Section III: Funding Opportunity Information - To Be Completed at Pre-Application Meeting by Dept Program and Fiscal Staff

Fiscal

1. Are there other revenue sources required, available, or will be used to fund the program? Have they already been secured? Please list all funding sources and amounts.

No.

2. For applications with a match requirement, how much is required (in dollars) and what type of funding will be used to meet it (CGF, In-kind, local grant, etc.)?

Not required.

3. Does this grant/financial assistance cover indirect costs? If yes, is there a rate cap? If no, can additional funds be obtained to support indirect expenses and what are those sources?

Yes - indirect costs are allowed for non-profit partners. The applicant, Clackamas County, will request a 15% de minimis rate.

4. Does the grant/financial assistance fund an existing program? If yes, which program? If no, what is the purpose of the program?

Funds from this grant will add sexual violence to the county's well-developed domestic violence response program.

Organizational Capacity:

1. Does the organization have adequate and qualified staff? If no, can staff be hired within the grant/financial assistance funding opportunity timeframe?

There will be several positions (a mix of full- and part-time) funded by this source, but planning is still underway and final decisions have not been made at the time this form was completed. Preliminary plans are to fund a full-time Sexual Violence Systems Coordinator (SVSC) who will function similarly to the current Domestic Violence Systems Coordinator (DVSC) but focusing on sexual violence. Other part-time positions may include a Safety Compass advocate, a CWS advocate, and a position in the DA's office. The DVSC has managed several past OVW grants and will assist the project in meeting objectives. CFCC managers have overseen a variety of state and federal grants. Staff funded through this grant will be hired within the time frame of the solicitation.

2. Are there partnership efforts required? If yes, who are we partnering with and what are their roles and responsibilities?

Partnerships/collaboration are required as part of this funding. For this grant partners will be: the District Attorney's Office and their Victim Assistance Program, Clackamas Women's Services, Safety Compass, Oregon Sexual Assault Task Force, the Sheriff's Office, A Safe Place Family Justice Center, CFCC, and potentially other law enforcement departments.

Roles and responsibilities of partners is to hire required staff, manage activities towards goals, participate in planning and reporting, sit on the grant management group, and participate in Gold Standard activities.

3. If this is a pilot project, what is the plan for sun setting the project and/or staff if it does not continue (e.g. making staff positions temporary or limited duration, etc.)?

This is a new project that the program partners are using to prove the utility and effectiveness of this equal response to domestic and sexual violence in our community. As with the past ICJR grant which resulted in the court funding a Court Clerk for the Family Justice Center, our intention is to do the same with this funding. Bringing equity to the issue of sexual assault will serve to improve our coordinated response overall. Positions hired will be limited duration, but there is a high probability that funding will extend beyond three years, giving us the opportunity to seek other funding.

4. If funded, would this grant/financial assistance create a new program, does the department intend for the program to continue after initial funding is exhausted? If yes, how will the department ensure funding (e.g. request new funding during the budget process, supplanted by a different program, etc.)?

As mentioned in #3 above, although this funding is for three years, there is the option to reapply. We had the past ICJR grant for 9 years which led to a permanent position from the court at the Family Justice Center. Our goal is to solidify the SVSC position through the improvement of the response and outcomes for sexual assault survivors, including comprehensive training for law enforcement, and institutionalization of our sexual assault response.

Collaboration

1. List County departments that will collaborate on this award, if any.

The District Attorney's Office. H3s/CFCC. Sheriff's Office/A Safe Place Family Justice Center.

Reporting Requirements

1. What are the program reporting requirements for this grant/funding opportunity?

Semi- annual program and demographic report.

2. How will performance be evaluated? Are we using existing data sources? If yes, what are they and where are they housed? If not, is it feasible to develop a data source within the grant timeframe?

Performance is based on our proposed project Goals and Objectives during the application process and discussion with OVW grant managers after acceptance. We have existing data resources and are currently looking at what other data the system can report.

3. What are the fiscal reporting requirements for this funding?

Fiscal reporting is due quarterly with draw down requests from the Department of Justice. A final financial report is required at the end of the grant period.

Mission/Purpose:

1. How does the grant/funding opportunity support the Department and/or Division's Mission/Purpose/Goals?

This funding opportunity provides us the chance to make needed and important improvements to our response to survivors and perpetrators of sexual violence.

CFCC "promotes wellness and positive outcomes for the children and families of Clackamas County". H3S "promotes and assists individuals, families and communities to be safe, to be healthy, and to thrive". County goals that align with this project are 1) to assist individuals and families in need to be healthy and safe, 2) to increase community safety and health, and 3) to continually improve the efficiency and effectiveness of services.

2. Who, if any, are the community partners who might be better suited to perform this work?

CFCC is best suited to provide the oversight, management, and key staffing for this project due to expertise and experience of staff.

3. What are the objectives of this funding opportunity? How will we meet these objectives?

Exact goals and objectives and activities are being developed during the application process, but the main goal is to improve our county's response to sexual violence. This will be done through a dedicated sexual violence coordinator position, the dedication of specially trained sexual assault advocates, prosecution efforts, and improved training and expectations for investigations.

Other information necessary to understand this award, if any.

CFCC and its partners held a previous ICJR grant for 12 years. Those efforts built a strong response to restraining orders at the Family Justice Center, culminating in the Court Clerk position being made part of the court's ongoing budget. We were also able to get two Victim Assistance positions to be available on site.

We are applying for this funding to take a similar approach to sexual assault in our community. Through targeted staffing, activities, and training, this project will align with and support the Gold Standard efforts being led by the District Attorney's Office.

Acknowledgement of Notice of Statutory Requirement to Comply with the Confidentiality and Privacy Provisions of the Violence Against Women Act, as Amended

Under section 40002(b)(2) of the Violence Against Women Act, as amended (34 U.S.C. 12291(b)(2)), grantees and subgrantees with funding from the Office on Violence Against Women (OVW) are required to meet the following terms with regard to nondisclosure of confidential or private information and to document their compliance. By signature on this form, applicants for grants from OVW are acknowledging that that they have notice that, if awarded funds, they will be required to comply with this provision, and will mandate that subgrantees, if any, comply with this provision, and will create and maintain documentation of compliance, such as policies and procedures for release of victim information, and will mandate that subgrantees, if any, will do so as well.

(A) In general

In order to ensure the safety of adult, youth, and child victims of domestic violence, dating violence, sexual assault, or stalking, and their families, grantees and subgrantees under this subchapter shall protect the confidentiality and privacy of persons receiving services.

(B) Nondisclosure

Subject to subparagraphs (C) and (D), grantees and subgrantees shall not—

- (i) disclose, reveal, or release any personally identifying information or individual information collected in connection with services requested, utilized, or denied through grantees' and subgrantees' programs, regardless of whether the information has been encoded, encrypted, hashed, or otherwise protected; or
- (ii) disclose, reveal, or release individual client information without the informed, written, reasonably time-limited consent of the person (or in the case of an unemancipated minor, the minor and the parent or guardian or in the case of legal incapacity, a court-appointed guardian) about whom information is sought, whether for this program or any other Federal, State, tribal, or territorial grant program, except that consent for release may not be given by the abuser of the minor, incapacitated person, or the abuser of the other parent of the minor.

If a minor or a person with a legally appointed guardian is permitted by law to receive services without the parent's or guardian's consent, the minor or person with a guardian may release information without additional consent.

(C) Release

If release of information described in subparagraph (B) is compelled by statutory or court mandate—

- (i) grantees and subgrantees shall make reasonable attempts to provide notice to victims affected by the disclosure of information; and
- (ii) grantees and subgrantees shall take steps necessary to protect the privacy and safety of the persons affected by the release of the information.

(D) Information sharing

(i) Grantees and subgrantees may share—

- (I) nonpersonally identifying data in the aggregate regarding services to their clients and nonpersonally identifying demographic information in order to comply with Federal, State, tribal, or territorial reporting, evaluation, or data collection requirements;
- (II) court-generated information and law enforcement-generated information contained in secure, governmental registries for protection order enforcement purposes; and
- (III) law enforcement-generated and prosecution-generated information necessary for law enforcement and prosecution purposes.

(ii) In no circumstances may—

- (I) an adult, youth, or child victim of domestic violence, dating violence, sexual assault, or stalking be required to provide a consent to release his or her personally identifying information as a condition of eligibility for the services provided by the grantee or subgrantee;
- (II) any personally identifying information be shared in order to comply with Federal, tribal, or State reporting, evaluation, or data collection requirements, whether for this program or any other Federal, tribal, or State grant program.

(E) Statutorily mandated reports of abuse or neglect

Nothing in this section prohibits a grantee or subgrantee from reporting suspected abuse or neglect, as those terms are defined and specifically mandated by the State or tribe involved.

(F) Oversight

Nothing in this paragraph shall prevent the Attorney General from disclosing grant activities authorized in this Act to the chairman and ranking members of the Committee on the Judiciary of the House of Representatives and the Committee on the Judiciary of the Senate exercising Congressional oversight authority. All disclosures shall protect confidentiality and omit personally identifying information, including location information about individuals.

(G) Confidentiality assessment and assurances

Grantees and subgrantees must document their compliance with the confidentiality and privacy provisions required under this section.

(H) Death of the party whose privacy had been protected

In the event of the death of any victim whose confidentiality and privacy is required to be protected under this subsection, grantees and subgrantees may share personally identifying

information or individual information that is collected about deceased victims being sought for a fatality review to the extent permitted by their jurisdiction's law and only if the following conditions are met:

- (i) The underlying objectives of the fatality review are to prevent future deaths, enhance victim safety, and increase offender accountability.
- (ii) The fatality review includes policies and protocols to protect identifying information, including identifying information about the victim's children, from further release outside the fatality review team.
- (iii) The grantee or subgrantee makes a reasonable effort to get a release from the victim's personal representative (if one has been appointed) and from any surviving minor children or the guardian of such children (but not if the guardian is the abuser of the deceased parent), if the children are not capable of knowingly consenting.
- (iv) The information released is limited to that which is necessary for the purposes of the fatality review.

As the duly authorized representative of the applicant, I hereby acknowledge that the applicant has received notice that if awarded funding they will comply with the above statutory requirements. This acknowledgement shall be treated as a material representation of fact upon which the Department of Justice will rely if it determines to award the covered transaction, grant, or cooperative agreement.

Clackamas County certifies that grant funds will not be used for the following out-of-scope activities listed in the Certification Regarding Out-of-Scope Activities section of the notice of funding opportunity (NOFO) under which this application is submitted:

5. Generic community engagement or economic development without a clear link to violence prevention, victim safety, or offender accountability.

9. Excessive funding for consulting fees, training, administrative costs, or other expenses not related to measurable violence prevention, victim support, and offender accountability.

The remaining out-of-scope activities are stayed by order of the court in *Rhode Island Coalition Against Domestic Violence, et al., v. Pamela Bondi, et al.*, U.S. District Court for the District of Rhode Island Case No. 25-249 WES, and other applicable pending litigation. The stayed out-of-scope activities excluded from this certification are listed as #2-5, #7-9, and #11 on pages 5-6 of the court's opinion. Terms or conditions stayed pursuant to an applicable court order are not enforceable as to any OVW FY 2026 awards unless and until the preliminary stay is lifted. As such, those out-of-scope activities, and any other term or condition stayed pursuant to an applicable court order, are not part of this certification.

Sincerely,
