EXECUTIVE SUMMARY: The Office of Economic Development, in collaboration with Public and Government Affairs (PGA), established a business spotlight video program in the Spring of 2025. The first series of videos features the ten Business Development Grant recipients. These Video Spotlights will be made public on the County website, incorporated into the County's video media, shared by the Commissioners during business and other meetings and utilized by the business for their own professional marketing.

The Office of Economic Development and PGA have committed to delivering one video per month through the fall of 2026. Two videos have been released already – one in October and one in November. The third in the series is Photo Solutions, Inc. A shortened version of each video will be presented at Business Meetings to meet time constraints. The full version will be publicly available after the business meeting.

Photo Solutions, located in Wilsonville, is a family business which manufactures high-precision encoders. Photo Solutions is a 2024 grant recipient who received \$20,000 for a workforce development project to hire new staff and purchase additional production equipment as part of a product expansion.

RECOMMENDATION:

No recommendation. Informational only.

Respectfully submitted,

Dan Johnson
