EXECUTIVE SUMMARY: The Lake Road Health Center currently has one (1) elevator that was originally installed in 1992 with no evidence of upgrades over the years since its installation. The elevator is badly in need of modernization and upgrades.

This elevator modernization project will include the upgrade of all elevator controls and electrical systems while installing the latest elevator controls technology. Outdated technology such as relays and older electronic systems will be replaced with new technology that improves the elevators levels of performance, reliability, response times, safety and energy efficiency. A new microprocessor-based control system will provide safe and effective elevator motion control while protecting the elevator equipment and motor from power surges and overloads. The new system has onboard diagnostics for easier servicing, troubleshooting and adjustments without requiring the use of outside service tools.

Continuing basic elevator maintenance and repair is covered by an existing Facilities Maintenance contract with Kone Inc. thorough June 30, 2029.

RECOMMENDATION: Staff respectfully request that the Board of County Commissioners approve this Contract and authorize Chair Roberts or designee to sign on behalf of Clackamas County.

Respectfully submitted,

Elizabeth Comfort

Elizabeth Comfort
Director Finance

**CLACKAMAS COUNTY
GOODS AND SERVICES CONTRACT
Contract #0000001401**

This Goods and Services Contract (this "Contract") is entered into between Kone, Inc. ("Contractor"), and Clackamas County, a political subdivision of the State of Oregon ("County"), on behalf of the Facilities Division of its Finance Department, for the purposes of providing Elevator Equipment Modernization with pricing from Omnia Partners Contract EV2516.

ARTICLE I.

- 1. Effective Date and Duration.** This Contract shall become effective upon signature of both parties and shall remain in effect until June 30, 2026 or until completion of all obligations provided herein, whichever is later.
- 2. Scope of Work.** The Contractor shall provide the goods and services identified in Exhibit A (the "Work"), attached hereto and incorporated by reference herein. Work shall be performed in accordance with a schedule approved by the County.
- 3. Consideration.** The County agrees to pay Contractor, from available and authorized funds, a sum not to exceed **One Hundred and Fifty-One Thousand Three Hundred Dollars** (\$151,300) for performing the Work required by this Contract. Consideration rates are on a fixed fee basis in accordance with the rates and costs specified in Exhibit A. If any interim payments to Contractor are made, such payments shall be made only in accordance with the schedule and requirements in Exhibit A.
- 4. Invoices and Payments.** Unless otherwise specified, Contractor shall submit monthly invoices for Work performed. Invoices shall describe all Work performed with particularity, by whom it was performed, and shall itemize and explain all expenses for which reimbursement is claimed. The invoices shall include the total amount billed to date by Contractor prior to the current invoice. If Contractor fails to present invoices in proper form within sixty (60) calendar days after the end of the month in which the services were rendered, Contractor waives any rights to present such invoice thereafter and to receive payment therefor. Payments shall be made to Contractor within forty-five (45) days following the County's review and approval of invoices submitted by Contractor. Contractor shall not submit invoices for, and the County will not be obligated to pay, any amount in excess of the maximum compensation amount set forth above. If this maximum compensation amount is increased by amendment of this Contract, the amendment must be fully effective before Contractor performs Work subject to the amendment. Payment information will be reported to the Internal Revenue Service ("IRS") under the name and taxpayer ID number submitted. (See I.R.S. 1099 for additional instructions regarding taxpayer ID numbers.) Information not matching IRS records will subject Contractor payments to backup withholding.

Invoices shall reference the above Contract Number and be submitted to:

- 5. Travel Expense Reimbursement.** Authorized: ☐ Yes ☒ No
If travel expense reimbursement is authorized in this Contract, such expenses shall only be reimbursed at the rates in the County Contractor Travel Reimbursement Policy, hereby incorporated by reference, in effect at the time of the expense is incurred.
- 6. Contract Documents.** This Contract consists of the following documents which are listed in descending order of precedence and are attached and incorporated by reference, this Contract, and Exhibit A. Unless explicitly agreed to by the parties in this Contract, any additional terms and

conditions that may be contained in Exhibit A are void. In the case of any conflict between terms in Exhibit A and this Contract, the language of this Contract shall control.

7. Contractor and County Contacts.

Contractor Administrator: Rob Grassmyer Phone: 503-652-1011 Email: rob.grassmyer@kone.com	County Administrator: Nathan Boles Phone: 503-557-6430 Email: nboles@clackamas.us
---	--

ARTICLE II.

- 1. Access to Records.** Contractor shall maintain books, records, documents, and other evidence, in accordance with generally accepted accounting procedures and practices, sufficient to reflect properly all costs of whatever nature claimed to have been incurred and anticipated to be incurred in the performance of this Contract. County and their duly authorized representatives shall have access to the books, documents, papers, and records of Contractor, which are directly pertinent to this Contract for the purpose of making audit, examination, excerpts, and transcripts. Contractor shall maintain such books and records for a minimum of six (6) years, or such longer period as may be required by applicable law, following final payment and termination of this Contract, or until the conclusion of any audit, controversy or litigation arising out of or related to this Contract, whichever date is later.
- 2. Availability of Funds.** Any continuation or extension of this Contract after the end of the fiscal period in which it is written is contingent on a new appropriation for each succeeding fiscal period sufficient to continue to make payments under this Contract, as determined by the County in its sole administrative discretion.
- 3. Captions.** The captions or headings in this Contract are for convenience only and in no way define, limit, or describe the scope or intent of any provisions of this Contract.
- 4. Compliance with Applicable Law.** Contractor shall comply with all applicable federal, state and local laws, regulations, executive orders, and ordinances, as such may be amended from time to time.
- 5. Governing Law.** This Contract, and all rights, obligations, and disputes arising out of it, shall be governed and construed in accordance with the laws of the State of Oregon and the ordinances of Clackamas County without regard to principles of conflicts of law. Any claim, action, or suit between County and Contractor that arises out of or relates to the performance of this Contract shall be brought and conducted solely and exclusively within the Circuit Court for Clackamas County, for the State of Oregon. Provided, however, that if any such claim, action, or suit may be brought in a federal forum, it shall be brought and conducted solely and exclusively within the United States District Court for the District of Oregon. In no event shall this section be construed as a waiver by the County of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court. Contractor, by execution of this Contract, hereby consents to the personal jurisdiction of the courts referenced in this section.
- 6. Hazard Communication.** Contractor shall notify County prior to using products containing hazardous chemicals to which County employees may be exposed, which includes any hazardous, toxic, or dangerous substance, waste, or material that is the subject of environmental protection legal requirements or that becomes regulated under any applicable local, state or federal law, including but not limited to the items listed in the United States Department of Transportation Hazardous Materials Table (49 CFR §172.101) or designated as hazardous substances by Oregon Administrative Rules, Chapter 437, or the United States Environmental Protection Agency (40 CFR Part 302), and any amendments thereto. Upon County's request, Contractor shall immediately provide Safety Data

Sheets for the products subject to this provision.

7. **Responsibility for Damages; Indemnity.** Contractor shall be responsible for all damage to property, injury to persons, and loss, expense, inconvenience, and delay which may be caused by, or result from, any act, omission, or neglect of Contractor, its subcontractors, agents, or employees. The Contractor agrees to indemnify and defend the County, and its officers, elected officials, agents, and employees, from and against all claims, actions, losses, liabilities, including reasonable attorney and accounting fees, and all expenses incidental to the investigation and defense thereof, arising out of or based upon Contractor's acts or omissions in performing under this Contract.

However, neither Contractor nor any attorney engaged by Contractor shall defend the claim in the name of County, purport to act as legal representative of County, or settle any claim on behalf of County, without the approval of the Clackamas County Counsel's Office. County may assume its own defense and settlement at its election and expense.

8. **Independent Contractor Status.** The service(s) to be rendered under this Contract are those of an independent contractor. Although the County reserves the right to determine (and modify) the delivery schedule for the Work to be performed and to evaluate the quality of the completed performance, County cannot and will not control the means or manner of Contractor's performance. Contractor is responsible for determining the appropriate means and manner of performing the Work. Contractor is not to be considered an agent or employee of County for any purpose, including, but not limited to: (A) The Contractor will be solely responsible for payment of any Federal or State taxes required as a result of this Contract; and (B) This Contract is not intended to entitle the Contractor to any benefits generally granted to County employees, including, but not limited to, vacation, holiday and sick leave, other leaves with pay, tenure, medical and dental coverage, life and disability insurance, overtime, Social Security, Workers' Compensation, unemployment compensation, or retirement benefits.
9. **Insurance.** Contractor shall secure at its own expense and keep in effect during the term of the performance under this Contract the insurance required and minimum coverage indicated below. The insurance requirement outlined below do not in any way limit the amount of scope of liability of Contractor under this Contract. Contractor shall provide proof of said insurance and name the County as an additional insured on all required liability policies. Proof of insurance and notice of any material change should be submitted to the following address: Clackamas County Procurement Division, 2051 Kaen Road, Oregon City, OR 97045 or procurement@clackamas.us.

Required - Workers Compensation: Contractor shall comply with the statutory workers' compensation requirements in ORS 656.017, unless exempt under ORS 656.027 or 656.126.
☒ Required – Commercial General Liability: Combined single limit, or the equivalent, of not less than \$1,000,000 per occurrence, with an annual aggregate limit of \$2,000,000 for Bodily Injury and Property Damage.
☒ Required – Professional Liability: Combined single limit, or the equivalent, of not less than \$1,000,000 per claim, with an annual aggregate limit of \$2,000,000 for damages caused by error, omission or negligent acts.
☒ Required – Automobile Liability: Combined single limit, or the equivalent, of not less than \$1,000,000 per accident for Bodily Injury and Property Damage.

The policies shall be primary insurance as respects to the County. Any insurance or self-insurance maintained by the County shall be excess and shall not contribute to it. Any obligation that County agree to a waiver of subrogation is hereby stricken.

10. Limitation of Liabilities. This Contract is expressly subject to the debt limitation of Oregon counties set forth in Article XI, Section 10, of the Oregon Constitution, and is contingent upon funds being appropriated therefore. Any provisions herein which would conflict with law are deemed inoperative to that extent. Except for liability arising under or related to Article II, Section 14 or Section 21, neither party shall be liable for (i) any indirect, incidental, consequential or special damages under this Contract or (ii) any damages of any sort arising solely from the termination of this Contract in accordance with its terms.

11. Notices. Except as otherwise provided in this Contract, any required notices between the parties shall be given in writing by personal delivery, email, or mailing the same, to the Contract Administrators identified in Article 1, Section 6. If notice is sent to County, a copy shall also be sent to: Clackamas County Procurement, 2051 Kaen Road, Oregon City, OR 97045, or procurement@clackamas.us. Any communication or notice so addressed and mailed shall be deemed to be given five (5) days after mailing, and immediately upon personal delivery, or within 2 hours after the email is sent during County's normal business hours (Monday – Thursday, 7:00 a.m. to 6:00 p.m.) (as recorded on the device from which the sender sent the email), unless the sender receives an automated message or other indication that the email has not been delivered.

12. Ownership of Work Product. All work product of Contractor that results from this Contract (the "Work Product") is the exclusive property of County. County and Contractor intend that such Work Product be deemed "work made for hire" of which County shall be deemed the author. If for any reason the Work Product is not deemed "work made for hire," Contractor hereby irrevocably assigns to County all of its right, title, and interest in and to any and all of the Work Product, whether arising from copyright, patent, trademark or trade secret, or any other state or federal intellectual property law or doctrine. Contractor shall execute such further documents and instruments as County may reasonably request in order to fully vest such rights in County. Contractor forever waives any and all rights relating to the Work Product, including without limitation, any and all rights arising under 17 USC § 106A or any other rights of identification of authorship or rights of approval, restriction or limitation on use or subsequent modifications. Notwithstanding the above, County shall have no rights in any pre-existing Contractor intellectual property provided to County by Contractor in the performance of this Contract except to copy, use and re-use any such Contractor intellectual property for County use only.

13. Representations of Warranties. Contractor represents and warrants the following:

- A. Contractor has the power and authority to enter into and perform this Contract;
- B. This Contract, when executed and delivered, shall be a valid and binding obligation of Contractor enforceable in accordance with its terms;
- C. Contractor shall, at all times during the term of this Contract, be qualified, professionally competent, and duly licensed to perform the Work;
- D. Contractor is an independent contractor as defined in ORS 670.600.

If providing goods, all goods provided by Contractor under this Contract shall meet all standards and specifications set forth in Exhibit A, that the goods shall be merchantable, and shall be fit for County's intended use, described in Exhibit A. As necessary, the County agrees to provide Contractor reasonable access to the goods for purposes of repair or replacement under this warranty. Failure of Contractor to promptly correct problems pursuant to this warranty shall be deemed a material breach of this Contract.

- E. If providing services, the services provided by Contractor under this Contract will be performed in a workmanlike manner and in accordance with the highest professional standards.

The warranties set forth in this section are in addition to, and not in lieu of, any other warranties provided.

14. Delivery and Inspections.

- A. All deliveries shall be F.O.B. destination with all transportation and handling charges paid by the Contractor, unless specified otherwise in this Contract. Responsibility and liability for loss or damage shall remain with the Contractor until final inspection and acceptance, when responsibility shall pass to the County except as to latent defects, fraud and Contractor's warranty obligations.
- B. Goods furnished under this Contract will be subject to inspection and test by the County at times and places determined by the County in its sole discretion. If the County finds the goods furnished to be incomplete or not in compliance with the Contract, the County, in its sole discretion, may either reject the goods, require Contractor to correct any defects without charge, or negotiate with Contractor to sell the goods to the County at a reduced price. If Contractor is unable or refuses to cure any defects within a time deemed reasonable by the County, the County may reject the goods, terminate the Contract, and pursue any and all rights and remedies available to County at law, in equity, or under this Contract. Nothing in this paragraph shall in any way affect or limit the County's rights as a buyer, including the rights and remedies relating to rejection under ORS 72.6020 and revocation of acceptance under ORS 72.6080.

- 15. Survival** All rights and obligations shall cease upon termination or expiration of this Contract, except for the rights and obligations set forth in Article II, Sections 1, 5, 6, 7, 10, 12, 13, 15, 16, 17, 18, 21, 22, 23, 27, and 31, and all other terms and conditions which by their context are intended to survive termination of this Contract.

- 16. Severability.** If any term or provision of this Contract is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the Contract did not contain the particular term or provision held to be invalid.

- 17. Subcontractors and Assignments.** Contractor shall not enter into any subcontracts for any of the work required by this Contract, or assign or transfer any of its interest in this Contract by operation of law or otherwise, without obtaining prior written approval from the County. In addition to any provisions the County may require, Contractor shall include in any permitted subcontract under this Contract a requirement that the subcontractor be bound by this section and Article II, Sections 1, 7, 8, 13, 22, and 31, as if the subcontractor were the Contractor. County's consent to any subcontract shall not relieve Contractor of any of its duties or obligations under this Contract.

- 18. Successors in Interest.** The provisions of this Contract shall be binding upon and shall inure to the benefit of the parties hereto, and their respective authorized successors and assigns.

- 19. Tax Compliance and Certifications.** The Contractor shall comply with all federal, state and local laws, regulation, executive orders and ordinances applicable to this Contract. Contractor represents and warrants that it has complied, and will continue to comply throughout the duration of this Contract and any extensions, with all tax laws of this state or any political subdivision of this state, including but not limited to ORS 305.620 and ORS chapters 316, 317, and 318. Any violation of this section shall constitute a material breach of this Contract and shall entitle County to terminate this Contract, to pursue and recover any and all damages that arise from the breach and the termination of this Contract, and to pursue any or all of the remedies available under this Contract or applicable law.

20. Termination. This Contract may be terminated for the following reasons: (A) by mutual agreement of the parties or by the County (i) for convenience upon thirty (30) days written notice to Contractor, or (ii) at any time the County fails to receive funding, appropriations, or other expenditure authority as solely determined by the County; or (B) if Contractor breaches any Contract provision or is declared insolvent, County may terminate after thirty (30) days written notice with an opportunity to cure.

Upon receipt of written notice of termination from the County, Contractor shall immediately stop performance of the Work. Upon termination of this Contract, Contractor shall deliver to County all documents, Work Product, information, works-in-progress and other property that are or would be deliverables had the Contract Work been completed. Upon County's request, Contractor shall surrender to anyone County designates, all documents, research, objects or other tangible things needed to complete the Work.

21. Remedies. If terminated by the County due to a breach by the Contractor, then the County shall have any remedy available to it at law, in equity, or under this Contract including, but not limited to, any remedy available under ORS Chapter 72. If this Contract is terminated for any other reason, Contractor's sole remedy is payment for the goods and services delivered and accepted by the County, less any setoff to which the County is entitled.

22. No Attorney Fees. In the event any arbitration, action or proceeding, including any bankruptcy proceeding, is instituted to enforce any term of this Contract, each party shall be responsible for its own attorneys' fees and expenses.

23. No Third Party Beneficiaries. County and Contractor are the only parties to this Contract and are the only parties entitled to enforce its terms. Nothing in this Contract gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly, indirectly or otherwise, to third persons unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Contract.

24. Time is of the Essence. Contractor agrees that time is of the essence in the performance of this Contract.

25. Foreign Contractor. If the Contractor is not domiciled in or registered to do business in the State of Oregon, Contractor shall promptly provide to the Oregon Department of Revenue and the Secretary of State, Corporate Division, all information required by those agencies relative to this Contract. The Contractor shall demonstrate its legal capacity to perform these services in the State of Oregon prior to entering into this Contract.

26. Force Majeure. Neither County nor Contractor shall be held responsible for delay or default caused by fire, terrorism, riot, acts of God, or war where such cause was beyond, respectively, County's or Contractor's reasonable control. Contractor shall, however, make all reasonable efforts to remove or eliminate such a cause of delay or default and shall upon the cessation of the cause, diligently pursue performance of its obligations under this Contract.

27. Waiver. The failure of County to enforce any provision of this Contract shall not constitute a waiver by County of that or any other provision.

28. Public Contracting Requirements. Pursuant to the public contracting requirements contained in Oregon Revised Statutes ("ORS") Chapter 279B.220 through 279B.235, Contractor shall:

- a. Make payments promptly, as due, to all persons supplying to Contractor labor or materials for the prosecution of the work provided for in the Contract.
- b. Pay all contributions or amounts due the Industrial Accident Fund from such Contractor or subcontractor incurred in the performance of the Contract.

- c. Not permit any lien or claim to be filed or prosecuted against County on account of any labor or material furnished.
- d. Pay the Department of Revenue all sums withheld from employees pursuant to ORS 316.167.
- e. As applicable, the Contractor shall pay employees for work in accordance with ORS 279B.235, which is incorporated herein by this reference. The Contractor shall comply with the prohibitions set forth in ORS 652.220, compliance of which is a material element of this Contract, and failure to comply is a breach entitling County to terminate this Contract for cause.
- f. If the Work involves lawn and landscape maintenance, Contractor shall salvage, recycle, compost, or mulch yard waste material at an approved site, if feasible and cost effective.

29. Reserved.

30. Reserved.

31. Merger. This Contract constitutes the entire agreement between the parties with respect to the subject matter referenced herein. There are no understanding, agreements, or representations, oral or written, not specified herein regarding this Contract. Contractor, by the signature hereto of its authorized representative, acknowledges having read and understood this contract and Contractor agrees to be bound by its terms and conditions.

32. Execution and Counterparts. This Contract may be executed in several counterparts (electronic or otherwise), each of which shall be an original, all of which shall constitute the same instrument.

33. Amendment. This Contract may only be modified in writing signed by the parties.

By their signatures below, the parties to this Contract agree to the terms, conditions, and content expressed herein.

Dear Mr. Nizer,

We are pleased to enclose, for your review and consideration, KONE's proposal to modernize your equipment located at the following address for **\$151,300.00** (excl. tax):

6605 SE Lake Road
Milwaukie, OR

- This proposal is based on 2025 installation.
- This proposal is valid for (30) days.

Please know that we are available to assist you in coordinating the work by others as further described in our "Bid Attachment B". Should you have any questions or require additional information, please feel free to contact me directly.

We look forward to hearing from you and working together on this project.

Yours sincerely,

Rob Grassmyer
Senior Account Executive- Modernization

Exhibit 4

**KONE Inc. Proposal to Supply Elevator, Escalator, Moving Walkway Maintenance,
Repair, Modernization and Related, Products, Services and Solutions under the U.S.
Communities Program utilizing the Terms and Conditions of the City of Kansas
City Master Contract
(Reference GENRL-EV2516 dated December 1st, 2018)**

The parties hereby agree to be bound to the Terms and Conditions of the City of Kansas City Master Contract (Reference GENRL-EV2516 dated December 1st, 2018) ("Contract"), together with those terms and conditions contained in this Exhibit 4 (collectively, "Service Agreement"). In the event of conflict between terms and conditions contained in the Contract and this Exhibit 4, the terms in this Exhibit 4 shall supersede and prevail.

Number of floors	3 floors / 3 front openings / 0 rear opening

Electrification

KONE HydroMod DX

KONE HydroMod DX is a modular modernization solution for elevator control and electrical systems, based on the latest in control technology. This replaces outdated technology such as relays and older electronic systems, improving the levels of performance, reliability, safety and energy efficiency of your elevator. The modular structure of KONE HydroMod DX is designed to correctly interface with many types of existing elevator components, thus ensuring a swift, trouble-free installation for the building users.

A new microprocessor-based control system shall be provided to perform the functions of safe elevator motion. Included shall be all of the hardware required to connect, transfer and interrupt power, and to protect the motor against overloading. Each controller cabinet containing memory equipment shall be properly shielded from line pollution. The microcomputer system shall be designed to accept reprogramming with minimum system down time. All high voltage (110V or above) contact points inside the controller cabinet shall be protected from accidental contact in a situation where the controller doors are open. The microprocessor-based control system shall utilize on-board diagnostics for servicing, troubleshooting, and adjusting without requiring the use of an outside service tool.

Fixtures

Custom Fixtures

New signalization shall be provided as required.

Doors

Door Panel(s)

New hoistway door panel(s) shall be provided where applicable. New door(s) shall be UL fire rated 1 1/2 hour.

KONE ReNova Door Operator

A KONE ReNova closed loop permanent magnet PWM high-performance door operator shall be provided to open and close the car and hoistway doors simultaneously. Door movement shall be cushioned at both limits of travel. An electric contact shall be provided on the car at each car entrance to prevent the operation of the elevator unless the car door is closed. The door operator shall be arranged so that, in case of interruption or failure of electric power, the doors can be readily opened by hand from within the car, in accordance with applicable code.

Emergency devices and keys for opening doors from the landing shall be provided as required by the local code. Doors shall open automatically when the car has arrived at or is leveling at the respective landings. Door shall close after a predetermined time interval or immediately upon pressing of a car button. A door open button shall be provided in the car. Momentary pressing of this button shall reopen the doors and reset the time interval. Door hangers and tracks shall be provided for each car door. Tracks shall be contoured to match the hanger sheaves. The hangers shall be designed for power operation with provisions for vertical and lateral adjustment. Hanger sheaves shall have polyurethane tires and pre-lubricated sealed-for-life bearings.

Curtain of Light

The elevator car shall be equipped with an electronic protective device extending the full height of the car. When activated, this sensor shall prevent the doors from closing or cause them to stop and reopen if they are in the process of closing. The doors shall remain open as long as the flow of traffic continues and shall close shortly after the last person passes through the door opening.

Hydraulic equipment

Field Pipe & Accessories

New field pipe and or accessories shall be provided as required.

Power Unit

A hydraulic power unit, especially designed and manufactured for this service, will be furnished. The motor and pump will be submersed under the oil inside the tank in order to provide for sound isolation. A muffler, designed to reduce pulsation and noise which may be present in the flow of hydraulic oil, will be provided in the oil line at the top of the pump.

Control valves, including safety check valve, up direction valve with high pressure relief including up leveling and soft stop features, lowering valve including down leveling and manual leveling feature, will be mounted in a compact unit assembly. A valve, designed to shut off the flow of oil between the cylinder and the Power Unit, will be provided in the oil line in the machine room. Automatic two-way leveling will be provided to automatically stop and maintain the car approximately level with the landing, regardless of change in load.

An up traveling car will automatically descend to the lower terminal landing if the hydraulic system does not have a sufficient reservoir of oil. Power operated car and hoistway doors will automatically open at the lowest terminal landing permitting passenger egress. The doors will then automatically close and all control buttons, except the Door Open Button in the car operating panel, will be made ineffective.

Solution details

Elevator #1 (only)

Electrification

Product name KONE HydroMod DX

Elevator group size	Simplex
Number of floors served	3
Code year	2019
Speed [FPM]	100
Power supply voltage [v]	480
Type of power unit	Submersible
New motor size (hp)	25
Motor Starts per Hour	80 Standard
Card reader provisions	Controller will be equipped with card reader interface logic.
Type of curtain of light	This curtain of light is an electronic sensing device that operates across the car entrance. When activated, the curtain of light will prevent the doors from closing or cause them to stop and reopen if they are in the process of closing. The doors will remain open as long as the flow of traffic continues and will close shortly after the last person passes through the door opening. A 3-D type will be provided.
Qty of COPs	1
Battery backup	Battery backup shall be provided. Battery backup allows passengers to safely exit an elevator in the event of a power outage.
Hoistway duct	KONE will remove all existing wiring, conduit and duct from the hoistway. New conduit and duct properly sized and constructed for the job requirements will be installed (in accordance with applicable codes).
Positive Pressure Switch	Yes

Fixtures

Product name Custom Fixtures

Number of floors served	3
Capacity [LBS]	2500
Card reader provisions	Controller will be equipped with card reader interface logic.
Qty of COPs	1
Qty of new hall stations	3
Qty of car direction lanterns	1

Qty of hoistway access switches 2

Doors

Product name Door Panel(s)

Number of floors served 3

Car panel finishing material New car door panel(s) shall be provided where applicable. New door(s) shall be UL fire rated 1 ½ hour. Finish will be #4 stainless steel.

Door type Single speed side opening.

Product name KONE ReNova Door Operator

Number of floors served 3

NEMA rating (HW) Hoistway rating is NEMA 1.

Door type Single speed side opening.

Door package type KONE ReNova M6 door package includes a new door operator, restrictive clutch, car door track, car gate switch, car hangers, car door panel adapters, OEM interlocks and hoistway pick up rollers.

Product name Curtain of Light

Number of floors served 3

Code year 2019

NEMA rating (HW) Hoistway rating is NEMA 1.

Type of curtain of light This curtain of light is an electronic sensing device that operates across the car entrance. When activated, the curtain of light will prevent the doors from closing or cause them to stop and reopen if they are in the process of closing. The doors will remain open as long as the flow of traffic continues and will close shortly after the last person passes through the door opening. A 3-D type will be provided.

Field Pipe Length (in)	240
Field Pipe Size	2"
Isolation Coupling (Pair)	Two (2) sound isolation couplings will be provided in the oil line between the power unit and the hydraulic cylinder(s). Each coupling will consist of flanges separated by a neoprene seal to absorb vibration.
Mainline Shutoff Valves	Two manual safety valves will be supplied in the oil line at the jack unit (pit) and in the machine room.
Seismic Rupture Valve	A rupture valve will be provided which provides protection against supply line failure that causes overspeed in the down direction.

Product name	Power Unit
Capacity [LBS]	2500
Speed [FPM]	100
Type of power unit	Submersible
New motor size (hp)	25
Motor Starts per Hour	80 Standard
Control Valve OEM	Maxton
Field Pipe Length (in)	240
Field Pipe Size	2"
Jack location	Holeless
Jack type	Single Stage
Load class	Passenger
Positive Pressure Switch	Yes
Qty Jacks per Car	1
Seismic Rupture Valve	A rupture valve will be provided which provides protection against supply line failure that causes overspeed in the down direction.

2. Commercial Offer

Project notes	1. Our proposal assumes that the Clackamas County team will be handling the electrical and fire life safety requirements as done at The Lake Road Healthcare Building. 2. Our pricing assumes that the US Communities purchasing agreement and framework shall be used for purchasing process.
Handover date	Mutually agreeable project schedule will be determined at time of proposal acceptance. The agreed delivery times for the project may need to be extended because of delays caused by measures undertaken to stop the spreading of the Coronavirus (2019-nCoV) epidemic, such as mandatory holiday extensions and transportation restrictions imposed by authorities in China and other countries, and the availability of personnel, logistics providers and supply chains, due to the epidemic.
Warranty/maintenance	Our proposal does not include any warranty maintenance. We will suspend billing during modernization and re-instate back onto the Clackamas County contract once complete.

Pricing

Total Sales Price, net excluding TAX \$ 151,300.00

Additional Options for your Consideration

Alternates	Price excl. tax
Alternate 1- Install new cab wall paneling and LED ceiling	\$20,000.00-\$25,000

Proposal pricing is based on the scope of work as defined herein. Any additional work required will be performed only upon purchaser's approval of a mutually agreeable change proposal. Any other deficiencies revealed in the progress of the work will be promptly reported to the purchaser with recommendations and cost for corrective action.

3. Services included

KONE 24/7 Connected Services

KONE 24/7 Connected Services is a round-the-clock diagnostics service that gathers data on your equipment's condition. We analyze this data and use it to make intelligent and proactive decisions on how to solve any potential problems – even before they occur. KONE 24/7 Connected Services helps you to optimize the lifetime value of your assets from day one and gives you peace of mind by keeping you fully informed about the condition of your equipment and any maintenance activities we carry out.

4. Tender Approval

KONE

Appendix 1: KONE 24/7 Connected Services

KONE 24/7 Connected Services – improved safety, full transparency, and peace of mind

In addition to a quality modernization project, we would be excited to discuss KONE 24/7 Connected Services with you and the continuing benefits KONE could bring to your business. KONE is leading the industry with KONE 24/7 Connected Services using the latest intelligent elevator technology allowing us to predict issues and take action before a shutdown occurs. Predictive maintenance allows fewer shutdowns, less call-outs, and improved up-time of equipment - all leading to a better user experience!

Appendix 2: Clarifications

1. Contract terms between KONE Inc. and Purchaser shall be based on our Proposal and Attachments "A" and "B".
2. All new elevator equipment provided shall meet applicable ASME A17.1 code requirements. Any provisions of codes applicable to out-of-scope items shall be the Purchaser's responsibility. Cost of any future code changes adopted prior to permitting and completion are excluded.
3. Existing cab and entrance dimensions, which may not meet current ADA or stretcher access rules, will be retained as is.
4. Our proposal includes inspections and testing as required by the AHJ. However, any re-testing required due to other trades' failures to complete their work or tests in a timely manner will be billed at our regular billing rates.
5. The ASME code limits changes to the empty car weight + capacity of each elevator to 5% of the originally installed value. If past or proposed changes result in a change to the weight or system pressure (for hydraulic) greater than 5% above the original design values, the cost of any engineering and of any required modifications to the elevator system or structure shall be extra to this proposal scope and pricing. If this situation is discovered during the engineering process, KONE will notify purchaser and recommend an alternate design or other changes.
6. In order to provide best pricing, proposal excludes any extra demobilizations and remobilizations. If we must demobilize from the jobsite for any reason outside our control, we shall be compensated at our regular billing rates.
7. Proposal pricing is based on the scope of work as defined herein. Any additional work required will be performed only upon Purchaser's approval of a mutually agreeable change proposal. Any other deficiencies revealed in the progress of the work will be promptly reported to purchaser with recommendations and cost for corrective action.
8. Asbestos: Notwithstanding anything contained to the contrary within this bid or contract, KONE's work shall not include any abatement or disturbance of asbestos containing material (ACM) or presumed asbestos containing materials (PACM). Any work in a regulated area as defined by Section 1910 or 1926 of the Federal OSHA regulations is excluded from KONE's scope of work without an applicable change order to reflect the additional costs and time. In accordance with OSHA requirements, the Customer shall inform KONE and its employees who will perform work activities in areas which contain ACM and/ or PACM of the presence and location of ACM and/or PACM in such areas which may be contacted during work before entering the area. Other than as expressly disclosed in writing, Customer warrants that KONE's work area at all times meets applicable OSHA permissible exposure limits (PELs). KONE shall have the right to discontinue its work in any location where suspected ACM or PACM is encountered or disturbed. Any asbestos removal or abatement, or delays caused by such, required in order for KONE to perform its work shall be the Customer's sole responsibility and expense. After any removal or abatement, customer shall provide documentation that the asbestos has been abated from the KONE work area and air clearance reports shall be made available upon request prior to the start of KONE's work.
9. Purchaser shall provide any security, escort or other building service support personnel required during demolition, installation, testing, and inspections.
10. For hydraulic elevators, we can assume no responsibility for unusual conditions such as hole cave in and complete hydraulic cylinder assembly embedded in concrete. The excavation of the hole to accommodate the new hydraulic cylinder assembly is based on encountering soil free of oil, rocks, boulders, building construction members, sand, water, quicksand, underground caves and/or any other obstructions or unusual conditions. Should such obstructions or unusual conditions be encountered, additional time above or beyond the working days estimated to complete this project may be required. We will proceed with this portion of the project on a time and material basis, based on our normal billing rates.
11. Proposed solution is subject to a complete engineering review by KONE engineering team to confirm feasibility of products proposed. Additional charges may apply for work not included, but required to meet system requirements. Additional charges for this work (if applicable) shall be mutually agreed upon.

Appendix 3: Bid Attachment "A" / KONE Inc. General Terms and Conditions (Modernization)

1. APPLICATION OF THESE TERMS

The parties agree to be bound by the terms and conditions contained in the Bid Letter, this Bid Attachment A and Bid Attachment B, including the documents incorporated herein by reference (collectively, the "Proposal").

2. SPECIAL PURCHASING REQUIREMENTS

This Proposal is made without regard to compliance with any special sourcing and/or manufacturing requirements including, but not limited to, Buy America, Buy American, U.S. Steel, FAR clauses, minority / disadvantaged supplier requirements or similar federal and/or state procurement laws. Should such requirements be applicable to this Project, KONE reserves the right to modify and/or withdraw its Proposal.

3. PROPOSAL CONDITIONS

The Proposal shall be open for acceptance within the period stated in the Bid Letter or, when no period is stated, for a period of 30 days from the date of the Bid Letter. Prior to commencing manufacture of the equipment described in the Bid Letter ("Equipment"), KONE must have (i) a fully executed contract; (ii) a schedule acceptable to KONE identifying the Equipment installation start date, or alternatively, KONE's letter specifying the ship date ("Ship Date Letter") signed by Customer, which, as applicable, is incorporated by reference herein; (iii) the first payment in Section 4 herein; and (iv) fully approved KONE layouts.

4. PAYMENT TERMS

Payment of the total Price is due within 30 days from invoice date, as follows:

- 30% of the Price for engineering, site management, and overhead, billable and due upon execution of this Proposal or receipt of the subcontract;
- 50% of the Price for material and shipping, billable and due upon delivery of material to the jobsite or KONE Distribution Center;
- 20% of the Price for Equipment installation, billable and due at the billing cycle following the start of installation.

KONE imposes a surcharge for payments made via credit card that is not greater than our cost of acceptance. The surcharge that we impose for this type of transaction is a percentage of the amount paid via credit card, which will be notified to the Customer at the payment portal. KONE reserves the right to delay, suspend, or stop the work, including manufacturing, delivery, installation and/or Equipment turnover, for non-payment, without liability to KONE or being held in default. Simple interest at 1.5% per month shall be charged on amounts not paid when due. Payments to KONE are not contingent on any third-party payments to Customer. ~~Customer shall reimburse KONE for all costs of collection, including courts costs and reasonable attorneys' fees.~~

Prior to turnover, KONE must be paid in full, less 10% maximum retention, the Price including all change orders. Retention shall be due and payable within 30 days of execution of the Uniform Final Acceptance or Equipment turnover, whichever occurs first. If certified payroll reporting is required, KONE will submit the requested reporting in the format of the U.S. Department of Labor form WH 347 & WH 348. The Price does not include Textura or any other special billing requirements, which can be added via change order at a rate of 0.3% of the Price.

5. INSTALLATION

Customer shall be responsible for procurement and cost of all permits, except permits related to installation of the Equipment. Where KONE's scope of work or other responsibilities include the obligation to utilize materials and/or finishes resembling or identical to those pre-existing in the building, KONE shall use reasonable efforts to procure such materials and Customer acknowledges and accepts that the materials and/or finishes reasonably available may not be in all respects identical to those pre-existing in the building. This Proposal is conditioned upon KONE using its standard installation method. The installation of the Equipment shall start after Customer has completed all work set forth in Bid Attachment B and any other documents describing site requirements ("Site Requirements"), all of which are incorporated by reference herein. Within two (2) weeks prior to the scheduled delivery date for KONE's materials, KONE shall conduct a standard visual site survey to verify that the Site Requirements are complete and notify Customer if there are outstanding deficiencies preventing KONE from beginning installation.

KONE's site survey may include, but is not limited to, inspection of site access, working and safety conditions on site, wear and tear of any existing structures or surfaces, and planning of any dismantling or removal of existing equipment, components and materials, where applicable. KONE shall not be deemed to have surveyed any hidden structures, latent defects, subsurface conditions, or other non-visible matters, including but not limited to searching for hazardous substances and/or materials, which shall be subject to Section 16. If KONE's site survey reveals any deficiencies, KONE shall be entitled to delay the start of installation and Customer shall be responsible for all additional costs incurred by KONE, including without limitation, costs associated with: labor reallocation, re-directing materials to and storage in a KONE Distribution Center, additional labor for double handling of materials, and additional trucking, freight and insurance. Once the Site Requirements are completed, the start of installation shall be subject to the availability of labor and the delivery of material, if applicable.

KONE's work shall be performed during regular union working hours of regular working days, Monday to Friday, statutory holidays excluded. If overtime is mutually agreed upon and performed, the additional costs for such work shall be added to the Price at KONE's standard overtime rates. If the installation cannot be performed in an uninterrupted manner for any reason beyond KONE's control, Customer shall store the Equipment at Customer's cost and compensate KONE for any costs caused by such delay including, but not limited to, double handling of Equipment and demobilization. KONE shall not be required to perform overtime or any Customer directed change to its work ("Extra Work") without an executed change order. No action by KONE, including but not limited to, performing Extra Work without an executed change order, shall be a waiver of KONE's right to seek payment for Extra Work performed.

KONE shall be entitled to an extension of time and an equitable adjustment in the Price, including but not limited to, any increased costs of labor, including overtime, resulting from any change of schedule, re-direction of KONE personnel to another work area, acceleration, or out of sequence work.

KONE shall take reasonable methods to protect its work-in-place while KONE is actively on site and until execution of a KONE Uniform Final Acceptance, which is incorporated by reference herein. ~~Should damage occur to KONE property, material or work-in-place by fire, water, theft or vandalism, Customer shall compensate KONE for said damages.~~

Additionally, the Customer is solely responsible for ensuring that the equipment maintenance contractor, if not KONE, does not disturb, delay or interfere with KONE's work. KONE shall abide by Customer's safety policies and procedures to the extent such policies and procedures are not in conflict with KONE's Safety Policy. Testing and/or security features of Equipment must be completed before Equipment turnover. ~~KONE is not responsible for damages, either to Equipment or the building, or for any personal injury or death, arising out of or resulting from any code required safety tests performed on Equipment or hoistway access granted by Customer to other trades.~~

6. TEMPORARY USE

Temporary use of certain types of Equipment may be permitted, provided the use period allows adequate time for Equipment restoration for final turnover and Customer executes KONE's Temporary Use Agreement. Temporary use shall be invoiced separately and subject to payment terms in Section 4 herein. At the end of temporary use, Customer shall return the Equipment to KONE in "like new" condition.

7. HAZARDOUS MATERIALS

KONE's work shall not include any abatement or disturbance of asbestos containing material ("ACM"), presumed asbestos containing materials ("PACM"), or other hazardous materials (i.e. lead, PCBs) (collectively "HazMat"). KONE shall have the right to discontinue its work in any location where suspected HazMat is encountered or disturbed. Any HazMat removal or abatement, or delays caused by such, required in order for KONE to perform its work shall be Customer's sole responsibility and expense. Should any HazMat abatement occur within the shaft or machine room, Customer shall execute KONE's Hoistway or Pit Access Request. If any HazMat is known to be present on site before the start of work, HazMat removal or abatement shall be completed prior to KONE scheduling installation and delivering material.

8. TITLE AND RISK TO EQUIPMENT

Title to and ownership of all Equipment intended for incorporation in KONE's work, whether installed or stored on or off site, shall remain with KONE until final payment is made. Risk of loss in KONE's work and Equipment passes to Customer upon delivery to the site or off-site storage.

Any tools, devices, or other equipment that KONE uses to perform its work or monitor the Equipment remains the sole property of KONE. If this Proposal terminates or expires for any reason, Customer will give KONE access to the premises to remove such tools, devices or equipment at KONE's expense.

9. TURNOVER

Prior to turnover, KONE must receive a final punch list. Upon turnover, KONE requires a signed Uniform Final Acceptance. KONE shall provide its standard electronic O&M manuals with CD-ROMs in electronic format, if applicable, upon execution of the Uniform Final Acceptance. Standard KONE samples shall be provided upon request. No mock-ups or video training are included in the Price.

10. DELAY

KONE shall not be liable for any loss, damage, claim, or delay due to any cause beyond KONE's control, including, but not limited to, acts of domestic or foreign government (including a change in law), strikes, lockouts, work interruption or other labor disturbance, delays caused by others, fire, explosion, theft, floods, inclement weather, riot, civil commotion, war, malicious mischief, infectious diseases, epidemic, pandemic, quarantine, border or port of entry and exit restrictions or acts of God.

In the event of such delays, KONE shall be entitled to an extension in time equal to the length of such delay affecting KONE and an equitable adjustment in the Price. Customer shall compensate KONE for labor and material cost escalations resulting from Project delays not caused by KONE, which extend completion of KONE's work beyond the end of the current calendar year. Customer is on notice that IUEC labor rates increase annually.

11. LIMITED WARRANTY

For one (1) year after the acceptance date set forth in the signed Uniform Final Acceptance, date of Equipment turnover, or date of Customer's use of Equipment (unless such use is pursuant to the Temporary Use Agreement), whichever occurs first, KONE warrants Equipment against defect in workmanship and material. The warranty excludes remedy for damage or defect caused by abuse, misuse, vandalism, neglect; repairs, alteration or modifications not executed by KONE; improper or insufficient maintenance, improper operation, characteristics of the building such as electrical power or security features, natural or other catastrophe such as flood, fire, or storm, or normal wear and tear and normal usage. The warranty excludes training or instruction in the proper operation or maintenance of Equipment. Specific noise ratings and energy efficiencies cannot be guaranteed due to different building characteristics and ambient noise levels. Customer's remedy is limited to repair or replacement of a defective part, in KONE's sole discretion, and excludes labor.

12. INDEMNIFICATION

KONE shall only indemnify and hold Customer harmless for claims, damages, losses or expenses, but excluding loss of use ("Claims") due to bodily injury, including death, or tangible property damage (other than the Project or KONE's work itself) to the extent caused by KONE's negligent acts or omissions. KONE shall not indemnify Customer for any other Claims. ~~Customer agrees to indemnify and hold KONE harmless from any Claim for bodily injury, including death, or tangible property damage in connection with the use or operation of the Equipment. Each party shall defend itself in the event of a Claim.~~

13. INTELLECTUAL PROPERTY

KONE shall retain title and ownership of all intellectual property rights relating (directly or indirectly) to the Equipment provided by KONE, including but not limited to software or firmware (whether in the form of source code, object code or other), drawings, technical documentation, or other technical information delivered under the Proposal. KONE grants Customer a non-exclusive and non-transferable license and right to use the software and firmware in connection with the use and maintenance of the Equipment. Customer shall not use any drawings, technical documentation or other technical information supplied by or on behalf of KONE for any purposes other than those directly related to the Proposal or to the use and maintenance of the Equipment. Customer shall not in any form copy, modify or reverse engineer the software, or give access to the software for such use to any third party without KONE's prior written consent.

14. INSURANCE

Az In lieu of any Customer insurance requirements, KONE shall provide its standard certificate of insurance, which shall be deemed to satisfy all insurance requirements for this Project. KONE shall not provide loss runs, insurance rate information, copies of its insurance policies or any other information which KONE considers confidential. KONE shall not provide coverage for professional (E&O) liability, pollution liability, data privacy/security, or no-fault medical payments. If the Project is covered by a Wrap Up Insurance Program, KONE agrees to participate provided there is no cost to KONE, no reduction in the Price, and subject to KONE's review of the proposed program. If KONE's primary limits are sufficient to satisfy insurance coverage requirements, excess/umbrella liability will not be required or if excess/umbrella is required, KONE's excess coverage does not follow form although typically provides broader coverage than KONE's primary policies. The excess coverage is not AM Best Rated nor licensed to do business within the jurisdiction although the carrier has strong Standard & Poor's and Moody's financial ratings that may be evidenced upon request.

15. LIMITATION OF LIABILITY

In no event shall either party be liable to the other party for any consequential, special, punitive, exemplary, liquidated, incidental, or indirect damages (including, but not limited to, loss of profits or revenue, loss of goodwill, loss of use, increase in financing costs) (collectively, "Consequential Damages") that arise out of or relate to this Proposal even if such party has been advised of the possibility of such Consequential Damages. The limitation set forth in this section shall apply whether the claim is based on contract, tort or other theory.

16. CONCEALED OR UNKNOWN CONDITIONS

If during the course of its work, KONE encounters conditions at the site that are subsurface, differ materially from what is represented in the contract documents, or otherwise concealed physical conditions, KONE shall be entitled to an extension of time and additional costs for the performance of its work, which shall not be subject to any payment conditions or contingencies.

17. TECHNICAL SURVEY

Az KONE's Price and obligations under this Proposal are subject to a technical survey to be performed on Customer's existing units within 90-days of the effective contract start date. If a safety hazard or code violation is identified during KONE's technical survey, Customer shall immediately remove the unit from service until repairs are performed. KONE is not obligated to perform tests, correct outstanding violations or deficiencies that were not addressed by the prior service provider and/or the owner, or make related necessary repairs or component replacements on the unit. If additional work is necessary, KONE shall provide a separate proposal or recommendation for such work. Customer agrees to indemnify, defend, and hold KONE harmless for any claims arising out of Customer's failure to comply with KONE's recommendations and proposal, and any obligation on the part of KONE to indemnify or defend Customer with regard to such claim shall be null and void. If Customer does not immediately approve KONE's proposal or recommendation, KONE reserves the right to terminate this Proposal/contract without penalty.

18. TERMINATION

If a party materially breaches this Proposal, the other party shall provide written notice of the breach and a reasonable time to cure the breach, but in no event less than 30 days. If the breaching party fails to cure the breach within the specified time period, the non-breaching party may terminate the Proposal upon 15 days written notice to the other party. If KONE notifies Customer of a material breach pursuant to this paragraph, KONE may temporarily suspend its work without liability.

19. GOVERNING LAW AND DISPUTE RESOLUTION

The parties agree that this Proposal shall be governed by the laws of the state where the Project is located, and venue for disputes shall be located in that state. KONE does not agree to participate in arbitration proceedings.

20. PRICE ADJUSTMENT

KONE shall be entitled to an equitable adjustment in the Price, including but not limited to, any increased costs between the time the Contract is signed and the date of manufacture for materials, labor, or shipping, as well as increased costs resulting from any change in law or tariffs.

21. 24/7 EMERGENCY VIDEO COMMUNICATIONS

Applicable only for projects where KONE 24/7 Emergency Video Communications is included: The KONE 24/7 Emergency Video Communications contract addendum and General Terms and Conditions for KONE Digital Services must be signed by the Building Owner. This contract addendum requires the Building Owner to pay a fee for audio, video, and data connectivity. This payment obligation, among other provisions, survives termination of any maintenance agreement.

22. MISCELLANEOUS

Az This Proposal, including the documents incorporated herein by reference, constitutes the entire agreement of the parties and supersedes all prior negotiations, understandings, and representations, whether written or oral in relation to the subject matter hereof. Where a conflict or ambiguity exists between this Proposal and any other contract document (including but not limited to, Customer's drawings and specifications), the terms and conditions of this Proposal shall control. This Proposal may be amended only in writing by the duly authorized representative of both parties. This Proposal may be executed in one or more counterparts. Each counterpart shall be considered an original and all of the counterparts shall constitute a single agreement binding all the parties as if all had signed a single document. For purposes of executing this Proposal, a document signed by electronic means is to be treated as an original document. The failure of either party to insist upon performance or strict performance of any of the terms or conditions of this Proposal shall not be deemed a waiver of any rights or remedies that such party may have or a waiver of any subsequent breach or default under this Proposal. Neither party may assign or transfer the benefit or burden of this Proposal without prior written consent of the other party.

Appendix 4: Bid Attachment “B” / Site Requirements & Work by Other Trades

The work described below is a summary of work to be performed by others (“Work by Other Trades”) that may be required in conjunction with the elevator modernization performed by KONE (the “Work”). Purchaser shall provide any and all building electrical, structural and mechanical system upgrades required for code compliance, life safety, and proper equipment installation and operation. The Authorities Having Jurisdiction (AHJ) may require additional remedial or preparatory work. All required remedial or preparatory work shall be performed by properly licensed trade contractors in compliance with applicable codes and based on a schedule of performance that allows for uninterrupted progress of the Work. Under no circumstances shall KONE be responsible for any cost associated with the performance of remedial work by others. Purchaser shall provide the following unless specifically included in KONE’s Work:

1. ELECTRICAL

- A properly rated three phase fused disconnect switch, externally operable and lockable in the open position, located as required by code. Accommodate any increases in motor size or feeder loads.
- A dedicated 110 VAC fused disconnect switch, externally operable and lockable in the open position adjacent to the machine room door for cab lighting and ventilation, located as required by code.
- Shunt-trip disconnect if fire sprinklers are present in machine room or hoistway.
- GFI 120 VAC convenience outlets in machine room and pit.
- Separate outlet in the pit area if a sump pump is installed.
- Telephone line service brought to the elevator machine room for emergency communication device.
- Any required RF shielding of TV or radio transmitters, antennae and/or wave-guides.
- Conduit with pull boxes from each elevator bank to any remote fire control or communication panels specified.
- Provide a separate 15-amp, 115 VAC fused service with ground (powered by building emergency power system, when available) for KONE 24/7 Emergency Communications, when specified. Must include the means to disconnect each service and lock-off in the “open” position (NFPA 70 article 620.22 and 620.53 or CEC article 38.22 and 38.53).

If required by building code: standby/emergency power, sufficiently sized to provide power of permanent characteristics to each elevator’s disconnect, simultaneously, upon loss of regular power, including feeders, transfer switches and auxiliary contact signal outputs to elevator controllers.

2. MACHINE ROOM

- A code-compliant machine room. Provide or maintain fire rating as required by building code.
- Fire-rated door for access into the machine room. Door shall be self-closing and self-locking, operable from inside the room without the use of a key.
- Independent ventilation or an air conditioning system for the elevator machine room, to assure temperature is maintained between 65 degrees and 95 degrees Fahrenheit.
- Fire extinguisher inside machine room.
- Minimum clear machine room height of 7’-0”.
- Suitable lighting that provides a minimum of 19 ftc at floor.
- Removal of any non-elevator related equipment and materials from within the machine room and proper disposal of oil and other hazardous or non-hazardous substances and materials.

3. HOISTWAY

- A code-compliant hoistway, constructed in accordance with KONE’s requirements and specifications. Provide or maintain fire rating as required by building code.
- Patching of all holes in hoistway walls with fire rated material.
- Beveling all ledges within hoistway measuring over 4”.
- Removal of any non-elevator related equipment and materials from within the hoistway and proper disposal of oil and other hazardous or non-hazardous substances and materials.
- A guarded light fixture and light switch in pit. Switch must be located 42” above the lowest landing floor level.
- A means of displacing water located in the pit and containing and disposing of oil, chemicals, and other substances in compliance with environmental laws and regulations (KONE assumes no responsibility for discharge of oil, chemicals, and other substances into storm water systems, sanitary sewer systems, retention ponds, etc.). Elevator hoistway ventilation to the outside atmosphere as required by building code.

4. FIRE SERVICE

- Fire alarm smoke detectors with wiring and relays in the machine room terminating at elevator controller.
- Fire alarm initiating devices must be located in front of each elevator entrance as well as in the machine room and at the top of the hoistway.
- Where sprinklers exist in the machine room and/or hoistway, a fire alarm initiating device within 12” of each sprinkler head.

5. ACCESS INTEGRATION/SECURITY

- Our proposal includes KONE logic and provisions for the specified Touchscreen(s), Keypad Destination Operating Panel(s), Monitoring System(s) and Multi-Media Equipment.
- Card Readers and/or any additional required hardware & software for proper functionality of access control/security system(s) shall be furnished and installed by others.
- Any required software to ensure proper communication between KONE control system(s) and building system(s) shall be the responsibility of others.
- A designated 115V 15A circuit is required at each of the remote monitoring stations.
- KONE recommends a minimum 100 Mbit/s Ethernet for each of the following application(s): Integrated Touchscreen/Keypad Destination Operating Panels, Monitoring System, Multi-Media Equipment, and Card Readers.

6. COUNTERWEIGHTING

- Pricing is based upon the existing car to counterweight weight ratio being consistent with elevator industry standards. This is defined as the counterweight weight being equal to the empty car weight plus 40%. The actual assemblies will be weighed during the modernization process. If modifications are required to correct the existing weight balance, these modifications will be provided at additional cost.

7. RK1 FUSES AND CIRCUIT BREAKERS

- Fuses are to be current limiting class RK1 or equivalent. Circuit breakers are to have current limiting characteristics equivalent to RK1 fuses. Provisions of these fuses are the responsibility of others, not KONE.

8. GENERAL

- Access to the building to perform the Work and for deliveries with dry, protected storage adjacent to the hoistway.
- Cutting of existing walls, floors and finishes, together with all repairs made necessary by such cutting or changes, e.g. cutting of lobby walls for flush hall fixtures and removal of encroaching lobby features such as wall-mounted ashtrays. Removal, replacement, and/or repair of any mirrors, millwork, plaster, stone or other special hall finishes.
- All work of other trades must be complete and ready at time of first elevator inspection, or elevator will not be released for operation by the AHJ. If the AHJ does allow temporary operation under a Temporary Operating Inspection (TOI), any associated costs shall be Purchaser's responsibility.
- Our tender is based on suitable site conditions, material and tooling storage space, and bathroom access being available on site.
- Safe working environment must be provided and supported by provision for adequate entrance protection, means of hoisting, hoistway dividing screens, and protection of floors walls and doors etc.
- Emergency evacuation procedures to be clearly defined where required. Subject to site survey and actions agreed.
- Any portion of the Work that is subject to the permissions of local authorities beyond the elevator permits must be identified to KONE. Responsibility for permits to be agreed. Permits and appropriate signage indicating any changes to pedestrian access routes for building users must be in place prior to start of the Work.
- Elevator installation methods requires the integrity of the existing Safety Gear and Overspeed protection devices, and are therefore subject to verification of suitability prior to commencement of the work. Any remedial work required or alternative solution is not included in this tender.
- If KONE 24/7 Emergency Video Communications: For units with travel greater or equal to 60 ft (18 m), or if located in a seismic zone and the code year is 2016 or later (regardless the travel): Customer will provide a dedicated Windows-based PC or laptop with Chrome browser and 24-hour/day Internet access. This computer must be accessible by emergency personnel to communicate through voice and text with people in the elevator and to have a video display of the cab interior.

FINAL Lake Road HC Elevator Modernization - Kone Inc
