Budget Message

Fiscal Year 2025-2026 (FY25-26)

TO: Honorable Board of County Commissioners (BCC)
Budget Committee Members for Clackamas County, Oregon and
Clackamas County Residents

The Clackamas County, Oregon FY25-26 Proposed Budget is \$1,510,118,895 and is balanced as required by Oregon budget law.

The chart below displays the proposed budget amount of \$2,026,238,665 for the County along with the eight Service Districts governed by the Board of County Commissioners.

• Water Environment Services	\$247,583,46
• The Development Agency	\$41,638,81
• North Clackamas Parks & Rec. District	\$40,915,20
• Library Service District of Clack. County	\$26,258,82
• Extension and 4-H Service District	\$18,706,85
• Enhanced Law Enforcement District	\$9,836,46
• Street Lighting District	\$5,134,87
• Housing Authority of Clackamas County	\$126,045,26
Subtotal Districts	\$516,119,77
• Clackamas County	\$1,510,118,89
All-Clackamas County Budget	\$2,026,238,66

This budget was developed without sacrificing programs. Moreover, General Fund debt will be paid off in 2029, the Courthouse opened on time and on budget and the County is investing in key infrastructure services. Even though the County is also challenged with increasing costs and demand for services - under the Board's leadership - the County continues to provide its residents with critical services.

With that said, it's important to add a cautionary note. The primary source of discretionary revenue – property taxes - is not keeping pace with rising costs. Combined with the uncertainty about federal funds and regional SHS (Supportive Housing Services) dollars, the County is anticipating some of these impacts in the General Fund forecast. However, to the extent that funding is reduced or eliminated, programs and services will need to adjust accordingly. In other words, there is no room to backfill with General Funds.

While the current forecast shows a positive net balance for the next 10 years; it is not too soon to undertake a financial analysis of County priorities and associated costs.

FY25-26 Proposed Budget Summary and Comparison with FY24-25

The summary below compares Clackamas County resources and requirements in the FY24-25 Amended Budget to the FY25-26 proposed Budget for Clackamas County. The revenues and requirements summarized in this table are derived from six County fund types: General, Special Revenue, Internal Service, Enterprise, Debt Service, and Capital Projects. All funds work together to support the County's operations and account for the intended use of the funding sources.

Explanation of Revenue and Expenses

Revenue

Tax Revenue

Countywide, tax revenue is expected to increase by 4.1% or \$203.5 million for FY25-26. This includes delinquencies and penalties/interest.

Federal, State, and Local Revenue

These funds are budgeted to decrease by \$143.1 million, or 30.9%. This decrease is primarily due to the State's one-time contribution for the Courthouse construction in FY24-25.

Charges for Services, Fees and Licenses

This category is budgeted at \$228.3 million in FY25-26, an increase of \$14.6 million over FY24-25.

Revenue from Bonds and Other Debts

This revenue is budgeted at \$3.1 million in FY25-26, an increase of \$.6 million over FY24-25. Loan proceeds from the County Fair fund account for \$1.9 million of this total.

All Other Revenue Sources

This is budgeted at \$119.6 million and includes \$37.6 million for salary reimbursements from other agencies that use the County to process their payroll, \$33.7 million for the Self-Insurance Fund, and \$13.8 million in expected interest income. It also includes the Transient Room Tax, Asset Sale Proceeds, and Franchise Fees.

Interfund Transfers

These are the dollars sent from one County fund to another.

General Fund Support

General Fund Support reflects the receipt and distribution of tax dollars to the operating departments. This is reported as revenue to the operating departments and a transfer expense to Non-Departmental.

Expenses

Personnel Services

Total County personnel services are budgeted to increase by \$27.1 million or 6.6% for a total FY25-26 budget of \$437.6 million. This includes a COLA increase of 2.8% and PERS increase of 18.1%.

Materials & Services (M&S)

Expenses are proposed to increase by 1.6% (\$5.9 million) for a total of \$383.7 million. This percentage increase is lower than last year's primarily due to a reduction in Metro Supportive Housing funds.

Capital Outlay

Capital outlay decreased from FY24-25: \$102.6 million vs. \$238.0 million. This decrease is driven by \$138.1 million in construction costs for the new courthouse which was budgeted in FY24-25.

General Fund Contingency and Reserves

Per Board policy, General Fund Contingency is calculated at 5% of operating expenses for unforeseen circumstances that may arise in the current year. General Fund Reserves are calculated at 10% of

FY25-26 PROPOSED BUDGET

combined Taxes, Fees, Fine and Permits which are set aside for future use (not in the current fiscal year).

In FY25-26, in line with the policy, Contingency is budgeted at \$141.4 million, and Reserves is \$89.7 million for a total of \$231.1 million, an increase of \$4.2 million over FY24-25.

Unappropriated Ending Fund Balance

This line reflects the total money received but not spent. It shows up as a resource in the subsequent year in Beginning Fund Balance and is budgeted at \$58.2 million for FY25-26.

Distribution of General Fund Support (GFS)

The chart below displays the distribution of General Fund Support (\$183.5 million) by department. As in previous years, **Public Safety** departments/offices receive the largest share (71%).

County Staffing

The chart below includes all regular and limited-term full-time equivalent (FTE) in departments and elected offices.

Budget Year	FY22-23 Actual	FY23-24 Actual	FY24-25 Budget	FY24-25 Estimated	FY25-26 Proposed
FTE	2,397.7	2,446.4	2,450.9	2,512.4	2,513.8

Overarching Issues

Investing in Affordable Housing

In 2018, voters approved a \$652.8 million general obligation bond to address the shortage of affordable housing within Metro’s urban growth boundary in the region. The County receives 21.3% of bond proceeds which is spent on approved projects.

In addition, the Supportive Housing Services tax was implemented in 2020. In FY24-25, the County anticipates spending \$73 million of this tax. The FY25-26 proposed budget includes an additional expenditure of \$64 million plus carryover for one-time and limited duration expenses. More information about the Supportive Housing Services tax can be found at www.clackamas.us/housingauthority/supportive-housing-services.

Bond Funding:

SHS Tax:

One-Time Federal Aid

American Rescue Plan Act (ARPA)

ARPA provided relief funding to local governments during the COVID-19 pandemic. Criteria to spend these funds is outlined by the federal government. Clackamas County received approximately \$81.2 million, which was obligated by December 2024 in compliance with the US Treasury and must be spent by December 2026.

100% of the \$81,227,922 has been obligated to projects. Examples include the Oak Lodge and Gladstone Libraries, the Broadband Infrastructure Expansion, and the Fairgrounds Multipurpose Building. Funds have also been distributed to local non-profit organizations to help individuals with basic needs.

National Opioid Settlement Funds

Clackamas County, along with several local cities, is receiving funding from the National Opioid Settlement to help address the impacts of the opioid and substance use crisis affecting our community and the nation. Over the coming years, Oregon is expected to receive more than \$600 million, with Clackamas County projected to receive over \$24 million. To date, the County has received approximately \$7 million.

A portion of the funds have been awarded to community providers to address the opioid crisis. Additional funds have been allocated to County programs and services that address substance use prevention, early intervention, treatment, and recovery programs that support individuals with a substance use disorder (SUD) and/or are involved with the justice system.

Investments in Infrastructure that Serves the Public

Significant progress has been in the design, construction, and renovation of several buildings that house key services for the public. None of these projects require increased property taxes. Projected completion dates are:

- Lake Road Health Center (Outpatient Behavioral Health) –Summer/2025
- Gladstone and Oak Lodge Libraries – Gladstone completed; Oak Lodge October/ 2025
- 24-hour Crisis Stabilization Center –December/2025
- Recovery Campus for people with substance use disorders –Design Phase - Spring/2026

Courthouse Replacement Project

The replacement County Courthouse opened May 2025. It is funded through a combination of State matching funds and County property tax dollars. The County did not take out debt for the Courthouse and instead opted for the Public Private Partnership (P3) model. To meet its obligation, the County strategically reduced its operating budget by \$15 million (or approximately 10%) in FY23-24. To account for the ongoing expenses and payments associated with the Courthouse, a new department has been created within the Chart of Accounts.

More detailed information can be found at: [New Circuit Courthouse | Clackamas County](#).

Investments in Internal Infrastructure

One of the Board's priorities is "Building Trust through Good Government". Among other things, the public expects efficient service delivery, easy access to information, and security of data shared with the County. To meet these expectations, the County is investing in technology solutions to replace, update, or install systems that enhance our ability to serve our residents.

Impact of Loss of Federal Funds

It is still not known if federal dollars will be reduced or eliminated to local governments. If so, there is no room in the General Fund to back fill these essential services. If federal dollars indeed are lost, those programs and services will also be eliminated.

Department/Office Unfunded Staffing Requests

A few departments and offices have expressed the need for additional staff to address current challenges. Those positions that were not funded with General Funds have been approved; however, due to limitations on available General Funds, positions that require that funding source have not been approved. Following is a summary of identified needs. These will also be discussed during the individual department/office presentation:

Department/Office	Request	#FTE	Annual Cost (GFS)
CA/Disaster Mgmt.	Additional positions for Medical Examiner Office to address significant increase in deaths	2	\$302,755
H3S	Position to increase federal benefits for veterans	1	\$142,875
H3S	Position to address Medicaid administration claims billing and provide grant and legislative coordination	1	\$125,483
H3S	Position to provide referrals/navigation for Women, Infants, Children's program and nurse home visiting	1	\$118,751
H3S	Position to plan community driven grants for priority areas in the County Health Needs Assess.	1	\$186,384
DA	Legal assistant for Victim Assistance program	1	\$109,824
DA	Victim Advocate position	1	\$118,046
DA	Executive Assistant for the DA	1	\$139,556
DTD	Animal Care Specialist to address staffing shortage	1	\$113,600
DTD	Code Enforcement position to address community complaints and increase site investigations	1	\$170,000
DTD	Assistance covering Legal Fees to address new process	0	\$120,000
TOTAL		11	\$1,647,274

Developing the Budget

Forecast

To ensure financial sustainability for the replacement Courthouse project and the General Fund overall, the County built a 30-year General Fund forecast using data-informed assumptions on growth or changes in both Revenues and Expenses. This extended view enables the County to keep on top of shifts in policy or funding at the local, federal, and state levels. Components of the forecast include:

Revenue Considerations:

- Property taxes
- Franchise fees
- Federal and State grants
- State Sharing revenues
- Charges and fees for services
- Interest
- Cost Allocation for Internal Services

Expense considerations:

- PERS
- Cost of living changes (CPI)
- Personnel wages and benefits
- Vacancy Factors
- Cost of goods and services
- Capital projects and maintenance
- Contingency & Reserve requirements

The forecast is sensitive to real time changes and enables the County to analyze the short- and long-term impact of revenue assumptions or expenditure decisions made today into the future. The forecast is a dynamic tool that is regularly updated as new information is available.

Budget Instructions

The County has moved away from routinely increasing budgets regardless of actual revenue and expenses. Instead, a review of historical revenue and expenses along with current projections formed the basis for each department and office's budget. The Budget Manual further supported a more analytic approach with these directions:

- Align program budgets with Board Priority Areas
- Prioritize mandated services and cost-effective alternatives to service delivery
- Seek to maximize revenue and reduce the need for General Fund Support
- Eliminate long-term FTE vacancies (over 2+ years)
- Estimate proposed budgets to most realistic revenue and expenditure projections
- Distribute administrative overhead to the benefiting programs
- Prorate funding for new/vacant positions
- If proposing a new program, identify a new revenue source or reductions to balance

Cost Allocation Plan Update

The cost allocation process calculates the distribution of overhead costs from internal service departments – Finance/Facilities, Utilities, Technology, Human Resources, Public & Government Affairs, Records Management, and County Counsel - to the operating departments.

Three years ago, the County hired a consultant to review its cost allocation methodology and provide recommendations to align with best practices that would offset the dependency on the General Fund for internal services. The plan also provided a mechanism for the County to recover overhead costs from federal/state grants.

The FY25-26 Proposed Budget reflects costs associated with the third year of implementing a hybrid cost allocation model. The County Administrator limited increases to these departments to no more than 4%. With that as a base, the internal services departments conservatively budgeted their expenses resulting in

an overall increase of 1.3% from FY24-25. When distributed using updated staffing and other drivers, several departments saw a decrease in their allocated costs.

County Policies

Details on County policies can be found in the policy subsection of this budget book. Some policies have been updated or created over the last two years with additional details located in the policy subsection.

Conclusion

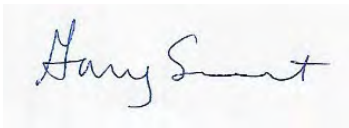

This FY25-26 proposed budget reflects the County's continued commitment to public safety and other critical services to its residents. It builds upon past investments for affordable housing, expands recovery services for individuals with behavioral health challenges, and focuses on maintaining and improving the County's infrastructure.

The County will, however, be challenged in the months ahead as it faces uncertainty about federal and regional resources, increasing costs of goods and services, and rising expectations. By maintaining a balance between fiscal prudence and necessary investments, the County is positioning itself for long-term stability and success. As the County moves forward, ongoing evaluation and adjustments will ensure that it remains aligned with the Board's goals while adapting to changing circumstances.

Thank you to the County's elected and appointed leadership along with the many employees involved in preparing this proposed budget. Special thanks to Elizabeth Comfort, Finance Director, Sandra Montoya, Budget Manager, and the entire budget team for their dedicated work.

Finally, thank you to the Budget Committee for its commitment and consideration of this proposed budget.

Sincerely,

A handwritten signature in blue ink that reads "Gary Schmidt". The signature is written in a cursive, flowing style.

BUDGET DOCUMENT

The FY25-26 adopted budget for Clackamas County is detailed in this book and contains information regarding the County Budget, as well as individual departments, fund descriptions, and summaries. It is designed to provide budget focus in a concise format and convey summary financial and service level information to increase the readers' understanding of the budget process and functions of Clackamas County. It makes generous use of narrative explanations and graphic displays to enhance readability.

This section serves as an introduction, providing context about the county, history, budget process, financial structure, debt position, planning, and public involvement opportunities.

ABOUT THE COUNTY

Profile of the Government

Clackamas County is one of three counties comprising the Portland metropolitan area in Northwest Oregon. The county originally contained the territorial capital for the Oregon Territory and had boundaries extending east to what is now Montana and Idaho and north into what is now British Columbia, Canada. Today, the county is 1,883 square miles extending east to include Mount Hood, Oregon's tallest peak, south to the Willamette Valley, west to the Willamette River, and north to include some parts of South Portland.

According to the Portland State University Population Research Center, Clackamas County has an estimated population of 426,567 in 2024. Clackamas County remains one of the more developable parts of the tri-county Portland metropolitan area. Due to low supply and increasing demand, home buyers are looking to urban areas within Clackamas County as housing prices continue to rise in the area.

The county government provides a full range of services including but not limited to human services to the elderly and economically disadvantaged, public health and mental health services, planning and economic development, construction and maintenance of highways, roads, and streets, public safety, and park services.

Governing Board

Clackamas County and its component units are governed by a five-member [Board of County Commissioners](#) (BCC). The Board Chair, having equal authority with the other commissioners, conducts commission meetings and events, represents the Board's position on issues, and coordinates the agenda for the weekly business meetings. Although County Commissioners are elected at large, this Board has assigned 'areas of outreach' for each commissioner so that the county's diverse geographical regions will each be heard by one of the five commissioner positions.

The Board of County Commissioners also serves as the governing body of several component units. These units have taxing authority; therefore, this document does not include their budgets. The component units include:

- Clackamas County Development Agency (CCDA), an Urban Renewal Agency
- Clackamas County Enhanced Law Enforcement Service District (ELED)
- Clackamas County Extension and 4-H Service District (EX4H)
- Housing Authority of Clackamas County (HACC)
- Library Services District of Clackamas County (LBSD)
- North Clackamas Parks and Recreation District (NCPR)
- Clackamas County Service District No. 5 (SDN5), a street and highway lighting district
- Water Environment Services (WESV), a regional sanitary sewer district

Daily administrative functions are overseen by an appointed County Administrator, while the Board of Commissioners sets policy, adopts the annual budget, and passes ordinances under state law. Following nationwide recruitment, the Board of Commissioners selected Gary Schmidt, formerly Director of the county's Public and Government Affairs Department, as the County Administrator in 2019. Mr. Schmidt oversees the activities of the many county departments and is the Chief Administrator for several County Service Districts. Also included in this report are the activities of the six elected officials, who serve as department heads overseeing their respective functions.

- The County Assessor is responsible for the valuation of property for taxation and the subsequent application of all levies in the County to those properties.
- The County Clerk conducts elections and maintains official records.
- The District Attorney prosecutes criminal charges and maintains family support enforcement.
- The Justice of the Peace oversees the hearing of traffic violation cases, small claims, and other judicial matters coming before the Circuit Court.
- The Sheriff provides patrol, investigation, civil process, and corrections services.
- The Treasurer is the investor and custodian of county funds.

Compensation for elected officials is recommended by the Compensation Board for Elected Officials as part of the annual budget process, which is approved by the Budget Committee. The Budget Committee takes into consideration the recommendation of the Compensation Board and

approves a level of compensation to be included in the budget and documented in the county's personnel management system. The commissioners act on those recommendations to set elected officials' salary compensation as they adopt the County Budget.

Elected officials have greater autonomy than appointed department heads but must have their budgets approved by the Budget Committee. Per Oregon Local Budget Law, the committee consists of the commissioners and an equal number of citizens who review and approve the departmental budgets for each fiscal year.

PUBLIC INVOLVEMENT

Citizens are encouraged to become involved in the county's budget process. Public comments are welcome at [Budget Committee](#) and Board of County Commissioners meetings. Meeting schedules, notices, budget information, and instructions for public participation are available via the county's website, which can be found at: <https://www.clackamas.us/budget/committee.html>.

In addition to budget matters, there are over fifty other advisory boards and commissions working on a wide variety of issues of interest to county citizens. Information about each of these groups can be found online at: <https://www.clackamas.us/community/abc>.

FINANCIAL STRUCTURE

Clackamas County organizes its financial information into five standard fund groups. The fund groups consist of one General Fund, as well as numerous special revenues, debt service, internal service and enterprise, and capital projects funds. All funds are disclosed in an [annual comprehensive financial report](#) and audited by an independent auditing firm.

Clackamas County adopts a balanced budget - meaning that the estimate of resources must equal the estimate of requirements for each fiscal year. The sum of expenditures authorized plus the amounts to be held aside for contingencies and reserves must equal the resources available. County policy dictates that if revenues do not come in as anticipated, expenditures must be reduced accordingly. All funds are budgeted in conformance with Oregon Local Budget Law found in Oregon Revised Statutes, Chapter 294, and all funds are appropriated. Contingency is the most common allocation not attributable to a specific organizational unit. The resolution authorizing appropriation for each fund sets the level by which expenditures cannot legally exceed appropriations. Each budget is prepared with line-item detail, but compliance is required only at the level of legal appropriation.

BASIS OF ACCOUNTING AND BUDGETING

The modified accrual basis of accounting is used for the General Fund, special revenue funds, debt service funds, and capital projects funds. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined, and "available" means collectible within the current period (or soon enough) thereafter to be used to pay for liabilities of the current period. The county considers property taxes as available if they are collected within 60 days after year-end. Expenditures are recorded when incurred. Principal and interest on general long-term debt are recorded when due.

Internal service and enterprise funds are accounted for by utilizing the accrual basis of accounting under which revenues are recognized at the time they are earned, and expenses are recognized

when they are incurred. Financial accounting reports are prepared per Generally Accepted Accounting Principles (GAAP).

The county budgets its funds on a modified accrual basis and conforms to Generally Accepted Accounting Principles (GAAP) unless such procedures prevent compliance with Oregon governmental accounting regulations as stipulated by statute. Differences between the budget basis and accounting basis are reconciled at year-end as shown in the Annual Comprehensive Financial Report (ACFR). In particular, depreciation is accrued for GAAP purposes but is not a budgeted expense item. Likewise, certain compensated absences (e.g. vacation expenses) are accrued for GAAP purposes but not budgeted.

For many years, the county's ACFR has been awarded the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting and the county's budget documents have been awarded GFOA's Distinguished Budget Presentation Award.

The county maintains extensive budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the Oregon Revised Statutes, Chapter 294 which prescribes the format and content of local government budgets in the state. All of the General Fund, special revenue funds, enterprise funds, internal service funds, capital projects funds, fiduciary funds, and debt service funds are included in the annual appropriated budget of the county.

The level of budgetary control (the level at which expenditures cannot legally exceed the appropriated amount) is established at the fund level, with separate appropriations for amounts that are not attributable to an organizational unit (if applicable.) The county also maintains an encumbrance accounting system as one method of maintaining budgetary control. Encumbered amounts lapse at year's end. However, outstanding encumbrances are re-established as necessary as part of the following year's budget.

BUDGET ADOPTION PROCESS

The county's budget process begins in the late fall of each calendar year with the Board of County Commissioners meeting to set their budget priorities. Next is the generation of cost allocation numbers for central services to be distributed to operating departments. This cost allocation is designed to recover the costs of technology, county counsel, human resources services, records management, financial services, and facilities management costs, provided to county departments and component unit operations. The cost allocation methodology is applied in a manner consistent and compliant with rules on grant-funded activities.

The Budget Committee (BC) is composed of the County Commissioners and an equal number of appointed citizen members serving staggered terms. The Budget Committee reviews the long-term forecast and current-year projections. The committee also refines budget policies and directions to guide staff in preparing the budget.

The budget process is based upon these policies and directions, which are incorporated into a comprehensive Budget Manual. A budget training meeting is held to distribute manuals to those

staff members charged with the preparation of the upcoming year's budget. At that meeting, new policies and guidelines are discussed, as are any changes in procedure. Departments then spend the next several weeks compiling their budget requests for the upcoming year.

Each department submits its requested budget to the Finance-Budget staff who review the information to verify that all required components are included and that anticipated revenues balance expenditures in all funds. The Budget Manager then completes a preliminary analysis before review by the County Administrator, the designated Budget Officer. The County Administrator, corresponding department directors, and budget staff review all submitted budgets. Upon review of the departmental budgets, the County Administrator instructs revisions where necessary, determines recommended levels of General Fund support, and balances the budget. The proposed budget is communicated to departments so they can begin work on the presentation and budget book material.

The Budget Committee is given the responsibility of convening public hearings during which they receive the budget message and budget document, hear public testimony, and approve a county budget. The County Administrator presents his budget message during the first meeting. The Budget Committee has the opportunity to ask questions about the requests before making decisions on funding levels for each department. Public testimony is heard, and the Budget Committee agrees upon an approved budget.

Before adoption by the Board of County Commissioners, the budget and a notice of the adoption hearing are published in a newspaper of general circulation in the County. At the public hearing, the budget is officially adopted by Resolution and Order. This adoption must take place before July 1 of the fiscal year for the county to have appropriation authority for the coming year.

BUDGET REVISION PROCESS

Throughout the fiscal year, departments and the Finance-Budget staff monitor budgets. As the year progresses, departments may need to adjust or change the original budget due to unanticipated changes in revenues or to get approval for redirection of appropriations. Amendments are scheduled quarterly to update the budget by allowing for unforeseen circumstances. Oregon Local Budget Law regulates the supplemental process ([ORS 294.471](#)).

The budget may be amended after adoption by one of four methods.

Budgetary Change	Approval Level
Transfer within a fund - within the operating budget	1. Director 2. Finance-Budget Team
Transfer within a fund - between budget categories	Board
Supplemental budget (changes in expenditures)	Board
Other Budgetary Changes <ul style="list-style-type: none">• Loans• Elimination of unnecessary funds• Emergency authorizations	Board

The Board of County Commissioners may approve the change by resolution during a regular weekly business meeting, providing prior notice has been published. Public testimony is accepted at the hearing if anyone wishes to share concerns regarding the proposed appropriation changes. Oregon Local Budget Law also allows for additional appropriations in special circumstances when new funds are dedicated to a specific purpose ([ORS 294.338](#)). The additional appropriations are approved by resolution of the Board at their regular weekly meeting as needed. Budget transfers between categories within a fund are approved by resolution of the Board of County Commissioners. Adjustments of line-item appropriations within a budgetary category and organizational unit are also processed as needed. These changes do not require action by the Board of County Commissioners.

Clackamas County Policy

Name of Policy	Cost Recovery for Fines, Fees, and Revenue Agreements	Policy #	FIN- 1.100
Policy Owner Name	Elizabeth Comfort	Effective Date	June 1, 2020
Policy Owner Position	Finance Director	Approved Date	April 28, 2020
Approved By	Gary Schmidt, County Administrator	Next Review Date	June 1, 2023

I. PURPOSE AND SCOPE

The purpose of this policy is to set forth long-term financially sustainable practices for cost recovery and preservation of the County's discretionary funds.

This policy applies to all County departments, Districts, and Elected Officials.

II. AUTHORITY

County Code 2.09.060 authorizes the County Administrator to draft administrative rules and implement operational policies.

III. GENERAL POLICY

It is the general policy of Clackamas County to fully recover costs to the extent legally possible for all services or programs provided whether from fees, fines, revenue agreements, or other revenue generating arrangements for which fees may be charged.

The County shall maximize and diversify its revenue base to raise sufficient revenue to support essential county services and to maintain services during periods of declining economic activity. County services providing private benefits should be paid for by fees and charges as much as possible to maximize flexibility in the use of county general revenue sources to meet the cost for services of broader public benefit.

Exceptions to this policy require specific Board approval for the non-reimbursed or non-recovered costs. See paragraph on Charging Less than Full Cost Recovery and Fees Outside of the County's Control.

IV. DEFINITIONS

- a. Cost recovery – Refers to the requirement for the organization to ensure that regular resources are not used to subsidize the program.
- b. CPI – Consumer Price Index West Region Size A.
- c. Direct costs – Costs that are directly attributed to the delivery of a program or service.
- d. GFOA – Government Finance Officers Association of the United States and Canada.
- e. Indirect costs – Costs (such as administration and overhead) that are indirectly linked to the delivery of a program or service and should be recovered through the cost recovery rate.
- f. Methodology – a rate based on a system-wide cost per unit, where the cost associated with meeting future growth needs are divided by the projected growth in a plan area.
- g. Program – the entire suite of services, including all permits, outreach, public information, which a particular workgroup provides.
- h. Public good – a service, or program, provided for the benefit and/or well-being of the public despite the inability to recover costs for the service provision or program.
- i. Overhead – Overhead includes costs such as payroll processing, accounting services, computer usage, rent(of county owned properties) and other central administrative services.

- j. Service – a service such as plan review, inspections, recycling education or animal control officer response.

V. POLICY GUIDELINES

New revenues:

When proposing new programs, services, or fees - departments are required to inform the Board of all proposed services, their full costs (both direct and indirect), proposed rate structure and corresponding anticipated revenues. The analysis must include a comparison of rates for similar services charged by neighboring jurisdictions and consideration of alternate service delivery options. If the proposed rate structure results in less than full recovery the rationale for this recommendation needs to be outlined and full cost recovery rate structure needs to be presented in full detail (ie list of all fees and full recovery rates) as an alternate option. This can be accomplished at a Policy Session or through a Budget presentation.

Departments are expected to have vetted the financial aspects of their proposal with the Budget Office prior to making a presentation to the Board. Citizen engagement and feedback is strongly encouraged.

Rate Development:

Cost recovery development should reflect the true and full cost of providing the program or service, with the intent to achieve full cost recovery. This includes both direct and indirect costs, including materials, labor, cost of fee collection, charges for the use of capital facilities and/or equipment, program and department administration and overhead.

The County recommends using GFOA best practice tools such as Full Cost Accounting for Governmental Services (program level analysis) or Activity Based Costing (service level analysis) for calculating service costs and corresponding rates. In some cases, i.e. System Development Charges, rates must be established in accordance with legislative standards. In other cases there are industry standards, historical pretense or service complexities for which it may make sense to contract the rate development out to subject matter expert consultants.

Certain rates, including monthly utility charges, are established with the goal of achieving full cost recovery in the present while also considering future full cost recovery requirements with the goal of keeping annual rate adjustments to a minimum. Also, bond covenants may require the collection of revenues beyond operating and debt service costs. These factors may result in going beyond full cost recovery.

Periodic Reviews and Changes:

Updating rates on a schedule helps smooth charges and fees rather than having uneven impacts with sharp increases. The County sets rates annually by resolution. Departments are required to review rates no less frequently than biannually (unless otherwise specified in approved model/plan) for the impact of inflation, cost increases, adequacy of cost recovery, service demand and competition (as applicable). The analysis must include a comparison of rates for similar services charged by neighboring jurisdictions and consideration of alternate service delivery options. If no significant changes are noted in the evaluation, then rates should at least be increased by the combined CPI since the last rate adjustment.

Charging Less than Full Cost Recovery:

Only the Board has the authority to grant an exception for charging less than full cost recovery. There are specific instances in which the Board will allow this.

1. If the Board determines that it is in the best interest of the County not to fully recover costs, direction will be provided to clarify the cost recovery level expected from the subsidized

service/program. Some examples of subsidized programs may include:

- a. A program or service for the public good (examples would be parks, libraries, programming for summer camp).
 - b. A service which provides a general benefit in addition to the private benefit provided to a specific business, property, or individual.
 - c. A program where the impact of imposing or increasing fees on economically at-risk populations or businesses would be detrimental or cost-prohibitive.
 - d. A program or service that supports the overall achievement of County goals.
 - e. A program or service funded primarily by either revenue restricted to such purpose or other new specifically identified revenue which the Board of County Commissioners commits to such purpose.
2. If the Board has entered into contractual agreements to provide programs/services without full cost recovery, or made similar commitments in ballot measures presented to County/special district voters.
 3. A cost recovery model or rate plan previously approved by the governing board with a specified life and/or including a long-term escalation term in process. At which time the model/plan is re-evaluated such plan should conform to this policy.

Fees Outside of the County's Control:

Where fees/fines are established by the State of Oregon, another governing body that the County is subject to, or has entered into a legally enforceable agreement that cannot be renegotiated – the County cannot recover full costs as the County has no control over the setting of these rates. These circumstances do not require a Board exception; however, they do require disclosure during the budget presentations and in the budget materials.

Departments are strongly encouraged to work with the Department of Public and Government Affairs as well as professional associations to employ Oregon legislative action as necessary to ensure appropriate cost recovery.

VI. PROCESS AND PROCEDURES

Departments should consult with the Budget Office, if needed, for assistance with implementation of the policy.

Clackamas County Code, Appendix A: Fees Clackamas County Code, Appendix B: Fines

This policy conforms to the guidance found in the following source publication: GFOA Best Practice on Establishing Government Charges and Fees

Actions on this Policy:

Original Policy effective date:

Amended Policy effective dates:

In 1993, the Board of County Commissioners adopted a resolution encompassing the following budget policies governing Clackamas County operations. Minor updates were incorporated by the Commissioners in 2004. In 2020 a large scale project was begun to update the County's financial policies. The status of the budget policies under review or recently updated will be identified with a note on the following pages. These policies were formulated by the County Administrator and his staff and forwarded to the Board for their approval.

Statement of Philosophy

The budget is an annual financial and operational plan. It is a clear statement of County priorities as established by the Board of County Commissioners. Any alteration of the approved plan requires prior approval of the BCC. *The County will adopt a balanced budget for each fund meaning that budgeted expenditures plus contingencies and reserves if required, will be met by an equal amount of budgeted resources.* The annual budget process shall address County priorities and packages of options and recommendations for BCC decisions. The budget is a measure of the performance of departments. Department heads will be held accountable for performance within the context of their budget.

Fees and Charges

It shall be the policy of the County to establish fees that are in compliance with state statutes and County ordinances. When fees are established, the fee will be set to recover the total cost associated with the service provided. A level of charges below total cost may be approved by the Board of County Commissioners if considered in the best interest of Clackamas County. Each department will recommend to the County Administrator a list of existing services and/or materials that are available to the public through Clackamas County government which the department head believes worthy of a service fee or charge. The County Administrator/Budget Officer, in cooperation with the department, will determine concurrence or modifications to the list. Upon concurrence, the department will prepare the revenue projections and appropriate documents with the submission of the annual budget.

Implementation: User fees are reviewed each year and updated as required by ordinance and approved by the County Commissioners.

Note: This policy is currently being reviewed.

Capital Improvement Plan

Clackamas County will prepare a prioritized five-year Capital Improvement Plan (CIP) addressing large-scale investments in facilities, equipment, and transportation. The CIP will provide estimates of costs, identify sources of funding and financing alternatives, and describe sites of construction projects and any other significant additional project characteristics. Capital improvements identified in the plan will have a minimum estimated cost of \$50,000. The plan will be updated annually and all changes will be reviewed for approval by the Board of County Commissioners.

Implementation: The Board of County Commissioners approves both a five-year and a twenty-year CIP. The FY 2018-2022 is the current five-year CIP, and the twenty-year CIP runs from FY 2015-2035. Copies of these documents are available upon request.

Capital Outlay Expenditures

Capital outlay budgets will include all anticipated expenditures for individual items with a cost greater than \$5,000 and a useful life expectancy of one year or more. Purchases below the thresholds are budgeted in the Materials and Services category. Only capital projects and acquisitions conforming to this policy will be undertaken by the County. Each year's budget for capital expenditures will be in conformance with the Capital Improvement Plan and compliance with requirements of Bills and Laws of the Oregon Revised Statutes.

Implementation: All budgets are prepared using the threshold stated above for Capital Outlay requests. Each Capital Outlay request must be accompanied by a detailed justification in the materials submitted to the Finance-Budget section.

Budget Amendments

Clackamas County departments shall plan annual budgets for each fiscal year which accurately reflect the service priorities and needs of the residents as directed by the Board of County Commissioners. When revenues are not received as planned, the corresponding expenditures shall not be made. It is the responsibility of the department head/elected official to ensure that the necessary reduction in expenditures occurs. When new sources of grant revenue become available, departments shall request a budget change but must spend the additional revenues only for the programs or activities specified in the grant.

Changes among line items within a major category are generally within the discretion of the department head, with review by the Budget Officer, provided such changes do not affect service priorities. However, transfers between major categories are discouraged and require the approval of the Board of County Commissioners prior to the expenditure of funds, consistent with ORS 294.463.

Implementation: All budget requests include goals and objectives designed to reflect service priorities as a basis for approval of requested funding. After adoption, budgets are monitored throughout the fiscal year and adjusted as necessary as outlined above.

Inflation Guidelines

In preparing budgets for each fiscal year, Clackamas County departments will use estimates of inflation factors to calculate increases in operational costs. The Budget office will generate the recommended inflation guidelines for BCC consideration. Recommended guidelines will be derived from quantifiable information available from economic research sources.

The BCC-approved inflation guidelines are to be published in the budget preparation manual. This policy applies to all departments contained within the Clackamas County annual budget.

Implementation: The policy is under review as the availability of guideline indicators does not coincide with the timelines necessary to complete the budget process.

Revenue Policy

Clackamas County's policy is to maintain to the greatest extent possible a diversified base of revenue sources, limiting reliance on any single source.

The County will aggressively pursue the collection of delinquent accounts through its Finance and Counsel offices.

Internal Service Funds and Enterprise Funds will establish charges fully supporting total direct and indirect costs of providing services.

Applications for new grant sources will conform to grants policy, and require BCC approval prior to making an application.

When revenue estimates change, affecting service priorities, departments will amend their budgets to reflect changed expectations.

Implementation: A process to track delinquent Local Improvement District assessments more closely has been undertaken in the Finance office. The Cost Allocation Plan implemented in fiscal 1991 was established in part to eliminate the General Fund subsidy of Internal Service operations and continues currently to identify the true cost of doing business in all County departments. All departments are required to submit grant proposals to the Board of Commissioners prior to application to granting agencies.

Budgeting Fund Balance

Fund Balance consists of the cumulative excess of revenues over expenditures since the beginning of a fund. The best possible estimates of available Fund Balances will be used when proposing and adopting annual budgets, allowing the most realistic estimate of resources to be used when establishing service priorities for the ensuing fiscal year.

Budgeting Contingency Amounts

In any year, circumstances may arise which could not have been reasonably anticipated and which may require a change in the annually adopted plan. Each fund may differ both in need for and ability to budget for a Contingency account. Therefore,

1. The amount of the Contingency account will be set annually as an amount or percentage of the total resources budgeted in the fund. The amount or percentage to be used will be set by the Budget Officer to assist in preparing requested budgets, and will be based on the following criteria:
 - a. the total resources typically available to the fund compared to the resources needed to fund annual service priorities,
 - b. expenditure history in the fund, and

- c. circumstances outside the control of the County.

Use of Contingency

No expenditures may be made from Contingency accounts. A transfer to an expenditure account must first be approved by the Board of County Commissioners. Requests for transfers must address the following:

1. the need for expenditures additional to the service plan and priorities adopted in the original budget,
2. conditions that could not have been anticipated prior to the adoption of the budget, and
3. alternatives considered to the use of Contingency accounts.

Managers will manage funds with the objective of the ending Fund Balance exceeding the original Contingency appropriation for the fiscal year.

Implementation: Departments are to provide additional justification of Contingency transfer requests as outlined above.

Travel

Effective 7-1-2021 the county's travel policy sets guidelines and internal controls for travel in connection with conducting Official County Business.

This policy and the Travel Manual deriving from it (together, "Travel Program") contain all of the required elements to be considered an "accountable plan" for payment of business travel expenses under IRS Publications 463 and 535.

The Travel Program and the forms to which it refers are maintained by the Clackamas County Department of Finance. Only authorized forms referenced in the travel manual should be used for reporting or reimbursement claims. Departments may not develop more or less restrictive "department travel policies."

It is County policy to pay for travel-related costs incurred during travel while on official County business. In addition to this policy, such payment is subject to all applicable statutes, regulations, collective bargaining agreements, and contracts. The Finance Department will train departments on all of the components of the Travel Program. Department/Division Directors and supervisors are responsible for ensuring all individuals under their supervision who travel have received training in the Travel Program and are aware of the potential consequences of program violations. Departments should provide the policy, manual and relevant forms to volunteers conducting County business and remind them of their obligations to abide by the policies herein.

Personal accumulation of airline miles associated with County travel is strictly prohibited.

Financial Assistance

Effective 1-1-2021 the county's financial assistance management policy is designed to ensure that Clackamas County manages all financial assistance agreements in compliance with the required regulations in order to retain current funding levels for the vital programs and services delivered to our community.

It is the policy of Clackamas County that all County Departments and Service Districts are responsible for ensuring proper administration of financial assistance agreements in conformance with the Financial Assistance Management Manual (Manual).

The Manual shall at a minimum include:

- a) Overview of Financial Assistance Administration
- b) Federal Financial Assistance Administration Rules and other Grant Administration
- c) Policies
- d) Receiving Financial Assistance
- e) Charging of Salaries, Wages, and Benefits – Including Leave
- f) Charging Allocated and Indirect Costs vs the de Minimis Rate
- g) Issuing a Financial Assistance Agreement
- h) Sub recipient monitoring
- i) Closing a Financial Assistance Agreement
- j) Conflicts of Interest

Procurement Cards

Effective 1-1-2020 the county's policy and procedures on the Procurement Card Program ("Program") empowers the employee, who has the authority and responsibility, to purchase goods and services for the County in a convenient manner that also reduces the costs associated with initiating and paying for those purchases. The Program is designed for the purchase of low risk and low dollar transactions (generally in the direct procurement threshold as defined in the Clackamas County Local Contract Review Board Rules ("LCRB")). The County's bank vendor is US Bank and transactions are managed using the County's PeopleSoft Financial System, unless otherwise authorized by the Finance Department.

This Policy is applicable to the Public Officials (as broadly defined in ORS 244.020(14)) of the County and all County Departments and special districts, including, but not limited to County service districts, urban renewal agencies, and the Housing Authority of Clackamas County.

The Finance Department is delegated the authority to implement and administer the Program by establishing a Procurement Card Manual ("Manual") outlining the procedures and standards for use of procurement cards. It is the intent of this Policy to authorize Finance to update the Manual from time to time as needed without the necessity to modify this Policy. The Manual shall at a minimum include:

- a) Overview of Program
- b) Definitions of Roles and Responsibilities
- c) Assignment and Control of Procurement Cards
- d) Required Transaction Documentation
- e) Handling of Lost/Stolen PCards, Declines, and Fraudulent Use
- f) Consequences for Non-Compliance with Policy and Manual

Policy on Reserves for Future Expenditures and Contingency

I. Budgeted Reserves as defined in this policy will be the sum of two types of budgeted accounts:

1. **Contingency** – a non-spendable account that under Local Budget Law may be accessed during the fiscal year to transfer appropriations to a spendable category account, when the need for such appropriations is approved by the Board of County Commissioners;
2. **Reserve for Future Expenditure** – an un-appropriated non-spendable account from which under Oregon Local Budget Law no appropriation can be transferred. The amount budgeted at adoption of the annual budget will be maintained for the fiscal year period.

Reserve for Future Expenditure exist for a twelve month fiscal year period and then are subject to re-consideration during the annual budget process by the Budget Committee and Board of Commissioners. If sufficient resources exist for funding the reserve in the succeeding fiscal year, amounts may be re-allocated through the budget process to a spendable category account in whole or in part.

Budgeted Reserves in a fund may include amounts for Contingency, Reserve for Future Expenditure, or both.

II. Budgeted Reserves Policy for the County General Fund:

Clackamas County will maintain adequate budgeted reserves in the General Fund to

- provide for future resource needs,
- protect program budgets from periodic transient resource level variations, and
- maintain cash flow levels in amounts sufficient to bridge months in each year during which inflows of revenues are slower.

The amount to be budgeted in the account titled “**Contingency**” should be targeted each year to measure 5% of the overall County General Fund budget.

The amount to be identified in an account titled “**Reserve for Future Expenditure**” in the General Fund should be targeted each year to measure 10% of the overall County General Fund budget, less resources in the General Fund that are dedicated to particular identified uses by law or source. *[example: Secure Rural Schools and Community Self-Determination Act dollars dedicated to specific purposes]*

In no year will the General Fund **Budgeted Reserves** exceed 15% of the total General Fund budget.

III. Other Funds Budgeted Reserves Policy:

Funds other than the General Fund may budget **Reserve for Future Expenditure** accounts when the reserves are composed of dollars dedicated to particular identified uses, either:

- by law,
- by source, or
- by commitment of the Board of County Commissioners.

These other funds may also budget **Contingency** accounts, composed of amounts which may be re-appropriated to other spendable accounts during the budget year by approval of the Board of County Commissioners. Per Local Budget Law, Contingency and Reserve accounts should not be budgeted in Debt Service Funds.

Debt Issuance and Management Policy

On November 7, 1996, the Board of County Commissioners adopted a resolution implementing the following debt issuance and management policies for Clackamas County. These policies were written by the County Finance Director, County Counsel, and County Treasurer and established roles for each of these officials in the process of issuing debt and in its subsequent repayment, management, and reporting.

This policy guides the County in decisions regarding when to issue debt financing, the structure, size and type of debt issues, and the responsibilities of various parties.

Reason for Issuing Debt

The County will issue debt to finance capital construction, capital acquisitions or cash flow as recommended by the Finance Director and authorized by the Board of County Commissioners.

Types and Amounts of County Indebtedness

Clackamas County will issue debt as needed and authorized by the Board of Commissioners in a form related to the type of improvement to be financed.

1. General Obligation Bonds will be issued to finance improvements that benefit the community as a whole. In accordance with Oregon State Law, permission to issue general obligation debt must be authorized by the electorate of the County. In accordance with ORS 287A.100, total general obligation indebtedness will not exceed 2 percent of the real market value of all taxable property in the County. General Obligation debt will not be issued for enterprise activity.
2. Limited Tax General Obligation Bonds will be issued to finance Local Improvement District projects, in accordance with the Clackamas County Local Improvement District Ordinance.
3. Revenue Bonds may be issued to finance facilities that will benefit a specifically identifiable user base. These facilities are anticipated to provide a stream of revenue to assist in the service of the debt undertaken to finance their construction. Other specific revenues will be pledged to debt service as required.
4. The County will undertake to issue Certificates of Participation, Limited Tax Revenue Bonds, or utilize Capital Leases where appropriate and approved by the Board of Commissioners.
5. Clackamas County will issue short term notes (BANs, TANs, bank lines of credit) when necessary and approved by the Board of Commissioners. TANs will be retired within twelve months of issue.

The instruments chosen for financing will match the types and useful lives of the assets to be acquired. Financing methods chosen will be issued in compliance with all state, federal, and local laws and regulations.

The County will issue debt in amounts authorized by law, sufficient to provide financing for the project or projects, as well as any required reserves and the costs of issuance. Decisions as to whether to capitalize interest will be made on a case-by-case basis by the Board of Commissioners, based upon the recommendations of the County Treasurer and the Finance Director. Decisions regarding the structure of the issue as to maturities, debt service and redemption provisions will be delegated to the Finance Director by the Board of County Commissioners.

Selection of Professional Assistance for Debt Issuance

The Board of County Commissioners will approve the selection of professional assistance in the issuance of County debt. Compensation to all professional advisors will be negotiated by the County's representatives. Each County official named below will make his/her recommendations to the Board of Commissioners after seeking input from the other officials participating in the debt issuance and management process. Each County official named below will have the opportunity to participate in meetings and reviews.

1. The Finance Director, County Counsel and County Treasurer will recommend the selection of bond counsel, based on the type of debt to be issued, and the firm's expertise in that type of financing instrument. Recommendation will be made from a current list of all competent professional legal firms offering bond counsel services in the area, updated yearly.
2. The Finance Director will recommend the selection of a Financial Advisor, based on the type of debt to be issued, and the firm's expertise in that type of financing instrument. Recommendation will be made from a current list of all competent professional firms offering financial advisory services in the area, updated yearly.
3. The Finance Director will recommend the selection of the professional independent advisor in the event that the issue is offered on a negotiated sale basis. Recommendations will be made from a current list of all competent professional firms offering financial advisory services in the area, updated yearly.
4. The Finance Director will recommend the selection of the Underwriter in the event that the issue is offered on a negotiated sale basis. Recommendations will be made from a current list of all competent professional firms offering underwriting services in the area, updated yearly.
5. The County Treasurer will recommend the use and selection of a Paying Agent/Registrar if deemed necessary. Recommendation will be made from a current list of all competent professional firms offering such services in the area, updated yearly.
6. The County Treasurer will recommend the selection of a Trustee, when necessary, to be selected from a list of firms offering such services in the area, updated yearly.
7. The County Treasurer will recommend the selection of a Securities Depository for the debt issued.

Method of Sale

Clackamas County will offer the debt to be issued on terms consistent with market conditions, the project being financed, current County debt rating, issue size and complexity, and any other relevant

considerations. The Board of County Commissioners will approve the method of sale based on the consensus recommendation of the Financial Advisor, the Finance Director and the County Treasurer. The debt issue may either be offered as a competitive sale or as a negotiated sale. The County will not offer private placement debt issues, except with commercial banks or similar institutions.

Bond Rating and Interest Costs

The County will maintain a bond rating for its general obligation bonds of A or higher with one of the recognized rating agencies and will request a rating in advance of any general obligation issue over three million dollars (\$3,000,000) when such action will enhance the salability and lower the interest costs of that debt issue.

Credit enhancements such as bond insurance, reserves for debt service, coverage tests and limitations on additional debt will be considered, and recommendation made by the Finance Director for each issue.

The County will maintain its creditworthiness through sound financial, management, and accounting practices. Additionally, as evidence of these practices, the County will each year strive to maintain its GFOA certification of award for Excellence in Financial Reporting and Excellence in Budgeting.

Refunding and Call Provisions

The County will consider refunding bonds when it is possible to reduce interest costs significantly, when it is desirable to restructure the debt service schedule, or to eliminate unnecessary or excessively restrictive covenants on existing debt. Recommendation to refund bonds will be made by the Finance Director in consultation with the County Treasurer only when a) the present value of interest savings exceeds the present value of the costs to refund the issue, and b) the minimum present value of the savings equals or exceeds 3% of the outstanding balance of the debt considered for refunding, or as allowed by state regulation.

Arbitrage Compliance

The County will comply with any and all federal and state laws and regulations regarding arbitrage earnings and the reporting of arbitrage earnings. The County Treasurer will make all necessary reports to the federal government. The County Treasurer will make a selection recommendation to the Board of Commissioners regarding any professional advisory services required for arbitrage calculation and reporting. The County Treasurer will make reports annually to the Board of Commissioners regarding the County's arbitrage position.

Other Reporting and Disclosures

The County will comply with all disclosure requirements for its debt issues (e.g. Securities and Exchange Commission Rule 15(c) 2-12, and any other disclosure requirements). The County Treasurer, Finance

Director and County Counsel will cooperate to assure that the format and schedule of disclosures and reporting are met as specified by the regulatory body requiring disclosure.

Clackamas County Policy

Name of Policy	Debt Management Policy	Policy #	FIN-1.102
Policy Owner Name	Elizabeth Comfort	Effective Date	7-21-2022
Policy Owner Position	Finance Director	Approved Date	7-21-2022
Approved By	BCC	Next Review Date	7-21-2025

I. PURPOSE AND SCOPE

This policy provides guidance on the issuance, structure, and management of the County and its agencies' long- and short-term debt. This policy reflects debt management best practices as recommended by the Government Finance Officers Association (GFOA).

II. AUTHORITY

This policy is adopted through BCC Resolution 2022-71 dated July 21, 2022 and supersedes the previous policy adopted by BCC Board Order 96-689 dated November 7, 1996.

III. GENERAL POLICY

The County and its Agencies (County) shall undertake and maintain all long- and short-term debt financings in compliance with applicable Federal law, the Oregon Constitution, Oregon Revised Statutes (ORS), and Oregon Administrative Rules (OAR). The County will further comply with Security and Exchange Commission (SEC) and Municipal Securities Rulemaking Board (MSRB) rules regarding ongoing disclosure, and oversight of participants in the municipal debt market including advisors and securities dealers. Finally, the County will comply with IRS regulations for tax-exempt and tax-advantaged debt issuance.

The Debt Management Policy sets forth the practices for debt issuance and the management of outstanding debt. The Policy establishes certain limits which recognize the County's capital requirements, its ability to repay financial obligations, and the existing legal, economic, financial, and debt market conditions. Specifically, the Policy is intended to assist the County in the following:

1. Evaluating available debt issuance options;
2. Maintaining appropriate capital assets for present and future needs;
3. Promoting sound financial management through accurate and timely information on financial conditions;
4. Protecting and enhancing the County's credit rating(s); and
5. Safeguarding the legal use of the County's financing authority through an effective system of internal controls.

IV. DEFINITIONS

A) Agencies - refer to legally separate organizations for which Clackamas County is financially accountable and has a significant role in their governance and management. Clackamas County currently has seven agencies: the Clackamas Development Agency, North Clackamas Parks & Recreation District (NCPRD), Library Service District of Clackamas County, Extension and 4-H Service District, Enhanced Law Enforcement District, Street Lighting District, and Water Environment Services.

Water Environment Services (WES), a frequent debt issuer, has been delegated authority to adopt its own debt policy.

B) Arbitrage - refers to the difference between the interest paid on tax-exempt bonds and the interest earned by investing proceeds of tax-exempt bonds in higher-yielding

taxable securities. Federal income tax laws generally restrict the ability to earn arbitrage in connection with tax-exempt bonds.

C) Bond Counsel - an attorney or law firm retained by the County to advise and prepare debt issuance and continuing disclosure documents. An important function of Bond Counsel is to provide an opinion regarding the tax-exempt status of a bond issue.

D) Continuing Disclosure – disclosure of material information provided to the marketplace by the County and Agencies after the initial issuance of municipal debt. Such disclosures include, but are not limited to, annual financial information, certain operating information and notices about specified events affecting the County or Agencies, the municipal debt itself or the project(s) financed.

E) Credit Enhancement - the use of the credit of an entity other than the County to provide additional security in a bond or note financing. This term typically is used in the context of bond insurance, bank letters of credit and credit programs offered by federal or state agencies.

F) Credit Rating - an opinion by a rating agency (e.g., Moody's Investors Service, and Standard & Poor's) on the creditworthiness of a bond issue.

G) EMMA (Electronic Municipal Market Access System) - an online source operated by the MSRB providing free access to municipal disclosures and educational materials about the municipal securities market. EMMA serves as the source for official statements and other primary market disclosure documents for new issues of municipal debt, as well as the official source for continuing disclosures on outstanding debt issues.

H) Finance Director - For the purpose of this Policy each reference to the "Finance Director" shall mean the County's Finance Director or their designee, which may include Agency staff.

I) Interfund Loans:

1. Capital Loan – a loan between County funds for the purpose of financing the design, acquisition, construction, installation, or improvement of real property.
2. Operating Loan – a loan between County funds for the purpose of paying operating expenses.

J) Municipal Advisor - a person or firm registered and regulated by the Securities and Exchange Commission and MSRB who provides advice to the County and its agencies with respect to the issuance of municipal debt, including advice regarding structure, timing, terms, the method of sale and other matters concerning such financial obligations. SEC regulations require that Municipal Advisors maintain a fiduciary duty to advise and act in the County's best interest.

K) Municipal Securities Rulemaking Board (MSRB) - a self-regulatory organization, consisting of representatives of securities firms, bank dealers, municipal advisors, issuers, investors and the public, that is charged with primary rulemaking authority over municipal securities dealers and municipal advisors. MSRB rules are approved by the Securities and Exchange Commission (SEC).

L) Official Statement - a document prepared on behalf of the County or Agency in connection with a primary debt offering that discloses material information. Official statements typically include information regarding the purposes of the issue, how the securities will be repaid, and the financial and economic characteristics of the issuer. This information is used by investors and other market participants to evaluate the credit quality and potential risks of the primary offering.

M) Refunding - a process whereby the County refinances outstanding bonds by issuing new bonds. The primary reason for refunding bonds is to reduce the County's interest costs. Other reasons include restructuring debt service payments, releasing restricted revenues, and easing administrative requirements.

N) Securities and Exchange Commission (SEC) - a federal agency responsible for supervising and regulating the securities industry. Although municipal securities are exempt from the SEC's registration requirements, Municipal Advisors and securities dealers are subject to SEC regulation and oversight.

O) Tax Certificate - a document executed by the County at the time of initial issuance of tax-exempt bonds certifying to various matters relating to compliance with federal income tax laws and regulations, including arbitrage rules.

P) Underwriter (or Investment Banker) - a municipal securities dealer that purchases a new issue of municipal debt from the County often for resale in the secondary market. The underwriter may acquire the securities either by negotiation with the County or by award based on competitive bidding.

V. POLICY GUIDELINES

The Finance Director is responsible for administering the County's debt programs, including the sale and management of debt, and monitoring ongoing federal and state regulatory compliance. The Finance Director may delegate debt management to individual Agencies.

The Finance Director has delegated authority to WES to adopt its own policy.

The Finance Department shall assume the lead role for all County debt issuance and management activities, unless otherwise delegated to County Agencies, and make recommendations to the Board of County Commissioners as necessary to accomplish County's debt financing objectives. The Finance Director may choose to delegate authority to another member of the Finance Department staff to lead the debt management process and assume the responsibilities as outlined in this policy.

Departments and Agencies are responsible for coordinating with the Finance Department in connection with any planned or active debt issuance to ensure compliance with the Debt Management Policy and other rules and regulations.

Long-term debt obligations will not be used to fund general operations of the County. The scope, requirements, demands of the County budget and financial plan, reserve levels, and the ability or need to expedite or maintain the programmed schedule of approved capital projects, will be considered when deciding to issue long-term debt. All borrowings must be authorized by the Board of County Commissioners.

Debt cannot be issued to fund capital projects unless such capital projects have been included in a budget and associated capital improvement plan (CIP). Inclusion in the CIP may occur as part of an action related to budget approval or budget adjustment approved by the Board of County Commissioners.

For debt-financed projects, the County shall consider making a cash contribution, "Pay-As-You-Go" funding, as a source of funds from either current resources or from outside cash funding sources (e.g., state or federal grants) to County projects. The target cash contribution shall be determined on a case-by-case basis for each given project; however, a minimum cash contribution must be made to cover project costs which cannot be capitalized and/or ineligible under the federal tax code on tax-exempt bonds.

Agencies shall consider making cash contributions, “Pay-As-You-Go” funding, to their respective projects from their resources or outside funding sources (e.g. state or federal grants). Agency dollars have a restricted purpose that cannot be distributed to the County for projects, unless there is a direct correlation to the Agency’s purpose(s).

At least every three years, the Finance Director shall review the County’s Debt Management Policy and, if needed based on market, statutory or regulatory developments, recommend updates for approval. In addition, the Debt Management Policy may be updated at any time for any immediate needs (e.g., new regulations) subject to County approval.

Section VI describes the requirements and procedures of the County’s Debt Management Policy and is organized under the following headings:

- A. Type and Use of Debt
- B. Federal, State or Other Loan Programs
- C. Debt Refinancing
- D. Debt Structure Considerations

VI. PROCESS AND PROCEDURES

A. Type and Use of Debt

The County will issue debt as needed and as authorized by the Board of County Commissioners in a form related to the type of improvement to be financed.

1. General Obligation Bonds - General obligation (GO) bonds are authorized under ORS 287A, payable from a dedicated tax levy and subject to voter approval by the electorate of the County.

General obligation bonds will be issued to finance capital projects that benefit the County as a whole.

2. Full Faith and Credit Obligations - Full Faith and Credit Obligations (FFC) authorized under ORS 287A are similar to General Obligation Bonds as the County is still required to use all legally available resources to meet debt service. However, FFC’s do not include a pledge of an unlimited property tax, nor do they generate an additional property tax resource available to pay debt service. As such, they do not require voter approval, and are instead backed by the general revenue and taxing power of the County within the limits imposed by the Oregon Constitution, Article XI, Section 11.

FFC’s may be secured by a variety of pledges including property tax, gas tax and other resources of the County. FFC’s are issued for projects such as transportation, public safety, facilities, equipment and other projects as authorized by the County

Board of Commissioners.

3. Revenue Bonds - Revenue bonds issued under ORS 287A are payable from available revenues and will be used for County enterprise activities (e.g., Water Environment Services). Although other specific enterprise revenues can be used for debt service, no property taxes are pledged to the bonds.

Revenue bonds are not subject to constitutional or statutory debt limits, the County's or County agency debt will not exceed legal or contractual limitations, such as rate covenants or additional bonds tests imposed by then-existing financing covenants. Revenue bonds are typically not subject to voter approval; however, they may be subject to referral.

4. Other Financing Tools - The County may utilize other financing long-term methods such as Certificates of Participation, Capital Leases secured by the property, urban renewal secured by tax increment revenues, or local improvement district financings secured by assessments.

In each case, the Finance Director will consult with the County's Municipal Advisor and Bond Counsel on the feasibility of these capital financing instruments. This includes analyzing the effects on debt capacity, budget flexibility, cash flow sufficiency, cost of issuance, and other market factors. In all cases, any financing requires the approval of the Board of County Commissioners.

5. Variable Rate Obligations - The County will generally seek to obtain financing through fixed rate obligations. When appropriate, however, the County may choose to issue variable rate obligations. Such variable rate obligations may pay a rate of interest that varies according to a predetermined formula or a rate of interest that is based on a periodic remarketing of securities.
6. Short-Term Financing - The County may issue short-term notes (e.g., Tax Anticipation, Bond Anticipation, Revenue Anticipation and Grant Anticipation) when necessary and approved by the County Board of Commissioners. Anticipation notes are secured by a revenue pledge of taxes committed, but not yet collected, anticipated bond proceeds, project revenues and anticipated grant resources. Prior to selling Revenue and Grant anticipation notes the County must identify a secondary source of repayment for the notes if expected project revenue/grant funding does not occur.

B. Federal, State, or Other Loan Programs

To the extent it benefits the County, the County may participate in federal, state, or other loan programs that are secured by any of the sources identified above. The Finance Director shall evaluate the requirements of these programs to determine if the County is well served by employing them and make recommendations to the County Administrator and Board of County Commissioners.

For purposes of this Policy, the County shall treat and report these commitments in a manner consistent with other County debt obligations. To the extent required by the loans or other outstanding debt agreements, the County shall include the financial requirements of these commitments when determining additional bonds tests, coverage requirements, debt limitations, continuing disclosure requirements and any other conditions imposed by the

County's outstanding obligations.

C. Debt Refinancing

Refunding obligations may be issued to retire all or a portion of an outstanding debt issue. Economic refunding may refinance high-coupon debt at lower interest rates to achieve debt service savings. Alternatively, the County may conduct a refunding for reasons other than cost savings, such as to restructure debt service payments, to change the type of debt instruments, to release restricted revenues, to ease administrative requirements, or to remove undesirable covenants.

The Finance Department and Municipal Advisor will monitor refunding opportunities for all outstanding debt obligations on a periodic basis applying established criteria in determining when to issue refunding debt and bring forth the recommended opportunities with appropriate Board of County Commissioners actions and related documentation.

For coordination purposes, notification should be made to the County Treasurer as soon as the County decides to move forward with a debt refinancing.

D. Debt Structure Considerations

1. Maturity of Debt - The final maturity of the debt shall not exceed, and preferably be less than, the remaining average useful life of the assets being financed, and to comply with Federal tax regulations, the average life of a financing shall not exceed 120% of the average life of the assets being financed.
2. Debt Service Structure - In consultation with the Municipal Advisor debt service payments for new money issues will be structured according to the type of debt issuance (e.g., general obligation vs. revenue bonds), revenue sources and anticipated revenue collections. The Finance Director will recommend debt service repayment plans based on overall affordability with the goal of repaying the debt as quickly as feasible.
3. Lien Structure - Senior and subordinate liens may be used to maximize the most critical constraint, either cost or capacity, thus allowing for the most beneficial leverage of revenues.
4. Capitalized Interest – Excluding business-like activities, the County may elect to fund capitalized interest in connection with the construction of certain projects if revenue from such projects or from other identified sources is not initially available to pay debt service on related debt. Additionally, the County may consider funding capitalized interest if such a strategy will minimize the financial impact to of such borrowing on County rate or taxpayers.
5. Reserve Funds - A reserve fund for a debt issuance may be required for credit rating or marketing reasons. If required, such reserve fund can be funded with:
 - a. The proceeds of a debt issue;
 - b. The reserves of the County; or,
 - c. A surety policy.

A cash reserve fund will be invested pursuant to the investment restrictions associated with the respective financing documents and the County's investment policy. For each debt issue, the Finance Director will evaluate whether a reserve fund is necessary for credit rating or marketing purposes and the benefits of funding or maintaining the reserve requirement with cash or a surety policy, in addition to determining the benefits of borrowing the necessary funds or using cash reserves. This evaluation will be done in consultation with finance staff, Treasurer's Office and in consideration of the chart of accounts structure.

6. Redemption Provisions - In general, the County will seek the right to optionally redeem debt at par as specified in the bond issuance documents no later than ten years after issuance. Redemption provisions will be established on a case-by-case basis, taking into consideration market conditions and the results of a call option analysis prior to the time of sale. Because the issuance of non-callable debt may restrict future financial flexibility, cost will not be the sole determinant in the decision to issue non-callable debt.
7. Credit Enhancement - Credit enhancement (e.g., bond insurance or letters of credit) on County financings will only be used when net debt service is reduced by more than the cost of the enhancement. The County will evaluate the availability and cost/benefit of credit enhanced debt versus unenhanced debt prior to issuing any debt.

E. Method of Sale

The County will select a method of sale that is the most appropriate when considering the financial market, transaction-specific and County-specific conditions, and advantages. There are three basic methods of sale: Competitive Sale, Negotiated Sale, and Direct Placement. Each type of debt sale has the potential to provide the lowest cost or satisfy other priorities given the right conditions.

In consultation with the Municipal Advisor, the Finance Director will select the most appropriate method of sale considering the prevailing financial market and transaction-specific conditions. If a negotiated sale is expected to provide overall benefits, the senior managing underwriters and co-managers shall be selected through the process described in Section K.4.

F. Investment of Bond Proceeds

The County Treasurer is responsible for investing bond proceeds in accordance with legal requirements and the County's Investment Policy.

For each debt issuance the Finance or Agency staff will provide the County Treasurer with cash flow/projection spreadsheet(s), as known, so the County Treasurer can maximize the return on the investment of the bond proceeds.

G. Credit Ratings/Objectives

The County's objective is to maintain an excellent credit rating (or ratings) considering the County's financial condition as a way of balancing financing costs and cash flow. The Finance Director shall be responsible for managing the County's credit rating agencies relationship. This effort shall include providing the rating agencies with the County's annual

budget, financial statements, and other information they may request. Full disclosure of operations will be made to the credit rating agencies.

The Finance Director shall also coordinate periodic meetings with the rating agencies and communicate with them prior to each debt issuance. The County will evaluate the benefits of a higher rating at lower debt cost versus a lower rating that provides more debt capacity and flexibility.

H. Bond Issuance Investor Relations

The Finance Director shall be responsible for managing relationships with bond issue related investors. The Finance Director will also be responsible for responding to inquiries from institutional and retail investors related to bonds, and for proactively communicating with such bond issue related investors if necessary. Such communication shall be made only as permitted under applicable federal securities laws, in consultation with the County's bond counsel. Nothing in this section of this policy should be construed to supersede the County's investment policy managed by the County Treasurer as outlined in section F (above).

I. Post Issuance Tax and Arbitrage Rebate Compliance

The County will comply with all financing covenants to maintain the validity of the issuance of debt, including, but not limited to tax-exemption, arbitrage rebate compliance, insurance provisions, reporting and monitoring requirements. Any instance of noncompliance will be reported to the Board of County Commissioners.

1. External Advisors and Documentation - The County shall consult with bond counsel, County Counsel, County Treasurer, and advisors, as needed, throughout the debt issuance process to identify requirements and to establish procedures necessary or appropriate so that the bonds or other obligations will continue to qualify for tax-exempt status, if applicable.

Those requirements and procedures shall be documented in the tax certificate and agreement ("Tax Certificate") and/or other documents finalized at or before issuance of the bonds. Those requirements and procedures shall include future compliance with applicable arbitrage rebate requirements and certain other applicable post-issuance requirements of federal tax law throughout (and, in some cases, beyond) the term of the bonds. This shall include, without limitation, consultation in connection with any potential changes in use of bond-financed or refinanced assets.

The County may engage expert advisors to assist in the calculation of arbitrage rebate payable in respect of the investment of bond proceeds, unless the Tax Certificate documents that arbitrage rebate will not be applicable to an issue of bonds.

Unless otherwise provided by the transaction documentation relating to the bonds, unexpended bond proceeds shall be segregated from other funds of the County.

2. Investment Documentation - The investment of bond proceeds shall be managed by the County Treasurer (as outlined in section F). The County Treasurer shall prepare (or cause to be prepared) periodic statements regarding the investments and transactions involving bond proceeds. Finance should work with the County Treasurer before the issuance of any bonds to discuss and mutually agree on the frequency and information needed

involving the bond proceeds.

3. Arbitrage Rebate and Yield - Unless the Tax Certificate documents that arbitrage rebate will not be applicable to an issue of bonds, the Finance Director or Treasurer, shall be responsible for:

- a. Either (1) engaging the services of a rebate service provider and, prior to each rebate calculation date, causing the County Treasurer¹ and the County's selected Trustee² to deliver periodic statements concerning the investment of bond proceeds to the rebate service provider, or (2) undertaking rebate calculations themselves and retaining and obtaining periodic statements concerning the investment of bond proceeds³;
- b. Providing to the rebate service provider additional documents and information reasonably requested;
- c. Monitoring efforts of the rebate service provider;
- d. Assuring payment of required rebate amounts, if any, no later than 60 days after each five-year anniversary of the issue date of the bonds, and no later than 60 days after the last bond of each issue is redeemed;
- e. During the construction period of each capital project financed in whole or in part by bonds, monitoring the investment and expenditure of bond proceeds and consulting with the rebate service provider to determine compliance with any exceptions from the arbitrage rebate requirements during each 6-month spending period up to 6 months, 18 months, or two years, as applicable, following the issue date of the bonds; and
- f. Retaining copies of all arbitrage reports, investment records and trustee statements.

4. Use of Bond Proceeds and Bond-Financed or Refinanced Assets

The Finance Director shall be responsible for:

- a. Monitoring the use of bond proceeds including investment earnings in coordination with the County Treasurer, reimbursement of expenditures made before bond issuance, and the use of the financed asset throughout the term of the bonds. This is to ensure compliance with covenants and restrictions set forth in the Tax Certificate relating to the bonds;
- b. Maintaining records identifying the assets or portion of assets that are financed or refinanced with proceeds of each issue of bonds (including investment earnings and reimbursement of expenditures made before bond issuance), including a final allocation of the bond proceeds documented on or before the later of 18 months after an expenditure is paid or the related project is placed in service, and in any event before the fifth anniversary of the bond issuance;
- c. Consulting with bond counsel, other legal counsel, and other advisors in the review of any change in use or transfer of bond-financed or refinanced assets to ensure compliance with all covenants and restrictions set forth in the Tax Certificate relating to the bonds;
- d. To the extent the County discovers that any applicable tax restrictions regarding use of bond proceeds and bond-financed or refinanced assets will or may be violated, consulting promptly with bond counsel, other legal counsel, and other advisors to determine a course of action to preserve the tax-exempt status of the bonds (if applicable).

J. Disclosure and Continuing Disclosure

The County is required to provide disclosure, generally in the form of an official statement, relating to each public offering of debt. The County is responsible for providing complete and accurate information to be included in the official statement and is responsible for the overall

content of the document, although it may rely on an external party (e.g., bond counsel or disclosure counsel) to assist in the creation of the document.

1. Primary Disclosure Policies - The Finance Director is responsible for information requests relating to official statements to be used in the initial offering of the County's borrowings. The Finance Director will request information required for disclosure to investors and rating agencies from relevant departments and will sign a statement attesting to the accuracy and completeness of the information therein. The Board of County Commissioners will be provided with a copy of the official statement for each issue of debt.
2. Continuing Disclosure Policies - Under Rule 15c2-12 of the Securities and Exchange Commission, adopted under the Securities Exchange Act of 1934, the County is required to enter a contract to provide "secondary market disclosure" relating to each publicly offered bond issue (referred to as an "undertaking"). The Finance Director shall review any proposed undertaking to provide secondary market disclosure and negotiate any commitments therein.

Additionally, bonds sold via the direct placement method may have specific disclosure requirements required by the purchaser.

Internal procedures shall be developed that identify the information that is obligated to be submitted in an annual filing, the dates on which filings are to be made, list the events required to be disclosed, and identify the person responsible for making the filings.

The Annual Report may fulfill annual financial information filing obligations. The information provided in the Annual Report does not have to be replicated when filing with the Electronic Municipal Market Access (EMMA) portal. If the County agrees to furnish information that is outside the scope of the Annual Report, that information may be included as a supplement to the Annual Report when filing with EMMA. On its completion, the Annual Report should be immediately submitted to EMMA.

Each time the County issues new bonds, the Finance Director (in consultation with bond counsel and the municipal advisor) will review the County's compliance with prior continuing disclosure undertakings and make any necessary corrective filings.

In addition to continuing disclosure undertakings associated with public bond offerings as required by SEC Rule 15c2-12, the County may also be subject to ongoing reporting requirements associated with other debt obligations, such as bank loans.

K. Consultants and Advisors

1. Municipal Advisor - The County will retain an independent registered municipal advisor (MA) through a process administered by the Finance Director consistent with the rules adopted by the County's Local Contract Review Board (LCRB). Selection of the County's MA should be based on the following:
 - a. Experience in providing consulting services to issuers similar to the County;
 - b. Ability to meet all regulatory requirements;
 - c. Knowledge and experience in structuring and analyzing large complex debt issues;
 - d. Ability to conduct competitive selection processes to obtain related financial services

- (including underwriters and other service providers);
- e. Experience and reputation of assigned personnel; and
- f. Fees and expenses.

The County expects that its MA will provide objective advice and analysis, maintain confidentiality of County financial plans, and fully disclose any potential conflicts of interest.

2. Bond Counsel - For all debt issues, the County will engage and retain an external bond counsel through a process administered by the Finance Director and County Counsel consistent with the rules adopted by the County's LCRB.

Where required by the lender and/or bond investors, debt issued by the County will include a written opinion by bond counsel affirming that the County is legally authorized to issue the debt, stating that the County has met all state constitutional and statutory requirements necessary for issuance, and determining the debt's federal income tax status. Bond Counsel may also draft the Official Statement in lieu of having a separate disclosure counsel.

3. Disclosure Counsel - The County may engage and retain, when appropriate, Disclosure Counsel through a process administered by the Finance Director and County Counsel consistent with the rules adopted by the County's LCRB, to prepare official statements for debt issues. Disclosure Counsel will be responsible for providing that the official statement complies with all applicable rules, regulations, and guidelines and be a firm with extensive experience in public finance.
4. Underwriters - For negotiated sales, underwriters will be required to demonstrate sufficient capitalization and experience related to the debt issuance in question. The Finance Director, in consultation with the Municipal Advisor, will establish a pool of qualified underwriters through a process consistent with the rules adopted by the County's LCRB and may designate one or more firms as eligible to be senior managers and one or more firms as eligible to be co-managers. Criteria to be used in the appointment of qualified underwriters will include:

- a. Quality and applicability of financing ideas;
- b. Demonstrated ability to manage the type of financial transaction in question;
- c. Demonstrated ability to structure debt issues efficiently and effectively;
- d. Demonstrated ability to sell debt across a wide span of investors;
- e. Demonstrated willingness to put capital at risk;
- f. Experience and reputation of assigned personnel;
- g. Past performance and references; and
- h. Fees and expenses.

5. Debt Issued Through Commercial Banks - The Finance Director, in consultation with the Municipal Advisor may solicit proposals from commercial banks to provide lines of credit, letters of credit, direct bank placements, and other credit facilities, as needed.

A bank or pool of banks will be selected through a process administered by the Finance Director consistent with the rules adopted by the County's LCRB.

Selection of such providers will be based upon the proposed financial terms deemed most

advantageous to the County, including, but not limited to lowest interest cost, prepayment flexibility, terms and structure, and fees.

6. Trustee and Paying Agent Services - The County Treasurer will recommend the use and selection of the Trustee and Paying Agent services as needed, based on a competitive solicitation or other list of qualified financial institutions maintained by the Treasurer and allowed by Oregon Revised Statutes.

L. Interfund Loans

An interfund loan is a transfer between funds, within Clackamas County or within an Agency, for an approved amount and a plan of repayment during a specified period of time.

Interfund loans are subject to the requirements of ORS 294.468 and designed to provide financing resources to address cash flow needs of the County.

Interfund loans can be of two types:

1. Capital Loan: a loan between County funds for the purpose of the design, acquisition, construction, installation, or improvement of real property.
2. Operating Loan: a loan between County funds for the purpose of paying operating expenses.

Interfund loan requests must be reviewed and approved by the Finance Director prior to a request for authorization by Board of County Commissioners. They are subject to the following requirements, including compliance with ORS 294.468:

- a. Loans will only be authorized after it has been demonstrated that reasonable consideration was given to other potential resources available to the department/fund requesting the loan.
- b. Interfund loans must be authorized by Board Resolution, stating the fund from which the loan is made, the destination fund, the purpose of the loan, the principal amount of the loan, the interest rate at which the loan shall be repaid, and a schedule for repayment of principal and interest.
- c. The interest rate on Capital and Operating Loans shall be set at the stated rate of interest paid by Oregon Local Government Investment Pool as reported by the County Treasurer at the time the loans are approved by the Board of County Commissioners, plus two percent (2% APR).
- d. Interfund loans cannot not be made from debt service reserve funds, or any other funds restricted by law, constitutional provisions, bond covenants, grantor requirements or other County restrictions.
- e. Capital Loans cannot not exceed 10 years.
- f. Operating Loans cannot extend beyond end of the subsequent fiscal year.
- g. Interfund loans may be repaid in advance without any additional accrual of interest

or other penalties.

- h. Performance of each interfund loan shall be monitored on an annual basis jointly between the County Finance Department and the department responsible for the fund receiving the loan.

M. Reporting Requirements

The Finance Director will report to the Board of County Commissioners on an annual basis the following information:

- a. A summary of outstanding debt obligations to include the series name, original amount of issuance, outstanding principal amount, issue date, maturity dates, interest rates, and annual debt service;
- b. The amount of the net variable rate obligation and percentage as compared to outstanding debt, if applicable;
- c. Other considerations if applicable, including (but not limited to): refunding opportunities, performance of variable rate obligations, and/or proposed new debt issuances.

Total Budget Summary

Below is a summary of Clackamas County's financial resources and requirements. Audited figures are shown for FY22-23 and FY23-24. For FY24-25, both the amended budget (through April 2024) and projected figures are shown. Finally, the FY25-26 Proposed Budget is presented. Since actual data and budgets are shown, caution is recommended when comparing the budgeted spending plan. As the Beginning Fund Balance line indicates, not all resources are spent during a year, and actual expenditures should be less than budgeted expenditures.

The Clackamas County budget for FY25-26 totals \$1.51 billion, which amounts to a decrease of \$73.1 million or -4.6% from the FY24-25 Amended budget. This general overview is intended to provide explanations of the major categories and highlight significant changes with particular attention to differences between the two budget columns. More complete information about the funds and department-specific resources and expenditure is presented throughout the subsequent sections of this book.

**FTE count was 2,450.90 at adoption of FY24-25 Budget, resulting in budget-to-budget position growth of 62.9 FTE's.

Beginning Fund Balance is the unspent dollars and savings from the previous year. It is a critical safety net for the County as it includes reserves, which are a measure of financial strength and ability to meet future challenges and emergencies. Preservation of fund balance reflects ongoing efforts to curtail spending. Variations will occur from year to year. For FY25-26, the beginning fund balance is \$440.4 million; a 4.2% increase from FY24-25.

Departments estimate the beginning balance in their funds. They make projections based on the most current information about year-to-date actual revenues and expenses. Budgets must be formulated for the coming fiscal year nearly five months in advance. This poses a challenge in estimating resources and year-end spending, particularly for large construction projects.

Tax Revenue, including delinquency, penalty, and interest, is budgeted to increase by 4.1%, to \$203.5 million for FY25-26.

Property tax merits careful analysis because it is the largest single source of County revenue. Property tax can be allocated where needed to fund operations that may not self-generate revenue streams. Most other revenues, such as gasoline tax and grants, are restricted for specific purposes.

In May 1997, Oregon voters approved Measure 50, amending Oregon's constitution to cut local property taxes and limit their growth. Measure 50 rolled back assessed values to 90% of the fiscal year 1996 levels, established permanent tax rates, and limited assessed value growth for individual properties to 3% per year, with exceptions for new construction, subdivisions, and rezoning. Certain taxes, such as those to pay bonded debt and those which met special voting requirements were exempted from Measure 50 reductions. Maximum permanent tax rates for each district were calculated by the Oregon Department of Revenue to ensure that reductions averaged 17% statewide compared to what they would have been under the prior tax system. The resulting permanent tax rates for Clackamas County are \$2.4042 per \$1,000 of assessed value inside cities, and \$2.9766 in unincorporated areas.

Taxes are calculated by multiplying the appropriate tax rates for a tax code area by the property's assessed value. Tax rates do not change from year to year unless voters approve temporary levies or general obligation bond issues, and since growth in assessed value for most properties is restricted, tax revenue grows in a stable, predictable way.

In November 2006 voters first approved a five-year public safety local option levy of \$0.2480 per \$1,000 of assessed value to pay for staff to reopen the 84-bed jail, add patrol positions, and expand enforcement efforts to combat methamphetamine abuse, child abuse, and other crimes. This tax is in addition to that generated from the permanent tax rate and is dedicated to public safety. Voters have

renewed the levy every five years (2011 and 2016, and in 2021 approved an increase of \$0.368 per \$1,000 of assessed property value).

As of January 1, 2025, the most recent valuation date available, the market value of property in Clackamas County was \$119.0 billion. This is the twelfth consecutive year of property tax growth since the 2008 recession that saw five years of declining property tax values (2008-2013).

The assessed value of an average home is equal to about 56% of its real market value. The Assessor's value represents the property values as of the assessment date, which is January 1, 2025, and reflects the change in value from January 1, 2024, to January 1, 2025.

This chart shows a comparison of real market value and the assessed value upon which taxes are levied. We can see market value declining between 2010 and 2013 but regaining ground in 2014. Note that market and assessed value were equal in 1997 as that was the final year before Measure 50 went into effect.

Federal, State, and Local Revenue is budgeted to decrease by \$143.1 million, or -30.9%, and make up 21.2% of total resources.

The County has four intergovernmental revenue classifications; Shared Revenues, Operating Grants, Capital Grants, and Fed/State/All Other. This funding is similar in that it is provided (except for shared revenue from federal lands) for the operation of specific programs or for purposes mandated/ designated by the giving jurisdictions.

Operating Grants – Budgeted at \$173.2 million in FY25-26, Operating Grants provide the largest share of support for designated activities. The FY25-26 budget represents a reduction of \$122.3 million, or -41.4%, from FY24-25. The decrease is due to the construction completion on May 1, 2025, of a new county courthouse, for which the State of Oregon gave a one-time contribution of \$139.5 million. Departments estimate the grant revenue to be received based on the most current information provided by their grantors.

Shared Revenues - Refers to funds distributed to counties and cities by the State of Oregon from tax income generated from items like alcohol, liquor, video lottery, and marijuana sales. These sources combine to add \$120.1 million to Clackamas County in FY25-26 and are the second largest revenue in the Federal, State/Local Revenue category. The revenue includes \$63.1 million of Metro Supportive Housing funds for Health, Housing, and Human Services, and \$36.5 million for gas and state highway taxes.

Charges/Fees/Licenses are payments for services provided by County departments to residents or other departments. In FY25-26 these revenue sources are budgeted to generate \$228.3 million, or 15.1% of Clackamas County's total resources. This budget is also \$14.6 million greater than the FY24-25 budgeted in this category.

Charge for Services & Fees – The County policy on fees is that they should comply with state statutes and County ordinances and set at a level sufficient to recover the total cost associated with the service provided. If approved by County Commissioners, charges may be set below cost. Charges for services are budgeted at \$209.3 million in FY25-26, an increase of \$9.5 million, or 4.7%.

A significant portion of the fee revenue comes from the County's cost allocation process which charges departments for centralized services provided, data processing, accounting, payroll, human resources, legal, and mailroom support. These revenues are generally calculated using historical costs and are recovered in arrears.

Another significant component of Charges for Services' revenue is within the Health Centers Fund totaling \$60.5 million in FY25-26, which is an increase of \$5.8 million from FY24-25. This increase is driven by Medicaid fees and Wellness Recovery Action Plan (WRAP). Also included in this category are \$12.0 million in Local Vehicle Registration Fees, which remain flat vs the prior year.

Licenses, Permits, and Fines – Represent the granting of authority to do something such as build a house or provide cable or garbage hauling service within the County's jurisdiction. Countywide, this source is budgeted at \$19.0 million for FY25-26. The Development Services Fund within the Department of Transportation charges for building, electrical, plumbing, and other permits total \$11.6 million. Fines are included in this category and are primarily made up of Justice Court fines budgeted at \$2.4 million in FY25-26.

Revenue from Bonds & Other Debts is \$3.1 million in FY25-26; \$0.6 million more than FY24-25. Loan proceeds within the County Fair Fund account for \$1.9 million of this total.

All Other Revenue Resources are budgeted at \$119.6 million. This category includes \$37.6 million of salary reimbursements from other agencies that depend upon the general County to process their payrolls. These personnel services costs are reimbursed dollar-for-dollar. Additionally, the Self-Insurance Fund has budgeted \$33.7 million in medical and other insurance coverage for employees. These contributions are determined in consultation with an actuary. Interest income is expected to be \$13.8 million. Other revenue sources in this category include Transient Room Tax, Asset Sale Proceeds, and Franchise fees.

Interfund Transfers / General Fund Support are amounts of money sent from one County fund to another. Most transfers originate in the General Fund and are labeled, “General Fund Support” to reflect the distribution of tax dollars to subsidize the operating departments. This distribution of tax dollars results in a duplication of revenues and expenses, a cost to the Fund and revenue to the receiving department. General Fund Support is budgeted at \$183.5 million in FY25-26; a 16.5% increase.

The largest recipients of General Fund Support include:

- Sheriff’s Office at 47%, \$86.6 million;
- District Attorney at 9%, \$15.7 million;
- Courthouse at 8%, \$15.0 million;
- Health, Housing, & Human Services at 6%, \$10.4 million.

Personnel Services are budgeted to increase by \$27.1 million, or 6.6%, and total \$437.6 million in the FY25-26 budget due to merit/cost of living adjustments (COLA), and PERS and benefit costs. This budget includes 2,513.8 full-time equivalent (FTE) positions. This is an increase of 62.8 FTE positions over the budgeted FTE's in FY24-25, and a 1.3 FTE increase from FY24-25 Amended Budget as of April 2025. Countywide changes in personnel are discussed in the Financial Summaries section in greater detail as they relate to specific work units in the Budget by Department section. Budgets for Personnel Services typically exceed actual expenditure due to vacancies that occur during the year.

Materials and Services (M&S) are budgeted to increase by \$5.9 million to \$383.7 million, or 1.6% compared to the prior year's budget. This includes increases in Repair and Maintenance and Supplies subcategories totaling \$60.9 million, partially offset by a decrease in Professional Services totally \$191.9 million. The decrease is driven by H3S-Housing & Community Development decrease in Professional Services based on a reduction in funding from Metro Supportive Housing. Allocated Costs of \$40.0 million are also included in this category and represent the County's overhead costs that are charged to operating departments. Overhead services for which departments are charged include payroll processing, computer support, and facilities maintenance. The Materials and Service category can be impacted by many factors, such as personnel levels, inflation, and weather-related expenditures.

Capital Outlay is budgeted at \$102.6 million vs a FY24-25 budget of 238.0 million. The total decrease of \$138.1 million is primarily driven by the completion of the new county courthouse budgeted in FY24-25. This category includes both capital purchases such as vehicles, bridge construction, and other large County projects. Budgets in this category typically exceed actual costs as they are established at a level that provides sufficient authorization to allow work to proceed under the most favorable possible conditions during the construction season. Project funds not used by year-end can be re-budgeted for continuation the subsequent year.

Debt Service has remained relatively flat with a \$15.8 million budget in FY25-26. This balance is comprised of principal payments of \$12.7 million and interest payments of \$3.1 million for County facilities (Public Service Building, Sheriff Training Center, Development Service Building, and improvements to Sunnybrook, Jail, and Red Soils Campus).

Special Payments of \$85.6 million in FY25-26 represent an increase of \$3.6 million, or 4.3%. This category accounts for payments to other organizations for which goods or services are not received in return, and year-over-year variances will occur as projects are undertaken and completed. This includes an increase for H3S' Housing & Community Development division related to the Metro Supportive Housing funds and payment to Housing Authority of Clackamas County (HACC). As part of this Special Payments total is \$18.7 million related to ARPA funding within Non-Departmental.

Interfund Transfers / General Fund Support are amounts of money sent from one County fund to another. Most transfers originate in the General Fund and are disbursed to support operating departments. General Fund Support is budgeted at \$183.5 million. It is important to note that the receipt and distribution of these funds results in the duplication of revenues and expenses.

Contingency is the funding set aside available for unforeseen circumstances that may arise in the budget year. In FY25-26 the Contingency is budgeted to increase by \$11.3 million, to \$141.4 million.

Reserves are funds set aside for future use and legally not available to be spent during the budgeted fiscal year. The Reserves are budgeted to decrease in FY25-26 by \$7.1 million, or -7.3%, to \$89.7 million.

Unappropriated Ending Fund Balance This line reflects the total money received but not spent at the end of the fiscal year. It is unavailable to be spent and shows up as a Beginning Fund Balance resource in the subsequent year. In FY25-26 it is budgeted at \$58.2 million.

Summary of Full-Time Equivalents by Department

County Workforce Summary

The FY25-26 budget provides for 2,513.8 full-time equivalent positions (FTE). This is an increase of 62.9 FTE from the FY24-25 Budget, and 1.3 FTE increase from the FY24-25 Amended Budget as of April 2025.

The largest employers are:

- Health, Housing, and Human Services with 812.0 positions (32.3%).
- CCSO with 607.0 positions (22.7%) (36.0 reported in Misc/Pass-Through). The number of budgeted positions filled is 560.
- Department of Transportation & Development with 342.2 positions (13.6%).

Fund balance is the difference between accumulated resources and the requirements charged against them over the life of a fund. The fund balance at the end of one fiscal year is what is left to be carried forward to the following year. In keeping with Oregon Local Budget Law, Clackamas County does not budget-ending fund balances. Although not budgeted, the end of the year financial position can be expected to equal actual revenues less actual expenditures during the year plus the ending balances in the reserve and contingency categories. Reserve and contingency estimates are included as expenditures when balancing the budget, but charges are not made directly to these categories. Reserves are specifically held for future years, and the Board of County Commissioners can approve the transfer of contingency in various funds as needed to meet unforeseen needs that arise during the year. Experience has shown that some such transfers will be made each year.

The table that accompanies this discussion is an attempt to estimate the minimum ending fund balance for each fund on June 30, 2025, based on the current budget. This is money that should be available for the FY25-26 budget year given several critical assumptions. This estimate is predicated upon the following:

- The estimated beginning fund balance is accurate - As is explained in the Revenue Analysis section, this is a projection that is being made with the best information available at the time the budget was formulated. Not all transactions and end-of-year adjustments for FY24-25 have been recorded and the books have not yet been audited.
- New revenues will be recognized during the fiscal year – If additional resources become available, primarily through new grants, they will be recognized.
- Current revenues will come in and current expenditures will be made as budgeted - Again, actual experience is certain to be different than the budget. The budget is a plan representing the most that can be spent.
- No contingency or reserve amounts will be spent – Some transfers from contingency may be required.
- Per these assumptions, actual ending fund balances for FY24-25 should exceed the projections. The following table is a countywide summary. More complete information for each fund is available in the “Budget by Fund” section.

COUNTY DEBT SUMMARY

The County follows ORS 287A which set debt limits based on real market value. As of June 30, 2024, the real market value of the taxable property in the County was \$119.0 billion. The table below shows the breakdown of outstanding debt and the percentage of capacity issued by the County.

General Obligation Debt: ORS 287A.100 establishes a limit on bonded indebtedness for counties. Counties may issue an aggregate principal amount of up to two percent of the Real Market Value of all taxable properties within the county if the County's voters approve the general obligation bonds. General obligation bonds are secured by the power to levy an additional tax outside the limitations of Article XI, Sections 11 and 11b.

Clackamas County Debt Capacity

Measure 5 Real Market Value ⁽¹⁾ (FY25-26)		119,012,545,756			
	Debt Limit (% of RMV)	Total Debt Capacity	Outstanding Debt Subject to Limit	Remaining Legal Capacity	% of Capacity Issued
General Obligation Bonds ⁽²⁾	2%	2,380,250,915	33,970,000	2,346,280,915	1.4%
Limited Tax Pension Bonds ⁽³⁾	5%	5,950,627,288	-	5,950,627,288	0.0%
Limited Tax Obligations ⁽⁴⁾	1%	1,190,125,458	54,719,500	1,135,405,958	4.6%

(1) Value represents the Real Market Value of taxable properties, including the reduction in Real Market Value of specially assessed properties such as farm and forestland. This value is also commonly referred to as the Measure 5 Real Market Value by county assessors.

(2) Represents voter-approved, unlimited-tax general obligations of the County.

(3) The County has no pension bonds outstanding.

(4) Includes the County's Full Faith and Credit/limited-tax obligations.

- **2016 GO Bonds:** In 2016, the County issued \$59.0 million in general obligation bonds approved by voters in May 2016 to finance the replacement of first responders' emergency radio communications system to expand coverage and provide disaster reinforcement. The projected levy will not exceed 10 cents per \$1,000 of assessed value. The outstanding balance is \$34.0 million to be repaid in 2031.

Full Faith and Credit Debt: Local governments may pledge their full faith and credit for “limited tax bonded indebtedness” or “full faith and credit obligations”.

- **2012 Refunding Bonds**: The County issued debt in 2003 to construct a new Public Services Building and update the Emergency Operations Center located on the County’s Property in Oregon City. The County also purchased the Public Safety Training Center from Clackamas County Sheriff’s Office and other law enforcement agencies as well as a public shooting range. These two issues were refunded in 2012 and this new combined debt has \$9.2 million outstanding, with the final payment due in 2033.
- **2018 Refunding Bonds**: In 2007, the County issued bonds to build a second building for county offices on the Red Soils property in Oregon City and construct other improvements to the campus as provided for in the Master Plan. The Development Services Building and campus improvements were completed in 2008. The debt was refunded in 2018 to reduce interest expenses. The outstanding balance is \$6.7 million with final maturity in 2027.
- **2020 Refunding Bonds (original issuance was 2009)**: In 2009, debt of \$34.8 million was issued to finance remodeling, and repurposing facilities used by the Sheriff Department and reimburse project costs at the Development Services Building. The County-owned Brooks Building (formerly known as the Sunnybrook Service Center) was remodeled for use as a central Sheriff’s Office in the Clackamas area. At the existing jail, facility improvements, 50 additional beds, and a medical care unit were added. In 2010, a warehouse was purchased adjacent to the Red Soils campus which now houses an evidence processing facility. The outstanding balance of \$12.9 million was refunded in August 2020 at a 0.89% interest rate, with final maturity in 2029.
- **2020 Refunding Bonds (original issuance was 2012)**: In 2012, Clackamas County issued a \$20.1 million bond to finance its share of the Portland-Milwaukie Light Rail project. The balance of \$10.0 million was refunded in August 2020 at a 0.89% interest rate, with final maturity in 2028. A \$6.8 million balloon payment is due in 2028.

FY25-26 Looking Ahead

CHALLENGES

- Materials and services budget reduced by 11%.
- Cash Management Activities:
 - Courthouse payments anticipated to begin in May of 2025.
 - One-time funding sources ending or decreasing (e.g. ARPA, CARES, FEMA).
- Interest rates expected to decrease.
- Calls to fraud, waste and abuse hotline increasing.
- Federal funding and federal program uncertainty.

OPPORTUNITIES

- Cash handling training being offered to all Clackamas County municipalities beginning in Fall/Winter 2025.
- Working with county offices and departments on system implementations to improve efficiency and effectiveness, as well as customer or client experiences.
- Real-time capital construction audit.
- Advisory and investigative services provided by Internal Audit support collaboration, well-informed operations, and decision-making practices throughout the county while also helping identify cost savings and wasteful or fraudulent transactions.
- Worked with neighboring counties on a request for proposal for banking services to help ensure the county is receiving the best services at a competitive cost.

Grant Funding ☒

Explain all "Yes" boxes below

For help with shared services, see AOC Shared State-County Services page on intranet

If grant funding, include length of grant and any match requirement (w/funding source)

Explanation Oregon Revised Statutes (ORS) mandates generally all the services outlined above and more. This includes but is not limited to ORS 208, 294, 295 and 451. Grant funding is not necessarily used to fund these services, but it would be in jeopardy if cash management procedures by the Treasurer's Office were not complied with as outlined by the federal government and ORS. For example, the Federal Office of Management and Budget (OMB) Circular A-133 is one of the federal OMB Circulars that outlines and references to cash management requirements.

Office of the Assessor & Tax Collector

Purpose Statement

The purpose of the Office of the Assessor & Tax Collector Program is to provide leadership and support services to all A & T Programs so we can accurately, fairly, and equitably accomplish the administrative requirements of Oregon's Property Tax System.

Performance Narrative Statement

The Clackamas County Assessor's office promotes a work culture dedicated to providing excellent customer service. We are responsive to the needs of taxpayers, citizens, internal partners, and taxing districts. We provide outreach to the public and business community through meetings, training sessions, town halls, public service videos, and online information. Annual legislative sessions can bring changes to the requirements of Oregon's property tax system and an ongoing challenge to help Oregonians understand its complexities. Since 2000, the County has seen significant growth with over 24,000 added tax accounts and market value increases over 310%, from \$29 billion to \$119 billion. Taxes extended for collection have increased from \$342 million to over \$1.176 billion, which equates to an increase over 243%. The County's growth has far outpaced our staffing levels which have increased by only 6%. From the mid 1990's until 2016, A&T remained stationary at 57.5 positions, we currently have 61. This demonstrates our continuous efforts to increase processing efficiencies and our diligent efforts to maintain a well-qualified, competent staff. We have been steadfast in maintaining clear goals and direction for meeting our performance objectives. However, it's important to address our vulnerability in sustaining these goals and meeting workload demands. In past years we have successfully qualified for the CAFFA Grant based on our output performance and successful completion of required work. While we appreciate three separate budget approvals since 2016 adding 3.5 positions, we continue to fall more than 11 FTE below the Department of Revenue's recommended staffing guidelines for Clackamas County. Insufficient appraisal staffing could potentially put future CAFFA grant dollars at risk if workload demands continue at the current pace. Limited resources also perpetuate the growing issue of property not included on the tax roll. Repercussions include lost revenue and a lack of fairness and equity among taxpayers.

Property Records & Customer Service

Purpose Statement

The purpose of the Property Records & Customer Service Program is to provide current and historical property information services to property owners, taxpayers, other jurisdictions, and the public so they can determine ownership, value, taxation, boundaries and history of property so they can make informed property decisions.

Performance Narrative Statement

This program processed just over 13,000 deeds in 2024 resulting in ownership, address, and/or boundary changes. On average, property records were updated within 5 business days to accurately reflect owner names, mailing, and situs address on the current tax roll. The volume of real estate activity requires prioritization of staff to maintain GIS mapping data and assessment records accurately in preparation of closing our annual tax roll in October. This year we began a condo mapping project to continue to make all our mapping records digital and available. We continue to prioritize and maintain outstanding customer service, responding within one business day to customer inquiries and within one week on record requests.

Tax Certification, Collection, & Distribution

Purpose Statement

The purpose of the Tax Revenue Program is to provide tax certification, value notification, billing, collection, distribution, reporting, and consulting services to property owners, taxpayers, and taxing districts so taxpayers know the amount of tax to pay and districts know the amount of revenue to be distributed.

Performance Narrative Statement

Annexations and withdrawals were processed timely and accurately to be correctly reflected on the 2024-25 tax roll. The program successfully processed levy requirements for 131 taxing districts used to produce a total tax roll of \$1,176,317,142. Tax notifications were mailed for 171,979 accounts by October 25, 2024. Collection and distribution was timely with taxing districts receiving funds equivalent to 87% of the total tax roll within 15 days of the November collection date. We are on target to be 97% collected by the end of the 2024-25 fiscal year.

Valuation Line of Business

Annual Property Valuation

Purpose Statement

The purpose of the Annual Property Valuation Program is to provide appraisal, statistical, analytical and reporting services to property owners and taxpayers so they can have confidence that Clackamas County properties are valued at 100% of real market value.

Performance Narrative Statement

Our business efficiencies in Valuation continue to evolve offering more transparency and delivering more integrated and better services designed to build public trust that will result in the best allocation of resources. Our appraisers primarily complete field work, make and review value decisions and assist the public on valuation issues. Real estate sales activity, new construction and other exception events were similar to last year and remain slower than previous years. We are improving our ability to meet all of our statutory mandated functions with the addition of more appraisers and getting some of our newer staff up to speed. Updates and enhancements to our automated appraisal database allow us to monitor our appraisal activity in real time and increase the efficiency of our business practices. While still impacted by resource limitations we have made good progress in the conversion of paper records for commercial, industrial, and multi-family properties into our mass appraisal database. This data conversion will allow us to build income property valuation models to enable valuation and recalculation of these types of properties within our system. The Property Valuation Program is still in the process of fine tuning one new software program: Mobile Assessor, which allows for field entry of new construction that will then upload into our Computer Assisted Mass Appraisal system. This initiative will allow us to enhance and improve efficiencies as we continue to struggle with limited resources and forward our goal of GIS/CAMA integration which will enhance valuations, reduce the need for physical inspections, and improve the quality of our inventory; the initiative aligns with the strategic goal of building public trust so that taxpayers can have confidence in the property tax system. Our demand for reappraisal remains high and mostly unmet. For the current year we reappraised 14,529 properties in the Happy Valley area of the County. Excluding new construction, approximately 136,000 or 88% of real property accounts have not been physically reappraised within the last 6 years and many have not been inspected in over 20 years.

Value Adjustment

Purpose Statement

The purpose of the Value Adjustment Program is to provide exemption and deferral eligibility determinations, value and tax correction services, and dispute resolution services to property owners and taxpayers so they can experience tax relief appropriate to their property use, have their dispute issues efficiently decided consistent with procedural fairness within the law, and have confidence that they are paying the correct amount of tax.

Performance Narrative Statement

The conflicting pressures of higher interest rates and low inventory continues to stall the residential real estate market with some areas showing some slight decline. Commercial/industrial is holding fairly steady in most sectors. Residential appeals to the Property Value Appeals Board (PVAB; formerly BOPTA) decreased 13% over last year while Commercial/Industrial appeals showed a slight decrease of 4%. We expect the percentage of Commercial/Industrial appeals to hold steady again in 2025-26. Appeals to the Magistrate Division of the Tax Court continue to increase. Typically we are able to resolve the majority of Commercial/Industrial appeals at PVAB; however, as they move to the next level they require a significant amount of resources. The legal complexity of our appeals and the complexity of properties under appeal often continue to require participation by County Counsel for representation at Magistrate, Regular Division Tax Court and Supreme Court cases. We have one commercial appeal to the regular division of the Oregon Tax Court in which a controversial valuation theory will be examined, potentially having statewide implications. This will be an expensive and time consuming appeal. Sales activity has decreased but continues to require significant appraisal resources to verify sales, research listings and field inspect property to support appeals, general market analysis and the ratio study. In the previous year over 1,700 new or continued exemption and deferral eligibility determinations were reviewed as well as maintenance on the existing approximate 24,000 accounts that have previously qualified so property owners can have confidence they are paying the correct tax consistent with the use of the property. For 2025-26 we will continue to focus on a more consistent and regular reappraisal of our 300 plus neighborhoods in Clackamas County in lieu of examining outlier sales. This will ensure a more uniform and equitable valuation of each property in those neighborhoods and help maintain the overall health of our valuation program.

FY25-26 Looking Ahead

CHALLENGES

- Reduced revenue for recorded documents due to continued stagnation of the housing market, decreased housing activity (sales and refinances), decreased construction of new homes, stabilized higher interest rates. (Recording)
- Continued need for General Fund Support to maintain statutorily required functions of the Elections, Recording, and Records Management Divisions. (Clerk)
- Shifting legislative landscape at the state and national level affecting elections administration, security, and funding. (Elections)

OPPORTUNITIES

- Increased public demand for notary, marriage license, and wedding officiation appointments. (Recording)
- Increased public demand for passport application acceptance appointments. (Records Management)
- Track Your Ballot service sign ups reached 56,000 voters in 2024, increasing transparency for ballot mailing, returning, and acceptance. (Elections)

Notes:

The Elections Program (130103) is updating its ballot tally system, which has not been replaced in five years, with \$240,000 budgeted for new equipment under professional services. Additionally, \$125,000 is carried over from FY24-25 capital outlay for the ballot sorter project to complete facility modifications, including room remodeling for optimized workflow. These investments enhance efficiency, security, and reliability in election operations while ensuring the program remains equipped for future needs.

Notes:

The Recording Program (130105) is moving 1.5 FTE Recording positions from the Office of the Clerk Program (130101) back for proper alignment. Recording software service agreement costs increased nearly 10% this past year, adding to expenses. Revenue remains strained due to the housing market's continued slowdown, impacting recording fees. Despite these challenges, the program remains committed to providing accurate and timely document recording services while adapting to financial and market conditions.

County Clerk

Records Management

Purpose Statement

The purpose of the Records Management program is to provide custodial storage, preservation, and access services internally to County Departments so they can have confidence that their records are secure, preserved, easily accessed, and retained in compliance with Oregon State rules and laws. The program also serves as a passport acceptance facility for the US Department of State.

Performance Narrative Statement

Records Management proposed a \$805,658 budget to provide custodial storage, preservation, and archiving of County records to insure compliance with Oregon State rules and laws. The resources serve departments and the public concerning County records. The Passport Services program is to provide complete passport application services to the public so they can request a US Passport from the US Department of State.

Mandated Services ☒ YES

Shared Services ☐ NO

Grant Funding ☐ NO

Explain all "Yes" boxes below

For help with shared services, see AOC Shared State-County Services page on intranet

If grant funding, include length of grant and any match requirement (w/funding source)

Explanation Oregon State Rules and Laws require that any records with a retention of over 99 years be converted to archival microfilm per ORS Chapter 166.

FY25-26 Looking Ahead

CHALLENGES

- Postage costs are increasing for mailing required court documents to parties in court cases.

OPPORTUNITIES

- The court will access an email program in its software to enable emailing of court documents to parties in court cases in order to reduce postage costs.
- The court is working with Technology Services to obtain software that will allow public viewing of court documents in order to save staff time in processing and sending court documents to parties.

FY25-26 Looking Ahead

CHALLENGES

- Increasing personnel costs and materials & services costs to include fuel, vehicles, jail food, jail medical, and safety equipment.
- Aging vehicle fleet, with an estimated 35% at or near end-of-life.
- Demand on law enforcement services due to the lack of community resources for mental health and substance abuse disorders.
- Increasing demand for jail beds, combined with an inefficient and failing jail infrastructure.

OPPORTUNITIES

- Grant funding, including the Justice Reinvestment Initiative, Jail-Based Medications for Opioid Use Disorder Program, and Organized Retail Theft Grant, allows funding of best practices.
- The Sheriff's Crisis Stabilization Center will be a critical law enforcement resource. The center is expected to help reduce demands on jail services and law enforcement in Clackamas County.
- Proposed 1115 Medicaid waiver expansion to allow coverage of healthcare costs up to 90 days before release from custody. It is expected to help reduce jail medical costs and lower recidivism rates.

Explanation

Explanation

Mandated Services:

Oregon Revised Statutes Section 206.010 outlines the general duties of the Sheriff. The Sheriff is the chief executive officer and conservator of the peace of the county. It is the Sheriff's duty to:

- 1) Arrest and commit to prison all persons who break the peace, or attempt to break it, and all persons guilty of public offenses.
- 2) Defend the county against those who, by riot or otherwise, endanger the public peace or safety.
- 3) Execute the process and orders of the courts of justice or of judicial officers, when delivered to the sheriff for that purpose, according to law.
- 4) Execute all warrants delivered to the sheriff for that purpose by other public officers, according to law.
- 5) Attend, upon call, the Supreme Court, Court of Appeals, Oregon Tax Court, circuit court, justice court or county court held within the county, and to obey its lawful orders or directions. [Amended by 1985 c.339 §1]

Explanation

Mandated Services:

Oregon Revised Statutes Section 206.010 outlines the general duties of the Sheriff. The Sheriff is the chief executive officer and conservator of the peace of the county. It is the Sheriff's duty to:

- 1) Arrest and commit to prison all persons who break the peace, or attempt to break it, and all persons guilty of public offenses.
- 2) Defend the county against those who, by riot or otherwise, endanger the public peace or safety.
- 3) Execute the process and orders of the courts of justice or of judicial officers, when delivered to the sheriff for that purpose, according to law.
- 4) Execute all warrants delivered to the sheriff for that purpose by other public officers, according to law.
- 5) Attend, upon call, the Supreme Court, Court of Appeals, Oregon Tax Court, circuit court, justice court or county court held within the county, and to obey its lawful orders or directions. [Amended by 1985 c.339 §1]

Public Safety

Parole & Probation

Purpose Statement

The purpose of the Parole and Probation Supervision Program is to provide assessment and case planning, counseling, intervention and accountability services to individuals on parole or probation so they can remain in the community without an increased threat to public safety.

Performance Narrative Statement

These resources will allow FTE to provide case planning, counseling, interventions and accountability to justice-involved adults sentenced to probation or post-prison supervision. This program offers housing for justice-involved adults under community supervision in need of mental health stabilization and supportive services, diverting them from homelessness and jail.

Explanation

Mandated Services:

Oregon Revised Statutes Section 206.010 outlines the general duties of the Sheriff. The Sheriff is the chief executive officer and conservator of the peace of the county. It is the Sheriff's duty to:

- 1) Arrest and commit to prison all persons who break the peace, or attempt to break it, and all persons guilty of public offenses.
- 2) Defend the county against those who, by riot or otherwise, endanger the public peace or safety.
- 3) Execute the process and orders of the courts of justice or of judicial officers, when delivered to the sheriff for that purpose, according to law.
- 4) Execute all warrants delivered to the sheriff for that purpose by other public officers, according to law.
- 5) Attend, upon call, the Supreme Court, Court of Appeals, Oregon Tax Court, circuit court, justice court or county court held within the county, and to obey its lawful orders or directions. [Amended by 1985 c.339 §1]

Training

Public Safety Training Center (PSTC)

Purpose Statement

The purpose of the Public Safety Training Center (PSTC) Program is to provide facilities, skills development, and education services to Sheriff's Office employees, other law enforcement agencies, and the public so they can enhance their public safety knowledge and skills to build a more secure community.

Performance Narrative Statement

The program offers a facility where CCSO sworn staff can train and qualify for skills required for their position. In addition, the program offers a public shooting range and public training opportunities, including firearms, self-defense, wilderness survival, and CPR/AED/First Aid. These services, along with sharing the facility with other law enforcement agencies in the area, provide a method of cost recovery for the program.

FY25-26 Looking Ahead

CHALLENGES

- Limited availability of general funds to add staff positions that are necessary to keep up with workload demands and deliver statutorily mandated services to victims.
- Rapid changes in the use of technology present valuable tools and resources within the criminal justice system, as well as increased workload demands for our department which may necessitate additional FTE.
- The availability of federal grant funds is uncertain, making it difficult to rely on grant funding that our department secured and plans to use during this budget cycle.

OPPORTUNITIES

- Our case management integration project will enhance efficiency of staff resources, which may free staff to tackle other priorities.
- We are moving into a new courthouse where our offices will be consolidated into a single location, allowing our department to eliminate several monthly lease payments and develop new efficiencies.
- We expect that our deflection and community court programs will continue to reduce recidivism over time by allowing qualified defendants to engage with treatment as an alternative to prosecution.

The logo for Clackamas County features a stylized mountain peak in a teal color. A white, curved shape, resembling a river or a stylized 'C', is positioned in front of the lower part of the mountain. Below the graphic, the words "CLACKAMAS" and "COUNTY" are written in a bold, sans-serif font, with "CLACKAMAS" on the top line and "COUNTY" on the bottom line.

District Attorney's Office

Purpose Statement

The purpose of the District Attorney Line of Business is to build and lead a highly effective environment, so employees and agency partners excel at providing direct services to the public, victims, offenders, and partner agencies. Additionally, we advocate for policy and laws that are in the best interest of the public and our communities.

Performance Narrative Statement

As members of Oregon District Attorney's Association, we are very active in reviewing, editing, and testifying regarding numerous bills addressing the criminal justice system, including a bill designed to close a loophole in Oregon's sexual assault statutes, fully funding victim assistance units in DAs' offices and preventing the erosion of mandatory minimum sentences. We focused on technology improvements to increase up time (access) to prosecution information and to gain efficiency by moving a portion of the criminal prosecution data to the cloud to protect critical information and improve accessibility (up time) required for providing services daily and continuity of operations. We remain dedicated to pursuing top talent through a difficult market in our efforts to meet workload demands and provide high quality and timely services to victims, the public and offenders.

Family Support

Child Support Enforcement

Purpose Statement

The purpose of the Child Support Program is to provide services to establish, modify, and enforce child support so that children in the community receive the resources necessary to thrive.

Performance Narrative Statement

The Clackamas County Family Support Enforcement Office ("Family Support Office") continues to be one of the top three counties in the State of Oregon for percentage of current support collected and distributed. For the Federal Fiscal Year ending 9/20/25, the Family Support Office will have a Total Unweighted Collections (current) of \$16.4 million and Weighted Collections (current & arrears) of \$20.2 million to distribute to children and families. The office has also collected 79.5% of current support due as compared to the 56.4% collected by the Department of Child Support. Further, for every dollar spent by the Family Support Office, \$10.65 is collected for children and families. As a result of our successful collection efforts on behalf of families and children, we estimate we will receive \$122,000 in federal incentive money. This fiscal year the Family Support Office will focus on strengthening our results in the Federal Performance Measures, including current and arrears collections.

Justice & Public Safety

Adult & Juvenile Criminal Prosecution & Case Resolution & Support

Purpose Statement

The purpose of the Justice & Public Safety Line of Business is to provide leadership, accountability, and high-quality service in a fair and just manner, so that those who live, work, and play in Clackamas County can enjoy a safe and livable community.

Performance Narrative Statement

The District Attorney's Office has a very important partnership with law enforcement, but we are separate entities with different duties and responsibilities. Local law enforcement agencies are responsible for investigating allegations of criminal conduct. The duration and intensity of those investigations depend on the type of crime being investigated.

Once the investigation is complete, the law enforcement agency submits the case to the District Attorney's Office for review. The type of crime that is alleged will determine which prosecution team, will handle the case. To provide better continuity and service to victims, every prosecutor in the Clackamas County District Attorney's handles their assigned cases from the charging stage through to the cases' conclusion. Vertical prosecution has shown to improve conviction rates, reduce victim trauma, and provide more consistent, appropriate sentencing.

Victim & Support Services

Victim Assistance

Purpose Statement

The purpose of the Victim Assistance Program is to provide comprehensive, collaborative advocacy, consultation, and victim rights services to crime victims and their families, so they can experience a meaningful role in the criminal justice process.

Performance Narrative Statement

The primary role of Victim Assistance is to provide crime victims support and information that enables them to understand and access the rights afforded them under the Oregon Constitution and the Oregon Revised Statutes.

In addition to this primary advocacy, Victim Assistance provides safety planning, resource referral and in person support to victims of all crimes at every stage of the criminal justice process. Victim Assistance is a collaborative partner with other agencies and programs within Clackamas County as well as in our region with the goal of minimizing barriers for victims of crime to access short and long term support and resources. The experience and knowledge of the Victim Assistance staff and volunteers is used to consult with prosecutors, law enforcement and other allied professionals to support a trauma informed response to victims of crime.

Shared Services ☐ Y

Grant Funding ☐ Y

Explain all "Yes" boxes below

For help with shared services, see AOC Shared State-County Services page on intranet

If grant funding, include length of grant and any match requirement (w/funding source)

Explanation

Under the Oregon Constitution (Art. 1 Section 42) the DA's Office is responsible for assisting victims of crime in asserting their rights in criminal cases. These rights include notice of court hearings, attending court hearings in person, making statements to the court for certain types of hearings, requesting restitution for monetary damages and other rights enumerated in the Oregon Constitution and Oregon Laws. The Victim Assistance Program within the District Attorney's Office has the primary function of providing notice of Victim Rights and assisting victims in requesting those rights.

As part of the District Attorney's Office, Victim Assistance provides shared services to victims of crime in Clackamas County.

Victim Assistance currently received the following grant funding:

VOCA Non-Competitive Grant / no match requirement/ Expires 9/30/25

CFA grant funds / no match requirement / Expires 9/30/25

BCC/DV Grant / no match requirement / Expires 6/30/26

Administration

Office of the Director

Purpose Statement

The purpose of the Office of the Director program is to provide strategic direction, leadership, resource management, administrative support, promote community engagement and collaboration, and continuous quality improvement services for the Juvenile Department so it can foster and sustain a high performance, responsive, and customer-focused culture and organization that contributes to community safety by effectively preventing and intervening in juvenile delinquency.

Performance Narrative Statement

The Juvenile Department works to hold youth involved with the Juvenile Justice System accountable, provide reformation opportunities, and promote public safety. The Director's Office program provides the Juvenile Department with the policy, program, fiscal and strategic direction to achieve its mission to provide equitable juvenile justice, family support, intervention, and reformation services to youth so they can repair harm to victims, experience positive change, and contribute to a safe, healthy, and secure community. The Director's Office program monitors the daily operations of an agency that promotes community safety through supervision and treatment resources to youth to address the underlying issues and problems that drive delinquency. It is the role of the Director's Office program to hold the Department accountable to county residents, the Board of County Commissioners and system partners. The Director's Office program oversees administrative functions that support our direct service work. The Administrative Services team provides fiscal management of our county, local, state, and federal funds. The Director's Office program works to enhance community engagement and create strategic and functional partnerships. It also provides leadership and direction in the areas of policy, performance, program evaluation, research, and the implementation of best practices.

Policy, Performance & Research

Purpose Statement

The purpose of the Policy, Performance and Research Program is to provide strategic analysis, data reporting, planning, and comprehensive evaluation services to the Juvenile Department so it can measure the effectiveness of department programs, services, policies, operating procedures, and coordination of operational improvement projects and align its services with its mission and desired strategic results.

Performance Narrative Statement

The Policy, Performance and Research Program (PPRP) establishes criteria to identify and measure quality, effectiveness and compliance. It develops, recommends and tracks department performance measures and evaluates performance in relation to department goals and budget. The PPRP supports Department wide planning efforts by: providing recommendations on organizational improvement methods based on evidence based practices; proposing implementation options; developing and recommending methods to improve operations; and developing processes for systematic organizational improvement. PPRP staff prepare comprehensive reports and presentations, including submissions/reporting to outside agencies, department leadership and staff. Program staff lead and facilitate planning meetings with cross-functional and interdisciplinary teams to identify organizational and system improvements. The Policy, Performance and Research Program provides strategic analysis, planning and support to several key initiatives, both internal and multidisciplinary.

Court Supervision Services

Purpose Statement

The purpose of the Supervision Services Program is to provide intervention, accountability, compliance monitoring, and support services to youth referred to the Department so they can understand the impact of their actions, repair harm, successfully complete supervision, and stop committing offenses.

Performance Narrative Statement

The Juvenile Department seeks to provide an appropriate level of intervention and supervision to youth who have cases pending in Juvenile Court, or those placed on formal court probation. The level of supervision youth receive is based on a variety of factors that includes a comprehensive assessment conducted by Juvenile Counselors, additional evaluation by community partners if deemed appropriate, followed by referrals to Juvenile Department programs and contracted services to develop interpersonal skills and increase awareness of their impact on their communities, or to community based treatment services. The Court Supervision Services Program ensures youth receive the appropriate level of supervision and case management while helping to develop natural supports that will continue beyond the involvement of the Juvenile Department. The Court Supervision Services Program conducts on-going assessment of risk and need and makes adjustments to services and interventions as appropriate.

In FY23-24, the department's programs were restructured. This change has resulted in retention of some existing measures. New measures for the program were approved in FY23-24.

Victim Services

Purpose Statement

The purpose of the Victim Services Program is to provide restorative engagement services to victims and youth, so victims can be notified of court proceedings, youth pay and victims receive court-ordered restitution, and both can feel respected throughout the process.

Performance Narrative Statement

The Victim Services Program is committed to responding effectively to the needs and concerns of community members who are the victims of crimes committed by juveniles. It is important that we understand what harm victims have experienced and how we can respond in ways that are helpful and meaningful to them. Our primary goal through the Victim Services Program is to reach out to crime victims in order to effectively respond to, and serve, their interests. Additionally, it is our intent to gain an understanding of the harm they have experienced and to have those impacts help shape how the youth is held accountable, both to them and to the community. These responses may include things like restitution, notifications of court proceedings, receiving a letter of responsibility, community service, and Restorative Dialogues (formerly known as Victim Offender Dialogues).

In FY23-24, the department's programs were restructured. This program was eliminated in FY23-24.

Accountability & Reformation

Positive Youth Development

Purpose Statement

The purpose of the Positive Youth Development Program is to provide skill building, competency development, and restorative engagement services to victims and to youth so they can experience positive change, repair harm, and demonstrate skills to successfully transition to adulthood.

Performance Narrative Statement

The Positive Youth Development Program uses a variety of interventions to hold youth meaningfully accountable while providing rehabilitative services to reduce their risk of reoffending. All intervention programs include aspects of one or a number of the following components: engaging with education/GED, building employment skills, increasing problem solving skills, improving decision making, building coping skills and increasing empathy in the youth. Some of the intervention programs available to Juvenile Department youth include opportunities to earn money to pay restitution through community service work crews, pro-social activities, skills groups, educational support, job training/work readiness opportunities, and internships. This Program also includes restorative engagement of services to victims and youth.

Assessment

Purpose Statement

The purpose of the Assessment Program is to provide assessment services to youth referred to the Department so they can be matched with the appropriate level of monitoring and services.

Performance Narrative Statement

The Clackamas County Juvenile Department manages the Juvenile Intake and Assessment Center (JIAC) which is a twenty-four hour/seven day a week assessment center. The JIAC provides a temporary holding facility for youth in custody allowing law enforcement to return to their patrol duties in a timely manner. JIAC staff conduct intake assessments, screen for community safety and arrange for appropriate release. All youth brought to the JIAC are screened for issues related to physical health, substance use, mental health issues, and suicide and self-harming behaviors. More in depth screenings for substance abuse, suicide, violence and self-injury are conducted as necessary. Youth posing community safety concern or flight risk may be placed in juvenile detention. JIAC staff coordinate services with other agencies and develop comprehensive plans which focus on community safety as well as the immediate needs of the youth.

In FY23-24, the department's programs were restructured. This program was eliminated in FY23-24.

Custody

Purpose Statement

The purpose of the Custody Program is to provide safety, security, supervision, and transportation services to in-custody youth so they can be safe and commit no crimes while in custody.

Performance Narrative Statement

The Custody Program includes detention services and the in-custody court transports. Clackamas County youth who are placed in detention are housed at the Donald E. Long Home detention facility in Portland, Oregon. The Juvenile Department has a contract that provides for the health, security and safety needs of the youth in the facility. Youth who are charged within the Adult Court are also held in detention under this contract. One bed is paid for by the Clackamas County Sheriff's Office for youth being waived to Adult Court. The Juvenile Department is responsible for transporting in-custody youth to and from the Donald E. Long Home detention facility to Court.

In FY23-24, the department's programs were restructured. This program was eliminated in FY23-24.

Youth, Family, Stakeholder & Community Collaboration

Evaluation & Treatment

Purpose Statement

The purpose of the Evaluation and Treatment Services Program is to provide targeted evaluation services, treatment referrals and skills groups referrals, and individualized case planning services to youth referred to the Department so they can successfully complete individualized case plan goals that promote positive change.

Performance Narrative Statement

The Clackamas County Juvenile Department assigns cases to Juvenile Counselors based on the nature and severity of the offense, as well as the youth's risk to reoffend, as determined by a validated Juvenile Crime Prevention Risk Assessment, which is part of a comprehensive assessment completed after a youth is referred to the Department for a crime. The outcome of the initial assessment, coupled with interviews of individuals involved in a youth's life, inform the decisions of the Juvenile Counselor regarding the need for further evaluation and treatment through community partners. This includes services that address mental health needs, drug and alcohol dependence, individual and family counseling needs, and offense specific treatment services. The role of the Juvenile Counselor in the youth and family's lives ensures that youth have opportunities to progress through services provided by community partners and are able to apply the skills they have learned in a variety of community settings. Juvenile Counselors develop strong working relationships with community partners to ensure youth have strong support systems as they progress through their specific treatment and intervention plans.

In FY23-24, the department's programs were restructured. This program was eliminated in FY23-24.

Youth, Family, Stakeholder & Community Collaboration

Prevention, Early Intervention, & Family Support

Purpose Statement

The purpose of the Prevention, Early Intervention, & Family Support Program is to provide community-based prevention, diversion, system navigation and connection, and family engagement services to youth and families so families receive the support needed to prevent or interrupt further involvement in the juvenile justice system.

Performance Narrative Statement

The Prevention, Early Intervention, & Family Support Program uses a variety of interventions to support youth and their families that prevent or reduce the risk for youth to offend or reoffend in order to keep youth safe in and connected to their communities. All youth, family, stakeholder and community collaboration programs include aspects of one or a number of the following components: screenings and assessments for early identification of at risk youth; prevention and early intervention community-based case management; connection to services and resources; restorative opportunities such as community service and diversion circles, family engagement and navigation services and parenting skills classes to support parental authority and involvement while addressing barriers and needs. Collaboration with other systems involved or supporting youth and families is a key component of this program.

₁In order to calculate this measure youth are being tracked for 12 months following case closure, the reporting will always be for the previous calendar year. Meaning this year's data for this measure for the Calendar Year 2022, but is tracked for the following Calendar Year of 2023, and then reported annually in March of 2024. Therefore, data entered for this measure is up to date (but represent results for youth closed in 2022), and no new data will be entered until March of year 2025 (and will represent results for youth closed in 2023).

Youth, Family, Stakeholder & Community Collaboration

Juvenile Intake and Assessment Center

Purpose Statement

The purpose of the Juvenile Intake and Assessment Center (JIAC) Program is to provide a dedicated 24 hours-a-day/365 days a year resource to support youth, where parent and families and other youth serving agencies can call for supports and information, and law enforcement can bring youth in their custody to receive intake, screening, and assessment services that identify and address immediate youth needs and public safety concerns, while also identifying opportunities for prevention, intervention, and a safe release plan that values community connection while prioritizing community, victim, and youth safety, as well as providing to informal supervision and case management.

Performance Narrative Statement

The Clackamas County Juvenile Department manages the Juvenile Intake and Assessment Center (JIAC) which is a twenty-four hour/seven day a week assessment center. The JIAC provides a temporary holding facility for youth in custody allowing law enforcement to return to their patrol duties in a timely manner. JIAC staff conduct intake assessments, screen for community safety and arrange for appropriate release. All youth brought to the JIAC are screened for issues related to physical health, substance use, mental health issues, and suicide and self-harming behaviors. More in depth screenings for substance abuse, suicide, violence and self-injury are conducted as necessary. Youth posing community safety concern or flight risk may be placed in juvenile detention. JIAC staff coordinate services with other agencies and develop comprehensive plans which focus on community safety as well as the immediate needs

FY25-26 Looking Ahead

CHALLENGES

- 911 Tax on phone lines is flat \$1.25 on lines.
- Grants & Funding from federal partners: frozen, likely eliminated.
- Changes in health landscape could impact innovative response options like Nurse Navigation and embedded crisis workers.
- User Fee increase for FY25-26 partners is high (11-12%).
- Clackamas 911 remains 6 positions short budget-wise from staffing study and is outgrowing present facility.

OPPORTUNITIES

- Pandemic-created staffing deficits corrected, many still in the training process.
- Clackamas 911 continues to lead Oregon in implementing innovative emergency services. Examples include Remote Dispatch, Nurse Navigation & embedded crisis workers.

Notes:

PERS increased by 23.32%, resulting in a significant Personnel cost increase. In addition, CCOM realized the allocated cost increase from prior years as we did not receive a county stipend for FY 25-26. Professional Services line saw an increase from original budget due to the addition of a feasibility study.

FY25-26 Looking Ahead

CHALLENGES

Dog Services: *Funding shortfalls required the elimination of 2 Animal Care Specialists.*

- Staffing is no longer adequate to provide minimum care for dogs 7 days/week, be open to receive stray dogs, and receive dogs that law enforcement has seized. We are seeking \$113,600/year to hire one additional animal care specialist.

Code Enforcement: *In response to community concerns regarding case resolution timelines, Code Enforcement was billed \$120,000 for expedited legal review in CY 2024.*

- We are seeking \$170,000 to hire an additional code enforcement specialist to increase their ability to respond to community complaints, perform site investigations, and manage cases.

Public Land Corner: *Due to a rapid decline in recording fees since FY 21-22, annual collections have dropped 56% from the 23-year average of \$830k.*

- Due to the large deficit for FY25-26, we can no longer staff the PLC program and will need to reduce the number of hours staff perform this mandated service.

OPPORTUNITIES

2025 Legislative Session: *Bills that could provide funding for DTD programs.*

- Allow local agencies to set Public Land Corner fee. If enacted DTD will seek an increase to reset the current fee capped at \$10 in 1985.
- Transportation funding bill that could significantly increase funding for roads and bridges.

State Bridge Program: *Local Agency Bridge Selection Committee recommended awarding full construction funding to replace Bull Run Bridge.*

System Plans: *Adopting system plans position our programs to compete for federal, state and regional funding.*

- Developing a Parks System Plan to act as a guide for future development.
- 20-Year Transportation System Plan Update.
- Completion of the Sunrise Corridor Community Visioning Plan.

Purpose Statement

Provide leadership, strategic direction + prioritization, financial management + communication services

Performance Narrative Statement

DTD Administration coordinates the budget process for 33 Performance Clackamas programs within the department, totaling 45 budgets. This includes each of the programs within this budget, plus our Urban Renewal, Street Lighting and Library District programs. Six programs are pass-through programs with no Performance Clackamas plan. Staff in this work group provide managerial oversight, financial monitoring, human resources coordination and support services, coordinate the annual review of our strategic plan update, lead policy coordination, plus transportation services, community services and development services at a local and regional level in support of local goals.

- DTD Administration continues to assess alternative funding options that can help support general fund reduction throughout the department. However, the General Fund received provide vital support to a number of the department's community facing programs, which provide needed services to the residents of Clackamas County. The assessment has included a review of the services provided by the department to determine those required by state or local statute and prioritized by the Board of County Commissioners, and available funding mechanisms, to right-size service delivery to available funding.
- DTD Administration continues to focus on refining our department structure and processes by adding specificity to program definitions, staff roles, and grouping programs that more efficiently align within shared lines of business.
- DTD is Identifying administrative efficiencies and defining departmental expectations and aligning policies and practices.

Transportation Services

Traffic Safety

Purpose Statement

Provide traffic operations + engineering services, safety-related education, and commercial vehicle inspections

Performance Narrative Statement

The Traffic Safety Program supports both infrastructure and non-infrastructure efforts in traffic safety and operations. All of this work is completed using a Safe System Approach and working with Public Health.

- Non-infrastructure work includes outreach to educate and improve safety culture through area high schools, safety outreach at the County Fair and various safety campaigns, focused on youth, pedestrian safety and other DUII.
- Infrastructure related traffic operations work includes signing, striping, speed zoning, signal operations, advanced transportation technology and management, motor carrier education/enforcement.
- Safety analysis includes the use of Vision Zero Suite software allowing for full and comprehensive road network screening, diagnostics evaluation, countermeasure performance testing and benefit-to-cost ratio analysis. This provides a thoughtful and strategic approach to safety investments on our road system.

Traffic Safety has 18 projects in various phases of Planning, Design & Construction. During FY 2025/2026 \$7.5M is programmed for:

- 4 HB2017 Safety Projects
- 14 Road Fund Safety Projects

The staff in this program also manage projects in the Community Road Fund and Damascus Roads programs.

These projects and services all contribute to providing a safe transportation system and work toward our Department Strategic Goal of eliminating fatal and serious injury crashes in Clackamas County by 2035. Achieving these targets will also promote the Board's strategic priorities of building a strong infrastructure and ensuring safe, healthy and secure communities.

Transportation Services

Transportation Engineering & Construction

Purpose Statement

Provide survey + design, right-of-way, construction + project management services

Performance Narrative Statement

The Transportation Engineering & Construction Program projects are a portion of more than 300 needed transportation projects identified in the Board adopted Transportation System Plan. In the development of the plan, community members agreed that the transportation system in Clackamas County should be well-designed and maintained and provide safety, flexibility, mobility, accessibility and connectivity for people, goods and services; is tailored to our diverse geographies; and supports future needs and land use plans. The resources from this program will help to achieve this for communities in Clackamas County.

Transportation Engineering & Construction has 25 projects in various phases of Planning, Design & Construction. During FY 2025/2026 \$22M is programmed for:

- 2 ADA Projects
- 5 Bike/Ped Projects
- 8 Bridge Projects
- 2 HB2017 Safety Projects
- 2 Road Fund Projects
- 1 Road Fund Safety Projects
- 5 Storm Drain Projects
- The staff in this program also manage projects in the Community Road Fund and Damascus Roads programs.

These investments in our transportation infrastructure will generate commercial enterprise and jobs, and ensure services are accessible to all residents of Clackamas County, as highlighted in the Board's strategic plan. The work performed in this program also directly influences the Board of County Commissioners ability to achieve the strategic goal of "Building Strong Infrastructure."

Transportation Engineering & Construction has 25 projects in various phases of Planning, Design & Construction. During FY 2025/2026 \$22M is programmed for: - 2 ADA Projects - 5 Bike/Ped Projects - 8 Bridge Projects - 2 HB2017 Safety Projects - 2 Road Fund Projects - 1 Road Fund Safety Projects - 5 Storm Drain Projects The staff in this program also manage projects in the Community Road Fund and Damascus Roads programs.

Transportation Services

Transportation Maintenance

Purpose Statement

Maintain + repair, preserve, and provide emergency response services for the transportation system

Performance Narrative Statement

The majority of the funding for this program comes from the Oregon State Highway Fund (includes money from state gas tax, truck weight mile fees, and vehicle registration fees).

Over the next year, the revenue for this program will provide the resources needed to perform paving and other surface treatments, including 6 contract paving packages. Transportation Maintenance has developed a 5 year maintenance and rehabilitation plan providing guidance for a total of 13.3 miles of roadway to be resurfaced in 24/25.

While some roads will be improved above a PCI of 70, other roads are also deteriorating. Resources will also provide for drainage, vegetation, surface repair, signing, striping, signal, and bridge maintenance on our 1,400 mile road network. County crews will maintain 24-hour emergency response to inclement weather, natural disasters and will respond to more than 2,000 service requests, which will provide the travelling public increased driver safety, a reduction in insurance claims and reduced wear and tear on their vehicles. The work performed in this program directly influences the Board of County Commissioners ability to achieve the strategic goal of "Building Strong Infrastructure."

Mandated Services ☒ Yes

Shared Services ☐ No

Grant Funding ☒ Yes

Explanation Mandated Services:

The Oregon Constitution (Article IX, Section 3a) dedicates the highway revenues for the construction, improvement, maintenance, operation and use of public highways, roads, streets and roadside rest areas.; thus mandating the use of the Road Fund revenues. Local jurisdictions receiving Oregon State Highway Fund Revenues are required to spend or reserve at least 1% of the annual receipts on bicycle/pedestrian improvements.

Grant Funding:

The county received Emergency Relief funding for to repair the road slides on South End Road and 232nd Avenue after the storm events in January 2017. The permanent repairs will be ongoing and we will be receiving grant funding to help offset those costs.

More than \$7M will be invested in the design and execution of resurfacing (contract paving/county performed) projects in FY 2025/2026. This will include 13.3 miles of contract paving and over 11 miles of county roads that will benefit from county performed paving and/or patching. Working to expand material storage to improve response throughout the county. Replacing heavy equipment with diesel engines older than 2010 (to comply with HB2007).

Transportation Services

Community Road Fund

Purpose Statement

Provide local funding for congestion relief, local road paving, and safety improvements on the transportation system

Performance Narrative Statement

This program tracks the collection, distribution and expense of the countywide Vehicle Registration Fee, which went into effect on registrations renewing in January 2020. The county has committed to spending the approximately \$5.5 million per year of Community Road Fund revenue on three major community priorities: congestion relief, local road maintenance and safety improvements.

On Nov. 12, 2019, the Board of Commissioners approved recommendations from the Community Road Fund Advisory Committee, the Traffic Safety Commission and staff regarding the projects that will receive Community Road Fund revenues over the next 5–8 years.

In 2022, the Board of Commissioners approved a reduction in the rate charged on utility trailers, reducing the renewal fee to \$5/trailer/year.

More than \$15M will be invested in the design and execution of 15 Community Road Fund projects in FY 2025/2026.

- 5 - Congestion Relief projects
- 2 - Local Paving projects
- 5 - Safety projects
- 4 - Strategic Investment Fund projects

Transportation Services

Damascus Roads

Purpose Statement

Provide funding for transportation planning, design + construction, and maintenance services for roads in the prior city limits of Damascus

Performance Narrative Statement

This program tracks the use of State Highway Fund and Local Vehicle Registration Fee revenues received by Clackamas County to maintain, operate and improve roads in the City of Damascus prior to disincorporation. The County will receive both revenues for this area through 2026, based on PSU Population Forecasts. The revenue must be spent in accordance with the State Highway Fund regulations, on roads that were once in the incorporated city limits.

More than \$714k will be invested in the design and execution of Damascus Road projects in FY 2025/2026.

- 4 culvert replacement projects
- 1 landslide repair
- 1 Radar Feedback Sign installation project

The work performed in this program directly influences the Board of County Commissioners ability to achieve the strategic goal of "Building Strong Infrastructure".

Transportation Services

Fleet

Purpose Statement

Provide internal fleet management, vehicle + equipment maintenance, and vehicle rental services

Performance Narrative Statement

The Fleet Services Program provides comprehensive fleet management services to departments, programs and outside agencies who operate more than 1,500 vehicles and pieces of equipment. A primary focus of this program is to provide safe and efficient vehicles and equipment to our customers.

To ensure downtime of vehicles and equipment is kept as low as possible, our maintenance shops are open 20 hours per day, four days per week to provide a full range of maintenance and repair services. During emergency events our operating hours expand to provide 24-hour coverage 7 days per week to support our customers' emergency operation needs.

Fleet is working to reduce the generation of greenhouse gas emissions and increase the overall efficiency of Clackamas County fleet operations by:

- Replacing our 2009 and older diesel-powered heavy trucks by 2029 as required by Oregon HB2007.
- Encouraging the use of Motor Pool rental vehicles to reduce the number of underutilized individual department owned vehicles.
- Updating the rental fleet by retiring older, less efficient vehicles.
- Expanding our Motor Pool rental fleet to include four electric vehicles at the DSB and four electric vehicles at the PSB.

We are using our performance measures to help us monitor and improve our ability to maintain desired levels of safety and efficiency while maximizing vehicle availability. Our goal is to partner with our customers to provide the necessary services and data to help them make informed business decisions to manage and use their fleet resources most efficiently.

Notes:

Implementing a new tiered rate structure for work performed on Heavy Equipment versus Light Vehicles. This better reflects the expertise and salary levels required for the heavy equipment mechanics doing this work. Expanded night shift to allow full range maintenance on both shifts. Moved Transportation Maintenance Materials and Supplies to their warehouse reducing Fleet's inventory size and staff needs. Continued coordination of pre-2010 heavy truck replacement to comply with HB2007.

Gladstone Library

Purpose Statement

Provide access to education, recreation, community + cultural services

Performance Narrative Statement

The Gladstone Library will serve approximately 140,000 material checkouts and provide a collection of 27,000 items at the Gladstone Library. The Library serves over 39,000 visitors annually. With the opening of the new library facility on September 25 2024, the County is expecting an increase in visitors and demand for services.

Gladstone staff currently facilitate 4,300 public internet sessions, over 200 programs and respond to 2,700 reference queries each year.

The offered resources will provide informational, recreational, community and cultural services to the public so they can access publicly funded diverse materials and services to achieve their individual goals.

Notes:

The New Gladstone Library facility opened to the public on September 25, 2024. Now that we are in the new building, we will work to create a welcoming environment, build stronger community partnerships, offer new engaging programs, and look for opportunities for outreach to underserved populations.

Community Services

Library Support Services

Purpose Statement

Provide integrated systems + shared operational support, and ongoing collaboration services to libraries in Clackamas County

Performance Narrative Statement

Library Support Services provides a wide variety of centralized services to LINCC member libraries. In FY 2025-2026, this program expects to facilitate more than 9.5 million patron engagements with library resources.

Customer needs have evolved significantly since the district was formed in 2008. With current staffing levels and limited resources, it's challenging for Library Support Services to keep up with these diverse demands. It's essential to explore funding options and assess the responsibilities outlined in the IGAs to ensure the program's work is sustainable.

While use of physical media has decreased somewhat, libraries are providing additional opportunities for engagement. Providing support for these more complex systems (e-content, advanced computing needs, etc.), along with a return to pre-pandemic demand, may negatively impact results of the customer service performance measure.

Notes:

In addition to a 2.9% rise in regular expenses due to adjusted IT infrastructure and rising subscription costs, our self-check and locker project has a \$1.3 million impact on our budget. Just over \$400 of that is coming from our beginning fund balance. The remaining portion will be pass-through purchases for the libraries.

Notes:

The Oak Lodge Library construction project is underway, with an estimated completion date of September 2025. The Library will be closed for a short period of time while we work to move materials to the new building. We continue to evaluate staffing needs and focus on cost sharing and operational efficiencies, so we can best serve the community in the new building.

Community Services

Code Enforcement

Purpose Statement

Provide code education + resolution, and enforcement

Performance Narrative Statement

Code Enforcement is a standalone program as part of the Community Services line of business.

Code Enforcement staff provide enforcement of building codes to ensure safe buildings and structures, land use rules to ensure compliance with state and local laws regarding land use and zoning, and the solid waste ordinance to ensure a sanitary and healthy environment.

Code Enforcement staff are estimated to investigate more than 2,600 enforcement cases, which is a continuation of service levels. Through process improvements, bringing more cases in front of the Hearings Officer, and reaching compliance for cases in a timely manner, Code Enforcement is expected to enforce 90 cases per staff person. This is on a downward trend from FY 2023/24 and is in alignment with the goal of decreasing the number of code enforcement cases per officer 10% by the end of 2025.

Program includes:

Mandated Services	<input type="text" value="Yes"/>
Shared Services	<input type="text" value="Yes"/>
Grant Funding	<input type="text" value="No"/>

Explanation Mandated Services:

State law requires counties to implement plans and ordinances to ensure development is consistent with local, regional, and state objectives to provide orderly development, planning and delivery of services, protection of the environment, and public safety. Building codes are mandatory state-wide. Clackamas County has assumed responsibility for the administration of building, electrical, plumbing, mechanical and other specialty codes within its jurisdiction. (ORS 215.197 & 455.020)

Shared Services:

Land Use permitting, building permits and inspections and land use planning and coordination are State/County shared services. The County administers building codes programs within many cities via intergovernmental agreements. Building codes programs are shared programs as defined by the Association of Oregon Counties. The State of Oregon is responsible for broader policy level administration and creates rules related to program administration, inspector certification and training, state-wide code development processes and other related topics.

Community Services

Dog Services

Purpose Statement

Provide sheltering, reunification + placement, licensing, complaint resolution, protection + enforcement

Performance Narrative Statement

Dog Services operates a field services program and dog shelter which, on average, will temporarily house 650 dogs over the course of the year with a priority of reuniting dogs with their owners resulting in 350 dogs being reunited. With the efforts of adoption, rescue placement, in shelter care and enrichment, this will total at least 550 dogs being saved. The 16% that are not saved reflect the dogs that are too ill or not safe for placement which is a needed and sometimes overlooked service for our community.

The staff and facility serve both the dog owning and non-dog owning population of incorporated and unincorporated Clackamas County by resolving cases investigated by dog services officers to help ensure safe, livable communities and the licensing of 26,000 dogs, which prevents disease and helps financially support the dog services program. Phone and lobby services are available 5 days per week, to process the 36,000 customer phone calls, emails and lost/found correspondence each year. These contacts pair needs with resources and help to keep people safe and keep dogs safe, licensed and out of the shelter. The shelter is also available 24/7 for intake from law enforcement and staff are onsite 7 days per week to provide daily animal care. Achieving the program targets will protect the public from unsafe dogs and dogs running loose, maintain preparedness for disaster response related to animals as required by the federal PETS act, and reunite the public with lost dogs.

- Shelter populations are increasing, and so is the demand for shelter services in our community, while the resources in the form of rescues and adopters have become more scarce.
- Dog license totals in Clackamas County remain above reported national average for licensing compliance and gaining additional compliance under our existing code is a heavy staff investment and code amendments were recently approved which will improve efficiencies and increase compliance.
- Dog services is an active member of the regional multi agency coordination group for animals in disaster preparedness. This coordinated group stands ready to assist the region in the event of a disaster.

Program includes:

- Mandated Services ☒ Yes
- Shared Services ☐ No
- Grant Funding ☒ Yes

Explanation Mandated Services:

As delegated by the health authority, the Dog Services Program is mandated by the State of Oregon to verify rabies vaccination for all dogs in the County (ORS 433.365), respond to incidents of dog bites (ORS 433.345) and when the county establishes a dog control district per ORS 609.030 the governing body may enforce dog control laws within the county and provide for the appointment of dog control officers. ORS 433.385 requires all animals apprehended and impounded for not having a rabies inoculation be held in adequate and sanitary pound. In a county with a dog control program the governing body shall determine a dog license fee and issue licenses as per ORS 609.100. ORS 401.977 establishes the requirement to develop animal emergency plans and the federal PETS act of 2006 requires state and local emergency preparedness plans for household pets following major disasters and emergencies.

Grant Funding:

The Dog Sheltering Program receives program funding from the Clackamas Dogs Foundation. This funding opportunity does not require any match.

Notes:

County Code changes to make licensing simpler, and changes to the citation process should increase dog licensing revenue. The Clackamas Dogs Foundation dissolved and donated its funds to the Dog Services Charitable Fund, making it more efficient to collect and apply donations to services. Previous staffing reductions caused the shelter to close to intakes (including from the CCSO) due to the number of dogs being housed in the shelter exceeding the number our staffing levels can provide minimal care for.

Sustainability & Solid Waste

Purpose Statement

Provide education + technical assistance, program management + planning to reduce waste + conserve resources + oversee franchise program

Performance Narrative Statement

The Sustainability & Solid Waste (S&SW) Program's performance highlights for FY 2024/2025

- Sustainability staff and Master Recyclers (who are coordinated by County staff) will attend 50 events by 2025, which allows us to meet our goal of increasing attendance at community events by 35%.
- 60,000 residential and business customers will receive an estimated 7.4 million pickups of garbage, recycling, and yard debris in unincorporated County and Happy Valley.
- Approximately 161,000 households and 24,000 businesses will receive information and education on garbage, recycling and waste reduction topics.
- An estimated 500 businesses, 35 schools, 350 multifamily communities and 37 events will receive technical assistance and support.
- Food continues as a priority material to recover for composting because of its damaging environmental effects caused when disposed in landfills. Staff are expanding outreach and technical support to assist a new group of businesses in adoption of food scraps collection to meet regional requirements.
- Proposed commercial/multifamily developments will receive design review consultations for garbage and recycling enclosures.
- Customers will be able to continue using the Sandy Transfer Station.
- Ongoing development of policy and programs in alignment with the Regional Waste Plan and Recycling Modernization Act.

¹ Consultations differ from interactions, as they are scheduled on-site consultations with customers. Business consultations are now being counted more comprehensively and can take place in person, over the phone, or via email. For FY 18-19 this measure now counts all consultations (business, multi-family, schools, etc.).

Mandated Services	<input type="text" value="Yes"/>
Shared Services	<input type="text" value="Yes"/>
Grant Funding	<input type="text" value="No"/>

Explanation

Mandated Services:

In addition to administering a solid waste and recycling franchise system for unincorporated County residential and commercial customers, our services allow the County and its cities to meet state and local requirements for recycling and waste reduction programs and education embodied in Oregon's Opportunity to Recycle Act and the Regional Solid Waste Management Plan.

Shared Services:

By letter of agreement with cities in Clackamas County, the County meets the state and local obligations for recycling and waste reduction programs and education that apply to our cities. In addition, these responsibilities are shared through Metro, which provides funding support for these activities. The SSW program also administers the garbage and recycling franchises on behalf of Happy Valley and Barlow, and consults to the City of Milwaukie.

Community clean-up support. Neighborhood cleanup activities; support Clackamas River cleanup event. Assist businesses with required commercial food scrap recycling, outreach, and direct business consultations. Program development to meet Regional Waste Plan and expanded statewide recycling requirements; increase direct mailings to reach all County residents. Hire temporary employees to assist with food outreach. Stable programmatic funding from Metro with added funds for food waste collection support.

County Parks

Purpose Statement

Provide outdoor recreation + camping, and land stewardship

Performance Narrative Statement

Clackamas County Parks manages 20 properties totaling approximately 961 acres, with 230 campsites, 19 day-use rental facilities, 6 boat launches, and around 1,700 parking spaces. The program anticipates serving more than a million visitors this year, and hosting over 15,000 nights of camping. Seasonal employees assist our 8 regular employees in providing clean and safe facilities, and working to ensure customers are happy with their recreational experiences.

The Stone Creek Golf Club is a county park that provides golf patrons the opportunity to book events and golf during the available tee times on "playable days". Reaching these targets will help clients and the golfing community to have an enjoyable and reasonably priced golfing experience while providing a supplemental source of funding for County Parks.

Our County Parks system supports tourism and the local recreation economy, and improves the quality of life for our residents. However, we have limited resources to steward our current parks portfolio, so we need to make changes to operations and liquidate some properties that aren't a good fit for our portfolio, as we continue to seek out new revenue opportunities.

Explanation: The County Parks Program is a mandated service under ORS 390.134 in which State Parks allocates funds to the counties based on annual recreation vehicle registrations, and may not use the State moneys received to supplant moneys otherwise made available for the acquisition, development, maintenance, care and use of county park and recreation sites.

The County Parks Program has budgeted to receive an OR Parks and Recreation Department (OPRD) County Opportunity Grant, and an OR State Marine Board grant. Additionally, 2019 Metro Parks and Nature Bond allocated funds. County Parks program will use its Oregon State Parks RV Licensing distribution to fund operations and maintenance of county parks.

Land was purchased and developed by the County Parks Program with the intent to generate a long-term sustainable revenue stream from the Stone Creek Golf Club Program operations that would go directly to the County Parks Program to support operations and maintenance needs.

Notes:

County Parks will continue with System Planning efforts and begin Barton Park Complex Master Plan Phase 1 Development through the use of Metro Local Share funds. Transfers from Stone Creek and Forestry continue to support operations, but this is a lean budget, reflecting a shrinking Beginning Fund Balance over the last few Fiscal Years, and having very few expenditures beyond the Metro funded projects and basic operations.

Forestry

Purpose Statement

Provide forest + timber, and natural resource management for Clackamas County forestlands, and provide funding for County parks

Performance Narrative

Forestry manages 3,200 acres of county-owned timberland under a 10-year Forest Management Plan adopted in 2018. The program currently anticipates harvesting an average of 1 Million board feet annually in an environmentally, socially, and economically responsible manner. Timber sales comply with the Oregon Forest Practices Act, and generally exceed those requirements.

The Forestry program provides ongoing financial support to the County Parks program for capital projects and operations. Additionally, Forestry program staff have provided tree health assessments and arborist services for other County departments, and worked collaboratively with County Parks staff to maintain tree safety and forest health in county parks. On a county and state level Forestry's activities help support the local logging, lumber mill, and engineered wood products industries.

For long-term sustainability of the program we need to expand our forest land holdings, as well as replace 329 acres of various timber age classes burned in the 2020 wildfires. In doing so we will provide resiliency and flexibility for the program, while increasing our overall rate of harvest and revenues generated annually.

Our county forestlands are operated and maintained by one regular employee with the help of part-time and seasonal staff, and administrative support shared with the County Parks program. Reaching these annual harvest targets provides revenues to the County Parks Program and enhances park and forest health now and for future generations.

Explanation:

The Forestry program is mandated to comply with the Oregon Department of Forestry Oregon Forest Practices Act (OFPA). The OFPA sets standards for all commercial activities involving the establishment, management, or harvesting of trees on Oregon's forestlands. Requirements include an approved pre-operation plan, oversight of timber operations including fire protection and slash pile burning, ensuring reforestation is conducted following harvest, meeting clean water act rules for protecting water quality, and enforcing corrective actions when violations occur.

The management of County Forest Trust Lands is listed on the Association of Counties' list as a shared state-county service.

The Forestry program's harvest activities noted for FY22 through FY25 include three years of harvest activities totaling 2.998 million board feet. The sale of the first two units in our Wildtrout sale totaled 52 acres and occurred in May 2023, and included a two year harvest parameter for the logger. Revenues from this first sale are estimated to spread across FY22/23 (sale deposit), FY23/24 and FY24/25 (harvest revenues) due to this two year harvest parameter. Total revenue generation of \$1,165,114 is estimated to be received from this first sale. An additional sale of the third unit in the Wildtrout sale will be sold in FY24/25; this unit is estimated to be 1.25 million board feet with an estimated revenue of \$455,000. Revenues from this sale could potentially be received in FY24/25, but may post to FY25/26.

Notes:

Forestry will finalize a timber sale contract selling approximately one million board feet. Non-performing lands are being assessed and properties not conducive to forestry may be sold. A transfer of \$400,000 is budgeted to County Parks. Funds from Sustainability & Solid Waste will cleanup illegal dumpsites on County owned forest land. Evaluating ways to further generate revenue from forest products harvesting. The County Forester provides forestry expertise to internal county partners with tree issues.

Community Services Property Disposition

Purpose Statement

Provide management and disposition of tax foreclosed properties + repurposing properties for public benefit or returning them to the tax rolls

Performance Narrative Statement

The Property Disposition program conducts outreach to property owners at risk of tax foreclosure while providing management and disposition of tax foreclosed properties in a cost effective manner.

These activities reduce property management costs by limiting the addition of properties to our portfolio while reducing properties in the held for resale category. The original goal of reducing the inventory by 20% has been lowered to 5% due to delays in property sales while counties wait for clear direction on how to comply with property disposition statutes in light of the Tyler v Hennepin Supreme Court ruling. Reaching this target will allow Clackamas County, Municipalities, Special Districts and the public to benefit as properties are sold to become private, tax-producing assets, or repurposed for public benefit.

Explanation: The Property Disposition Program is responsible for the management and disposition of County real properties as mandated under ORS Chapter 275. It is generally self-funded and not dependent upon the County's General Fund.

Areas of responsibility include managing and disposing of surplus real properties that are deeded to the County through statutory tax foreclosure, and providing property management services including title/deed documentation, inspection, maintenance, marketing, contracting and administration as needed.

Development Services

County Surveyor

Purpose Statement

Provide survey resources + plat reviews

Performance Narrative Statement

The County Surveyor provides services within incorporated cities and for unincorporated areas within Clackamas County.

Staff within this program support economic development through the review and approval of subdivisions, partitions and condominium plats and middle housing plats. For FY 2025/2026 this work is expected to add approximately 1,600 lots and tracts to the county tax rolls. As the regional mix of development continues to change, partition and subdivision plat submittals will remain about the same, but there has been an increase in condominium plats and middle housing plats.

There is a dramatically increasing demand for shorter review times on plats (subdivisions, partitions, condominium, and middle housing plats), and surveys (property line adjustments and boundary surveys). Higher interest rates impact developer profits, while legislation changes are pushing an increase in affordable housing units and a reduced turnaround time on permitting reviews.

Oregon Revised Statutes require the creation and maintenance of permanent records, and this program is tasked with fulfilling public service requests related to these library materials.

The Surveyor's Office expects to respond to about 2,500 customer inquiries by email or in person for FY 2025/2026. Emails will likely remain steady, with electronic submittals now available to our clients, but the in-person office visits have dropped. Private property owners still seek assistance through emails, phone calls, office visits, and specialized research services. This requires public service at our front counter, which takes time away from performing billable hours on the development reviews that provide a mechanism for cost recovery.

Explanation Mandated Services:

As required by Oregon Revised Statutes (ORS), the County Surveyor's office maintains a permanent library estimated at over 400,000 maps, road records, plats, surveys, etc. dating back to the 1860's. We review and approve all surveys performed in the county as mandated by ORS 209; review and approve all partition and subdivision plats in the county as mandated by ORS 92; review and approve all condominium plats in as mandated by ORS 100.

Notes:

Co. Surveyor will see a change in leadership with planned retirement in May. The CS will no longer be overseeing the Transp. Survey group with the hiring of a new supervisor for FY25-26. The departure of CS will leave the dept. under staffed until hired. Succession planning is essential to keep a trained staff with retirements in the near future as the demand for development remains high, with emails, calls & in person. This office continues to focus on billable rate hrs to accurately capture project cost.

Development Services

Public Land Corner

Purpose Statement

Public land corners restoration + preservation

Performance Narrative Statement

The Public Land Corner (PLC) supports maintenance of more than 6,400 public land corners that are under the Clackamas County's responsibility. The boundary of all lands privately or publicly owned within the state are affected by Public Land Corners, so it is imperative that they be maintained in the most prudent manner.

Clackamas County receives dedicated funding for this purpose (Public Land Corner Preservation Fund) and is funded entirely by a fee collected by the County Clerk when a document is recorded conveying an interest in real property. These documents include deeds, easements, mortgages, and other documents related to real property. There has been a significant reduction of revenues due to fewer documents being recorded with the county clerk, and higher interest rates.

There is currently a bill being moved through the Oregon legislature to allow the Board of Commissioners to set the Public Land Corner fee locally, which would remove the 40 year old cap of \$10 as set by ORS203.148 in 1985.

The demand remains high for requests for Public Land Corners to be restored or maintained, and as the County continues growing, the amount of time spent preserving corners continues to increased due to land development, road improvement projects throughout the County, infrastructure improvements, and private owners developing or utilizing more of their land.

Some of the corners have not been visited in over 40 years; with unstable funding and a jurisdiction as large and geographically diverse as Clackamas County, it is a challenge to visit each corner on a 10 year rotation. Easily accessed corners have been restored, which this leaves a higher number of corners that are in locations which are difficult to reach and are farther away from the office.

At an all-time 3 yr low with funds collected when documents conveying interest in real property (deeds,mortgages,etc) are recorded. The amount allowed to be collected at recording is \$10, since 1985, and with a significant decline in revenue this dept. has done everything to operate with available funds. All PLC's are the basis for surveyed boundaries, development & infrastructure projects in the County. The Co. Surveyors Dept is req'd by law to protect/preserve corners.

Current Planning

Purpose Statement

Foster development + environmental protection, and preserve natural resource lands

Performance Narrative Statement

The Current Planning program will respond to approximately 40,000 land use and zoning inquiries from the community, consistent with the FY 2024/2025 pace because we anticipate that interest rates will remain stable, leading to stable development-related activity.

The goal is to issue 90% of Type II land use application decisions within 50 days of an application being deemed complete. Reduced staffing in the program was addressed late in FY23/24 and onboarding/initial training was completed in the first part of FY 24/25. With new staff able to contribute more fully, application processing times will be reduced. Customer service satisfaction levels have stabilized around the 90% target. The new ratio performance measure is expected to allow us to track application processing efficiency. This will assist in gauging the impact of improvements in training, procedures and code streamlining. Gathering data over time is needed for this measure to serve its intended purpose.

State law requires counties to implement land use plans and ordinances to ensure development is consistent with local, regional, and state objectives for orderly development, economic growth, efficient infrastructure provision and protection of the environment. (ORS 195, 197 and 215)

Shared Services:

Land Use planning, coordination and permitting are State/County shared services. The State of Oregon is responsible for broader policy level administration and creates rules related to program administration.

Notes:

The primary function of Current Planning is to administer the zoning code by responding to public inquiries and processing land use permits. Late in FY23/24, the program reached full staffing after several years of high staff turnover and is now experiencing needed stability. With the completion in FY24/25 of other urgent software upgrades, Current Planning will implement online application submittal in the coming year, resulting in a uniform permitting platform across the Development Services programs.

Development Services

Building Codes

Purpose Statement

Help ensure a safe and vibrant built environment by providing permitting, plan review + inspection

Performance Narrative Statement

Building Codes will respond to almost 296,000 development related inquiries from the community, and estimates permitting 5.5 million square feet of constructed improvements, which brings an estimated value of more than \$516 million into our community. We are watching for changes in this anticipated activity as interest rates, materials and labor costs increase.

Staff in this program are on track to issue almost 15,000 permits and perform close to 50,000 inspections in FY 2024/2025. Permitting and inspection services support the community by providing safe and orderly development of property, increased jobs from construction, and the resulting economic development.

Building Codes, in partnership with Technology Services and the other programs in Development Services, have begun a project to improve our permitting enterprise software. The migration to the cloud was completed in 2024, and this results in a more stable permitting system with increased functionality for staff and customers.

Mandated Services	<input type="text" value="Yes"/>
Shared Services	<input type="text" value="Yes"/>
Grant Funding	<input type="text" value="No"/>

Explanation Mandated Services:

State law requires counties to implement plans and ordinances to ensure development is consistent with local, regional, and state objectives to provide orderly development, planning and delivery of services, protection of the environment, and public safety. Building codes are mandatory state-wide. Clackamas County has assumed responsibility for the administration of building, electrical, plumbing, mechanical and other specialty codes within its jurisdiction. (ORS 215.197 & 455.020)

Shared Services:

Land Use permitting, building permits and inspections and land use planning and coordination are State/County shared services. The County administers building codes programs within many cities via intergovernmental agreements. Building codes programs are shared programs as defined by the Association of Oregon Counties. The State of Oregon is responsible for broader policy level administration and creates rules related to program administration, inspector certification and training, state-wide code development processes and other related topics.

Notes:

Commercial development has increased, including large projects in the initial development stages. With the number of large projects on the horizon, two vacant positions were converted to Combination Building Inspectors, a 3rd Party RFP is set to be published, and an updated IGA with BCD will provide the needed resources for the large projects and new middle housing growth moving forward. Building Codes will be fully staffed with one Building Official and one Deputy Building Official leading the program.

Development Services

Septic

Purpose Statement

Protect public health and water quality by providing information, plan review + permitting and inspection services to properties not served by sewer systems

Performance Narrative Statement

The Septic Program continued to see staffing challenges during FY 24-25, with 1/3 of the budgeted positions remaining vacant. Despite this challenge, program staff are again on track to provide close to 20,000 development-related interactions.

- In FY 24-25, we budgeted for a modest rebound in permitting activity due to expectations about national interest rate reductions that did not materialize to the anticipated degree.
- For FY 25-26, the proposed budget projects interest rates to remain high, which will impact permitting revenue.

The approved fee modification for FY 25-26 will allow the program to achieve greater cost recovery and will alleviate pressure on Program reserves, allowing vacant positions to be refilled.

Program includes:

Mandated Services	<input type="text" value="Yes"/>
Shared Services	<input type="text" value="Yes"/>
Grant Funding	<input type="text" value="No"/>

Explanation

Mandated Services:

The codes related to septic systems come from the Department of Environmental Quality (DEQ) and are applicable throughout Oregon. State law allows DEQ to enter into contracts with counties to act as agents on their behalf to implement septic related rules and regulations. This allows a more tailored approach in the provision of services based on the needs and unique characteristics of a given jurisdiction. Clackamas County has been in contract with DEQ since the 1970's to provide these services and continues to be the highest volume contract county in the state of Oregon.

Shared Services:

The County provides septic related services to those areas not served by a centralized sewer system. While the County has been in contract with DEQ to implement septic codes for over four decades, DEQ is responsible for code and policy development, and determining required licensure and training for inspectors.

Notes:

Anticipated stability of current interest rates suggests that development activity also will remain stable. Fee increases will be implemented to adjust for increased costs since absorbing the Septic program from Water Environment Services in 2016/2017. This will allow two vacant positions to be filled, which will address a significant staffing shortage in this program and improve customer service levels and shorten permit review timelines.

Development Services

Development Engineering

Purpose Statement

Review, permit + inspect required infrastructure to ensure consistency with engineering standards and regulations

Performance Narrative Statement

Development Engineering is a standalone program that reviews, permits, and inspects infrastructure projects. Development Engineering will respond to 50,000+ development related inquiries from the community.

Utility permits issued are expected to be roughly the same in FY 2025/2026 as FY 2024/2025. These utility permits allow the County to regulate the location and repair work needed for the utility companies to perform work in the right of way. These permits help the County protect the roadways and the community. The County is not able to collect fees for these permits.

Permitting and inspection services support the community by providing safe and orderly development of property, increased jobs from construction, and the resulting economic development. Development Engineering is watching for changes in permitting activity as interest rates, materials, and labor costs are anticipated to increase in FY 2025/2026.

Development Engineering, in partnership with Technology Services and other programs in Development Services, undertook a project to improve the permitting enterprise software in 2024. This project improved the permitting system for both staff and customers.

Notes:

As interest rates continue to rise, as does the cost of materials, land prices, and labor costs. We continue to watch for changes in permit activity due to these factors. Development Engineering is aware of several large projects that are anticipated to begin in FY 2025/2026. We are making changes to the records management process in the department to improve the archival of documents. We are continuing the replacement of laptops as part of the multi-year plan that was started in FY 2024/2025.

Long-Range Planning

Purpose Statement

Support community design + economic investment based on coordinated policies that guide future development

Performance Narrative Statement

The Long-Range Planning Program provides residents, businesses, local, regional and state partners, as well as County decision-makers with the opportunity to participate, review, discuss, comment and guide recommendations on long range planning policies and projects. This program manages projects that update the Comprehensive Plan and Zoning and Development Ordinance (ZDO). In addition, the program provides regional coordination support for complex planning projects, such as monitoring impact of the Oregon Housing Needs Assessment administrative rule changes, engagement in the Regional Flexible Fund Allocation Policy direction and funding applications, other transportation and land use issues, as well as staff expertise for partner jurisdiction projects.

During FY2024-2025, several projects on the Long Range Planning work program began after completing the consultant hiring process. The land use projects within the program are focusing to code amendments that streamline and clarify zoning regulations and actions that support the production of housing. The following projects to update the Comprehensive Plan and Zoning Development Ordinance will be underway between July 1, 2025 and June 30, 2026.

Land Use Projects:

- ZDO Diagnostic Report - An in-depth zoning code review to identify amendments to increase the effectiveness and efficiency of development regulations
- ZDO Amendments for Clear and Objective Standards - Goals 5, 6, 7, and 15 (DLCD Funded)
- Coordination of land use regulations with upcoming changes to the Transportation System Plan
- Goal 10 Housing Planning development and coordination with state and regional projects

Transportation Projects:

- Transportation System Plan - An update of the Transportation System Plan started in fall 2024 and will conclude by the end of 2026.
- Travel Options Plan – This effort aims to identify tools or strategies that county can deploy so people are aware of various travel options (walking, biking and transit).
- I-205 Multiuse Path Alternatives Analysis – Creates a design solution for a preferred route within the I-205 path gap in order to facilitate nonvehicle transportation and improve safety and accessibility.
- Transit Development Plan Update – 5 year plan providing guidance for future transit investments.

Regional Policy Coordination

Purpose Statement

Provide coordination and strategic planning efforts with city, regional, and state partners while delivering project management services, and securing grant funding

Performance Narrative Statement

The Regional Policy Coordination Program works to build trust with internal and external partners, collaborates to develop solutions to critical policy issues, identifies funding opportunities and strategies to increase revenue, and manages significant planning projects with broad public impact.

The Regional Policy Coordination Program Goals include:

- State/Regional/Local coordination on significant issues, such as transportation funding, housing production, land availability and solid waste management
- Project management for significant projects; Sunrise Community Vision to be brought to the board for acceptance this spring
- Partner with PGA on Regional/State/Federal legislative strategy development and implementation to support department priorities
- Partner with PGA on Communications for all DTD programs
- Develop capacity to secure more local, state and federal funding for all DTD programs

Significant work includes:

• Sunrise Gateway Community Visioning Project - In support of the Board's goal that "By 2024, funding for the next phase (from 122nd-172nd) of the Sunrise Gateway multimodal corridor improvements will be committed from federal, state, regional and local funding sources," this team will complete work on the Sunrise Gateway Community Visioning Project. This project provides an opportunity to develop trust with the community as we work together with our partners (ODOT, Happy Valley and Metro) to develop future vision for this corridor. This plan will guide future transportation, housing, and other investments in the coming years. Vision and Refinement Plan are expected to come to the board this spring for acceptance.

• Transportation Funding Coordinate with internal and external partners to develop a collaborative approach to address our statewide transportation funding challenges. Partner with PGA to design and implement a coordinated strategy to bring Clackamas County and our partners the best possible outcome from the 2025 transportation package.

Notes:

ORS 565 requires each county that holds a county fair to establish and maintain a fair fund. All revenues and expenses associated with County Fair activities are accounted for in this fund; however, the County Fair Board approves the formal budget and associated financial transactions. County ARPA funds were approved to help support the state funded capital project to build a new multi-purpose building.

Notes:

Program provides financial transaction services to the Property Disposition program so it can continue to effectively manage tax-foreclosed properties. Per ORS 275, when net proceeds from surplus property sales and transfers exceed the Tax, Title, Land program expenses (including reserve requirements), these excess funds are distributed to taxing entities within Clackamas County. Actual distribution and dollar amounts vary from year to year.

Notes:

Oregon Budget Law defines Special Payments as the payment of taxes, fees or charges collected by one entity and then made to another organization on a pass-through basis. Many programs in Transportation & Development collect fees on behalf of another agency. The collection and payment of those fees will be budgeted in this program. DTD programs collecting these revenues include Building Codes, Septic, Planning, Sustainability, Transportation System Development Charges and Traffic Safety.

Notes:

Funds are used to add capacity to county roads; a fee is charged on building permits based on number of vehicle trips the project will add to the road system. Money is transferred out of this program to support eligible capital projects. \$4.462M will be transferred to support 7 projects including both Community Road Fund and Countywide CIP projects. More than \$12M in transfers are programmed over 3-years. Contingency reflects current bid environment.

Notes:

This is the remaining County balance of developer paid fees from the Happy Valley Joint Transportation System Development Charge area. An agreement is in place with the City of Happy Valley to use the remaining funds to cover county staff project management of the SE 172nd Avenue extension north. Per the aforementioned agreement, when the fund balance is spent, the county will direct bill the city for any additional staff time and this program will be closed.

FY25-26 Looking Ahead

CHALLENGES

- Elimination of 4.0 FTE in public health due to revenue loss.
- Federal revenue uncertainty & declining state funding streams.
- Workforce challenges related to staffing shortages and rising personnel costs.
- Increased administrative oversight, unfunded mandates, and sunseting funding (ARPA) are placing added pressure on program operations and stability.
- Balancing state, regional, and local priorities which are not always aligned.

OPPORTUNITIES

- Program innovation and community response. Divisions are responding to evolving needs, for example:
 - New Behavioral Health Local Plan allows for more flexibility to tailor state funding to unique local needs.
 - State has made family literacy a priority, which has led to increased funding.
- New & emerging revenue streams (e.g., Medicaid 1115 Waiver, Opioid Settlement).
- Legislative advocacy for Public Health modernization and prevention funding for infectious disease and addiction prevention.

The logo for Clackamas County features a stylized mountain peak in a teal color. A white, curved shape, resembling a river or a path, cuts through the lower right portion of the mountain. Below the mountain graphic, the words "CLACKAMAS" and "COUNTY" are written in a bold, sans-serif font. "CLACKAMAS" is in a larger font size than "COUNTY".

H3S Administration

Director's Office

Purpose Statement

The purpose of the Health, Housing & Human Services (H3S) Director's Office is to provide strategic direction, coordination, departmental alignment, instruction, research, policy development, budget, contracting, and additional support services to H3S Divisions and staff so that they can provide accessible, equitable, and culturally responsive programs and services for the community.

Performance Narrative

The H3S Director's Office budget for FY25-26 is \$4,257,628. The Office serves as the central administration for the entire department, and tracks several measures across divisions. The Office is staffed with expertise in continuous quality improvement, contracting, budgeting, data analysis, performance measurement, project management, and liaising with internal and external partners.

This year, programs updated their performance measures as part of the county's Performance Clackamas 2.0 performance plan. A summary of program performance shows that, similar to prior years, the majority of the department's programs met their performance targets. In a few cases, some measures were new for programs or data was unavailable because of time lags. Two programs were also within 3% of their targets.

Social Services

Social Services Administration Program

Purpose Statement

The purpose of the Social Services Administration Program is to provide contract and grant coordination, compliance and quality management oversight, budget control and fiscal management, personnel and general support services to Social Services management and staff so they can provide high quality services to county residents.

Performance Narrative

The Social Services Administration Program is responsible for managing a \$64 million dollar budget comprised of 60 different funding sources. The program oversees over 100 contracts and processes thousands of invoices each year. The program provides the essential infrastructure required for county program and for community partners to be able to provide direct client services. Many Social Services programs are subject to regular program audits. These audits often include an element of fiscal review, including checks and balances. Program audits with no fiscal findings show that the agency is successfully administering public funds in a transparent and responsible manner. During FY 23/24 the division had no fiscal findings.

Grant Funding

Explain all "Yes" boxes below

For help with shared services, see AOC Shared State-County Services page on intranet

If grant funding, include length of grant and any match requirement (w/funding source)

Explanation Most of the funding for Social Services Administration is derived from Indirect Rates charged to all of the grants that fund the programs operated by Social Services. This includes funds from the Developmental Disabilities Program, which is a shared service.

Notes:

As of FY25, transit projects previously located in the Admin program moved to their own Transit program. The Admin program now only includes revenue and expenses related to Indirect Costs, Unrestricted Fund Balance, and General Fund that is not attached to a specific project. The FY26 budget includes expanded capacity with the addition of a proposed Deputy Director and also includes emergency planning for vulnerable populations, allowing Social Services to continue to support urgent community needs.

Social Services

Aging and Disability Resource Connection Program

Purpose Statement

The purpose of the Aging and Disability Resource Connection Program is to provide needs assessment, information, service coordination, and advocacy services to older adults, persons with disabilities, vulnerable individuals, and other interested parties so they can get the support they need to achieve their desired outcomes.

Performance Narrative

The Aging and Disability Resource Connection Program is a valuable information resource for older adults, family members and caregivers. It incorporates the following programs: ADRC Information & Referral, Family Caregiver Support Program, Money Management, Options Counseling, Oregon Project Independence (OPI), Senior Health Insurance Benefits Assistance (SHIBA), and Veterans Directed Care. Overwhelmingly, clients find that their engagement with the program results in the person meeting their stated goals.

With OPI, one of the original goals was to support clients in remaining safely in their homes for as long as possible, thus decreasing the number of people who would access the more expensive Medicaid funded assisted living facilities. This measure shows how many clients were able to use OPI successfully and avoid using the more expensive Medicaid option. For example, in FY 23/24, 71% of clients who ended their OPI services either moved to a living situation of their choice or passed away while living at home.

If grant funding, include length of grant and any match requirement (w/funding source)

Explanation

The Information and Referral function of the Aging and Disability Resource Connection (ADRC) is funded by two federal grants; the Older American's Act and the Community Services Block Grant. Social Services has received these funds for over 30 years. The Older Americans Act requires a 25% local match, which is met by using budgeted County General Funds and in-kind donations from contracted community partners. The Options Counseling function of the ADRC is funded by state and federal grants that have been received for 10 years. There is no match requirement for those funds.

Oregon Project Independence (OPI) is a state-funded program that has been in operation for over 30 years. Funds are distributed via a formula to Area Agency on Aging (AAA) in the state. Social Services is the AAA for Clackamas County. In the next biennium, OPI services will primarily be available for individuals who have Medicaid.

Notes:

The ADRC program continues to support seniors and persons with disabilities to allow them to remain in their homes. With services from Money Management to Senior Benefits Enrollment to Oregon Project Independence, a broad array of services are provided. Changes to OPI have left a deficit in current year funding but there is concern about the sustainability of effort for FY26. Loss of COVID funding will also result in reductions to contracts with senior centers for congregate and home delivered meals.

Social Services

Developmental Disabilities Program

Purpose Statement

The purpose of the Developmental Disabilities Program is to provide coordination of home and community-based services to individuals with developmental and/or intellectual disabilities. The program strives to do this work in a way that ensures that clients have maximum control and choice over their own life decisions and supports the fulfillment of each person's goals. The program also provides abuse investigation and protective services to people enrolled in the DD program.

Performance Narrative

The Developmental Disabilities Program continues to provide service in a person-centered manner, as evidenced by the high number of program participants who are able to achieve their personal goals. In prior years, staffing shortages contributed to a decline in the percentage of qualifying encounters. Thanks to increased staffing and focused attention by management and staff, the program is able to achieve and often exceed the required number of qualified client encounters needed to ensure full state funding, and in fiscal year 23/24 exceeded the goal by 13%. The program continues to grow as more county residents become eligible for the program.

Notes:

In FY 24 the DD program served 2,817 individuals experiencing intellectual and developmental disabilities and 910 individuals in the brokerage. Last year, the program received a state ARPA grant that provided emergency preparedness supplies to their clients, building resiliency in case of disaster. Increased staffing and allocated costs continue to constrain the program's ability to alleviate high caseloads through additional hires.

Social Services

Energy Assistance Program

Purpose Statement

The purpose of the Energy Assistance Program is to provide eligibility determination, financial assistance, and education services to income eligible households in Clackamas County so they can reduce their energy expenses.

Performance Narrative

The Energy Assistance Program continues to implement creative strategies to ensure that as many households as possible benefit from the program. Regular outreach ensures that people apply for assistance before their utility services are cut off. This helps to ensure the health and safety of recipients and reduces the amount of grant funds used for reconnection fees, thus allowing additional households to be served. Outreach also ensures that new households are made aware of the program. The two Results performance measures listed below demonstrate the effectiveness of the strategies used to achieve the desired outcome.

With the end of COVID pandemic related funding, it's anticipated there will be a reduction in the dollars paid to low-income households.

Notes:

The Utility Support Program continues to provide energy assistance for low income households. Funding was discontinued by the state for the water and sewer program but we continue to partner with at least one local agency to assist and hope to develop new relationships to meet this need. With the end of COVID funding, the number of households who can be served will be reduced. During FY24, with COVID funding, the program served 5,907 households.

Social Services

Housing Support Program

Purpose Statement

The purpose of the Housing Support Program is to provide housing stabilization and supportive services to people who are homeless or at risk of becoming homeless so they can obtain and maintain permanent housing.

Performance Narrative

The Social Services housing team continues to provide effective support for households experiencing houselessness or at risk of becoming houseless. Nearly all households who graduate from a long-term housing program are able to maintain stable for at least six months. The national benchmark is 65%. Post COVID, the team is now exceeding the national benchmark. The increase in the number of households served is primarily due to the households served by the Short Term Rent Assistance program, which uses state and Metro housing funding to provide eviction prevention for low-income households. In FY23/34, almost 900 households were able to remain in their homes rather than being evicted.

Explanation

There are over 20 local, state and federal funds that support Social Services' housing programs. Some, like state funded EHA (Emergency Housing Account) and SHAP (State Homeless Assistance Program), are received via a formula and operate under the umbrella of Community Action. These funds have been received for over 25 years. Six federal Continuum of Care funding sources are accessed via a competitive process and have been received for over 10 years. We also receive state funding for eviction prevention and receive funding via H3S Housing and Community Development Division from the Metro Supported Housing Services fund to provide eviction prevention, resource navigation and other supportive service designed to keep vulnerable residents stably housed.

Notes:

Our Housing projects continue to successfully serve county residents who experience homelessness. Both state funding and funding passed through from Housing and Community Development allowed the Rent Assistance program to prevent eviction for 2,093 households. The program also added a new Resource Navigation service which provides short term stabilization for households at risk of losing permanent housing. The CHA team will be moving to HCDD starting in FY26.

Social Services

Oregon Project Independence Program

Purpose Statement

The purpose of the Oregon Project Independence Program (OPI) is to provide needs assessment, information, and service coordination for county residents aged 60 and over who are unable to meet their basic needs. The program authorizes personal and chore service support so that clients can remain living independently in their own home.

Performance Narrative

The Oregon Project Independence program is now located in 400202 Aging and Disability Resource Center. The narrative for that program encompasses OPI. Deliverables will be moved to that program going forward.

Social Services

Veterans Service Program

Purpose Statement

The purpose of the Veterans Program is to provide Veterans Affairs claims consultation and representation services to Clackamas County veterans and their eligible dependents so they can obtain the maximum federal and state benefits to which they are entitled. The office also provides referrals to other services that veterans may need. This Program also includes the Veterans Directed Care program, which provides homecare and personal services to veterans who are unable to meet their basic needs. This program serves as an alternative to out-of-home placement.

Performance Narrative

The Veterans Program employs accredited Veterans Service Officers to expedite access to VA benefits and improve the chance for a successful outcome for every claim filed. The measure tracking the dollar amount of new claims is reported on a one-year lag in order to allow as many claims as possible to move through the long initial, and if needed, the appeals process. This reporting delay allows the agency to provide more accurate information on the outcome of the office's work. The Veterans Program exceeded its FY 23-24 target significantly, bringing in more than \$26.5 million in claims. This is due to a sweeping law change, the Sergeant First Class Heath Robinson Honoring our Promise to Address Comprehensive Toxics (PACT) Act that was signed into law in August 2022. It added many life ending conditions related to toxin exposure to the list of covered conditions. The amount of awards increased for many veterans and, in some cases veterans claims were back dated by up to two years, further increasing the amount. To date, for every dollar invested in the program in FY 23/24, veterans and their dependents received more than \$29 in benefits. It is unclear how the law change will affect future claims.

Grant Funding

Explain all "Yes" boxes below

For help with shared services, see AOC Shared State-County Services page on intranet

If grant funding, include length of grant and any match requirement (w/funding source)

Explanation The County Veterans Service Office (CVSO) receives funding from the Oregon Department of Veterans Affairs. The county has operated the CVSO for over 30 years. The funding is distributed via formula to all CVSOs in the state. For the proposed FY 25 budget, the state grant covers 40% of the costs of the program. The remaining costs are covered by County General Fund.

The Veterans Directed Care program is funded by the Veterans Administration and has been in operation in Clackamas County for five years. Neither program requires local match.

Social Services

Volunteer Connection Program

Purpose Statement

The purpose of the Volunteer Connection Program is to create meaningful opportunities that increase the capacity to provide independent living supports to older adults and persons who experience a disability so that they can increase or maintain their livelihood and independence. This program benefits both the residents who are seeking services and the volunteers who contribute to their community. Actively engaging in community efforts is one way that older adults can maintain their physical and mental health as they age.

Performance Narrative

The Volunteer Connection Program was comprised of several distinct projects, including the Retired Senior Volunteer Program, the Senior Companion Program, Money Management, and Senior Health Insurance Benefits Assistance Program. The program restructured and limited programming during the height of the pandemic, which affected the number of volunteer hours contributed.

The Volunteer Connection was eliminated as of July 1, 2023. The RSVP program was eliminated. The remaining projects were distributed to other work units within Social Services.

Social Services

Transit Services Program

Purpose Statement

The purpose of the Social Services Transportation Program is to seamlessly provide and coordinate transit services in Clackamas County, facilitating individuals' mobility across the County and enabling vital connections within the Tri-County area. Transit services in the County are provided in a multitude of ways, including paid driver demand response services, free public transportation, and the invaluable support of volunteer drivers providing rides to older adults in the community who typically cannot access traditional transportation options.

Performance Narrative

The Social Services Transportation Program remains a crucial lifeline for individuals accessing essential services, employment opportunities, and recreational amenities, contributing significantly to an enhanced quality of life throughout the County. As the program moves forward, it is primed to capitalize on its successes through continued collaboration with stakeholders, adoption of data-driven decision-making, and embracing emerging transportation technology trends. This commitment to evolution and innovation ensures that Clackamas County remains thoroughly connected and accessible for all residents.

Workforce Program

Purpose Statement

The purpose of the Workforce Program is to provide highly customized and client-centered employment services to vulnerable residents of Clackamas County so they can experience fewer barriers in obtaining and retaining meaningful employment.

Performance Narrative

The Workforce Program budget reflects a combination of federal grants, long-term state funded self-sufficiency programs and local funding. Some grants focus on specific populations, including people: reentering society after incarceration, recently housed/homeless, recovering from substance use disorder (SUD), with mental health conditions, veterans and very low-income families. The unit also hosts and provides staff for expungement clinics to help those eligible to clear their criminal records to open more doors to employment, housing and other important opportunities.

Key Performance Measure

Children, Family & Community Connections

Prevention Services Program

Purpose Statement

The purpose of the Prevention unit is to promote well-being, reduce harm and improve health and education outcomes for children, youth and families in Clackamas County.

Performance Narrative

The Prevention Unit's 25-26 proposed budget of \$4 million dollars will maintain most current service levels. Annually, over 8,000 people receive services supported by the Prevention Unit. Families of young children are connected to needed services and resources to facilitate early learning, healthy parent/child relationships, and age-appropriate child development. Youth receive substance use prevention education and services. Community members engage in substance use prevention activities. Domestic violence response is coordinated with other Health, Housing and Human Services Divisions, Sheriff's Office, District Attorney, Court System and non-profit shelter providers. These services help assure Safe, Healthy & Secure Communities.

Prior Key Performance Measures

Notes:

Only significant change is the Healthy Families program contracted out by the State moved from Clackamas County getting the funding and passing it on to the Clackamas County Children's Commission to the State funding the Clackamas County Children's Commission directly. This change means a budget reduction of almost \$800,000 from FY24-25 to FY25-26

Children, Family & Community Connections Conflict Resolutions & Skills Development Program

Purpose Statement

The purpose of the Resolution Services program is to provide mediation, dispute resolution and training services to people, organizations and communities so they can resolve their differences in a healthy way to find long-lasting solutions.

Performance Narrative

In FY 25-26, Resolution Services plans to expand its fee-for-service mediation, facilitation and training both with Clackamas County employees and external clients. It will host two Family Law Mediation Trainings, Basic Mediation Trainings and are restarting our coveted Family Law Internship Program. We hope to continue the work of our recent Restorative Justice planning grant and provide services to justice-involved juveniles across the county, including schools. We will continue to look for avenues that support our financial stabilization and in particular hope to ensure our Small Claims Mediation program will be secured. The measures below support the county's strategic goals of ensuring safe, healthy and secure communities and by building public trust through quality government services.

Public Health Administration Program

Purpose Statement

The Public Health Administration Program includes personnel/payroll management, procurement, grant coordination, budget control, fiscal management, workforce development, and performance management / quality improvement services for the Public Health line of business.

Public Health Administration also houses shared occupational health services with the H3S Health Centers Division (FQHC), including onboarding and ongoing occupational health assessment and service provisions for both divisions.

Performance Narrative

During this reporting period Public Health obtained contract staff to provide additional procurement support, which allowed them to increase response times on procurement requests, increase insurance compliance and federal exclusion monitoring. The additional staff and the inclusion of process changes increased our efficiency from 80% in FY 22-23 to 94.4% in FY24-25.

Notes:

In FY26, Public Health is projecting a budget shortfall due to increasing workloads, reduced federal/state funding, and rising costs (e.g., salary increases, PERS contributions, and unallowable expenses). Due to this shortfall, staffing reductions in the Administrative Services Program are being recognized with the elimination of 1FTE (Management Analyst 1) from the program's Organizational Development Unit.

Public Health

Access to Preventive Health

Purpose Statement

The Access to Preventive Health Program promotes community health through building partnerships, connecting systems, and increasing access to immunizations, reproductive health, and maternal and childhood health and nutrition services. This includes the Women, Infants, and Children (WIC) and public health nurse home visiting services.

Performance Narrative

Women, Infants, and Children (WIC): WIC caseload has increased 36% the past 2 years from 3,322 in January 2023 to 4,525 in January 2025. The program has also succeeded in increasing the percent of Medicaid eligible pregnant women enrolled in WIC across the past 2 years, from 42% in 2022 to 51% in 2024. To improve efficiency and sustain this growth trend, the program is creating a streamlined internal referral and intake system and will expand our pilot project with Health Centers using an internal EPIC system referral.

Office of Public Health Emergency Services

Purpose Statement

The Office of Public Health Emergency Services (OPHES) includes Public Health Emergency Preparedness and Emergency Medical Services.

Public Health Emergency Preparedness services build organizational capacity to respond to public health emergencies and other incidents requiring action from Clackamas County in coordination with the County's Disaster Management Department and local, regional, state, community, and volunteer emergency response partners.

Emergency Medical Services (EMS) in Clackamas County are provided under contract by American Medical Response (AMR) and local fire agencies throughout the County. AMR and fire agencies respond 24/7 to 9-1-1 calls with advanced life support paramedics and transport to four local area hospitals and two level 1 trauma centers in the metro area. The EMS program is responsible for regulatory oversight of the ambulance service plan and the ambulance service areas, including ongoing quality improvement initiatives and administration of the EMS Council that provides strategic policy direction to the Board of County Commissioners.

Performance Narrative

Emergency Medical Services (EMS) met their annual performance target of 90% response time compliance for priority ambulance calls. AMR, the sole ambulance service provider, achieved this target for three consecutive months, as directed by the BCC.

Public Health

Environmental Health Program

Purpose Statement

The Environmental Health Program (EH) prevents disease and injury in the community through programs that regulate and enforce public health laws.

Statutory responsibilities of the EH program include:

- Regulatory inspections of restaurants, food carts, public pools and spas, hotels, RV parks, overnight camps, tobacco retailers, and public drinking water systems.
- Respond to public drinking water system alerts (including boil water advisories).
- Respond to community outbreaks by investigating the source and providing education and interventions to reduce spread and prevent future outbreaks.

Performance Narrative

EH was fully staffed in 2024, and able to complete 99% of regulatory inspections. Two EH inspection positions became vacant in January 2025 due to staff transferring into Drinking Water and EH Supervisor positions. Both vacancies have been filled, and new inspectors are being trained to do independent work. Oregon Health Authority adopted new rules for public pools in March 2025, which will require more time during inspections to educate about significant rule changes. The CY 2025 Actuals data will not be available until 12/31/2025. We anticipate based on staffing and the number of licensed facilities that 93% of routine inspections will be completed, slightly above target. The total number of inspections completed yearly for CY 2026 will be forecasted at the end of 2025. The number of licensed businesses and other inspection types (complaint investigations, community event food vendors, approvals for new businesses, etc.) are demand-driven and influenced by many factors.

Infectious Disease Control and Prevention Program

Purpose Statement

Through partnership with health care providers, the Oregon Health Authority, local organizations and community members the Infectious Disease Control and Prevention (IDCP) team works to prevent the emergence and spread of over 50 reportable communicable diseases. This statutory responsibility includes diseases such as tuberculosis, foodborne illness, sexually transmitted infections, vaccine-preventable diseases and respiratory illness. The IDCP team provides provider/community education, performs disease investigations, ensures access to immunizations, refers individuals to services, and partners with vector control and dog services for animal bite response.

Performance Narrative

Clackamas County and the United States experienced a surge in syphilis cases between 2017 to 2022. As such, IDCP named reducing syphilis as its key performance measure. This aligns with Oregon Health Authority's accountability metric to reduce the spread of syphilis and congenital syphilis. Measuring the incidence of reported syphilis cases in Clackamas County demonstrates the burden of syphilis disease, the annual trends upwards or downward, and informs how well-staffed the IDCP team is to respond to and prevent syphilis infection in Clackamas County. The ultimate goal is to decrease syphilis cases by 10% over five years.

By measuring the percentage of kindergarteners who have received all vaccines required for school attendance, we can track how well protected Clackamas County's children are against the most contagious vaccine-preventable diseases. A vaccination rate of 95% is needed to prevent community transmission of measles. In FY25, the County's kindergarten immunization rate held steady at 86%, 9 percentage points short of the target rate.

Notes:

Public Health (PH) continues to recover from the devastating effects of the COVID-19 pandemic while simultaneously addressing an unprecedented number of emerging and re-emerging infectious diseases. In FY26, the IDCP program is projecting a budget shortfall due to increasing workloads, reduced federal/state funding, and rising costs (e.g., salary increases, unallowable expenses, PERS contributions). Funding Reductions Include: Federal PE 43 Imm=\$336,000 reduction; & State PE 73, EISO=\$158,000 reduction

Public Health

The Center for Population Health

Purpose Statement

The purpose of the Center for Population Health is to provide health data information, policy development and recommendations, research, emergency preparedness, and public health communications and messaging services to county and community partners so they can access the tools they need to improve the identified health priorities within the 10 health equity zones.

Performance Narrative

The Center for Population Health includes a variety of public health prevention services including the Tobacco Prevention Education Program (TPEP), Opioid and Other Addictive Substances prevention programs, Suicide Prevention, Community Partnership Development, Community Health Needs Assessment and the Community Health Improvement Plan (Blueprint for a Healthy Clackamas), Public Health Advisory Council, Population Data and Epidemiology, and Built & Natural Environment.

The drug-related fatality performance measure is reported through CDC Wonder and is monitored monthly, however there is typically a 6-month lag in final (confirmed) fatality data. Hence, the FY 24-25 data is unavailable currently.

Public Health

Vital Statistics Program

Purpose Statement

Oregon law requires all births and deaths be permanently recorded and registered. Certified copies of vital records are required to get social security benefits, a driver's license, passport, and other legal documents. The county must comply with all instructions of the State Registrar of the Oregon Health Authority.

Performance Narrative

Despite the frequent vital records staff shortage, the program has been able to consistently maintain above 95% of death certificates processed within 24 hours. This has been possible due to the recent online ordering software that CC Vital Records implemented.

Funeral homes are required to order online and pay for their orders as they go. This made the elimination of the monthly funeral homes' billing possible. The program's processes have been streamlined and modernized.

Health Centers Administration Program

Purpose Statement

The purpose of Health Centers Administration Program is to provide leadership and direction, policy development, contract and grant coordination, quality management, budget control, fiscal oversight, medical billing, medical records management, and personnel support services for the Health Center's management and staff so they can provide high quality and affordable health care to the County's most vulnerable residents.

Performance Narrative

The Administration Program adopted a budget of \$16,837,138. These resources allow for centralized administrative management services across all service areas of the Health Centers Division and to support operations and future projects through a reserve and contingency fund.

Clackamas Health Centers Division regularly surveys patients and clients on their experience of care, interactions with staff, and respect for their culture. This measure displays the mean score for the question 'Overall, how would you rate your most recent experience' with responses weighted for Excellent (100), Good (75), Fair (50) and Poor (25), per our

Primary Care Program

Purpose Statement

The purpose of the Primary Care Program is to provide patient-centered health care services to vulnerable populations so they can experience improved health.

Performance Narrative

The Primary Care Program budget is \$19,457,318. The Primary Care Program provides comprehensive health services at three primary care clinics. These resources allow us to provide comprehensive health services to our patients focusing on the treatment and improvement of the physical and mental health of each patient.

As the seventh leading cause of death in the U.S., diabetes kills approximately 83,600 people a year (according to the American Diabetes Association, 2017). This measure displays the percentage of patients 18-75 years of age seen at Clackamas Health Centers with a diagnosis of diabetes who had blood sugar in the controlled range (hemoglobin A1c > 9.0%) during the measurement period.

Health Centers

Gladstone Pediatric Clinic and School-Based Health Centers

Purpose Statement

The purpose of the Gladstone Pediatric Clinic and School-Based Health Centers Program is to provide quality, evidence-based pediatric care, to children and teens in order to support and promote their optimal health, growth and development.

Performance Narrative

The Gladstone Pediatric Clinic and School-Based Health Centers Program adopted a budget of \$5,459,826. The Gladstone Pediatric Clinic and School-Based Health Centers Program provides comprehensive health services at one pediatric primary care clinic and four school based health centers. These resources allow for comprehensive health services to patients focusing on the treatment and improvement of the physical and mental health of each patient.

The Gladstone Pediatric Clinic and School-Based Health Centers are transitioning the budget result measure from the immunizations metric to the well child visits metric because well child visits are a key part of the whole health of the children. Well child visits are a cornerstone of pediatric care. These comprehensive visits "play a critical role in identifying concerns that require follow-up care and, in early childhood, include essential preventive services such as immunizations, developmental and lead exposure screenings, and early oral health interventions (Centers for Medicare and Medicaid Services). Clackamas Health Centers Division follows the American Academy of Pediatrics recommendations for annual well child visits, with increased frequency in early childhood. The Gladstone Pediatric Clinic and School Based Health Centers program has had a provider vacancy at the School Based locations during the fiscal year, which has impacted the total visits provided when compared to targets. The Gladstone Pediatric Clinic and School Based Health Centers program has a small number of providers so a vacancy in this program has a greater impact than other programs.

Health Centers

Dental Program

Purpose Statement

The purpose of the Dental Program is to provide dental health care services to people with limited access to dental services so they can experience a transition from urgent care to restoring oral wellness and improved dental health.

Performance Narrative

The Dental Program adopted a budget of \$8,068,565. These resources allow us to provide comprehensive dental services at three dental clinics with the focus of treating and improving the oral health of each patient.

Poor oral health has been linked to chronic pain, lost school days, and avoidable visits to the emergency department. Oral health can also affect speech, nutrition, growth and function, social development. Ensuring all children have access to dental health care during these formative years is important to their overall health and quality of life. By adding Pediatric Dental, and through deliberate focus, Clackamas Health Centers has made great strides in ensuring children seen within our Dental program receive preventative care services.

Health Centers

Behavioral Health Clinic Program

Purpose Statement

The purpose of the Behavioral Health Clinic Program is to provide specialty behavioral health services to clients and prospective clients diagnosed with mental health or substance use disorders so they can experience reduced mental distress and achieve their individual goals.

Performance Narrative

The Behavioral Health Clinic Program adopted a budget of \$26,397,373. The Behavioral Health Program provides comprehensive health services at one behavioral health behavioral clinic and at our four integrated clinics. These resources allow the program to provide a variety of mental health and addiction treatment services to children, adolescents, adults, and their families.

The Behavioral Health Clinics Program is transitioning from the screening metric to the improved mental health metric because the new metric incorporates client feedback, which is a core tenant of Feedback Informed Treatment, and team based care. Mental health well-being and Behavioral health care are key pillars of holistic health care. According to National Institute of Mental Health, it's estimated that one in five adults in the US live with mental illness. Clackamas Health Centers provides a variety of outpatient counseling and treatment services for mental health and substance use needs. The Behavioral Health program has had some provider vacancies and the Lake Road Health Center has been under renovation during the fiscal year, which has impacted the total visits provided when compared to targets. The growth in Behavioral Health Clinic program targets is due to the 16.50 FTE increase at the beginning of FY2024-25.

Behavioral Health

Behavioral Health Administration Program

Purpose Statement

The purpose of the Behavioral Health Administration Program is to provide contract and grant coordination, compliance and quality management oversight, budget control and fiscal management, and personnel support services to Behavioral Health management and staff so they can provide continual access to behavioral health care that matches the needs of Clackamas County residents.

Performance Narrative

The Behavioral Health Administration Program has adopted a budget of \$15,180,086. Administrative services are focused on high quality customer service, both internally and externally. By meeting results, it ensures that critical mental health and substance use services are not disrupted due to contract lapses or revenue delays.

Explanation The Administration programs are partially funded by revenues from the Oregon Health Authority Community Addictions and Mental Health Services Agreement, CareOregon, and Trillium Community Health Plan. Maintaining a grievance system and a compliance program, including adult abuse investigation is mandated by rule and contract.

CMHP funding is transitioning from a calendar to a fiscal year basis and the Behavioral Health Division anticipated a new agreement starting July 1st, 2025. The agreement supporting the FY26 budget is anticipated to begin July 1st, 2025 and include the subsequent six fiscal years. There are no matching requirements.

Notes:

The Behavioral Health Administration Program will experience an uptick in expenses for one-time payments and contracts this fiscal year. This is reflected in an increased beginning fund balance and special payments expenses. This program anticipates increased revenue from indirect rate revenue and the utilization of interest income. Capital outlay costs include operating expenses for the Division's Electronic Health Record System.

Behavioral Health

Behavioral Health System of Care Program

Purpose Statement

The purpose of the Behavioral Health System of Care Program is to provide coordination, support, assessment, and referral services to Clackamas County residents so they can access behavioral health resources that match their needs.

Performance Narrative

The Behavioral Health System of Care has adopted a budget of \$9,523,653. There continues to be a high response rate to individuals calling the customer service line seeking assistance with most individuals receiving assistance when they call. The program has cross-trained staff at two locations to assist with call volume during higher periods of calls to ensure a high response rate. Priority populations include at-risk youth and their families, individuals with Severe and Persistent Mental Illness (SPMI) and individuals accessing higher levels of care.

Behavioral Health

Peer Delivered Program

Purpose Statement

The Peer Delivered Services program provides peer outreach, support, and recovery services to residents of Clackamas County experiencing mental health or substance use issues so they can partner with someone with similar life experience.

Performance Narrative

The Peer Delivered Services Program has adopted a budget of \$3,209,978. Contracted peer organizations assist individuals with mental health and substance use challenges move through and to recovery. Peers help residents to advocate for themselves and define and achieve their own recovery goals that lead to an increased quality of life.

Key Performance Measures

Notes:

The Peer Services Program will absorb contract revenue and expenses from other programs in the fiscal year that better align with the scope of peer services. This is reflected in increased fund balance revenue and materials and services expenses. One vacant position was filled in the 24-25 FY which will result in increased personnel costs for this fiscal year. Some additional contract investments were made in community-based peer services.

Behavioral Health

Prevention and Stigma Reduction Program

Purpose Statement

The Prevention and Stigma Reduction program provides consultation and education ("Get Trained to Help") services to the people of Clackamas County so they can participate in and foster a state of positive behavioral health in their lives and in the community.

Performance Narrative

The Prevention and Stigma Reduction Program has adopted a budget of \$932,076. The program focusses on community-based training to help address mental health stigma and provide community members basic tools to help an individual who may be experiencing mental health distress.

Behavioral Health

Safety Net Services Program

Purpose Statement

The purpose of the Safety Net Services program is to provide low-barrier and timely trauma-informed crisis and monitoring services to individuals with a high level of behavioral health needs so they can connect with community support and services, reduce their reliance on higher levels of care, and remain safe in the community.

Performance Narrative

The Safety Net Services program has adopted a budget of \$11,486,667. Funding allows for FTE to provide discharge planning from the county jail, a community outreach team to address individuals in the community coming to the attention of law enforcement prior to arrest, and staffing for the urgent mental health walk-in clinic providing supports to avoid arrest or unnecessary hospitalization. In addition, this funding addresses contractually required elements including the requirement to provide 24-7 mobile crisis to individuals experiencing a mental health crisis in the community within one hour of the request and 24-7 crisis line response to any resident of the community.

Housing and Community Development

Administration and Operations

Purpose Statement

The purpose of the Administration and Operations program is to provide leadership, strategic direction, and support to the Housing and Community Development Division.

Performance Narrative

The Housing & Community Development Division (HCDD) consolidates the county's community preservation, housing authority and housing services functions under one entity. Because the performance measures for this program were newly introduced in FY 2023-24, there is no data available prior to that year. This year, measures are being updated to align with the latest Performance Clackamas guidance. As a newer division, staff continue to streamline processes to improve processing speeds while maintaining accuracy. Additionally, the customer service survey is still in development, so data for this measure is not yet available. The customer service measure will be implemented in FY 2024-25.

Housing and Community Development

System Support and Coordination

Purpose Statement

The purpose of the System Support and Coordination program is to provide support and guidance for the development and implementation of equity-focused, data-driven housing and homeless services and capacity building through analytics, tracking and reporting outcomes, policy and planning work, and regional coordination.

Performance Narrative

The Coordinated Housing Access (CHA) Line helps people in housing crisis connect to resources across Clackamas County. In partnership with HCDD, CHA continues working toward its goal of answering 75% of live calls. A customer service survey is still in development, so data for that measure is not yet available. CHA received a 2023 NACo Achievement Award for innovation and effectiveness. The customer service survey is still in development, therefore, data for the customer service measure is not yet available. Measures were updated to align with Performance Clackamas 2.0.

Housing and Community Development

Community Preservation

Purpose Statement

The purpose of Community Preservation is to support the development and preservation of affordable housing, promote neighborhood revitalization, and invest in public works, community facilities, and public services projects to support low- and moderate-income residents so they have healthy, safe, stable housing and live in neighborhoods with equitable access to public facilities and services.

Performance Narrative

The Community Preservation budget combines the financials for Community Development Programs and Weatherization Services and generally continues current service funding levels. These resources allow the program to serve low- and moderate-income households, contribute to affordable housing projects and preserve affordable housing, invest in public services and support neighborhood stabilization to ensure safe, healthy, and secure individuals and communities. Measures were updated to align with Performance Clackamas 2.0.

Explanation

CD programs are funded by US Department of Housing and Urban Development, which allocates funding each year after submission of the Community Development 5-Year Consolidated Plan and subsequent Annual Action Plans. The allocation includes Community Development Block Grant funding, HOME Investment Partnership funding, and Emergency Solutions Grant (ESG) Funding. There is a minimum of 25% match requirement for HOME funds and 100% match requirement for ESG funds.

Low-income home weatherization funds are contracted by Oregon Housing & Community Services on a biennial basis, and include allocations from the US Department of Energy, Bonneville Power Administration, Portland General Electric, and US Department of Health & Human Services. Weatherization also receives funding from Northwest Natural Gas in the form of rebates for gas homes served. There is no match requirement for these funds.

Housing and Community Development

Outreach and Engagement

Purpose Statement

The purpose of the Outreach and Engagement program is to provide coordinated, person-centered outreach to assist with directly connecting people experiencing homelessness to services ranging from helping them meet basic needs to housing placement and retention.

Performance Narrative

The By-Name List is a real-time, person-specific list of individuals experiencing homelessness in Clackamas County, used to prioritize and coordinate housing and support services based on need and vulnerability. This year, providers have remained highly responsive to new referrals for outreach. One partner agency resolved staffing challenges, improving service stability. Many providers have reached their required outreach engagement caseload capacity, so new outreach connections have slightly decreased compared to the previous period. One provider was unable to meet established benchmarks and is no longer being contracted with for these services. Measures were updated to align with Performance Clackamas 2.0.

Safety Off The Streets

Purpose Statement

The purpose of the Safety off the Streets program is to provide a range of short-term transitional housing options, as well as access to critical hygiene and health services, for individuals on a continuum ranging from temporary displacement to chronic homelessness.

Performance Narrative

The length of stay in shelter is now measured using median rather than average showing a large increase in duration over the target of 90 days stay in shelter. This is primarily due to the lack of long-term rent assistance available in the system. The system has reached capacity due to fewer long-term vouchers available, the outflow from shelter has become more difficult. However, workplans are currently in development to improve this flow. Measures were updated to align with Performance Clackamas 2.0.

Explanation The Safety Off the Streets program is funded by state grants including House Bill 5202 State General Fund, Emergency Solutions Grant and Senate Bill 5511 Outreach and Unit Access. There are no matching requirements.

A significant factor driving the increase in shelter stay length is the SHS funding reduction. Due to the decreased forecast, we had to pause the issuance of new RLRA vouchers, which limited our ability to move people out of shelter and into housing. This bottleneck has directly contributed to the extended lengths of stay.

Housing Placement

Purpose Statement

The purpose of the Housing Placement and Retention program is to help people gain and/or retain housing, provide supportive services to help with housing stability and connect households at risk of losing housing with diversion and other supportive services.

Performance Narrative

Housing retention is strong and shows the value of investing in supportive services. The program has consistently prioritized prevention, and the results are reflected in its high performance below. The customer service survey is still in development, so data for this measure is not yet available. The customer service measure will be implemented in FY 2024-25. Measures were updated to align with Performance Clackamas 2.0.

Supportive Housing

Purpose Statement

The purpose of the Supportive Housing Services program is to serve individuals who have one or more disabling conditions, who are extremely low income, and who are experiencing long-term homelessness, by connecting them to permanent supportive housing or transitional housing that includes wraparound service supports.

Performance Narrative

Housing retention remains strong, with 96% of households in permanent supportive housing staying housed after 12 months—well above our target. This reflects the impact of consistent investment in supportive services and prevention. The customer service survey is still in development, so data for this measure is not yet available. The customer service measure will be implemented in FY 2024-25. Measures were updated to align with Performance Clackamas 2.0 and to focus more specifically on Housing Retention.

FY25-26 Looking Ahead

CHALLENGES

- The county currently relies on several federally funded cybersecurity resources. If these programs lose federal funding, the county will be faced with the need to either invest in equivalent paid services or potentially incur higher cyber insurance premiums due to increased risk exposure.
- Tariffs will raise prices for technology hardware countywide.
- Increasing maintenance and subscription costs.
- Increasing cybersecurity threats, cyber insurance requirements, and incident response continues to increase program costs.

OPPORTUNITIES

- Automation and process optimization could reduce labor costs, minimize errors and increase productivity.
- Planned cloud migrations will shift costs from larger upfront capital expenditures to more manageable annual expenditures which will allow for more stable budget forecasting.

Administration

Executive Leadership & Administration

Purpose Statement

The purpose of the Technology Services Office (TS) of the Director Program is to provide administrative, leadership, cybersecurity, finance, budget, policy, and planning services to Technology Services staff so they can make well informed and cost effective strategic decisions.

Performance Narrative

The Executive Leadership & Administration Program proposed a budget of \$2,747,730. One FTE was added to the program to support Cybersecurity initiatives. The program also increased contingency funding to support cybersecurity.

These resources will provide a continuation of management oversight and direction in the utilization of technology and technical resources for the County. This results in providing efficient and reliable technical solutions and support to meet the business needs of the County.

Business Systems

Purpose Statement

The purpose of the Business Systems Program is to provide development, maintenance, integration, and support services for County Enterprise Resource Planning (ERP) applications, including Human Resources management, Finance, Payroll, and Budget systems, to the Board of County Commissioners, County leadership and County staff so they can plan and manage their financial and human resources assets. The major mission-critical supported applications include PeopleSoft Finance, PeopleSoft Human Capital Management, Workforce Software, and OpenGov.

Performance Narrative

The Business Services Program proposes a budget of \$2,265,661. These resources will continue to provide analysis, upgrades and reliable support of the County business systems to efficiently meet the business and operational requirements of the County departments.

Applications

County Wide Applications

Purpose Statement

The purpose of the County Wide Applications Program is to provide applications management, development, integrations, support, and maintenance for applications that are custom-built and third-party hosted either on-premises or in the cloud. This program offers various cost-effective, innovative tools and solutions to County staff, the public, businesses, and other public agencies to enhance their services, streamline processes, increase efficiency and collaboration, maximize the use of evolving technologies, and achieve their business needs. The primary in-house developed web applications include CMap, Asset Management, Resource Scheduling Tools, and E-Payment Portals. Some major third-party supported applications include Drupal, PowerDMS, Adobe Acrobat Sign, MS SharePoint, MS Power Apps, and MS Power Automate.

Performance Narrative

The County Wide Applications Program proposed a budget of \$2,195,760. These resources will provide a continuation of analysis, development and support of applications and data systems to meet the business requirements of the County staff. This results in providing the public and businesses the important services they require in an efficient, accessible and reliable format (especially mobile and GIS).

Applications

Departmental Applications

Purpose Statement

The purpose of the Departmental Applications Program is to provide business system support, maintenance, integrations, and customizations to County departments so they can have timely, reliable, and cost-effective use of their business-critical systems in support of their customers. Services provided include but are not limited to issue analysis & troubleshooting, reporting & analytics, user support, and vendor coordination. This program's primary area of expertise is county permitting and electronic health record systems. It also provides part-time support for other applications.

Performance Narrative

The Department Applications Program proposed a budget of \$544,713. These resources will continue to provide analysis, development and support of critical department data and applications to meet the business requirements of the County departments.

Geographic Information (GIS)

Purpose Statement

The Purpose of the Geographic Information System (GIS) Program is to provide spatially integrated data and mapping services / applications to residents, businesses, County staff and other public agencies so they can make informed, location-based decisions using necessary geographic information.

Performance Narrative

The GIS Program proposed a budget of \$1,248,716. These resources will provide a continuation of analysis, development and support of GIS data and mapping applications to meet the business requirements of the County staff and public while maintaining flat rates on printed maps. This program also provides extensive mapping and aerial photo solutions for the County Departments and citizens.

Communication Services

Telecommunication Services

Purpose Statement

The purpose of Telecommunication Services is to provide phone, radio, security systems, audio visual, wiring and communications technical support services to County staff and other agencies so they can be secure in the work place and communicate reliably across unified leading edge systems with 24/7 support.

Performance Narrative

The Telecommunications Services Program proposed a budget of \$5,735,130. These resources will continue to provide analysis, installation and reliable support of critical County communications, Life / Safety systems and physical data / voice infrastructure to efficiently meet the business requirements of the County departments.

Technical Services

Purpose Statement

The purpose of the Technical Services Line of Business is to provide technology support, network, system and storage administration, security, mobility, technology procurement, overall infrastructure support and call center services to County staff to effectively utilize County technology in support of their business requirements and services.

Performance Narrative

The Technical Services Program proposed a budget of \$8,451,281.

The proposed budget has increased reserves and decreased capital and operating expenses due to a lack of capital purchases in FY26.

These resources will continue to provide design, procurement, implementation and support of expanding critical technical services to meet the business requirements of the County departments.

Communication Services

Clackamas Broadband eXchange

Purpose Statement

The purpose of the Clackamas Broadband eXchange (CBX) program is to provide fiber optic design, allocation, installation and maintenance services to County departments, public institutions, bandwidth intensive businesses and ISP Providers so they can experience fast, reliable connectivity at a low cost while also providing business opportunities.

Performance Narrative

The CBX Program proposed a budget of \$7,440,338 which includes \$4,537,173 of specially designated grant funds. These resources will continue to provide design, construction and reliable support of the fiber infrastructure to efficiently provide connectivity to public and private customers, maintain self sufficiency and managed growth. Continued expansion via construction to new customers is expected to continue. This program is fully self supportive.

FY25-26 Looking Ahead

CHALLENGES

Maintenance

- The overall sq. ft. (Facilities Cost Driver) has increased the past (3) years from 955,738 in FY23-24, to 966,941 in FY24-25, to 1,157,747 in FY25-26, with no staff increase.

Construction

- Tariffs – May increase materials costs and create new long lead items.

Courier & Mail Operations

- Significant increase in both mail postage costs (+30%) and the volume (+26%) of mail processed.

OPPORTUNITIES

Construction

- Completing several high priority projects this calendar year (FY24-25) will allow Construction to work through the back log of smaller projects in FY25-26.
- Develop strategies and implement trades contracts to bridge gaps in our current workforce capabilities to ensure seamless deliverables to our customer base with faster completions.

Administrative Services

- In FY25-26 we are looking to begin the implementation of a new inventory management module within our asset management system. This should reduce the volume of unnecessary purchases of overstock, while also allowing us to set minimum and maximum order thresholds for common items. Once implemented, efficiencies in expenses (travel time and purchasing) should be realized.

Facilities Maintenance

Purpose Statement

The purpose of the Facilities Maintenance program is to provide preventive and corrective asset maintenance services to County Departments and Agencies, so they can provide services to their customers in a safe, secure and well-maintained environment.

Performance Narrative Statement

The Facilities Maintenance program proposes a budget of \$8,513,662 in FY25-26. These resources will allow us to quickly respond to corrective repair work requests and proactively complete preventative maintenance on county owned and leased assets.

Notes:

Alarm monitoring (#42020) increases \$10,440 or 20.8% due to increased contract costs and adding new locations in FY25-26 Lake Road Health Center, TSB Building, Recovery Center and New Clackamas County Courthouse. Increases to Building (#45120), Equipment (#45160) and Grounds Maintenance (#45170) are minimal, but are a result of increased contract service costs (ex: Janitorial, Window Washing, Floor mats, Landscaping, Elevators, Sprinklers), the addition of new locations, or requests for increased services

Facilities Management

Facilities Administrative Services

Purpose Statement

The purpose of the Facilities Administrative Services program is to provide financial planning, analysis, monitoring and management of the Facilities budget, the coordination and assignment of Facilities service requests and work orders, the management of County assets and the Administration of Facilities leases, contracts and financial functions.

Performance Narrative Statement

The Facilities Administrative Services program proposes a \$3,337,781 budget in FY25-26. These resources will allow this program to effectively and efficiently manage County assets and submitted work requests, along with the submittal of payments and financial accounting, while continuing to provide a high level of service to our partners and customers.

Notes:

Contingency comes from \$600k of un-used Contingency carry-forward and a projected YE balance of \$613,739. Increasing Contingency is necessary in FY25-26 to support the many unknown expenditures related to the new Courthouse, vacated Courthouse and new H3S Recovery Center. In addition to these new locations, we must also account for any potential utility rate increases after budget submission and approval. Personnel Services increases are driven by (6) Lobby Staff moving (PCQ) from PT-Temp to PT-Perm .

Courier & Mail Operations Services

Courier & Mail Operations

Purpose Statement

The purpose of the Courier and Mail Operations program is to provide coordinated mail processing services, US Mail, and small parcel distributions services to County employees so they can convey mail, small parcels, and other materials in the most cost effective manner.

Performance Narrative Statement

The Courier and Mail Operations Line of Business proposes a budget of \$828,745 in FY25-26. It is intended to reflect the resources that are required to maintain the current high level of Courier support to all County departments. These resources will provide County departments and services with timely and coordinated mail processing, US mail, and small parcel distribution services so they can successfully fulfill their strategic goals.

Notes:

Postage & Shipping (#42240) account has increased 30.4%. In FY24-25 we have seen a USPS postage cost (+29% YTD) increase, as well as a significant increase in the volume (+26% YTD) of mail being sent out (piece count) by County Departments. Postage was budgeted at \$345k in FY24-25, but will likely come in over \$400k this year. We have budgeted \$450,000 for postage in FY25-26. Telephone & Internet Account (#42310) has increased 14.5% due to adding (2) new mobile phones for our Couriers.

Facilities Management

Facilities Construction

Purpose Statement

The purpose of the Facilities Construction program is to provide consultation, design, estimation, and project management services to County Departments and Agencies, so they can serve their customers in well-planned facilities.

Performance Narrative Statement

The Facilities Construction program proposes a \$1,733,052 budget in FY25-26. These resources will allow this program to continue to provide project estimation, design, construction, and project management services for tenants and the County. These funds will allow us to make changes and improvements to County facilities that will better serve the department and citizens of Clackamas County.

Notes:

No significant issues or changes to Construction. Only area of concern, would be the Building Maintenance (#45120) account would not be enough if Facilities is going to be responsible for furniture relays and reconfigurations in the new Courthouse. My understanding is that no changes will be made to the layout/furniture the first year in the new Courthouse.

Notes:

Utilities budgeted at previous fiscal year actuals + escalator from utility provider. Electricity 9.3%, Natural Gas 9.9%, Trash 7%, Water 4%. Minimal increase vs. FY24-25, as significant increases were budgeted for last year. New Courthouse Utility costs not included at this time, but projected at \$580,000 in FY25-26 with budgeted funds in Contingency account until energy analysis is completed and provided.

FY25-26 Looking Ahead

CHALLENGES

Internal

- Separate department or office processes reduce efficiency.
- Redundant software systems requiring multiple reconciliations.

External

- Rapidly changing federal financial landscape resulting in revenue uncertainty which impacts long term forecasting.

OPPORTUNITIES

Increase Efficiencies

- Standardization of financial processes.
- Consolidation of redundant software.
- Increased staff training on financial systems.

The logo for Clackamas County features a stylized mountain peak in a teal color. A white, curved shape, resembling a river or a stylized 'C', is positioned in front of the lower part of the mountain. Below the graphic, the words "CLACKAMAS" and "COUNTY" are written in a bold, sans-serif font, with "CLACKAMAS" on the top line and "COUNTY" on the bottom line.

Accounting Services

Accounts Payable

Purpose Statement

The purpose of the Accounts Payable Program is to provide invoice processing and payment support services to County Departments, so their vendors are paid timely and accurately.

Performance Narrative Statement

The Accounts Payable Program budget is a continuation of current service funding levels. These resources will allow us to continue to provide county leaders and employees with accounting, audit, consultation and review services so they can manage public funds effectively, tie resources to expected performance and achieve results that matter to taxpayers. This furthers the countywide strategic objective of building public trust through good government.

Payroll

Purpose Statement

The purpose of the Payroll Program is to provide payroll consultation, inquiry response, report, and reconciliation services to County employees and departments so that employees are paid correctly and on-time.

Performance Narrative Statement

The Payroll Program budget is a continuation of current service funding levels. These resources allow the program to serve County employees and departments, processing approximately 61,000 paychecks annually so employees are paid accurately and on time, while providing payroll consultation, inquiry response, reporting and reconciliation services. This will result in the responsible management of public funds.

Financial Management & Accountability

Grants

Purpose Statement

The purpose of the Grants program is to provide grants management services including financial reporting, fiscal compliance and oversight, grant-related training, technical assistance, and subrecipient fiscal monitoring to the County and County Departments supporting timely and accurate financial reports to make informed decisions.

Performance Narrative Statement

The Grants Program budget is a continuation of current service funding levels. These resources allow us to complete the required grant-related financial management and reporting for Federal, State, and Local awards, fiscal oversight, and preparation of the Schedule of Expenditures of Federal Awards (SEFA) for the annual Single Audit.

The resources support the program's work for maintaining compliance with funding requirements and delivering services to the County including timely submission for an annual combined total of approximately 400 grant-related draws, invoices, and reports.

Resources support approximately 30 new subrecipient federal grant awards per year as well as monitoring of on-going multi-year awards to not-for-profit organizations and local governments delivering services in the community. This work is reflected in the performance metrics through maintaining compliance, timely submission of reporting, and supporting the work between the County and subrecipients.

Achieving these performance targets allows the County departments to remain in compliance with funding requirements, support retention of existing funding and obtain new funding, and remain in good standing with grantors.

Key Performance Measures

Explanation The County is required under 2 CFR 200, as recipient of Federal grant funds to maintain a financial management system, policies and procedures, and internal controls in accordance with these regulations. The County must also have a Single Audit of its Federal expenditures each year, to remain eligible for Federal funding.

The County is required to prepare an annual financial report, for each of its governmental entities, and submit the report to the Secretary of State Audits Division by December 31st, as outlined in OAR 162-010-0010 through OAR 162-010-0330.

Financial Management & Accountability

Procurement and Contract Services

Purpose Statement

The purpose of the Procurement and Contract Services program is to provide policy training, and the acquisition of goods and contracted services to County Departments and agencies so they can acquire the goods and services needed within established timelines and in compliance with public procurement requirements.

Performance Narrative Statement

The Procurement and Contract Services Program budget is a continuation of current service funding levels. These resources will provide County departments, agencies and districts with timely procurement and contract services, personal property repurposing and disposition services so they can successfully fulfill their strategic goals.

Key Performance Measures

FY25-26 Looking Ahead

CHALLENGES

- Unknowns regarding state and federal level funding.
- Various initiatives may have funding revoked with little or no warning, leading to potential disruptions or cessation of services.

OPPORTUNITIES

- The Board of County Commissioners is refreshing the county's Strategic Plan, which will give focus and clarity to the direction of Clackamas County for FY25/26.

The logo for Clackamas County features a stylized mountain peak in a teal color. A white, curved shape, resembling a river or a stylized 'C', is positioned in front of the lower part of the mountain. Below the graphic, the words "CLACKAMAS" and "COUNTY" are written in a bold, sans-serif font, with "CLACKAMAS" on the top line and "COUNTY" on the bottom line.

FY25-26 Looking Ahead

CHALLENGES

- No challenges anticipated in FY25-26 budget, but tourism may see a decrease in transient lodging tax collections in FY25-26 due to a decrease in international visitation and a volatile economy that could impact our future FY budgets.

OPPORTUNITIES

- Accumulated carryover from the last couple of years allows the budget for FY25-26 to be stronger than usual. This is an opportunity to get more dollars back out into the community this year to support tourism businesses (grants) and drive more visitation to support economic growth (advertising) in this potentially turbulent tourism economy year.

Tourism

Leadership & Administration

Purpose Statement

The purpose of Tourism is to provide sustainable countywide tourism services so stakeholders experience economic benefit from the optimized application of the County Transient Room Tax (TRT). Tourism is guided by the Tourism Development Council (TDC) as defined by the County TRT ordinance. Leadership works with the TDC to ensure programs align with the Tourism Master Plan and with identified strategic priorities and outcomes.

Performance Narrative Statement

Tourism's overall measurements of success are based on industry best practices for performance measurement. Transient Room Tax (TRT) collection and visitor spending in Clackamas County are the key performance measures to support the County's priority to support a vibrant economy. Leadership also supports building public trust through good government. The Leadership & Administration budget reflects the TDC's direction to keep a contingency approximately equal to one year of TRT revenue, build an opportunity fund and program prior year carryover through high impact projects under professional services.

Notes:

Transition of Tourism department leadership during FY 24/25 led to limited spending of the current budget and a higher than expected carryover for FY25/26. Additionally, there was carryover from FY 23/24 that was not budgeted for in FY 24/25 that is now programmed into the FY 25/26 budget. Combined, these funds beyond normal annual revenue have been distributed across the Leadership, Development and Marketing programs in FY 25/26, intended for impactful one time investments.

Destination Development & Community Relations

Purpose Statement

The Destination Development & Community Relations program is responsible for strategies that develop and enhance tourism attractions, facilities and products through engagement and collaborations that contribute to economic development and local vitality.

Performance Narrative

The Destination Development & Community Relations budget is budgeted at continuation of service level with the exception of the strategic investment program which is returned to sustainable levels after a one time increase in FY23/24. This budget includes product development, direct investments in community efforts, staff outreach to partners, convening of stakeholders, support for collaborative projects, trainings, visitor information services, trade and consumer show representation. Development monitors the number and diversity of partners engaged with Tourism program offerings, direct investment, and community involvement helping to achieve strategic outcomes through partnerships and contributes to Tourism's overall measurements of success in Transient Room Tax (TRT) collections and annual visitor spending to support the County's vibrant economy priority.

Notes:

Transition of Tourism department leadership during FY 24/25 led to limited spending of the current budget and a higher than expected carryover for FY25/26. Additionally, there was carryover from FY 23/24 that was not budgeted for in FY 24/25 that is now programmed into the FY 25/26 budget. Combined, these funds beyond normal annual revenue have been distributed across the Leadership, Development and Marketing programs in FY 25/26, intended for impactful one time investments.

Tourism

Region Cooperative Tourism Program

Purpose Statement

The purpose of the Regional Cooperative Tourism Program is to provide regional destination management through marketing, public relations, global sales, destination development, and partnership services and opportunities to local stakeholders in each region. Tourism leads the Mt. Hood & Columbia River Gorge Region as the Regional Destination Management Organization (RDMO) and collaborates with the designated RDMO in the Portland and Willamette Valley regions.

Performance Narrative Statement

Tourism receives a portion of state transient lodging tax funds as pass through to support the regional efforts for the Mt. Hood/Gorge region and provide program support within our geographic boundaries of the Portland region. The program delivers destination management leadership to regional stakeholders and supports the County's vibrant economy priority.

RCTP performance is closely measured through Travel Oregon's RCTP program guidelines, through quarterly check in reviews with Travel Oregon program staff, annual program and budget tracking reports, annual financial audit, and biennial regional stakeholder feedback via Travel Oregon's industry survey.

Key Performance Measures

Tourism

Marketing & Communication

Purpose Statement

The Marketing & Communication program is responsible for strategies that deepen awareness of the destination and critical messages that support a sustainable destination through advertising, promotions, public relations, sales materials and trip planning tools that facilitate a positive visitor experience that benefits the community.

Performance Narrative Statement

The Marketing & Communication budget is a continuation of service levels from last fiscal year and a couple one time projects programed from department carryover. This budget allows for owned and earned messaging strategies that include staff and contracted expertise and Support. Marketing monitors and measures performance for individual campaigns, channels and public relations for effectiveness in achieving strategic outcomes and contributes to Tourism's overall measurements of success in Transient Room Tax (TRT) collections and annual visitor spending to support the County's vibrant economy priority.

FY25-26 Looking Ahead

CHALLENGES

- New federal government grant requirements will negatively impact staff and project grant funding.
- The Medical Examiner's Office will need to move by June 30, 2027 to a new facility due to the contract with the Oregon State Police ending.
- The Medical Examiner's current staffing levels can not meet the operational and administrative needs of the increased case volume (2 FTE requested, \$206,058 pro-rated 8 months).
- The Medical Examiner's Office will need to replace an aging vehicle in FY27.

OPPORTUNITIES

- Nothing financially significant at this time.

The logo for Clackamas County features a stylized mountain peak in a teal color, with a white, curved shape resembling a river or a path winding through its base. Below the graphic, the words "CLACKAMAS" and "COUNTY" are written in a bold, sans-serif font, with "CLACKAMAS" on the top line and "COUNTY" on the bottom line.

Disaster Management

Disaster Management

Purpose Statement

The purpose of the Disaster Management Program is to provide planning and preparedness as well as response, recovery, and mitigation services to residents, businesses, visitors, and community members in Clackamas County so they can be prepared to protect themselves, their families, animals, neighbors and community, and can equitably access resources to recover quickly.

Explain all "Yes" boxes below

For help with shared services, see AOC Shared State-County Services page on intranet

If grant funding, include length of grant and any match requirement (w/funding source)

Explanation

Mandated Services: Oregon Revised Statutes Section 401 requires the County to have an emergency management program, Emergency Operations Plan (EOP), and Emergency Operations Center (EOC) and a staff trained to manage critical incident tasks during an emergency or major incident. Grant Funding: The Emergency Management Performance Grant (EMPG) for FY23 is anticipated to provide approximately \$160,000 to offset salaries for Clackamas County Disaster Management Program staff. The EMPG has a 50% match requirement. The Urban Area Security Initiative (UASI) grant funding is for specific projects and have a 2 year performance period. In order to get federal funding for federally declared events and mitigation dollars the program must also adhere to the federal Stafford Act.

Disaster Management

Disaster Activation

Purpose Statement

The purpose of the Disaster Management Activation Program is for coordination of County response to EOC activations for undeclared disasters and for all local, state and federal disaster declarations. The coordination includes all residents, businesses, visitors, and community members in Clackamas County, including their family pets and livestock (Federal Stafford Act). The Emergency Operations Center (EOC) works towards equitable access to resources to aid in a quick recovery.

1- Animal sheltering was not required during any EOC activation for FY 24/25

2- Only the July Excessive Heat EOC activation required RV and Family sheltering.

3- Data is for July 2024-April 2025. See attached report for more details.

4- Disaster Management did not have an event that required sheltering, delivering messaging, fulfilling resource requests and providing resources to residents this FY.

5- Data is for July 2024 activation. Disaster Management now utilizes 2-1-1 to serve as the Public Inquiry Center during EOC activations. The wording for this measure will change for the FY 25/26 budget to be more in line with 2-1-1's operations and reporting.

FY25-26 Looking Ahead

CHALLENGES

- The Law Library proposed budget is dependent upon 2025 Oregon House Bill 5012 passing which would provide sufficient funding for the Law Library to maintain existing personnel, collection and service levels.

OPPORTUNITIES

- If 2025 Oregon House Bill 5012 passes with an increase in funding for county law libraries, the Law Library will have the opportunity to expand personnel, the print collection, and access to online legal research subscriptions and services, such as clinics and court navigation assistance.
- The move into the new courthouse may result in a positive impact to Law Library expansion of services and programs.

Law Library Program

Purpose Statement

The Law Library program will support the division's work of providing equal access to justice services to Clackamas County patrons, including members of the legal community and general public, so they can obtain legal information, legal research assistance, knowledge for navigating court systems, and access to legal resources and materials. We aim to continue maintaining all existing personnel, collection and service levels. The collection includes a carefully balanced selection of both print and electronic materials. Law Library services include, but are not limited to, both legal community and general public legal assistance, as well as legal information and assistance outreach. The Law Library will continue to serve the advanced legal reference, resource and referral assistance needs of the community beyond what is offered by other entities and institutions. The Law Library will provide legal information, legal resources, legal research assistance, a legal self-help center and law practice services in the new courthouse.

FY25-26 Looking Ahead

CHALLENGES

- We do not foresee any challenges with our budget in the coming year.

OPPORTUNITIES

- In May 2025, County Counsel took over the task of Civil Commitments, this will increase the office's revenue and decrease the need for General Fund support.

Legal Support Line of Business

Advisory, Regulatory & Transactional

Purpose Statement

The purpose of the Legal Support Line of Business is to provide easy-to-access, easy-to-understand advisory, regulatory and transactional services to the County, its elected officials, departments and special districts so they can make well-advised, timely, legally informed decisions, and keep the delivery of services to the public moving.

Performance Narrative

This Line of Business has three Programs:

1. Advisory: Provide advice, consultation, and training services to the County, and its elected officials, departments and special districts so they can make legally informed decisions and deliver services to their customers.
2. Regulatory: Provide research, consultation, strategy, negotiation, technical, regulatory, implantation compliance, and enforcement services to the County, and its elected officials, departments and special districts, so they can implement their technical goals and objectives and conduct their operations in a manner that comports with local, state, and federal regulations and laws.
3. Transactional: Provide strategic drafting, review, and negotiation services for contracts, memorandums of understanding ("MOU"), partnerships, and Intergovernmental Agreements ("IGA") to the County, and its elected officials, departments and special districts so they can make well-advised, timely, legally informed decisions, manage and minimize risk, and keep the delivery of services to the public moving. In FY23-24, the department's programs were restructured. This change may have resulted in new performance measures that will not show a history.

Litigation & Labor

Litigation, Labor & Employment

Purpose Statement

The purpose of the Litigation, Labor & Employment Line of Business is to provide advice and representation at trial, mediation or other arenas, to the County and its elected officials, departments and special districts, so they can manage and minimize risk, be represented in lawsuits, and appropriately administer labor and employment laws.

Performance Narrative

This Line of Business has two programs:

1. Litigation: Provide the full complement of representation and comprehensive legal services to the County, elected officials and employees when named in their official capacities, departments, and special districts so they operate with little disruption and minimal financial impact from litigation, and provide advice to minimize risk and litigation.
2. Labor and Employment: Provide consultation, advice, representation, and negotiation services to elected officials, departments, and special districts to ensure appropriate administration and implementation of labor and employment laws, regulations, ordinances, and County codes and policies.

**In FY23-24, the department's programs were restructured. This change may have resulted in new performance measures that will not show a history.

FY25-26 Looking Ahead

CHALLENGES

Legislative, Regulatory updates, and Evolving Compliance Requirements:

- Updates to legislation, including changes to Oregon Paid Leave, the Equal Pay Act (EPA), revised I-9 requirements, and addressing unemployment due to labor disputes have increased the demand for HR services and support to assist county departments navigating compliance requirements.

Workforce Challenges:

- A competitive labor market presents challenges in attracting and retaining top talent.
- Increasing expenditures for Liability and Benefits insurance.
- Managing 8 Collective Bargaining agreements while addressing a growing number of complex labor issues.

Outdated Technology:

- HR technology systems have remained unchanged for 10+ years, creating a need for replacement or upgrades to our Human Resources Information Systems.

OPPORTUNITIES

Increased Efficiency with Technology:

- Migrating from an outdated system to a cloud-based records management system that stores employee personnel records.
- Implementing a new Workflow Approval system to address inefficiencies in manual processes in personnel.

Workforce Development:

- Utilizing market studies to effectively identify, attract, and retain top talent.
- Expanding education and skills training for Supervisors/Managers to increase overall competencies.

Strategic Sourcing:

- Outsourcing key functions such as COBRA administration, workplace investigations, and market studies for general positions.

Purpose Statement

The purpose of the Director's Office program is to provide HR direction, executive consultation and policy decision services to the Board of County Commissioners, County Administrator, County Departments and Employees so they can have a strategic partner to achieve their strategic and operational goals.

Performance Narrative Statement

Major Initiatives:

The Human Resources Department has updated its Strategic Plan with the goal of enhancing the services we provide to the County. We have made substantial progress on our previous initiatives, including the integration of Employee Policy and Practices (EPP) with the County Code and improvements to our internal complaint processes, both of which are nearing completion. Moving forward, we aim to reevaluate and significantly enhance our Employee Recognition Programs to deliver greater value. Additionally, we are committed to further improving customer service satisfaction within Human Resources by identifying inefficiencies and focusing on areas of improvement.

Employee Policy and Practices (EPP)/County Code Integration

Our engagement with a local human resources consulting firm since December, 2020, has resulted in significant progress in our effort to create new and revise existing employment policies so that they are in compliance with federal and state employment laws. To date, our team of consultants and internal staff subject matter experts have made significant edits to 44 Employment Policy and Practices (EPPs). Once edits are complete, next steps include review by County Counsel, Executive Management Team, (EMT), the Policy Committee, and unions, followed by approval by County Administration or the Board of County Commissioners. Simultaneously, employment policy language will be eliminated from the Personnel Ordinance (County Code Section 2.05). The project result will be current policies that are easily accessible by all users.

Internal Complaint Process

In response to a comprehensive audit of the County's practices related to Internal Complaints by the County's Internal Auditor, we have continued to evaluate our processes and apply the recommendations presented in the audit report. Our efforts during this fiscal year include a thorough review of the business process and development of the Internal Complaints module within the Origami database. Utilizing this database will allow us to retain current and historic records in one location, actively manage cases, and reporting capabilities. We will continue to make progress on the specific actions that will address the recommendations during FY 25/26.

Performance Measures Narrative:

***Note-HR program areas are in the process of realigning our performance measures to accurately reflect the work we are do.

¹ Our efforts to provide excellent customer service and strategic partner consultative services continue to be well received from internal County customers. We will continue to incorporate feedback to ensure this strong trend continues and evolves with the needs of the County.

² We are only reporting on fully approved and implemented Human Resources Policies and Practices in the measure above.

Human Resources Information Systems (HRIS)

Purpose Statement

The purpose of the Human Resources Information Systems program is to provide systems management, reports and analysis, education services to HR, county departments and agencies so they can understand and use HR systems and data to make informed decisions and achieve their strategic results.

Performance Narrative Statement

Major Initiatives:

ApplicationExtender (AX) Migration to Laserfiche- X is a record management system used by HR to store employee personnel records. The software is outdated and no longer supported, which poses a significant risk to the Couecord Management system that meets all security and compliance requirements, is easy to use, and is highly customizable.

PeopleSoft Fluid Workflow Approval: To enhance efficiency within reTo enhance efficiency within recruitment, position approvals, and personnel transactions (PAs), PeopleSoft Fluid Approval will allow users to submit and approve these changes directly through PeopleSoft workflow. Fluid Approval will significantly reduce the time and resources spent on manual tasks, such as form completion, signature collection, and data entry, while reducing errors. This enhancement will benefit HR, Finance, and all department users.

The HRIS unit processes between 9000-11,000 transactions annually for our employee workforce. This process is highly manual and requires analysis of the transaction against the variety of work rule documents to ensure data quality.

The numbers of transactions fluctuate from year to year based on the implementation of collective bargaining agreements and other large-scale initiatives that influence employee data. Examples include creation of new infrastructure for MFR or the implementation or upgrade of systems impacted by PeopleSoft HCM.

Employee and Labor Relations

Employee and Labor Relations

Purpose Statement

The purpose of the Employee and Labor Relations (ELR) program is to provide collective bargaining, labor contract and policy administration services to the Board of County Commissioners (BCC), County Administration, and all county departments.

Performance Narrative Statement

Major Initiatives:

The Employee and Labor Relations (ELR) program continues to reduce liability for the County by resolving workplace issues early, fostering strong partnerships with departments, and providing guidance on policy and contract interpretation, workplace conflict resolution, performance management, and grievance administration.

In 2024 and 2025, ELR successfully completed negotiations with the three AFSCME bargaining units (CCOM, DTD, and WES), and the Clackamas County Employees Association (CCEA), reaching ratified contracts. These contracts included improvements to paid leave, workers' compensation, and temporary out-of-class and reclassification provisions which better assign us with legislation like Oregon Paid Leave and Equal Pay. We are currently in negotiations with the Federation of Parole and Probation Officers (FOPPO) and will initiate successor bargaining with AFSCME CCOM and the Clackamas County Peace Officers Association (CCPOA) in early 2026.

We will continue to prepare and respond to emerging legal and operational challenges, maintain labor stability, and support strategic initiatives like Oregon Paid Leave and Equal Pay compliance through collective bargaining and consultation.

Notes:

This program went through a restructure which resulted in a FT Manager Sr. to supervise over this program. Used to be provided by Deputy Director. Negotiated 6 contracts in FY 25/26 and FAPPO and POA to start in early 2025. Had to use a contractor for negotiations. EPA audit found the need to increase 5% for professional staff to be in compliance for FY 25/26.

Workforce Design

Classification and Compensation

Purpose Statement

The purpose of the Classification and Compensation program is to provide pay plan and job classification administration and work in partnership with County Departments to provide strategies and solutions to achieve their operational and strategic results so they can structure their organizations in a way that attracts, retains and equitably compensates employees.

Performance Narrative Statement

Major Initiatives:

The Classification & Compensation unit has undertaken two major initiatives in addition to the review and allocation of all Clackamas County positions, strategic organizational design, and maintenance of the County's classification and compensation plans.

Ensuring Oregon Equal Pay Act Compliance

In response to the Oregon Equal Pay Act, Classification & Compensation has implemented significant measures to promote equitable compensation. A core element of this effort is the mandatory salary placement assessment for all regular, limited-term, temporary, and seasonal appointments. This process ensures equity, consistency, and legal compliance in all placement decisions.

Classification & Compensation is also responsible for conducting a triennial equal pay audit in accordance with the law. This was last completed January 1, 2025 with the next triennial audit planned for initiation in the fall of 2027.

Classification & Compensation is in the process of revising pay practices and policies to eliminate the potential for pay equity issues moving forward. This process includes revision of collective bargaining agreement language related to compensation practices.

Structured Classification Reviews

Classification & Compensation continues to make progress on ensuring our classification specifications are up to date, that we are paying competitive wages and that employees are classified appropriately go hand-in-hand with the County's Equal Pay Analysis.

Workforce Design

Recruitment and Selection

Purpose Statement

The purpose of the Recruitment and Selection program is to provide consultation, outreach, evaluation, and selection services to County Departments so they can hire and retain the qualified, diverse workforce they need to achieve their strategic results.

Performance Narrative Statement

Major Initiatives:

The Recruitment and Selection Division has two major initiatives in addition to providing support to departments to attract a qualified and diverse workforce.

Recruitment Backlog

In response to the recruitment backlog in FY 24-25, the decision was made to extend two crucial limited-duration positions for a third year. These roles are essential for maintaining the high level of service our organization strives for, ensuring that we can effectively meet our staffing needs and prevent any further backlogs in the hiring process.

Improvements

Recruitment and Selection continues to look for ways to improve the recruitment process for applicants, hiring managers, and recruiters. The Recruitment Team began utilizing LinkedIn and Indeed to broaden our candidate sourcing capabilities, tapping into a wider talent pool. A quarterly training focused on recognizing and minimizing bias in the recruitment process was implemented. This initiative aims to foster a more equitable hiring environment and ensure diverse candidate representation. Also, a major PeopleSoft upgrade was completed. This upgrade was necessary for continued software support and also provided enhancements to improve the applicant experience. Through this system upgrade departments with temporary positions will also benefit from using PeopleSoft in the recruitment process.

Partnership

Recruitment and Selection continues to partner with departments, and other divisions within HR to support the County's recruitment needs. Recruitment and Selection will focus on developing additional resources and learning opportunities focused around recruitment in partnership with others to help strengthen the recruitment process at Clackamas County. Recruitment and Selection continues to represent the County at career and events and looks forward to partnering with local community events to showcase all the wonderful opportunities the County has to offer.

Workforce Design

Employee Engagement and Development

Purpose Statement

The purpose of the Employee Engagement and Development Program is to empower supervisors and enhance organizational capabilities by delivering comprehensive learning and development services. This program is designed to equip County departments with the tools and resources necessary to proactively address both current and future development needs leading to increased engagement.

Performance Narrative Statement

The Employee Engagement and Development (EE&D) program supports countywide learning and development, change initiatives, leadership development, and provides custom team building and work environment enhancement services. The team, comprised of 3 FTE, focuses internal resources on custom efforts, and utilizes vendor support to deliver services where time and resources are limited and outside expertise is beneficial. Much of the EE&D budget dollars go towards learning events and training content.

Challenges: Without addressing these challenges, we risk reduced organizational performance and employee satisfaction, as well as missed opportunities for talent development.

- Roles and responsibilities of supervisors are getting more complex. Some contributing factors are additional labor laws and evolving workplace expectations of employees.
- Employees, especially managers and supervisors, struggle to devote time to development. This leads to empty seats and cancelled sessions.

Opportunities: With these strategic initiatives, EE&D is poised to address current workforce challenges and create a vibrant culture of continuous learning across the county.

- Employee engagement survey (annual with vendor partner Gallup) and learning needs assessment results leading to re-aligned core services and training curriculum to better meet the needs of the organization and our workforce. Taking a more data-driven approach to resource allocations decisions that will result in employees building skills and accessing resources where most needed.
- Focus to improve marketing – intentionally scheduling and announcing opportunities well in advance to alleviate barriers for employees to participate in development.
- Support and collaborate with a steering committee whose members are managers from across the county. A key priority for this group is to make recommendations to improve the work environment for managers and supervisors – to be more supportive of and positively incentivize ongoing leadership development.

Benefits and Wellness

Benefits Administration

Purpose Statement

The purpose of the Benefits Administration and Wellness Services program is to provide health and retirement plan services to County departments and employees so they can achieve their results through a productive workforce.

Performance Narrative Statement

Major Initiatives:

In addition to continuing to offer a very competitive employee benefits package in support of our mission, the Benefits and Wellness division has laid the groundwork to transition to modern approaches to employee benefit processing, internal controls, and improved benefits technology solutions.

In 2022 we completed Phase 3 of our Benefits Service Delivery Transformation in order to prepare to implement our service delivery strategy. After careful consideration of Clackamas County's needs, it was determined to not outsource the administration of benefits, but instead look at leveraging our current system to strategically manage benefits administration. The Benefits team is creating a strategy to achieve success in the following areas:

- Enhanced customer experience
- Implement plan sponsor best practices
- Introduce comprehensive compliance, audit, and controls
- Minimize manual processing and reconciliation
- Access to accurate and timely data with dashboard reporting
- Instill consistent vendor management practices
- Transform benefits team service delivery model

We also began evaluating and preparing for Oregon Paid Family Medical Leave (PFML), a recent state-mandated leave that applies to the county and its workforce. The new law provides a broad benefit to workers across the state, but also significantly increases complexity and risk to program administration.

The County considered three options to ensure compliance with this new law: adopt the state program, self-administer and fund an equivalent plan, or offer a fully insured equivalent plan and outsource its administration. Ultimately, the County determined to move forward with utilizing a fully insured equivalent plan and outsource its administration based on a number of factors, including the current state of its Leave Administration program, which lacks modern approaches to program administration in its processes and technology. These lead to diminished customer experience, errors in reporting and compliance, and unnecessary risk exposure for the County.

By leveraging our current employee disability benefits carrier and third-party administrator The Standard for all leave and disability administration, the County is able to ensure compliance with Oregon PFML requirements, as well as improve customer experience, provide effective coordination of benefits, gain access to accurate and timely data and reporting, and introduce comprehensive compliance, audits and controls for all leave and disability benefit administration. This will also allow for a transformation of the in-house leave administration team with renewed

Administration

Leave Administration

Purpose Statement

The purpose of the Leave Administration program is to deliver comprehensive leave management and disability support to County departments and employees. Our goal is to foster a healthy work-life balance, enabling employees to effectively navigate their leave options while ensuring organizational continuity and a resilient workforce.

Performance Narrative Statement

Major Initiatives: Leave Administration has three major initiatives that will deliver an employee absence and disability management program that supports workforce and business requirements leading to improvements in retention, morale, absenteeism and productivity.

Business Process Improvements: Develop and provide templates, process flows and guides to educate and streamline the protected leave of absence and accommodation process for supervisors and employees. These resources will offer clear, step-by-step instructions to help both supervisors and employees navigate protected leave and accommodation processes with confidence and consistency. Standardized templates and visual process flows will reduce errors, improve response times, and ensure compliance with legal and organizational requirements. By simplifying complex procedures, these tools will promote transparency, enhance communication, and support a more efficient and user-friendly experience.

Supervisor Training: Provide quarterly training to supervisors on building a knowledge base on protected leave of absence and accommodation processes. These sessions will cover legal requirements, internal procedures, and best practices for effectively managing employees who have protected leave and/or accommodations. Training will include information to enhance supervisors' ability to recognize and respond to employee leave requests. Continuous education will ensure supervisors remain current with County policies, and federal and state law while fostering a supportive and compliant work environment.

Customer Service: Provide timely customer service to employees and supervisors and ensuring they have the resources and information necessary to support employee leave of absences and business operations. This includes responding promptly to inquiries, offering personalized guidance, and proactively addressing potential issues before they escalate. Ongoing communication and support will help build trust, and ensure a smooth leave and accommodation experience for both employees and supervisors.

Risk & Safety Management

Risk Administration

Purpose Statement

The purpose of the Risk Administration program is to provide risk and safety management services to County departments and employees so they can create a workplace culture committed to practices that reduce risk, sustain a healthy workforce and preserve financial resources.

Performance Narrative Statement

Major Initiatives/Goals:

Continue optimization of the RMIS system for liability and workers compensation claims handling: Efficiency improvements continue to emerge, thereby reducing administrative burden and allowing more time toward analysis and management of County risks and claims. Additionally, other areas of HR continue to explore the use of the system for their own process optimization.

Goals: Continue to look for best insurance or risk transfer options; Keep County Risk allocation increases to a minimum; Protect County employees and assets

FY25-26 Looking Ahead

CHALLENGES

- Continued loss of revenue from franchise fees significantly impacts PGA's budget.
- Loss of revenue and reduced budget impact PGA's ability to maintain a balanced staffing model (e.g., PGA director manages 14 direct reports).
- Need and demand for PGA services – communication, government relations, and public engagement – continue to grow.

OPPORTUNITIES

- Maximize limited resources:
 - Apply an ROI to requests from departments.
 - Establish a web governance to streamline policy for web content management.
 - Continue to educate county departments on PGA's workflow and production processes.

The logo for Clackamas County features a stylized mountain peak in a teal color. A white, curved shape, resembling a river or a stylized 'C', is positioned in front of the lower part of the mountain. Below the graphic, the words "CLACKAMAS" and "COUNTY" are written in a bold, sans-serif font, with "CLACKAMAS" on the top line and "COUNTY" on the bottom line.

Strategy and Policy

Strategy and Policy

Purpose Statement

The purpose of the Strategy and Policy Program is to provide strategic planning, policy analysis, and support services to the people of Clackamas County, their Board of County Commissioners, and other countywide elected officials and Public and Government Affairs staff so they can have equitable access, make informed decisions and achieve results.

Performance Narrative Statement

The Strategy and Policy Program continues to see a decrease in funding, primarily due to a decrease in franchise fees that help support PGA's operating expenses.

Shared Services ☐ Yes

Grant Funding ☐ No

Explain all "Yes" boxes below

For help with shared services, see AOC Shared State-County Services page on intranet

If grant funding, include length of grant and any match requirement (w/funding source)

Explanation

The county is required to provide public access to public meetings conducted by the Board of County Commissioners. The PEG dollars derived from the franchise fees fund ClackCo TV, which is our government access channel.

Notes:

The Franchise Fees that PGA receives from various cable channels have been steadily declining over the past few years. Last Fiscal Year, they declined 3% per quarter. This fiscal year, they are declining 6% per quarter with an average decrease of 15% per year. PGA has tried to keep expenses flat but will need higher allocation or general funding to bridge the gap of revenue.

Communications & Engagement Advocacy

Communications & Community Engagement

The purpose of the Communication and Community Engagement Program is to provide multimedia outreach, information, consultation, and coordination services to the people of Clackamas County, their Board of County Commissioners, and other countywide elected officials so they can equitably access services, influence public policy, build connection and trust with their government, and impact the future of their community.

The Communications & Community Engagement Program continues to seek efficiency and cost-cutting strategies, particularly in materials and services, and implementing emerging strategies in digital communication and community engagement. PGA has kept its FTE count consistent with no new positions added.

Shared Services

Grant Funding

Explain all "Yes" boxes below

For help with shared services, see AOC Shared State-County Services page on intranet

If grant funding, include length of grant and any match requirement (w/funding source)

Explanation: The county is required to provide access to public information, obtain public input, and provide community engagement opportunities when appropriate and necessary. PGA is the public information arm of the county and ensures these requirements are met. This includes managing the CPO and hamlet programs under State Goal 1.

Communications & Engagement Advocacy Government and External Relations

Purpose Statement

The purpose of the Government and External Relations Program is to provide public policy analysis, development, coordination, and advocacy services to the Board of Commissioners, and other countywide elected officials, in collaboration with county departments, so they can achieve their policy priorities and the people of Clackamas County can thrive.

Performance Narrative Statement

The Government and External Relations Program manages all contracts for government affairs and 20% of the 2.0 FTE dedicated to lobbying on behalf of the county.

Notes:

The Franchise Fees that PGA receives from various cable channels have been steadily declining over the past few years. Last Fiscal Year, they declined 3% per quarter. This fiscal year, they are declining 6% per quarter with an average decrease of 15% per year. PGA has tried to keep expenses flat but will need higher allocation or general funding to bridge the gap of revenue.
