The original contract was through June 30, 2027, and more funds are needed to procure more signs over the final year of the contract.

For Filing Use Only

PROCUREMENT PROCESS: This Amendment is in accordance with LCRB C-049-0910(2) in order to add components or phases of work specified or reasonably related to the scope of the original contract.

RECOMMENDATION: Staff respectfully recommends that the Board approves amendment #2 of contract #4145 with Traffic Safety Company, for on-call sign material and road safety supply.

Respectfully submitted,

Dan Johnson
