HEARING DATE: September 25, 2025

HEARING TIME: This hearing will not begin before 9:30 a.m. However, it may begin later depending on the length of any preceding items.

HEARING LOCATION: The public hearing will be conducted virtually using the Zoom platform. Applicant: Mark Lindley, and Dyann Bernatz, Portland General Electric Company

Proposal: The applicant requests a conditional use approval through File Z0282-25 to upgrade the existing power line to include added transmission lines along Stafford Rd. Because the review process for utility facilities in the EFU zone is different than the process in the RRFF-5 zone, the applicant also requests approval through File Z0313-25 of a "utility facility necessary for public service" to replace seven existing poles at Rosemont Substation with taller transmission poles to match the rest of the corridor.

Applicable Zoning and Development Ordinance Criteria: ZDO Sections 202, 316, 401, 1203 and 1307. These criteria may be viewed online at <http://www.clackamas.us/planning/zdo.html>

Site Address and/or Location: An approximately 5.9-mile stretch along Stafford Rd between Rosemont Rd and SE 65th Ave along with the property at 50 S. Rosemont Road.

HOW TO SUBMIT TESTIMONY ON THIS APPLICATION

- All interested parties are invited to "attend" the hearing remotely online or by telephone and will be provided with an opportunity to testify orally, if they so choose. One week prior to the hearing, specific instructions will be available online at www.clackamas.us/meetings/planning/hearingsofficer
- Written testimony received by **September 15, 2025**, will be considered by staff prior to the issuance of the staff report and recommendation on this application. However, written testimony will continue to be accepted until the record closes, which may occur as soon as the conclusion of the public hearing.
- Written testimony may be submitted by email, fax, or regular mail. Please include the permit number on all correspondence and address written testimony to the staff contact who is handling this matter.
- Testimony, argument, and evidence must be directed toward the criteria identified above, or other criteria in the Zoning and Development Ordinance or Comprehensive Plan that you believe apply to the decision. - Written notice of the Hearing Officer's decision will be mailed to you if you submit oral or written testimony or make written request for notice of decision **and provide a valid mailing address.**

PROCEDURE FOR THE CONDUCT OF THE HEARING

The hearing will be conducted by one of the Land Use Hearings Officers, who are appointed by the Board of County Commissioners to conduct public hearings and issue decisions on certain land use permit applications. The following procedural rules have been established to allow an orderly hearing:

1. The length of time given to individuals speaking for or against an item will be determined by the Hearings Officer prior to the item being considered.
2. A spokesperson representing each side of an issue is encouraged.
3. Prior to the conclusion of the evidentiary hearing, any participant may request an opportunity to present additional evidence, argument, or testimony regarding the application. The Hearings Officer will either continue the hearing or leave the record open for additional written evidence, argument, or testimony.

5.1.1 Implement a County Scenic Road System that is safe and attractive for all users.

Response: This policy is directed at County staff policymakers to implement a road system. Applicants for new development have no authority to “implement” a road system. This is not a standard with which applicants can comply. The proposed pole and wire replacements along the existing power line corridor will continue to allow the system to remain safe and attractive for all users.

5.1.2 Promote the protection of recreation values, scenic features and an open, uncluttered character along designated scenic roads. Developments adjacent to scenic roads shall be designed with sensitivity to natural conditions and:
