EXECUTIVE SUMMARY: In Clackamas County, the Department of Transportation and Development's (DTD) Sustainability and Solid Waste Program (SSW) provides countywide recycling and waste reduction programs, and performs mandatory reporting related to provision of these programs. This work is done on behalf of cities within the County through:

- A 2008 *Letter of Understanding* for provision of countywide recycling and waste reduction programs and activities that apply to cities in the county, including reports to the Oregon Department of Environmental Quality (DEQ) and Metro on these programs and activities on behalf of cities. Funding for this work is through Metro.
- Alternative Program Agreements between DEQ, the County, and the Cities of Johnson City and Rivergrove.
- IGA between the County and Metro to complete the work outlined in the Annual Waste Reduction Plan (AWRP) countywide, including within cities.
- The *Clackamas County Recycling Partnership*, where the County and cities coordinate and share resources to meet the outreach and education requirements of the Opportunity to Recycle Act/Recycling Modernization Act (RMA) and regional waste plans. Under this partnership the County provides countywide recycling and waste reduction programs and activities that meet many of the requirements of ORS 459A that

For Filing Use Only

apply to cities in the county, and reports to DEQ and Metro on these programs and activities on behalf of cities in the partnership.

To fund this work and meet the requirements of the Opportunity to Recycle Act, beginning in 1991 participating cities agreed to allow the County to receive their allocation of Metro funds. In 2008 this agreement was formalized via a Memorandum of Understanding (MOU), which is still in effect and annually supported by the County's IGA with Metro.

Recycling Modernization Act

In 2021, the Oregon Legislature enacted Senate Bill 582, the *Plastic Pollution and Recycling Modernization Act (RMA)*, which will update Oregon's recycling system by expanding access to recycling services and upgrading recycling facilities across the state. The RMA creates new requirements, and a funding source, for local governments to implement new programs to reduce contamination in recycling streams and report on these activities to Oregon DEQ. The RMA provides up to $3.00 per capita to local governments for implementing contamination reduction programs.

In keeping with past practice, DTD's Sustainability & Solid Waste Program proposed to carry out countywide recycling programs, including but not limited to contamination reduction programming, on behalf of cities in the partnership. Each of the cities in the partnership completed a DEQ required Funding Authorization Form where they designated the County to receive the funding for eligible activities that are carried out to meet RMA obligations. On December 18, 2025, the Board approved the County's Primary Funding Agreement with the state sanctioned Producer Responsibility Organization (PRO), Circular Action Alliance (CAA) allowing the County to receive funding for our work, including work performed on behalf of cities.

The new work required by the RMA, and the additional funding source, required these new IGAs with the cities to allow the County to perform the work on their behalf. The Board signed the first of these IGAs with the City of Lake Oswego on March 19, 2026, which served as the template for the attached IGAs (Attachments A through J). Additionally, all the attached IGAs have been signed by the local jurisdiction and reviewed and approved by County Counsel.

RECOMMENDATION: Staff respectfully recommends the Board of County Commissioners approve and sign the Intergovernmental Agreements with the cities of Canby, Estacada, Gladstone, Happy Valley, Johnson City, Molalla, Oregon City, Rivergrove, Sandy, and Wilsonville for work related to Opportunity to Recycle, including Plastic Pollution and Recycling Modernization [ORS 459A; OAR340-90].

Respectfully submitted,

Dan Johnson

Intergovernmental Agreement between
Clackamas County and
City of Canby

Opportunity to Recycle, Plastic Pollution and Recycling Modernization
[ORS 459A; OAR 340-090]

1. Purpose

This Agreement is entered into by and between the City of Canby (the "City") and Clackamas County (the "County") for the cooperation of units of local government under the authority of ORS 190.010. This Agreement provides for the County, on behalf of the City and as a part of the Clackamas County Recycling Partnership, to meet the requirements of the Opportunity to Recycle Act, the Plastic Pollution and Recycling Modernization Act, and OAR chapter 340, division 90, as applicable to the City, in carrying out certain county-wide recycling programs and activities, including but not limited to recycling, waste prevention, and contamination reduction programming.

2. Background

Through the Clackamas County Recycling Partnership, the County provides county-wide recycling and waste reduction programs and activities that meet many of the requirements of Oregon's "Opportunity to Recycle Act" (codified as ORS chapter 459A) that apply to the metropolitan service district (Metro) for Clackamas, Multnomah, and Washington counties and the cities therein, including the City, to develop integrated solid waste management plans—the Regional Waste Plan (RWP)—and implement associated activities to meet goals established by the Oregon Department of Environmental Quality (DEQ). The County also reports to DEQ via Metro, the wasteshed representative, on these programs and activities on behalf of cities in the partnership, including the City.

Key components of meeting the goals established in the RWP are directly related to the activities of the solid waste collection franchisee(s). Some of the collection practices considered to be standard components of the RWP include but are not limited to: 1) Weekly collection of the uniform statewide collection list (commingled recycling); 2) Collection of glass separated from other recyclables; and 3) Providing the opportunity for all business and multifamily communities to have recyclables collected. Metro maintains regional service standards (RSS) that detail minimum solid waste and recycling collection service levels to be provided for compliance with Opportunity to Recycle Act requirements.

The Plastic Pollution and Recycling Modernization Act [SB 582 (2021)] created requirements (starting in 2025) for cities to provide for recycling in their communities, including by collecting a uniform statewide list of materials and implementing new contamination reduction programs. Local governments may receive compensation for eligible costs to implement these additional requirements from the statewide Producer Responsibility Organization (PRO), Circular Action Alliance Oregon (CAA Oregon). Local governments may elect to receive PRO funding directly or may authorize service providers and/or other entities that incur eligible costs to receive compensation directly from the PRO for activities conducted (and reporting) for their community.

The RWP, Metro Code and rules, and state statutes and administrative rules related to waste reduction and recycling requires implementation throughout the entirety of the Metro wasteshed. Local governments may receive compensation annually based on the funds Metro has allocated for the Annual Waste Reduction Plan (subset of RWP) in the adopted Metro budget. Local governments may elect to receive Metro funding directly or may authorize the County to receive compensation directly from Metro for the activities conducted (and reporting) for their community.

3. Scope of Work

A. In keeping with the Clackamas County Recycling Partnership, the County shall carry out the recycling programs and activities—including but not limited to waste reduction and contamination reduction planning, program implementation, and education—that meet all applicable statutory requirements and the requirements of OAR chapter 340, division 90, on behalf of the City.

B. The County shall represent the City in the planning effort, in collaboration with regional partners and service providers, where appropriate or required, to develop one or more funding agreements with the producer responsibility organization that designate how funds will be distributed to meet those requirements for the City, pursuant to the planning efforts of the Clackamas County Recycling Partnership. With the City's prior authorization, this may include distribution of funds directly to the City's franchised hauler.

C. Pursuant to the delegation of authority in Section 4, below, the County shall file such reports as may be necessary or required with DEQ to acknowledge receipt and to report eligible expenses, and to otherwise act as required or permitted by OAR chapter 340, division 90, on behalf of the City.

D. The County shall have an opportunity to review any proposed deviation from the standard collection practices of the solid waste collection franchisee(s) presented to the City for the purpose of ensuring continued compliance with the RSS and with RWP and all statutory requirements. The County agrees to present the findings of the review to the City.

E. The County shall provide the City with standardized forms to request annual production and financial data from the City's solid waste collection franchisee for use in the City's annual review and establishment of service rates. The City shall request that their franchisee share the City-specific data with the County for the County's annual review to support standardized data collection and compliance with Opportunity to Recycle Act and Plastic Pollution and Recycling Modernization Act requirements for fees. The County may request other City-specific operational data from the City's franchisee as needed to support compliance with state and local recycling requirements and programming.

4. Delegation of Authority by City to County. In exchange for the County's performance under this Agreement, the City designates the County as its authorized agent to receive eligible compensation directly from the producer responsibility organization through DEQ's Funding Authorization Process pursuant to OAR 340-090-0810.

5. Term and Termination

A. This Agreement becomes effective upon its execution by both parties, and shall be automatically renewed each calendar year unless otherwise terminated as provided herein.

B. Either party may terminate this Agreement: at the end of the then-current calendar year by providing notice to the other party at least ninety (90) calendar days before the end of that calendar year. In the event of termination under this section, the County shall continue all performance under this Agreement until the effective date of termination.

C. Either party may terminate this Agreement in the event of a breach of the Agreement by the other party. Prior to such termination, however, the party seeking the termination shall give the other party written notice of the breach and of the party's intent to terminate. If the breaching party has not entirely cured the breach within fifteen (15) calendar days of deemed or actual receipt of the notice, then the party giving notice may terminate the Agreement at any time thereafter by giving written notice of termination stating the effective date of the termination. If the default is of such a nature that it cannot be completely remedied within such fifteen (15) calendar day period, this provision shall be complied with if the breaching party begins correction of the default within the fifteen (15) calendar day period and thereafter proceeds with reasonable diligence and in good faith to effect the remedy as soon as practicable. The party giving notice shall not be required to give more than one (1) notice for a similar default in any twelve (12) month period.

D. Neither party shall be deemed to have waived any breach of this Agreement by the other party except by an express waiver in writing. An express written waiver as to one breach shall not be deemed a waiver of any other breach not expressly identified, even though the other breach is of the same nature as that waived.

E. Either party may terminate this Agreement in the event the terminating party fails to receive expenditure authority sufficient to allow that party, in the exercise of its reasonable administrative discretion, to continue to perform under this Agreement, or if federal or state laws, regulations, or guidelines are modified or interpreted in such a way that the terminating party is prohibited from performing under the Agreement. The terminating party shall give written notice of termination stating the effective date of the termination.

F. Any termination of this Agreement shall not prejudice any rights or obligations accrued to the parties prior to termination.

6. General Provisions.

A. Liability.

Subject to the limits of the Oregon Constitution and the Oregon Tort Claims Act or successor statute, the County agrees to indemnify and hold harmless the City, its officers, elected officials, agents, and employees, from and against all third party claims and actions, and all expenses incidental to the investigation and defense thereof, including reasonable attorney fees, arising out of or based upon damage or injuries to persons or property caused by the negligent acts or omissions of the County, its employees or agents, while performing under this Agreement.

Subject to the limits of the Oregon Constitution and the Oregon Tort Claims Act or successor statute, the City agrees to indemnify and hold harmless the County, its officers, elected officials, agents, and employees, from and against all third party claims and actions, and all expenses incidental to the investigation and defense thereof, including reasonable attorney fees, arising out of or based upon damage or injuries to persons or property caused by the negligent acts or omissions of the City, its employees or agents, while performing under this Agreement.

B. Oregon Law and Forum. This Agreement, and all rights, obligations, and disputes arising out of it, shall be governed by and construed in accordance with the laws of the State of Oregon and the ordinances of the County, without giving effect to the conflict of law provisions thereof. Any claim between the parties that arises from or relates to this Agreement shall be brought and conducted solely and exclusively within the Circuit Court of Clackamas County for the State of Oregon; provided, however, that, if a claim must be brought in a federal forum, it shall be brought and conducted solely and exclusively within the United States District Court for the District of Oregon. In no event shall this section be construed as a waiver by the County of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court. The City hereby consents to the in personam jurisdiction of the courts referenced in this section.

C. Compliance with Applicable Law. The parties shall comply with all applicable local, state, and federal ordinances, statutes, laws, and regulations. All provisions of law required to be a part of this Agreement, whether listed or otherwise, are hereby integrated and adopted herein. Failure to comply with such obligations is a material breach of this Agreement.

D. Non-Exclusive Rights and Remedies. Except as otherwise expressly provided herein, the rights and remedies expressly afforded under the provisions of this Agreement shall not be deemed exclusive, and shall be in addition to and cumulative with any and all rights and remedies otherwise available at law or in equity. The exercise by either party of any one or more of such remedies shall not preclude the exercise by it, at the same or different times, of any other remedies for the same default or breach, or for any other default or breach, by the other party.

E. Access to Records. The City shall retain, maintain, and keep accessible all records relevant to this Agreement (the "Records") for a minimum of six (6) years following termination of or full performance under this Agreement, or for any longer period as may be required by applicable law, or until the conclusion of an audit, controversy, or litigation arising out of or related to this Agreement, whichever is later. The City shall maintain all financial Records regarding the City's performance under this Agreement in accordance with generally accepted accounting principles. All other Records relevant to this Agreement shall be maintained to the extent necessary to clearly reflect actions taken. During this record retention period, the City shall permit the County's authorized representatives access to the Records at reasonable times and places for purposes of examining and copying.

F. Work Product. All work performed under this Agreement shall be considered work made for hire and shall be the sole and exclusive property of the County. The County shall own any and all data, documents, plans, copyrights, specifications, working papers, and other materials produced in connection with this Agreement.

G. Debt Limitation. This Agreement is expressly subject to the limitations of the Oregon Constitution and Oregon Tort Claims Act, and is contingent upon the appropriation of funds. Any provisions herein that conflict with the above-referenced laws are deemed inoperative to that extent.

H. Severability. If any provision of this Agreement is found to be unconstitutional, illegal, or unenforceable, this Agreement nevertheless shall remain in full force and effect, and the offending provision shall be stricken. The court or other authorized body finding such provision unconstitutional, illegal, or unenforceable shall construe this Agreement without such provision to give effect to the maximum extent possible the intentions of the parties.

I. Integration, Amendment, and Waiver. Except as otherwise set forth herein, this Agreement constitutes the entire agreement between the parties regarding the subject matter described herein. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this Agreement. No waiver, consent, modification, or change of terms of this Agreement shall bind either party unless in writing and signed by both parties and all necessary approvals have been obtained. Such waiver, consent, modification, or change, if made, shall be effective only in the specific instance and for the specific purpose given. The failure of either party to enforce any provision of this Agreement shall not constitute a waiver by such party of that or any other provision.

J. Interpretation. The titles of the sections of this Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

K. Independent Contractor. Each party shall be deemed an independent contractor for purposes of this Agreement. No representative, agent, employee, or contractor of one party shall be deemed to be a representative, agent, employee, or contractor of the other party for any purpose, except to the extent specifically provided herein. Nothing herein is intended, nor shall it be construed, to create between the parties any relationship of principal and agent, partnership, joint venture, or similar relationship, and each party hereby specifically disclaims any such relationship.

L. No Third-Party Beneficiary. The City and the County are the only parties to this Agreement and are the only parties entitled to enforce its terms. Nothing in this Agreement gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly, indirectly, or otherwise, to third persons unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Agreement.

M. Subcontract and Assignment. The City shall not enter into any subcontracts for any of the work required by this Agreement, or assign or transfer any of its interest in this Agreement by operation of law or otherwise, without obtaining prior written approval from the County, which shall be granted or denied in the County's sole discretion. The County's consent to any subcontract shall not relieve the City of any of its duties or obligations under this Agreement.

N. Counterparts. This Agreement may be executed in several counterparts (electronic or otherwise), each of which shall be an original, and all of which shall constitute the same instrument.

O. Survival. All provisions in this Section 6 shall survive the termination of this Agreement, together with all other rights and obligations herein which by their context are intended to survive.

Opportunity to Recycle, Plastic Pollution and Recycling Modernization
[ORS 459A; OAR 340-090]

1. Purpose

This Agreement is entered into by and between the City of Estacada (the "City") and Clackamas County (the "County") for the cooperation of units of local government under the authority of ORS 190.010. This Agreement provides for the County, on behalf of the City and as a part of the Clackamas County Recycling Partnership, to meet the requirements of the Opportunity to Recycle Act, the Plastic Pollution and Recycling Modernization Act, and OAR chapter 340, division 90, as applicable to the City, in carrying out certain county-wide recycling programs and activities, including but not limited to recycling, waste prevention, and contamination reduction programming.

2. Background

Through the Clackamas County Recycling Partnership, the County provides county-wide recycling and waste reduction programs and activities that meet many of the requirements of Oregon's "Opportunity to Recycle Act" (ORS chapter 459A) that apply to the metropolitan service district (Metro) for Clackamas, Multnomah, and Washington counties and the cities therein, including the City, to develop integrated solid waste management plans—the Regional Waste Plan (RWP)—and implement associated activities to meet goals established by the Oregon Department of Environmental Quality (DEQ). The County also reports to DEQ via Metro, the wasteshed representative, on these programs and activities on behalf of cities in the partnership, including the City.

Key components of meeting the goals established in the RWP are directly related to the activities of the solid waste collection franchisee(s). Some of the collection practices considered to be standard components of the RWP include but are not limited to: 1) Weekly collection of the uniform statewide collection list (commingled recycling); 2) Collection of glass separated from other recyclables; and 3) Providing the opportunity for all business and multifamily communities to have recyclables collected. Metro maintains regional service standards (RSS) that detail minimum solid waste and recycling collection service levels to be provided for compliance with Opportunity to Recycle Act requirements.

The Plastic Pollution and Recycling Modernization Act [SB 582 (2021)] created requirements (starting in 2025) for cities to provide for recycling in their communities, including by collecting a uniform statewide list of materials and implementing new contamination reduction programs. Local governments may receive compensation for eligible costs to implement these additional requirements from the statewide Producer Responsibility Organization (PRO), Circular Action Alliance (CAA). Local governments may elect to receive PRO funding directly or may authorize service providers and/or other entities that incur eligible costs to receive compensation directly from the PRO for activities conducted (and reporting) for their community.

The RWP, Metro Code and rules, and state law related to waste reduction and recycling requires implementation throughout the entirety of the Metro wasteshed. Local governments may receive compensation annually based on the funds Metro has allocated for the Annual Waste Reduction Plan (subset of RWP) in the adopted Metro budget. Local governments may elect to receive Metro funding directly or may authorize the County to receive compensation directly from Metro for the activities conducted (and reporting) for their community.

3. Scope of Work

A. In keeping with the Clackamas County Recycling Partnership, the County shall carry out the recycling programs and activities—including but not limited to waste reduction and contamination reduction planning, program implementation, and education—that meet the requirements of OAR chapter 340, division 90, on behalf of the City.

B. The County shall represent the City in the planning effort, in collaboration with regional partners and service providers where appropriate, to develop one or more funding agreements with the producer responsibility organization that designate how funds will be distributed to meet those requirements for the City, pursuant to the planning efforts of the Clackamas County Recycling Partnership. With the City's prior authorization, this may include distribution of funds directly to the City's franchised hauler.

C. Pursuant to the delegation of authority below, the County shall file such reports as may be necessary with DEQ to acknowledge receipt and to report eligible expenses, and to otherwise act as required or permitted by OAR chapter 340, division 90, on behalf of the City.

D. The County shall have an opportunity to review any proposed deviation from the standard collection practices of the solid waste collection franchisee(s) presented to the City for the purpose of ensuring continued compliance with the RSS and with RWP and Opportunity to Recycle Act requirements. The County agrees to present the findings of the review to the City.

E. The County shall provide the City with standardized forms to request annual production and financial data from the City's solid waste collection franchisee for use in the City's annual review and establishment of service rates. The City shall request that their franchisee share the City-specific data with the County for the County's annual review to support standardized data collection and compliance with Opportunity to Recycle Act and Plastic Pollution and Recycling Modernization Act requirements for fees. The County may request other City-specific operational data from the City's franchisee as needed to support compliance with state and local recycling requirements and programming.

4. Delegation of Authority by City to County. The City designates the County as its authorized agent to receive eligible compensation directly from the producer responsibility organization through DEQ's Funding Authorization Process pursuant to OAR 340-090-0810.

5. Term and Termination

A. This Agreement becomes effective on January 1, 2026, and shall be automatically renewed each calendar year unless otherwise terminated as provided herein.

B. Either party may terminate this Agreement at the end of the then-current calendar year by providing notice to the other party at least ninety (90) days before the end of that calendar year. Where this Agreement is terminated at the end of a calendar year, the County shall complete all reporting requirements for that calendar year.

C. Either party may terminate this Agreement in the event of a breach of the Agreement by the other party. Prior to such termination, however, the party seeking the termination shall give the other party written notice of the breach and of the party's intent to terminate. If the breaching party has not entirely cured the breach within fifteen (15) days of deemed or actual receipt of the notice, then the party giving notice may terminate the Agreement at any time thereafter by giving written notice of termination stating the effective date of the termination. If the default is of such a nature that it cannot be completely remedied within such fifteen (15) day period, this provision shall be complied with if the breaching party begins correction of the default within the fifteen (15) day period and thereafter proceeds with reasonable diligence and in good faith to effect the remedy as soon as practicable. The party giving notice shall not be required to give more than one (1) notice for a similar default in any twelve (12) month period.

D. Neither party shall be deemed to have waived any breach of this Agreement by the other party except by an express waiver in writing. An express written waiver as to one breach shall not be deemed a waiver of any other breach not expressly identified, even though the other breach is of the same nature as that waived.

E. Either party may terminate this Agreement in the event the terminating party fails to receive expenditure authority sufficient to allow that party, in the exercise of its reasonable administrative discretion, to continue to perform under this Agreement, or if federal or state laws, regulations, or guidelines are modified or interpreted in such a way that the terminating party is prohibited from performing under the Agreement. The terminating party shall give written notice of termination stating the effective date of the termination.

F. Any termination of this Agreement shall not prejudice any rights or obligations accrued to the parties prior to termination.

In no event shall this section be construed as a waiver by the County of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court. The City hereby consents to the in personam jurisdiction of the courts referenced in this section.

I. Integration, Amendment, and Waiver. Except as otherwise set forth herein, this Agreement constitutes the entire agreement between the parties regarding the subject matter described herein. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this Agreement. No waiver, consent, modification, or change of terms of this Agreement shall bind either party unless in writing and signed by both parties and all necessary approvals have been obtained. Such waiver, consent, modification, or change, if made, shall be effective only in the specific instance and for the specific purpose given. The failure of either party to enforce any provision of this Agreement shall not constitute a waiver by such party of that or any other provision.

J. Interpretation. The titles of the sections of this Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

K. Independent Contractor. Each party shall be deemed an independent contractor for purposes of this Agreement. No representative, agent, employee, or contractor of one party shall be deemed to be a representative, agent, employee, or contractor of the other party for any purpose, except to the extent specifically provided herein. Nothing herein is intended, nor shall it be construed, to create between the parties any relationship of principal and agent, partnership, joint venture, or similar relationship, and each party hereby specifically disclaims any such relationship.

L. No Third-Party Beneficiary. The City and the County are the only parties to this Agreement and are the only parties entitled to enforce its terms. Nothing in this Agreement gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly, indirectly, or otherwise, to third persons unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Agreement.

M. Subcontract and Assignment. The City shall not enter into any subcontracts for any of the work required by this Agreement, or assign or transfer any of its interest in this Agreement by operation of law or otherwise, without obtaining prior written approval from the County, which shall be granted or denied in the County's sole discretion. The County's consent to any subcontract shall not relieve the City of any of its duties or obligations under this Agreement.

N. Counterparts. This Agreement may be executed in several counterparts (electronic or otherwise), each of which shall be an original, and all of which shall constitute the same instrument.

O. Survival. All provisions in this Section 6 shall survive the termination of this Agreement, together with all other rights and obligations herein which by their context are intended to survive.

Intergovernmental Agreement between
Clackamas County and
City of Gladstone

Opportunity to Recycle, Plastic Pollution and Recycling Modernization
[ORS 459A; OAR 340-090]

1. Purpose

This Agreement is entered into by and between the City of Gladstone (the "City") and Clackamas County (the "County") for the cooperation of units of local government under the authority of ORS 190.010. This Agreement provides for the County, on behalf of the City and as a part of the Clackamas County Recycling Partnership, to meet the requirements of the Opportunity to Recycle Act, the Plastic Pollution and Recycling Modernization Act, and OAR chapter 340, division 90, as applicable to the City, in carrying out certain county-wide recycling programs and activities, including but not limited to recycling, waste prevention, and contamination reduction programming.

2. Background

Through the Clackamas County Recycling Partnership, the County provides county-wide recycling and waste reduction programs and activities that meet many of the requirements of Oregon's Opportunity to Recycle Act (as codified at ORS chapter 459A) that apply to the metropolitan service district (Metro) for Clackamas, Multnomah, and Washington counties and the cities therein, including the City, to develop integrated solid waste management plans—*i.e.,* the Regional Waste Plan (RWP)—and implement associated activities to meet goals established by the Oregon Department of Environmental Quality (DEQ). The County also reports to DEQ via Metro, the wasteshed representative, on these programs and activities on behalf of cities in the partnership, including the City.

Key components of meeting the goals established in the RWP are directly related to the activities of the solid waste collection franchisee(s). Some of the collection practices considered to be standard components of the RWP include but are not limited to: 1) Weekly collection of the uniform statewide collection list (commingled recycling); 2) Collection of glass separated from other recyclables; and 3) Providing the opportunity for all business and multifamily communities to have recyclables collected. Metro maintains regional service standards (RSS) that detail minimum solid waste and recycling collection service levels to be provided for compliance with Opportunity to Recycle Act requirements.

The Plastic Pollution and Recycling Modernization Act [SB 582 (2021)] created requirements (starting in 2025) for cities to provide for recycling in their communities, including by collecting a uniform statewide list of materials and implementing new contamination reduction programs. Local governments may receive compensation for eligible costs to implement these additional requirements from the statewide Producer Responsibility Organization (PRO), Circular Action Alliance Oregon (CAA Oregon). Local governments may elect to receive PRO funding directly or may authorize service providers and/or other entities that incur eligible costs to receive compensation directly from the PRO for activities conducted (and reporting) for their community.

The RWP, Metro Code and rules, and state law and rules related to waste reduction and recycling require implementation throughout the entirety of the Metro wasteshed. Local governments may receive compensation annually based on the funds Metro has allocated for the Annual Waste Reduction Plan (subset of RWP) in the adopted Metro budget. Local governments may elect to receive Metro funding directly or may authorize the County to receive compensation directly from Metro for the activities conducted (and reporting) for their community.

3. Scope of Work

A. In keeping with the Clackamas County Recycling Partnership, the County shall carry out the recycling programs and activities—including but not limited to waste reduction and contamination reduction planning, program implementation, and education—that meet the requirements of OAR chapter 340, division 90, on behalf of the City.

B. The County shall represent the City in the planning effort, in collaboration with regional partners and service providers where appropriate, to develop one or more funding agreements with the producer responsibility organization that designate how funds will be distributed to meet those requirements for the City, pursuant to the planning efforts of the Clackamas County Recycling Partnership. With the City's prior authorization, this may include distribution of funds directly to the City's franchised hauler.

C. Pursuant to the delegation of authority below, the County shall file such reports as may be necessary with DEQ to acknowledge receipt and to report eligible expenses, and to otherwise act as required or permitted by OAR chapter 340, division 90, on behalf of the City.

D. The County shall have an opportunity to review any proposed deviation from the standard collection practices of the solid waste collection franchisee(s) presented to the City for the purpose of ensuring continued compliance with the RSS and with RWP and statutory requirements. The County agrees to present the findings of the review to the City.

E. The County shall provide the City with standardized forms to request annual production and financial data from the City's solid waste collection franchisee for use in the City's annual review and establishment of service rates. The City shall request that their franchisee share the City-specific data with the County for the County's annual review to support standardized data collection and compliance with Opportunity to Recycle Act and Plastic Pollution and Recycling Modernization Act requirements for fees. The County may request other City-specific operational data from the City's franchisee as needed to support compliance with state and local recycling requirements and programming.

4. Delegation of Authority by City to County. The City designates the County as its authorized agent to receive eligible compensation directly from the producer responsibility organization through DEQ's Funding Authorization Process pursuant to OAR 340-090-0810.

5. Term and Termination

A. This Agreement becomes effective on January 1, 2026, and shall be automatically renewed each calendar year unless otherwise terminated as provided herein.

B. Either party may terminate this Agreement at the end of the then-current calendar year by providing notice to the other party at least ninety (90) days before the end of that calendar year. Where this Agreement is terminated at the end of a calendar year, the County shall complete all reporting requirements for that calendar year.

C. Either party may terminate this Agreement in the event of a breach of the Agreement by the other party. Prior to such termination, however, the party seeking the termination shall give the other party written notice of the breach and of the party's intent to terminate. If the breaching party has not entirely cured the breach within fifteen (15) days of deemed or actual receipt of the notice, then the party giving notice may terminate the Agreement at any time thereafter by giving written notice of termination stating the effective date of the termination. If the default is of such a nature that it cannot be completely remedied within such fifteen (15) day period, this provision shall be complied with if the breaching party begins correction of the default within the fifteen (15) day period and thereafter proceeds with reasonable diligence and in good faith to effect the remedy as soon as practicable. The party giving notice shall not be required to give more than one (1) notice for a similar default in any twelve (12) month period.

D. Neither party shall be deemed to have waived any breach of this Agreement by the other party except by an express waiver in writing. An express written waiver as to one breach shall not be deemed a waiver of any other breach not expressly identified, even if the other breach is of the same nature as that waived.

E. Either party may terminate this Agreement in the event the terminating party fails to receive expenditure authority sufficient to allow that party, in the exercise of its reasonable administrative discretion, to continue to perform under this Agreement, or if federal or state laws, regulations, or guidelines are modified or interpreted in such a way that the terminating party is prohibited from performing under the Agreement. The terminating party shall give written notice of termination stating the effective date of the termination.

F. Any termination of this Agreement shall not prejudice any rights or obligations accrued to the parties prior to termination.

6. General Provisions.

A. Liability.

Subject to the limits of the Oregon Constitution and the Oregon Tort Claims Act or successor statute, the County agrees to indemnify and hold harmless the City, its officers, elected officials, agents, and employees, from and against all third party claims and actions, and all expenses incidental to the investigation and defense thereof, including reasonable attorney fees, arising out of or based upon damage or injuries to persons or property caused by the negligent acts or omissions of the County, its employees or agents, while performing under this Agreement.

Subject to the limits of the Oregon Constitution and the Oregon Tort Claims Act or successor statute, the City agrees to indemnify and hold harmless the County, its officers, elected officials,

agents, and employees, from and against all third party claims and actions, and all expenses incidental to the investigation and defense thereof, including reasonable attorney fees, arising out of or based upon damage or injuries to persons or property caused by the negligent acts or omissions of the City, its employees or agents, while performing under this Agreement.

B. Oregon Law and Forum. This Agreement, and all rights, obligations, and disputes arising out of it, shall be governed by and construed in accordance with the laws of the State of Oregon and the ordinances of the County, without giving effect to the conflict of law provisions thereof. Any claim between the parties that arises from or relates to this Agreement shall be brought and conducted solely and exclusively within the Circuit Court of Clackamas County for the State of Oregon; provided, however, that, if a claim must be brought in a federal forum, it shall be brought and conducted solely and exclusively within the United States District Court for the District of Oregon. In no event shall this section be construed as a waiver by the County of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court. The City hereby consents to the in personam jurisdiction of the courts referenced in this section.

C. Compliance with Applicable Law. The parties shall comply with all applicable local, state, and federal ordinances, statutes, laws, and regulations. All provisions of law required to be a part of this Agreement, whether listed or otherwise, are hereby integrated and adopted herein. Failure to comply with such obligations is a material breach of this Agreement.

D. Non-Exclusive Rights and Remedies. Except as otherwise expressly provided herein, the rights and remedies expressly afforded under the provisions of this Agreement shall not be deemed exclusive, and shall be in addition to and cumulative with any and all rights and remedies otherwise available at law or in equity. The exercise by either party of any one or more of such remedies shall not preclude the exercise by it, at the same or different times, of any other remedies for the same default or breach, or for any other default or breach, by the other party.

E. Access to Records. The City shall retain, maintain, and keep accessible all records relevant to this Agreement (the "Records") for a minimum of six (6) years following termination of or full performance under this Agreement, or for any longer period as may be required by applicable law, or until the conclusion of an audit, controversy, or litigation arising out of or related to this Agreement, whichever is later. The City shall maintain all financial Records in accordance with generally accepted accounting principles. All other Records shall be maintained to the extent necessary to clearly reflect actions taken. During this record retention period, the City shall permit the County's authorized representatives access to the Records at reasonable times and places for purposes of examining and copying.

F. Work Product. All work performed under this Agreement shall be considered work made for hire and shall be the sole and exclusive property of the County. The County shall own any and all data, documents, plans, copyrights, specifications, working papers, and other materials produced in connection with this Agreement.

G. Debt Limitation. This Agreement is expressly subject to the limitations of the Oregon Constitution and Oregon Tort Claims Act, and is contingent upon the appropriation of funds. Any

provisions herein that conflict with the above-referenced laws are deemed inoperative to that extent.

H. Severability. If any provision of this Agreement is found to be unconstitutional, illegal, or unenforceable, this Agreement nevertheless shall remain in full force and effect, and the offending provision shall be stricken. The court or other authorized body finding such provision unconstitutional, illegal, or unenforceable shall construe this Agreement without such provision to give effect to the maximum extent possible the intentions of the parties.

I. Integration, Amendment, and Waiver. Except as otherwise set forth herein, this Agreement constitutes the entire agreement between the parties regarding the subject matter described herein. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this Agreement. No waiver, consent, modification, or change of terms of this Agreement shall bind either party unless in writing and signed by both parties and all necessary approvals have been obtained. Such waiver, consent, modification, or change, if made, shall be effective only in the specific instance and for the specific purpose given. The failure of either party to enforce any provision of this Agreement shall not constitute a waiver by such party of that or any other provision.

J. Interpretation. The titles of the sections of this Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

K. Independent Contractor. Each party shall be deemed an independent contractor for purposes of this Agreement. No representative, agent, employee, or contractor of one party shall be deemed to be a representative, agent, employee, or contractor of the other party for any purpose, except to the extent specifically provided herein. Nothing herein is intended, nor shall it be construed, to create between the parties any relationship of principal and agent, partnership, joint venture, or similar relationship, and each party hereby specifically disclaims any such relationship.

L. No Third-Party Beneficiary. The City and the County are the only parties to this Agreement and are the only parties entitled to enforce its terms. Nothing in this Agreement gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly, indirectly, or otherwise, to third persons unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Agreement.

M. Subcontract and Assignment. The City shall not enter into any subcontracts for any of the work required by this Agreement, or assign or transfer any of its interest in this Agreement by operation of law or otherwise, without obtaining prior written approval from the County, which shall be granted or denied in the County's sole discretion. The County's consent to any subcontract shall not relieve the City of any of its duties or obligations under this Agreement.

N. Counterparts. This Agreement may be executed in several counterparts (electronic or otherwise), each of which shall be an original, and all of which shall constitute the same instrument.

LETTER OF UNDERSTANDING

This letter of understanding is between Clackamas County's Department of Transportation and Development (Clackamas County) and the City of Gladstone (City) commencing July 1, 2008. This agreement shall continue to stay in force until either party terminates the agreement. Either party may terminate this agreement with a 30-day written notice prior to May 1st of each year this agreement is in effect.

ORS 459 and 459A requires the metropolitan service district (Metro) for Multnomah, Washington and Clackamas counties and the cities therein in aggregate to develop integrated solid waste management plans and implement associated activities designed to meet goals established by the DEQ. Metro council adopts a DEQ approved Regional Solid Waste Management Plan (RSWMP) for a ten (10) year planning period. In each of the ten years local governments and Metro create annual work plans to meet the goals and objectives established in the RSWMP. A new RSWMP was recommended to Metro Council for adoption by both the Solid Waste Advisory Committee and the Metro Policy Advisory Committee, with the recommended action occurring on July 17, 2008.

Clackamas County actively engages with Metro in all matters associated with the provision of integrated solid waste management services with in all of Metro's boundaries, paying particular attention to the effect of these plans on citizens within incorporated and unincorporated areas of Clackamas County. Additionally, many of the goals and objectives of the RSWMP are only accomplished through the cooperative working relationship Clackamas County has established with the franchised solid waste collectors operating within the County's borders.

Since 1990 Clackamas County has been successful meeting the requirements necessary for annual plan adoption by Metro. The adoption of the annual plan releases funds collected, by Metro, from the disposal of regional tons of solid waste to be land filled or incinerated. Clackamas County intends to continue participating in this process through the functional period of the newly adopted Regional Solid Waste Management Plan and in the development of future plans.

Key components of meeting the goals established by the RSWMP are directly related to the activities of the solid waste collection franchisee. Currently there are several collection practices considered to be standard components of the RSWMP. These include but are not limited to: 1) Weekly collection of residential recyclables; 2) Collection of glass separated on the truck from other recyclables; 3) Providing the opportunity for all businesses to have recyclables collected. Clackamas County, through this agreement, requests the opportunity to review any proposed deviation from the standard collection practices of the solid waste collection franchisee presented to the City. The review is for the purpose of ensuring continued compliance with the RSWMP. Clackamas County agrees to present the findings to the City.

Clackamas County will continue providing staff for waste reduction planning, program implementation and education for the unincorporated areas of the County and in the cities of Barlow, Damascus, Estacada, Gladstone, Happy Valley, Lake Oswego, Molalla, Oregon City, Sandy, West Linn, and Wilsonville. Additionally, County staff will continue working in conjunction with the franchised solid waste collectors' Education Coordinator working throughout the County and its cities providing educational programs in schools.

This letter clarifies the City intends to continue its partnership with Clackamas County in the waste reduction program. The County will provide the activities listed in the Annual Waste Reduction Plan, write the final report, work with Metro in development of next year's plan elements, and keep the City appraised of activities within its boundary. This letter further clarifies the County will provide direct assistance to businesses, schools and government facilities within the City as applies to meeting the requirements of the regional Recycle @ Work program.

In return, the City authorizes Metro to annually distribute their portion of the Annual Waste Reduction and Recycle @ Work funds to Clackamas County until this agreement is terminated.

Intergovernmental Agreement between

Opportunity to Recycle, Plastic Pollution and Recycling Modernization
[ORS 459A; OAR 340-090]

1. Purpose

This Agreement is entered into by and between the City of Johnson City (the "City") and Clackamas County (the "County") for the cooperation of units of local government under the authority of ORS 190.010. This Agreement provides for the County, on behalf of the City and as a part of the Clackamas County Recycling Partnership, to meet the requirements of the Opportunity to Recycle Act, the Plastic Pollution and Recycling Modernization Act, and (OAR chapter 340, division 90, as applicable to the City, in carrying out certain county-wide recycling programs and activities, including but not limited to recycling, waste prevention, and contamination reduction programming.

2. Background

Through the Clackamas County Recycling Partnership, the County provides county-wide recycling and waste reduction programs and activities that meet many of the requirements of Oregon's "Opportunity to Recycle Act" (ORS chapter 459A) that apply to the metropolitan service district (Metro) for Clackamas, Multnomah, and Washington counties and the cities therein, including the City, to develop integrated solid waste management plans—the Regional Waste Plan (RWP)—and implement associated activities to meet goals established by the Oregon Department of Environmental Quality (DEQ). The County also reports to DEQ via Metro, the wasteshed representative, on these programs and activities on behalf of cities in the partnership, including the City.

Key components of meeting the goals established in the RWP are directly related to the activities of the solid waste collection franchisee(s). Some of the collection practices considered to be standard components of the RWP include but are not limited to: 1) Weekly collection of the uniform statewide collection list (commingled recycling); 2) Collection of glass separated from other recyclables; and 3) Providing the opportunity for all business and multifamily communities to have recyclables collected, as applicable. Metro maintains regional service standards (RSS) that detail minimum solid waste and recycling collection service levels to be provided for compliance with Opportunity to Recycle Act requirements.

The Plastic Pollution and Recycling Modernization Act [SB 582 (2021)] created requirements (starting in 2025) for cities to provide for recycling in their communities, including by collecting a uniform statewide list of materials and implementing new contamination reduction programs. Local governments may receive compensation for eligible costs to implement these additional requirements from the statewide Producer Responsibility Organization (PRO), Circular Action Alliance (CAA). Local governments may elect to receive PRO funding directly or may authorize service providers and/or other entities that incur eligible costs to receive compensation directly from the PRO for activities conducted (and reporting) for their community.

The RWP, Metro Code and rules, and state law related to waste reduction and recycling requires implementation throughout the entirety of the Metro wasteshed. Local governments may receive compensation annually based on the funds Metro has allocated for the Annual Waste Reduction Plan (subset of RWP) in the adopted Metro budget. Local governments may elect to receive Metro funding directly or may authorize the County to receive compensation directly from Metro for the activities conducted (and reporting) for their community.

3. Scope of Work

A. In keeping with the Clackamas County Recycling Partnership, the County shall carry out the recycling programs and activities—including but not limited to waste reduction and contamination reduction planning, program implementation, and education—that meet the requirements of OAR chapter 340, division 90, on behalf of the City.

B. The County shall represent the City in the planning effort, in collaboration with regional partners and service providers where appropriate, to develop one or more funding agreements with the producer responsibility organization that designate how funds will be distributed to meet those requirements for the City, pursuant to the planning efforts of the Clackamas County Recycling Partnership. With the City's prior authorization, this may include distribution of funds directly to the City's franchised hauler.

C. Pursuant to the delegation of authority below, the County shall file such reports as may be necessary with DEQ to acknowledge receipt and to report eligible expenses, and to otherwise act as required or permitted by OAR chapter 340, division 90, on behalf of the City.

D. The County shall have an opportunity to review any proposed deviation from the standard collection practices of the solid waste collection franchisee(s) presented to the City for the purpose of ensuring continued compliance with the RSS and with RWP and Opportunity to Recycle Act requirements. The County agrees to present the findings of the review to the City.

E. The County shall provide the City with standardized forms to request annual production and financial data from the City's solid waste collection franchisee for use in the City's annual review and establishment of service rates. The City shall request that their franchisee share the City-specific data with the County for the County's annual review to support standardized data collection and compliance with Opportunity to Recycle Act and Plastic Pollution and Recycling Modernization Act requirements for fees. The County may request other City-specific operational data from the City's franchisee as needed to support compliance with state and local recycling requirements and programming.

4. Delegation of Authority by City to County. The City designates the County as its authorized agent to receive eligible compensation directly from the producer responsibility organization through DEQ's Funding Authorization Process pursuant to OAR 340-090-0810.

5. Term and Termination

A. This Agreement becomes effective on January 1, 2026, and shall be automatically renewed each calendar year unless otherwise terminated as provided herein.

B. Either party may terminate this Agreement at the end of the then-current calendar year by providing notice to the other party at least ninety (90) days before the end of that calendar year. Where this Agreement is terminated at the end of a calendar year, the County shall complete all reporting requirements for that calendar year.

C. Either party may terminate this Agreement in the event of a breach of the Agreement by the other party. Prior to such termination, however, the party seeking the termination shall give the other party written notice of the breach and of the party's intent to terminate. If the breaching party has not entirely cured the breach within fifteen (15) days of deemed or actual receipt of the notice, then the party giving notice may terminate the Agreement at any time thereafter by giving written notice of termination stating the effective date of the termination. If the default is of such a nature that it cannot be completely remedied within such fifteen (15) day period, this provision shall be complied with if the breaching party begins correction of the default within the fifteen (15) day period and thereafter proceeds with reasonable diligence and in good faith to effect the remedy as soon as practicable. The party giving notice shall not be required to give more than one (1) notice for a similar default in any twelve (12) month period.

D. Neither party shall be deemed to have waived any breach of this Agreement by the other party except by an express waiver in writing. An express written waiver as to one breach shall not be deemed a waiver of any other breach not expressly identified, even though the other breach is of the same nature as that waived.

E. Either party may terminate this Agreement in the event the terminating party fails to receive expenditure authority sufficient to allow that party, in the exercise of its reasonable administrative discretion, to continue to perform under this Agreement, or if federal or state laws, regulations, or guidelines are modified or interpreted in such a way that the terminating party is prohibited from performing under the Agreement. The terminating party shall give written notice of termination stating the effective date of the termination.

F. Any termination of this Agreement shall not prejudice any rights or obligations accrued to the parties prior to termination.

I. Integration, Amendment, and Waiver. Except as otherwise set forth herein, this Agreement constitutes the entire agreement between the parties regarding the subject matter described herein. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this Agreement. No waiver, consent, modification, or change of terms of this Agreement shall bind either party unless in writing and signed by both parties and all necessary approvals have been obtained. Such waiver, consent, modification, or change, if made, shall be effective only in the specific instance and for the specific purpose given. The failure of either party to enforce any provision of this Agreement shall not constitute a waiver by such party of that or any other provision.

J. Interpretation. The titles of the sections of this Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

K. Independent Contractor. Each party shall be deemed an independent contractor for purposes of this Agreement. No representative, agent, employee, or contractor of one party shall be deemed to be a representative, agent, employee, or contractor of the other party for any purpose, except to the extent specifically provided herein. Nothing herein is intended, nor shall it be construed, to create between the parties any relationship of principal and agent, partnership, joint venture, or similar relationship, and each party hereby specifically disclaims any such relationship.

L. No Third-Party Beneficiary. The City and the County are the only parties to this Agreement and are the only parties entitled to enforce its terms. Nothing in this Agreement gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly, indirectly, or otherwise, to third persons unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Agreement.

M. Subcontract and Assignment. The City shall not enter into any subcontracts for any of the work required by this Agreement, or assign or transfer any of its interest in this Agreement by operation of law or otherwise, without obtaining prior written approval from the County, which shall be granted or denied in the County's sole discretion. The County's consent to any subcontract shall not relieve the City of any of its duties or obligations under this Agreement.

N. Counterparts. This Agreement may be executed in several counterparts (electronic or otherwise), each of which shall be an original, and all of which shall constitute the same instrument.

O. Survival. All provisions in this Section 6 shall survive the termination of this Agreement, together with all other rights and obligations herein which by their context are intended to survive.

Intergovernmental Agreement between
Clackamas County and
City of Molalla

Opportunity to Recycle, Plastic Pollution and Recycling Modernization
[ORS 459A; OAR 340-090]

1. Purpose

This Agreement is entered into between the City of Molalla (the "City") and Clackamas County (the "County") for the cooperation of units of local government under the authority of ORS 190.010. This Agreement provides for the County, on behalf of the City and as a part of the Clackamas County Recycling Partnership, to meet the requirements of the Opportunity to Recycle Act, including the Recycling Modernization Act (OAR chapter 340, division 90) as applicable to the City, in carrying out certain county-wide recycling programs and activities, including but not limited to recycling, waste prevention, and contamination reduction programming.

2. Background

Through the Clackamas County Recycling Partnership, the County provides county-wide recycling and waste reduction programs and activities that meet many of the requirements of Oregon's "Opportunity to Recycle Act" (ORS chapter 459A) that apply to the metropolitan service district (Metro) for Clackamas, Multnomah, and Washington counties and the cities therein, including the City, to develop integrated solid waste management plans—the Regional Waste Plan (RWP)—and implement associated activities to meet goals established by the Oregon Department of Environmental Quality (DEQ). The County also reports to DEQ via Metro, the wasteshed representative, on these programs and activities on behalf of cities in the partnership, including the City.

Key components of meeting the goals established in the RWP are directly related to the activities of the solid waste collection franchisee(s). Some of the collection practices considered to be standard components of the RWP include but are not limited to: 1) Weekly collection of the uniform statewide collection list (commingled recycling); 2) Collection of glass separated from other recyclables; and 3) Providing the opportunity for all business and multifamily communities to have recyclables collected. Metro maintains regional service standards (RSS) that detail minimum solid waste and recycling collection service levels to be provided for compliance with Opportunity to Recycle Act requirements.

The Plastic Pollution and Recycling Modernization Act [SB 582 (1921)] created requirements (starting in 2025) for cities to provide for recycling in their communities, including by collecting a uniform statewide list of materials and implementing new contamination reduction programs. Local governments may receive compensation for eligible costs to implement these additional requirements from the statewide Producer Responsibility Organization (PRO), Circular Action Alliance (CAA). Local governments may elect to receive PRO funding directly or may authorize service providers and/or other entities that incur eligible costs to receive compensation directly from the PRO for activities conducted (and reporting) for their community.

The RWP, Metro Code and rules, and state law related to waste reduction and recycling requires implementation throughout the entirety of the Metro wasteshed. Local governments may receive compensation annually based on the funds Metro has allocated for the Annual Waste Reduction Plan (subset of RWP) in the adopted Metro budget. Local governments may elect to receive Metro funding directly or may authorize the County to receive compensation directly from Metro for the activities conducted (and reporting) for their community.

3. Scope of Work

A. In keeping with the Clackamas County Recycling Partnership, the County shall carry out the recycling programs and activities—including but not limited to waste reduction and contamination reduction planning, program implementation, and education—that meet the requirements of OAR chapter 340, division 90, on behalf of the City.

B. The County shall represent the City in the planning effort, in collaboration with regional partners and service providers where appropriate, to develop one or more funding agreements with the producer responsibility organization that designate how funds will be distributed to meet those requirements for the City, pursuant to the planning efforts of the Clackamas County Recycling Partnership. With the City's prior authorization, this may include distribution of funds directly to the City's franchised hauler.

C. Pursuant to the delegation of authority below, the County shall file such reports as may be necessary with DEQ to acknowledge receipt and to report eligible expenses, and to otherwise act as required or permitted by OAR chapter 340, division 90, on behalf of the City.

D. The County shall have an opportunity to review any proposed deviation from the standard collection practices of the solid waste collection franchisee(s) presented to the City for the purpose of ensuring continued compliance with the RSS and with RWP and Opportunity to Recycle Act requirements. The County agrees to present the findings of the review to the City.

E. The County shall provide the City with standardized forms to request annual production and financial data from the City's solid waste collection franchisee for use in the City's annual review and establishment of service rates. The City shall request that their franchisee share the City-specific data with the County for the County's annual review to support standardized data collection and compliance with Opportunity to Recycle Act and Plastic Pollution and Recycling Modernization Act requirements for fees. The County may request other City-specific operational data from the City's franchisee as needed to support compliance with state and local recycling requirements and programming.

4. Delegation of Authority by City to County. The City designates the County as its authorized agent to receive eligible compensation directly from the producer responsibility organization through DEQ's Funding Authorization Process pursuant to OAR 340-090-0810.

5. Term and Termination

A. This Agreement becomes effective on January 1, 2026, and shall be automatically renewed each calendar year unless otherwise terminated as provided herein.

B. Either party may terminate this Agreement at the end of the then-current calendar year by providing notice to the other party at least ninety (90) days before the end of that calendar year. Where this Agreement is terminated at the end of a calendar year, the County shall complete all reporting requirements for that calendar year.

C. Either party may terminate this Agreement in the event of a breach of the Agreement by the other party. Prior to such termination, however, the party seeking the termination shall give the other party written notice of the breach and of the party's intent to terminate. If the breaching party has not entirely cured the breach within fifteen (15) days of deemed or actual receipt of the notice, then the party giving notice may terminate the Agreement at any time thereafter by giving written notice of termination stating the effective date of the termination. If the default is of such a nature that it cannot be completely remedied within such fifteen (15) day period, this provision shall be complied with if the breaching party begins correction of the default within the fifteen (15) day period and thereafter proceeds with reasonable diligence and in good faith to effect the remedy as soon as practicable. The party giving notice shall not be required to give more than one (1) notice for a similar default in any twelve (12) month period.

D. Neither party shall be deemed to have waived any breach of this Agreement by the other party except by an express waiver in writing. An express written waiver as to one breach shall not be deemed a waiver of any other breach not expressly identified, even though the other breach is of the same nature as that waived.

E. Either party may terminate this Agreement in the event the terminating party fails to receive expenditure authority sufficient to allow that party, in the exercise of its reasonable administrative discretion, to continue to perform under this Agreement, or if federal or state laws, regulations, or guidelines are modified or interpreted in such a way that the terminating party is prohibited from performing under the Agreement. The terminating party shall give written notice of termination stating the effective date of the termination.

F. Any termination of this Agreement shall not prejudice any rights or obligations accrued to the parties prior to termination.

6. General Provisions.

A. Liability.

Subject to the limits of the Oregon Constitution and the Oregon Tort Claims Act or successor statute, the County agrees to indemnify and hold harmless the City, its officers, elected officials, agents, and employees, from and against all third party claims and actions, and all expenses incidental to the investigation and defense thereof, including reasonable attorney fees, arising out of or based upon damage or injuries to persons or property caused by the negligent acts or omissions of the County, its employees or agents, while performing under this Agreement.

Subject to the limits of the Oregon Constitution and the Oregon Tort Claims Act or successor statute, the City agrees to indemnify and hold harmless the County, its officers, elected officials, agents, and employees, from and against all third party claims and actions, and all expenses incidental to the investigation and defense thereof, including reasonable attorney fees, arising

out of or based upon damage or injuries to persons or property caused by the negligent acts or omissions of the City, its employees or agents, while performing under this Agreement.

B. Oregon Law and Forum. This Agreement, and all rights, obligations, and disputes arising out of it, shall be governed by and construed in accordance with the laws of the State of Oregon and the ordinances of the County, without giving effect to the conflict of law provisions thereof. Any claim between the parties that arises from or relates to this Agreement shall be brought and conducted solely and exclusively within the Circuit Court of Clackamas County for the State of Oregon; provided, however, that, if a claim must be brought in a federal forum, it shall be brought and conducted solely and exclusively within the United States District Court for the District of Oregon. In no event shall this section be construed as a waiver by the County of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court. The City hereby consents to the in personam jurisdiction of the courts referenced in this section.

C. Compliance with Applicable Law. The parties shall comply with all applicable local, state, and federal ordinances, statutes, laws, and regulations. All provisions of law required to be a part of this Agreement, whether listed or otherwise, are hereby integrated and adopted herein. Failure to comply with such obligations is a material breach of this Agreement.

D. Non-Exclusive Rights and Remedies. Except as otherwise expressly provided herein, the rights and remedies expressly afforded under the provisions of this Agreement shall not be deemed exclusive, and shall be in addition to and cumulative with any and all rights and remedies otherwise available at law or in equity. The exercise by either party of any one or more of such remedies shall not preclude the exercise by it, at the same or different times, of any other remedies for the same default or breach, or for any other default or breach, by the other party.

E. Access to Records. The City shall retain, maintain, and keep accessible all records relevant to this Agreement (the "Records") for a minimum of six (6) years following termination of or full performance under this Agreement, or for any longer period as may be required by applicable law, or until the conclusion of an audit, controversy, or litigation arising out of or related to this Agreement, whichever is later. The City shall maintain all financial Records in accordance with generally accepted accounting principles. All other Records shall be maintained to the extent necessary to clearly reflect actions taken. During this record retention period, the City shall permit the County's authorized representatives access to the Records at reasonable times and places for purposes of examining and copying.

F. Work Product. All work performed under this Agreement shall be considered work made for hire and shall be the sole and exclusive property of the County. The County shall own any and all data, documents, plans, copyrights, specifications, working papers, and other materials produced in connection with this Agreement.

G. Debt Limitation. This Agreement is expressly subject to the limitations of the Oregon Constitution and Oregon Tort Claims Act, and is contingent upon the appropriation of funds. Any provisions herein that conflict with the above-referenced laws are deemed inoperative to that extent.

H. Severability. If any provision of this Agreement is found to be unconstitutional, illegal, or unenforceable, this Agreement nevertheless shall remain in full force and effect, and the offending provision shall be stricken. The court or other authorized body finding such provision unconstitutional, illegal, or unenforceable shall construe this Agreement without such provision to give effect to the maximum extent possible the intentions of the parties.

I. Integration, Amendment, and Waiver. Except as otherwise set forth herein, this Agreement constitutes the entire agreement between the parties regarding the subject matter described herein. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this Agreement. No waiver, consent, modification, or change of terms of this Agreement shall bind either party unless in writing and signed by both parties and all necessary approvals have been obtained. Such waiver, consent, modification, or change, if made, shall be effective only in the specific instance and for the specific purpose given. The failure of either party to enforce any provision of this Agreement shall not constitute a waiver by such party of that or any other provision.

J. Interpretation. The titles of the sections of this Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

K. Independent Contractor. Each party shall be deemed an independent contractor for purposes of this Agreement. No representative, agent, employee, or contractor of one party shall be deemed to be a representative, agent, employee, or contractor of the other party for any purpose, except to the extent specifically provided herein. Nothing herein is intended, nor shall it be construed, to create between the parties any relationship of principal and agent, partnership, joint venture, or similar relationship, and each party hereby specifically disclaims any such relationship.

L. No Third-Party Beneficiary. The City and the County are the only parties to this Agreement and are the only parties entitled to enforce its terms. Nothing in this Agreement gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly, indirectly, or otherwise, to third persons unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Agreement.

M. Subcontract and Assignment. The City shall not enter into any subcontracts for any of the work required by this Agreement, or assign or transfer any of its interest in this Agreement by operation of law or otherwise, without obtaining prior written approval from the County, which shall be granted or denied in the County's sole discretion. The County's consent to any subcontract shall not relieve the City of any of its duties or obligations under this Agreement.

N. Counterparts. This Agreement may be executed in several counterparts (electronic or otherwise), each of which shall be an original, and all of which shall constitute the same instrument.

O. Survival. All provisions in this Section 6 shall survive the termination of this Agreement, together with all other rights and obligations herein which by their context are intended to survive.

Opportunity to Recycle, Plastic Pollution and Recycling Modernization
[ORS 459A; OAR 340-090]

1. Purpose

This Agreement is entered into by and between the City of Oregon City (the "City") and Clackamas County (the "County") for the cooperation of units of local government under the authority of ORS 190.010. This Agreement provides for the County, on behalf of the City and as a part of the Clackamas County Recycling Partnership, to meet the requirements of the Opportunity to Recycle Act, the Plastic Pollution and Recycling Modernization Act, and OAR chapter 340, division 90, as applicable to the City, in carrying out certain county-wide recycling programs and activities, including but not limited to recycling, waste prevention, and contamination reduction programming.

2. Background

Through the Clackamas County Recycling Partnership, the County provides county-wide recycling and waste reduction programs and activities that meet many of the requirements of Oregon's "Opportunity to Recycle Act" (ORS chapter 459A) that apply to the metropolitan service district (Metro) for Clackamas, Multnomah, and Washington counties and the cities therein, including the City, to develop integrated solid waste management plans—the Regional Waste Plan (RWP)—and implement associated activities to meet goals established by the Oregon Department of Environmental Quality (DEQ). The County also reports to DEQ via Metro, the wasteshed representative, on these programs and activities on behalf of cities in the partnership, including the City.

Key components of meeting the goals established in the RWP are directly related to the activities of the solid waste collection franchisee(s). Some of the collection practices considered to be standard components of the RWP include but are not limited to: 1) Weekly collection of the uniform statewide collection list (commingled recycling); 2) Collection of glass separated from other recyclables; and 3) Providing the opportunity for all business and multifamily communities to have recyclables collected. Metro maintains regional service standards (RSS) that detail minimum solid waste and recycling collection service levels to be provided for compliance with Opportunity to Recycle Act requirements.

The Plastic Pollution and Recycling Modernization Act [SB 582 (2021)] created requirements (starting in 2025) for cities to provide for recycling in their communities, including by collecting a uniform statewide list of materials and implementing new contamination reduction programs. Local governments may receive compensation for eligible costs to implement these additional requirements from the statewide Producer Responsibility Organization (PRO), Circular Action Alliance (CAA). Local governments may elect to receive PRO funding directly or may authorize service providers and/or other entities that incur eligible costs to receive compensation directly from the PRO for activities conducted (and reporting) for their community.

The RWP, Metro Code and rules, and state law related to waste reduction and recycling requires implementation throughout the entirety of the Metro wasteshed. Local governments may receive compensation annually based on the funds Metro has allocated for the Annual Waste Reduction Plan (subset of RWP) in the adopted Metro budget. Local governments may elect to receive Metro funding directly or may authorize the County to receive compensation directly from Metro for the activities conducted (and reporting) for their community.

3. Scope of Work

A. In keeping with the Clackamas County Recycling Partnership, the County shall carry out the recycling programs and activities—including but not limited to waste reduction and contamination reduction planning, program implementation, and education—that meet the requirements of OAR chapter 340, division 90, on behalf of the City.

B. The County shall represent the City in the planning effort, in collaboration with regional partners and service providers where appropriate, to develop one or more funding agreements with the producer responsibility organization that designate how funds will be distributed to meet those requirements for the City, pursuant to the planning efforts of the Clackamas County Recycling Partnership. With the City's prior authorization, this may include distribution of funds directly to the City's franchised hauler.

C. Pursuant to the delegation of authority below, the County shall file such reports as may be necessary with DEQ to acknowledge receipt and to report eligible expenses, and to otherwise act as required or permitted by OAR chapter 340, division 90, on behalf of the City.

D. The County shall have an opportunity to review any proposed deviation from the standard collection practices of the solid waste collection franchisee(s) presented to the City for the purpose of ensuring continued compliance with the RSS and with RWP and Opportunity to Recycle Act requirements. The County agrees to present the findings of the review to the City.

E. The County shall provide the City with standardized forms to request annual production and financial data from the City's solid waste collection franchisee for use in the City's annual review and establishment of service rates. The City shall request that their franchisee share the City-specific data with the County for the County's annual review to support standardized data collection and compliance with Opportunity to Recycle Act and Plastic Pollution and Recycling Modernization Act requirements for fees. The County may request other City-specific operational data from the City's franchisee as needed to support compliance with state and local recycling requirements and programming.

4. Delegation of Authority by City to County. The City designates the County as its authorized agent to receive eligible compensation directly from the producer responsibility organization through DEQ's Funding Authorization Process pursuant to OAR 340-090-0810.

5. Term and Termination

A. This Agreement becomes effective on January 1, 2026, and shall be automatically renewed each calendar year unless otherwise terminated as provided herein.

B. Either party may terminate this Agreement at the end of the then-current calendar year by providing notice to the other party at least ninety (90) days before the end of that calendar year. Where this Agreement is terminated at the end of a calendar year, the County shall complete all reporting requirements for that calendar year.

C. Either party may terminate this Agreement in the event of a breach of the Agreement by the other party. Prior to such termination, however, the party seeking the termination shall give the other party written notice of the breach and of the party's intent to terminate. If the breaching party has not entirely cured the breach within fifteen (15) days of deemed or actual receipt of the notice, then the party giving notice may terminate the Agreement at any time thereafter by giving written notice of termination stating the effective date of the termination. If the default is of such a nature that it cannot be completely remedied within such fifteen (15) day period, this provision shall be complied with if the breaching party begins correction of the default within the fifteen (15) day period and thereafter proceeds with reasonable diligence and in good faith to effect the remedy as soon as practicable. The party giving notice shall not be required to give more than one (1) notice for a similar default in any twelve (12) month period.

D. Neither party shall be deemed to have waived any breach of this Agreement by the other party except by an express waiver in writing. An express written waiver as to one breach shall not be deemed a waiver of any other breach not expressly identified, even though the other breach is of the same nature as that waived.

E. Either party may terminate this Agreement in the event the terminating party fails to receive expenditure authority sufficient to allow that party, in the exercise of its reasonable administrative discretion, to continue to perform under this Agreement, or if federal or state laws, regulations, or guidelines are modified or interpreted in such a way that the terminating party is prohibited from performing under the Agreement. The terminating party shall give written notice of termination stating the effective date of the termination.

F. Any termination of this Agreement shall not prejudice any rights or obligations accrued to the parties prior to termination.

6. General Provisions.

A. Liability.

Subject to the limits of the Oregon Constitution and the Oregon Tort Claims Act or successor statute, the County agrees to indemnify and hold harmless the City, its officers, elected officials, agents, and employees, from and against all third party claims and actions, and all expenses incidental to the investigation and defense thereof, including reasonable attorney fees, arising out of or based upon damage or injuries to persons or property caused by the negligent acts or omissions of the County, its employees or agents, while performing under this Agreement.

out of or based upon damage or injuries to persons or property caused by the negligent acts or omissions of the City, its employees or agents, while performing under this Agreement.

B. Oregon Law and Forum. This Agreement, and all rights, obligations, and disputes arising out of it, shall be governed by and construed in accordance with the laws of the State of Oregon and the ordinances of the County, without giving effect to the conflict of law provisions thereof. Any claim between the parties that arises from or relates to this Agreement shall be brought and conducted solely and exclusively within the Circuit Court of Clackamas County for the State of Oregon; provided, however, that, if a claim must be brought in a federal forum, it shall be brought and conducted solely and exclusively within the United States District Court for the District of Oregon. In no event shall this section be construed as a waiver by the County of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court. The City hereby consents to the in personam jurisdiction of the courts referenced in this section.

C. Compliance with Applicable Law. The parties shall comply with all applicable local, state, and federal ordinances, statutes, laws, and regulations. All provisions of law required to be a part of this Agreement, whether listed or otherwise, are hereby integrated and adopted herein. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this Agreement. No waiver, consent, modification, or change of terms of this Agreement shall bind either party unless in writing and signed by both parties and all necessary approvals have been obtained. Such waiver, consent, modification, or change, if made, shall be effective only in the specific instance and for the specific purpose given. The failure of either party to enforce any provision of this Agreement shall not constitute a waiver by such party of that or any other provision.

J. Interpretation. The titles of the sections of this Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

K. Independent Contractor. Each party shall be deemed an independent contractor for purposes of this Agreement. No representative, agent, employee, or contractor of one party shall be deemed to be a representative, agent, employee, or contractor of the other party for any purpose, except to the extent specifically provided herein. Nothing herein is intended, nor shall it be construed, to create between the parties any relationship of principal and agent, partnership, joint venture, or similar relationship, and each party hereby specifically disclaims any such relationship.

L. No Third-Party Beneficiary. The City and the County are the only parties to this Agreement and are the only parties entitled to enforce its terms. Nothing in this Agreement gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly, indirectly, or otherwise, to third persons unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Agreement.

Intergovernmental Agreement between
Clackamas County and
City of Rivergrove

Opportunity to Recycle, Plastic Pollution and Recycling Modernization
[ORS 459A; OAR 340-090]

1. Purpose

This Agreement is entered into by and between the City of Rivergrove (the "City") and Clackamas County (the "County") for the cooperation of units of local government under the authority of ORS 190.010. This Agreement provides for the County, on behalf of the City and as a part of the Clackamas County Recycling Partnership, to meet the requirements of the Opportunity to Recycle Act, the Plastic Pollution and Recycling Modernization Act, and OAR chapter 340, division 90, as applicable to the City, in carrying out certain county-wide recycling programs and activities, including but not limited to recycling, waste prevention, and contamination reduction programming.

2. Background

Through the Clackamas County Recycling Partnership, the County provides county-wide recycling and waste reduction programs and activities that meet many of the requirements of Oregon's "Opportunity to Recycle Act" (ORS chapter 459A) that apply to the metropolitan service district (Metro) for Clackamas, Multnomah, and Washington counties and the cities therein, including the City, to develop integrated solid waste management plans—the Regional Waste Plan (RWP)—and implement associated activities to meet goals established by the Oregon Department of Environmental Quality (DEQ). The County also reports to DEQ via Metro, the wasteshed representative, on these programs and activities on behalf of cities in the partnership, including the City.

Key components of meeting the goals established in the RWP are directly related to the activities of the solid waste collection franchisee(s). Some of the collection practices considered to be standard components of the RWP include but are not limited to: 1) Weekly collection of the uniform statewide collection list (commingled recycling); 2) Collection of glass separated from other recyclables; and 3) Providing the opportunity for all business and multifamily communities to have recyclables collected, as applicable. Metro maintains regional service standards (RSS) that detail minimum solid waste and recycling collection service levels to be provided for compliance with Opportunity to Recycle Act requirements.

The Plastic Pollution and Recycling Modernization Act [SB 582 (2021)] created requirements (starting in 2025) for cities to provide for recycling in their communities, including by collecting a uniform statewide list of materials and implementing new contamination reduction programs. Local governments may receive compensation for eligible costs to implement these additional requirements from the statewide Producer Responsibility Organization (PRO), Circular Action Alliance (CAA). Local governments may elect to receive PRO funding directly or may authorize service providers and/or other entities that incur eligible costs to receive compensation directly from the PRO for activities conducted (and reporting) for their community.

The RWP, Metro Code and rules, and state law related to waste reduction and recycling requires implementation throughout the entirety of the Metro wasteshed. Local governments may receive compensation annually based on the funds Metro has allocated for the Annual Waste Reduction Plan (subset of RWP) in the adopted Metro budget. Local governments may elect to receive Metro funding directly or may authorize the County to receive compensation directly from Metro for the activities conducted (and reporting) for their community.

3. Scope of Work

A. In keeping with the Clackamas County Recycling Partnership, the County shall carry out the recycling programs and activities—including but not limited to waste reduction and contamination reduction planning, program implementation, and education—that meet the requirements of OAR chapter 340, division 90, on behalf of the City.

B. The County shall represent the City in the planning effort, in collaboration with regional partners and service providers where appropriate, to develop one or more funding agreements with the producer responsibility organization that designate how funds will be distributed to meet those requirements for the City, pursuant to the planning efforts of the Clackamas County Recycling Partnership. With the City's prior authorization, this may include distribution of funds directly to the City's franchised hauler.

C. Pursuant to the delegation of authority below, the County shall file such reports as may be necessary with DEQ to acknowledge receipt and to report eligible expenses, and to otherwise act as required or permitted by OAR chapter 340, division 90, on behalf of the City.

D. The County shall have an opportunity to review any proposed deviation from the standard collection practices of the solid waste collection franchisee(s) presented to the City for the purpose of ensuring continued compliance with the RSS and with RWP and Opportunity to Recycle Act requirements. The County agrees to present the findings of the review to the City.

E. The County shall provide the City with standardized forms to request annual production and financial data from the City's solid waste collection franchisee for use in the City's annual review and establishment of service rates. The City shall request that their franchisee share the City-specific data with the County for the County's annual review to support standardized data collection and compliance with Opportunity to Recycle Act and Plastic Pollution and Recycling Modernization Act requirements for fees. The County may request other City-specific operational data from the City's franchisee as needed to support compliance with state and local recycling requirements and programming.

4. Delegation of Authority by City to County. The City designates the County as its authorized agent to receive eligible compensation directly from the producer responsibility organization through DEQ's Funding Authorization Process pursuant to OAR 340-090-0810.

5. Term and Termination

A. This Agreement becomes effective on January 1, 2026, and shall be automatically renewed each calendar year unless otherwise terminated as provided herein.

B. Either party may terminate this Agreement at the end of the then-current calendar year by providing notice to the other party at least ninety (90) days before the end of that calendar year. Where this Agreement is terminated at the end of a calendar year, the County shall complete all reporting requirements for that calendar year.

C. Either party may terminate this Agreement in the event of a breach of the Agreement by the other party. Prior to such termination, however, the party seeking the termination shall give the other party written notice of the breach and of the party's intent to terminate. If the breaching party has not entirely cured the breach within fifteen (15) days of deemed or actual receipt of the notice, then the party giving notice may terminate the Agreement at any time thereafter by giving written notice of termination stating the effective date of the termination. If the default is of such a nature that it cannot be completely remedied within such fifteen (15) day period, this provision shall be complied with if the breaching party begins correction of the default within the fifteen (15) day period and thereafter proceeds with reasonable diligence and in good faith to effect the remedy as soon as practicable. The party giving notice shall not be required to give more than one (1) notice for a similar default in any twelve (12) month period.

D. Neither party shall be deemed to have waived any breach of this Agreement by the other party except by an express waiver in writing. An express written waiver as to one breach shall not be deemed a waiver of any other breach not expressly identified, even though the other breach is of the same nature as that waived.

E. Either party may terminate this Agreement in the event the terminating party fails to receive expenditure authority sufficient to allow that party, in the exercise of its reasonable administrative discretion, to continue to perform under this Agreement, or if federal or state laws, regulations, or guidelines are modified or interpreted in such a way that the terminating party is prohibited from performing under the Agreement. The terminating party shall give written notice of termination stating the effective date of the termination.

F. Any termination of this Agreement shall not prejudice any rights or obligations accrued to the parties prior to termination.

6. General Provisions.

A. Liability.

Subject to the limits of the Oregon Constitution and the Oregon Tort Claims Act or successor statute, the County agrees to indemnify and hold harmless the City, its officers, elected officials, agents, and employees, from and against all third party claims and actions, and all expenses incidental to the investigation and defense thereof, including reasonable attorney fees, arising out of or based upon damage or injuries to persons or property caused by the negligent acts or omissions of the County, its employees or agents, while performing under this Agreement.

Subject to the limits of the Oregon Constitution and the Oregon Tort Claims Act or successor statute, the City agrees to indemnify and hold harmless the County, its officers, elected officials, agents, and employees, from and against all third party claims and actions, and all expenses incidental to the investigation and defense thereof, including reasonable attorney fees, arising

out of or based upon damage or injuries to persons or property caused by the negligent acts or omissions of the City, its employees or agents, while performing under this Agreement.

B. Oregon Law and Forum. This Agreement, and all rights, obligations, and disputes arising out of it, shall be governed by and construed in accordance with the laws of the State of Oregon and the ordinances of the County, without giving effect to the conflict of law provisions thereof. Any claim between the parties that arises from or relates to this Agreement shall be brought and conducted solely and exclusively within the Circuit Court of Clackamas County for the State of Oregon; provided, however, that, if a claim must be brought in a federal forum, it shall be brought and conducted solely and exclusively within the United States District Court for the District of Oregon. In no event shall this section be construed as a waiver by the County of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court. The City hereby consents to the in personam jurisdiction of the courts referenced in this section.

C. Compliance with Applicable Law. The parties shall comply with all applicable local, state, and federal ordinances, statutes, laws, and regulations. All provisions of law required to be a part of this Agreement, whether listed or otherwise, are hereby integrated and adopted herein. Failure to comply with such obligations is a material breach of this Agreement.

D. Non-Exclusive Rights and Remedies. Except as otherwise expressly provided herein, the rights and remedies expressly afforded under the provisions of this Agreement shall not be deemed exclusive, and shall be in addition to and cumulative with any and all rights and remedies otherwise available at law or in equity. The exercise by either party of any one or more of such remedies shall not preclude the exercise by it, at the same or different times, of any other remedies for the same default or breach, or for any other default or breach, by the other party.

E. Access to Records. The City shall retain, maintain, and keep accessible all records relevant to this Agreement (the "Records") for a minimum of six (6) years following termination of or full performance under this Agreement, or for any longer period as may be required by applicable law, or until the conclusion of an audit, controversy, or litigation arising out of or related to this Agreement, whichever is later. The City shall maintain all financial Records in accordance with generally accepted accounting principles. All other Records shall be maintained to the extent necessary to clearly reflect actions taken. During this record retention period, the City shall permit the County's authorized representatives access to the Records at reasonable times and places for purposes of examining and copying.

F. Work Product. All work performed under this Agreement shall be considered work made for hire and shall be the sole and exclusive property of the County. The County shall own any and all data, documents, plans, copyrights, specifications, working papers, and other materials produced in connection with this Agreement.

G. Debt Limitation. This Agreement is expressly subject to the limitations of the Oregon Constitution and Oregon Tort Claims Act, and is contingent upon the appropriation of funds. Any provisions herein that conflict with the above-referenced laws are deemed inoperative to that extent.

H. Severability. If any provision of this Agreement is found to be unconstitutional, illegal, or unenforceable, this Agreement nevertheless shall remain in full force and effect, and the offending provision shall be stricken. The court or other authorized body finding such provision unconstitutional, illegal, or unenforceable shall construe this Agreement without such provision to give effect to the maximum extent possible the intentions of the parties.

I. Integration, Amendment, and Waiver. Except as otherwise set forth herein, this Agreement constitutes the entire agreement between the parties regarding the subject matter described herein. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this Agreement. No waiver, consent, modification, or change of terms of this Agreement shall bind either party unless in writing and signed by both parties and all necessary approvals have been obtained. Such waiver, consent, modification, or change, if made, shall be effective only in the specific instance and for the specific purpose given. The failure of either party to enforce any provision of this Agreement shall not constitute a waiver by such party of that or any other provision.

J. Interpretation. The titles of the sections of this Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

K. Independent Contractor. Each party shall be deemed an independent contractor for purposes of this Agreement. No representative, agent, employee, or contractor of one party shall be deemed to be a representative, agent, employee, or contractor of the other party for any purpose, except to the extent specifically provided herein. Nothing herein is intended, nor shall it be construed, to create between the parties any relationship of principal and agent, partnership, joint venture, or similar relationship, and each party hereby specifically disclaims any such relationship.

L. No Third-Party Beneficiary. The City and the County are the only parties to this Agreement and are the only parties entitled to enforce its terms. Nothing in this Agreement gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly, indirectly, or otherwise, to third persons unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Agreement.

M. Subcontract and Assignment. The City shall not enter into any subcontracts for any of the work required by this Agreement, or assign or transfer any of its interest in this Agreement by operation of law or otherwise, without obtaining prior written approval from the County, which shall be granted or denied in the County's sole discretion. The County's consent to any subcontract shall not relieve the City of any of its duties or obligations under this Agreement.

N. Counterparts. This Agreement may be executed in several counterparts (electronic or otherwise), each of which shall be an original, and all of which shall constitute the same instrument.

O. Survival. All provisions in this Section 6 shall survive the termination of this Agreement, together with all other rights and obligations herein which by their context are intended to survive.

Local governments may elect to receive Metro funding directly or may authorize the County to receive compensation directly from Metro for the activities conducted (and reporting) for their community.

3. Scope of Work

A. In keeping with the Clackamas County Recycling Partnership, the County shall carry out the recycling programs and activities—including but not limited to waste reduction and contamination reduction planning, program implementation, and education—that meet the requirements of OAR chapter 340, division 90, on behalf of the City.

The County agrees to present the findings of the review to the City.

E. The County shall provide the City with standardized forms to request annual production and financial data from the City's solid waste collection franchisee for use in the City's annual review and establishment of service rates. The City shall request that their franchisee share the City-specific data with the County for the County's annual review to support standardized data collection and compliance with Opportunity to Recycle Act and Plastic Pollution and Recycling Modernization Act requirements for fees. The County may request other City-specific operational data from the City's franchisee as needed to support compliance with state and local recycling requirements and programming.

Intergovernmental Agreement between
Clackamas County and
City of Wilsonville

Opportunity to Recycle, Plastic Pollution and Recycling Modernization
[ORS 459A; OAR 340-090]

1. Letter of Understanding. The City of Wilsonville (the "City") and Clackamas County (the "County") previously entered into a Letter of Understanding commencing July 1, 2008, regarding the agreement and partnership between the City and the County related to the Regional Solid Waste Management Plan. The City and the County hereby mutually terminate the Letter of Understanding.

2. Purpose. This Agreement is entered into by and between the City and the County for the cooperation of units of local government under the authority of ORS 190.010. This Agreement provides for the County, on behalf of the City and as a part of the Clackamas County Recycling Partnership, to meet the requirements of the Opportunity to Recycle Act, the Plastic Pollution and Recycling Modernization Act, and OAR chapter 340, division 90, as applicable to the City, in carrying out certain county-wide recycling programs and activities, including but not limited to recycling, waste prevention, and contamination reduction programming.

3. Background.

   Through the Clackamas County Recycling Partnership, the County provides county-wide recycling and waste reduction programs and activities that meet many of the requirements of Oregon's "Opportunity to Recycle Act" (ORS chapter 459A) that apply to the metropolitan service district (Metro) for Clackamas, Multnomah, and Washington counties and the cities therein, including the City, to develop integrated solid waste management plans—the Regional Waste Plan (RWP)—and implement associated activities to meet goals established by the Oregon Department of Environmental Quality (DEQ). The County also reports to DEQ via Metro, the wasteshed representative, on these programs and activities on behalf of cities in the partnership, including the City.

   Key components of meeting the goals established in the RWP are directly related to the activities of the solid waste collection franchisee(s). Some of the collection practices considered to be standard components of the RWP include but are not limited to: 1) Weekly collection of the uniform statewide collection list (commingled recycling); 2) Collection of glass separated from other recyclables; and 3) Providing the opportunity for all business and multifamily communities to have recyclables collected. Metro maintains regional service standards (RSS) that detail minimum solid waste and recycling collection service levels to be provided for compliance with Opportunity to Recycle Act requirements.

   The Plastic Pollution and Recycling Modernization Act [SB 582 (2021)] created requirements (starting in 2025) for cities to provide for recycling in their communities, including by collecting a uniform statewide list of materials and implementing new contamination reduction programs. Local governments may receive compensation for eligible costs to implement these additional requirements from the statewide Producer Responsibility Organization (PRO), Circular Action Alliance (CAA). Local governments may elect to receive PRO funding directly or may authorize

service providers and/or other entities that incur eligible costs to receive compensation directly from the PRO for activities conducted (and reporting) for their community.

The RWP, Metro Code and rules, and state law related to waste reduction and recycling requires implementation throughout the entirety of the Metro wasteshed. Local governments may receive compensation annually based on the funds Metro has allocated for the Annual Waste Reduction Plan (subset of RWP) in the adopted Metro budget. Local governments may elect to receive Metro funding directly or may authorize the County to receive compensation directly from Metro for the activities conducted (and reporting) for their community.

4. Scope of Work.

A. In keeping with the Clackamas County Recycling Partnership, the County shall carry out the recycling programs and activities—including but not limited to waste reduction and contamination reduction planning, program implementation, and education—that meet the requirements of OAR chapter 340, division 90, on behalf of the City.

B. The County shall represent the City in the planning effort, in collaboration with regional partners and service providers where appropriate, to develop one or more funding agreements with the producer responsibility organization that designate how funds will be distributed to meet those requirements for the City, pursuant to the planning efforts of the Clackamas County Recycling Partnership. With the City's prior authorization, this may include distribution of funds directly to the City's franchised hauler.

C. Pursuant to the delegation of authority below, the County shall file such reports as may be necessary with DEQ to acknowledge receipt and to report eligible expenses, and to otherwise act as required or permitted by OAR chapter 340, division 90, on behalf of the City.

D. The County shall have an opportunity to review any proposed deviation from the standard collection practices of the solid waste collection franchisee(s) presented to the City for the purpose of ensuring continued compliance with the RSS and with RWP and Opportunity to Recycle Act requirements. The County agrees to present the findings of the review to the City.

E. The County shall provide the City with standardized forms to request annual production and financial data from the City's solid waste collection franchisee for use in the City's annual review and establishment of service rates. The City shall request that their franchisee share the City-specific data with the County for the County's annual review to support standardized data collection and compliance with Opportunity to Recycle Act and Plastic Pollution and Recycling Modernization Act requirements for fees. The County may request other City-specific operational data from the City's franchisee as needed to support compliance with state and local recycling requirements and programming.

5. Delegation of Authority by City to County. The City designates the County as its authorized agent to receive eligible compensation directly from the producer responsibility organization through DEQ's Funding Authorization Process pursuant to OAR 340-090-0810.

6. Term and Termination.

A. This Agreement becomes effective on January 1, 2026, and shall be automatically renewed annually each calendar year unless otherwise terminated as provided herein.

B. Either party may terminate this Agreement for any reason at the end of the then-current calendar year by providing notice to the other party at least ninety (90) days before the end of that calendar year. Where this Agreement is terminated at the end of a calendar year, the County shall complete all reporting requirements for that calendar year.

C. Either party may terminate this Agreement in the event of a breach of the Agreement by the other party. Prior to such termination, however, the party seeking the termination shall give the other party written notice of the breach and of the party's intent to terminate. If the breaching party has not entirely cured the breach within fifteen (15) days of deemed or actual receipt of the notice, then the party giving notice may terminate the Agreement at any time thereafter by giving written notice of termination stating the effective date of the termination. If the default is of such a nature that it cannot be completely remedied within such fifteen (15) day period, this provision shall be complied with if the breaching party begins correction of the default within the fifteen (15) day period and thereafter proceeds with reasonable diligence and in good faith to effect the remedy as soon as practicable. The party giving notice shall not be required to give more than one (1) notice for a similar default in any twelve (12) month period.

D. Neither party shall be deemed to have waived any breach of this Agreement by the other party except by an express waiver in writing. An express written waiver as to one breach shall not be deemed a waiver of any other breach not expressly identified, even though the other breach is of the same nature as that waived.

E. Either party may terminate this Agreement in the event the terminating party fails to receive expenditure authority sufficient to allow that party, in the exercise of its reasonable administrative discretion, to continue to perform under this Agreement, or if federal or state laws, regulations, or guidelines are modified or interpreted in such a way that the terminating party is prohibited from performing under the Agreement. The terminating party shall give written notice of termination stating the effective date of the termination.

F. Any termination of this Agreement shall not prejudice any rights or obligations accrued to the parties prior to termination.

7. General Provisions.

A. Liability.

Subject to the limits of the Oregon Constitution and the Oregon Tort Claims Act or successor statute, the County agrees to indemnify and hold harmless the City, its officers, elected officials, agents, and employees, from and against all third party claims and actions, and all expenses incidental to the investigation and defense thereof, including reasonable attorney fees, arising out of or based upon damage or injuries to persons or property caused by the negligent acts or omissions of the County, its employees or agents, while performing under this Agreement.

Subject to the limits of the Oregon Constitution and the Oregon Tort Claims Act or successor statute, the City agrees to indemnify and hold harmless the County, its officers, elected officials, agents, and employees, from and against all third party claims and actions, and all expenses incidental to the investigation and defense thereof, including reasonable attorney fees, arising out of or based upon damage or injuries to persons or property caused by the negligent acts or omissions of the City, its employees or agents, while performing under this Agreement.

B. Oregon Law and Forum. This Agreement, and all rights, obligations, and disputes arising out of it, shall be governed by and construed in accordance with the laws of the State of Oregon and the ordinances of the County, without giving effect to the conflict of law provisions thereof. Any claim between the parties that arises from or relates to this Agreement shall be brought and conducted solely and exclusively within the Circuit Court of Clackamas County for the State of Oregon; provided, however, that, if a claim must be brought in a federal forum, it shall be brought and conducted solely and exclusively within the United States District Court for the District of Oregon. In no event shall this section be construed as a waiver by the County of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court. The City hereby consents to the in personam jurisdiction of the courts referenced in this section.

C. Compliance with Applicable Law. The parties shall comply with all applicable local, state, and federal ordinances, statutes, laws, and regulations. All provisions of law required to be a part of this Agreement, whether listed or otherwise, are hereby integrated and adopted herein. Failure to comply with such obligations is a material breach of this Agreement.

D. Non-Exclusive Rights and Remedies. Except as otherwise expressly provided herein, the rights and remedies expressly afforded under the provisions of this Agreement shall not be deemed exclusive, and shall be in addition to and cumulative with any and all rights and remedies otherwise available at law or in equity. The exercise by either party of any one or more of such remedies shall not preclude the exercise by it, at the same or different times, of any other remedies for the same default or breach, or for any other default or breach, by the other party.

E. Access to Records. The City shall retain, maintain, and keep accessible all records relevant to this Agreement (the "Records") for a minimum of six (6) years following termination of or full performance under this Agreement, or for any longer period as may be required by applicable law, or until the conclusion of an audit, controversy, or litigation arising out of or related to this Agreement, whichever is later. The City shall maintain all financial Records in accordance with generally accepted accounting principles. All other Records shall be maintained to the extent necessary to clearly reflect actions taken. During this record retention period, the City shall permit the County's authorized representatives access to the Records at reasonable times and places for purposes of examining and copying.

F. Work Product. All work performed under this Agreement shall be considered work made for hire and shall be the sole and exclusive property of the County. The County shall own any and all data, documents, plans, copyrights, specifications, working papers, and other materials produced in connection with this Agreement.

G. Debt Limitation. This Agreement is expressly subject to the limitations of the Oregon Constitution and Oregon Tort Claims Act, and is contingent upon the appropriation of funds. Any provisions herein that conflict with the above-referenced laws are deemed inoperative to that extent.

H. Severability. If any provision of this Agreement is found to be unconstitutional, illegal, or unenforceable, this Agreement nevertheless shall remain in full force and effect, and the offending provision shall be stricken. The court or other authorized body finding such provision unconstitutional, illegal, or unenforceable shall construe this Agreement without such provision to give effect to the maximum extent possible the intentions of the parties.

I. Integration, Amendment, and Waiver. Except as otherwise set forth herein, this Agreement constitutes the entire agreement between the parties regarding the subject matter described herein. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this Agreement. No waiver, consent, modification, or change of terms of this Agreement shall bind either party unless in writing and signed by both parties and all necessary approvals have been obtained. Such waiver, consent, modification, or change, if made, shall be effective only in the specific instance and for the specific purpose given. The failure of either party to enforce any provision of this Agreement shall not constitute a waiver by such party of that or any other provision.

J. Interpretation. The titles of the sections of this Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

K. Independent Contractor. Each party shall be deemed an independent contractor for purposes of this Agreement. No representative, agent, employee, or contractor of one party shall be deemed to be a representative, agent, employee, or contractor of the other party for any purpose, except to the extent specifically provided herein. Nothing herein is intended, nor shall it be construed, to create between the parties any relationship of principal and agent, partnership, joint venture, or similar relationship, and each party hereby specifically disclaims any such relationship.

L. No Third-Party Beneficiary. The City and the County are the only parties to this Agreement and are the only parties entitled to enforce its terms. Nothing in this Agreement gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly, indirectly, or otherwise, to third persons unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Agreement.

M. Subcontract and Assignment. The City shall not enter into any subcontracts for any of the work required by this Agreement, or assign or transfer any of its interest in this Agreement by operation of law or otherwise, without obtaining prior written approval from the County, which shall be granted or denied in the County's sole discretion. The County's consent to any subcontract shall not relieve the City of any of its duties or obligations under this Agreement.

N. Counterparts. This Agreement may be executed in several counterparts (electronic or otherwise), each of which shall be an original, and all of which shall constitute the same instrument.

O. Survival. All provisions in this Section 6 shall survive the termination of this Agreement, together with all other rights and obligations herein which by their context are intended to survive.
