Clackamas County
www.clackamas.us

Good morning, Chair and commissioners, my name is Theresa Hamilton and I have lived in Damascus 46 year

I am NOW dedicating my life to Election Integrity

I have been working with Dr Douglas Frank for little over a year. He has been coming to Oregon going county by county, meeting with commissioner and sheriffs and building election integrity team in 24 of the 36 Oregon counties.

I don't have time to go over all of his credentials, that is why I offer his Bio, but he is Nationally known expert in analyzing numbers, which brings us to the voter rolls

I am giving you one page of 428 pages, I have the full list on my tablet, this is just as an example

This Voter roll was made by Dr Frank, use **voter rolls from Oregon's SOS.**

He merged 6 voter rolls, 1 per year over 6 years, to get a bigger picture of the voter's history

The section label Voter Status shows active or inactive. I filter this to show only active, for six years.

Next section is their General Election Voting.

- Y for voted,
- blank they were not qualified to vote that election and did not receive a ballot.
- The N means they received a ballot but did not vote.

The column Prop, is propensity, meaning how many times they have voted in the general and primary elections, I filtered it to zero

Look at the top left, you will see the number of non-voters. 14,534, that is bad enough, but they are all active and receiving ballots.

Focusing on the last 3 election yrs that is 33,359 ballots being sent out to litter the pavement giving opportunity to cheat.

They didn't cheat with these people because there would have been a Y in there, when the propensity is 1 it is 10,886, maybe those are the ballot being stuffed, in their name.

*Ballot printing, postage, labor and hidden cost like licensing, maintenance, equipment etc some say it is around \$10 a ballot wasting \$333,590 in 3 years, all because they are **ACTIVE** on the voter rolls*

And a little side note 10,234 are NAVs That is **70.4%** GENERALLY PEOPLE THAT DON'T WANT TO VOTE, PROBABLY DON'T EVEN KNOW THEY ARE ON THE VOTER ROLLS AND THEY THROW THEIR BALLOT AWAY WHEN THE GET IT. THANK YOU, MOTER VOTER!

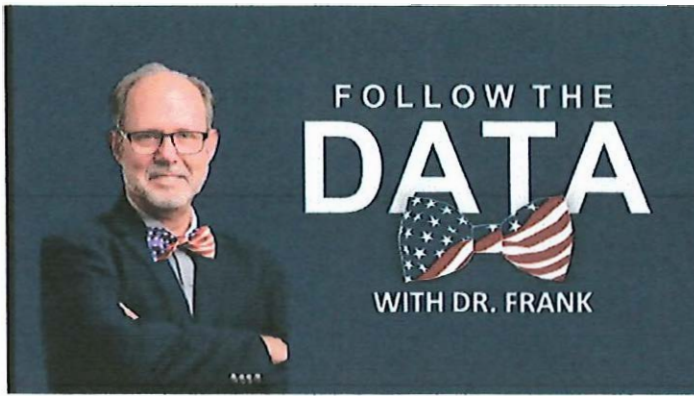

Clackamas County Merged Voter Rolls

(In Clackamas)

14,534 Has not voted since at least 2018, yet Active from 2021 to 2026

33,359 Wasted Ballots \$\$ in 3 elections = @ \$10 per ballot \$333,590.00 Approx \$10 includes hidden costs

Douglas G Frank, PhD

8/5/2025

Douglas G Frank is a world-renowned physicist with sixty peer-reviewed scientific publications, including cover and feature articles in the world's leading scientific journals. His Ph.D. is in surface electroanalytical chemistry, which combines chemistry, physics, electronics, and advanced computing and mathematics for the manipulation

and investigation of molecules on surfaces. He left university academics in 1996, and has since done extensive consulting, inventing, and technical manufacturing, including electron microscopes, laser scanners, and automated precision manufacturing and quality control devices. He is internationally known for his contributions to the cleaning and polishing industry, and also the bowling sport and manufacturing industry.

In the 1990's Dr Frank helped to establish a special school for extraordinarily gifted youngsters near Cincinnati, Ohio, where he served as the Math & Science department chair for twenty years. There, he taught their most advanced mathematics, science, and computer programming classes. He also directed the music program at the school, and in 2018 took a dozen high school boys to Vienna, winning the national choral competition.

Since December of 2020, Dr. Frank has been working incessantly for election reform with grassroots teams in every state, earning the title of "The Johnny Appleseed of Election Integrity." He's met in person with dozens of Secretaries of State, Attorneys General, legislators, and hundreds of local elections officials. He has testified formally in several legal and legislative proceedings. Dr. Frank was featured in two of Mike Lindell's 2021 documentaries ("Scientific Proof" and "Absolute Interference") because he discovered several of the algorithms being employed to manipulate our elections.

Dr Frank is widely known for his informative and engaging presentations on a wide range of topics, including the Covid pandemic, Climate Change, and the complementary relationship between science and faith.

He currently serves on the executive board and is the national spokesperson for "Peace of Heaven," an organization currently developing a large facility in Northern California to nurture victims of child sex-trafficking.

He was a local and regional leader in Rotary International, and also served as a church music minister for forty years.

He married his high-school sweetheart, and they have three children in their twenties, including his popular special-needs daughter, Nellie.
