Clackamas County Coordinated Housing Access (CHA)**

WellSky's Community Services Software (CSS) Homeless Management Information System/Client Management Information System (HMIS/CMIS) is a computer system that is used to collect and share information on homelessness throughout Clackamas County. The information gathered by HMIS/CMIS allows agencies to plan and deliver services that help people in need. By sharing information with each other, agencies are able to simplify service delivery by coordinating services and referrals across agencies.

Maintaining the privacy and safety of those using our services is very important to us. The HMIS/CMIS complies with state and federal law, including the Health Insurance Portability and Accountability Act (HIPAA). **Certain minimum client information is shared throughout our HMIS/CMIS in order to avoid creating duplicate client records.** Everyone who is authorized to enter or view information in the database has completed training on client confidentiality and has signed an agreement to keep that information private and secure.

Services will not be denied if you choose not to share information. However, in order to participate in a housing program through CHA, the law requires some of your information (your name and contact information) to be shared when a housing program slot becomes available for you. All of the information collected as part of the initial or updated CHA assessment is shared across the CHA system. - **Collective Medical** is a system that helps health care providers work together to support people with complex needs. This includes hospitals, clinics, mental health, recovery programs, and insurance plans. If you are experiencing housing instability or homelessness, CSS HMIS or CMIS may share limited information with Collective Medical. This lets health care providers know you may need housing support.

Please read the following statements and consult with your agency staff if you have any questions:

- Some basic information may need to be shared with funders, such as the U.S. Department of Housing and Urban Development (HUD), Oregon Housing and Community Services (OHCS), or other agencies that support and fund Clackamas County programs.
- This authorization will remain in effect for 10 years, unless I revoke it in writing by signing a written statement or Revocation form.
- I understand that I may cancel my consent to data sharing at any time. However, doing so will not change information that has already been given out or actions already taken. Revocation will be effective as of that date.
