EXECUTIVE SUMMARY: This is a project agreement between Clackamas County and the Oregon Department of Transportation (ODOT) for the preliminary engineering, right of way and construction phases of work in the effort to evaluate and replace the northern ferry boat ramp landing, place bank stabilization measures adjacent to the northern ramp, and evaluate condition and stability of the southern ferry boat ramp. Federal-aid highway funds are available through ODOT for designing and constructing ferry boats and for designing, acquiring right-of-way and constructing ferry terminal facilities, including ferry maintenance, and other activities as described in the Ferry Boat Program Implementation Guidance.

The northern ramp needs to be replaced due to it having shifted over time, which has resulted in damage to the bottom of the ferry boat. To date, the damage has been minor, but significant damage could occur in the future.

Additionally, the riverbank on the north side has been eroding and bank stabilization measures are needed to protect the SW Mountain Rd, which is above the eroded area.

Clackamas County will complete the work as a Supplemental Project under the

For Filing Use Only

County's Local Agency Certification Program Agreement No. 73000-00029343 with ODOT. Currently, the project is financed with \$480,830 in Ferry Boat Discretionary funds matched by \$444,170.00 in County Road Funds. However, the County intends to add future allocations of Ferry Boat Discretionary funds to fund the project with up to 80 percent Ferry Boat Discretionary funds (\$740,000.00) matched by 20 percent County Road Funds (\$185,000.00).

RECOMMENDATION:

Staff recommends that the Board of County Commissioners approve and sign the Supplemental Project Authorization No. 73000-00029343:7 with ODOT for the Canby (M J Lee) Ferry Ramp Enhancements.

Respectfully submitted,

Dan Johnson

B. SUPPLEMENTAL PROJECT AUTHORIZATION TERMS

1. **Applicable Provisions:** Except as otherwise modified by the terms of this Supplemental Project Authorization, the Project is subject to the terms and conditions of the Program Agreement, including the Standard Provisions and Special Provisions specified in the Project Details Table above, which are incorporated into this Supplemental Project Authorization by reference as though fully set forth herein.
2. **Scope:** The Project includes preliminary engineering, right of way, and construction. The Project will replace the north ramp landing and stabilize the north side embankment to protect the roadway above the riverbank (SW Mountain Rd). The following measures are planned: geotextile fabric, rip rap, large woody debris (if required), mulching, and seeding. The Project is located at the Ferry Crossing as shown on Attachment 1 – Project Vicinity Map.

3. **ODOT Costs:** The Parties agree that ODOT will perform risk-based Project oversight in accordance with the Program Agreement. A preliminary estimate for the cost of ODOT's work is shown above in the Project Details Table under Informational Details. The Parties agree that ODOT services to be performed in excess of this preliminary estimate shall be addressed as provided in Paragraph V.3.g of the Program Agreement. Certified Agency understands that ODOT's costs are estimates only and Certified Agency agrees to pay ODOT's actual costs incurred per the Terms of this Supplemental Project Authorization. On a quarterly basis, ODOT will provide Certified Agency a statement of costs expended by ODOT.
4. **Funding:** A combination of federal, state, and local funds may be expended on the Project as detailed in the Project Details Table above, subject to the limitations and obligations set forth in the Program Agreement and this Supplemental Project Authorization. Federal and State funds for the Project shall be limited to the amount shown in the Funding Details section of the Project Details Table above.
 - a. Certified Agency guarantees the availability of Certified Agency funding in an amount required to fully fund Certified Agency's share of the Total Project Cost, as shown in the Project Details Table, and in accordance with the Funding provisions in Paragraph V.3 of the Program Agreement.
 - b. Certified Agency understands and agrees that federal funding for this Project is contingent upon FHWA's approval of each funding request. Any work performed outside the period of performance approved by FHWA or outside the Project scope will be considered non-participating and paid for at Certified Agency's expense.
 - c. ODOT will submit requests for federal funding authorizations to FHWA by Project phase. The ODOT Project Contact or designee will provide Certified Agency with a written notice to proceed for each Project phase when FHWA approval has been secured and funds are available for expenditure on the Project.
 - d. With the notice to proceed, ODOT will provide Certified Agency with a copy of the USDOT FHWA Federal Aid Project Agreement between ODOT and FHWA for this Project, which contains the information required of pass-through entities by 2 CFR 200.332(a)(1).
5. **Invoicing:** Certified Agency shall submit invoices for Project progress billings in accordance with the invoicing provisions in Paragraph V.5 of the Program Agreement.
6. **Period of Performance:**
 - a. **Begin and End Dates:** The Project period of performance begins when both the initial FHWA Project authorization has been received by ODOT and a notice to proceed for the first phase of the Project has been issued by the ODOT Project Contact. The Project period of performance ends on the Project End Date shown in the Project Details Table. All Project work must be completed within the period of performance.
 - b. **Project End Date Changes:** The Project End Date may be changed upon written approval by the ODOT Project Contact, which shall be incorporated by reference into this Supplemental Project Authorization. To extend the Project End Date, Certified Agency shall submit a written request to the ODOT Project Contact as soon as Certified Agency becomes aware that a schedule

change is necessary, but no less than sixty (60) calendar days prior to the authorized Project End Date. The ODOT Project Contact will coordinate with ODOT Program and Funding Services to seek authorization from FHWA prior to approving the extension request. FHWA authorization for extensions is not guaranteed. Any work performed outside the period of performance authorized by FHWA will be nonparticipating and paid for at Certified Agency's expense.

7. Project Useful Life: The useful life of the Project is 20 years.

8. Project-Specific Modifications: Reserved.

C. PROJECT CONTACTS, SIGNATURE AUTHORITIES, COUNTERPARTS, ACKNOWLEDGEMENT

1. Each Party's Project Contact is shown on the signature page of this Supplemental Project Authorization. Each Party agrees to notify the other Party in writing of any contact information changes during the term of this Supplemental Project Authorization.
2. Each Party certifies and represents that the individuals signing this Supplemental Project Authorization have been authorized to enter into and execute this Supplemental Project Authorization on behalf of the Party under the direction or approval of its governing body, commission, board, officers, members, or representatives, and to legally bind the Party.
3. This Supplemental Project Authorization may be executed in several counterparts (facsimile or otherwise) all of which when taken together shall constitute one agreement binding on all Parties, notwithstanding that all Parties are not signatories to the same counterpart. Each copy of this Supplemental Project Authorization so executed shall constitute an original. The Parties may use Electronic Signatures in accordance with Paragraph VII.15. of the Program Agreement.
4. This Project is in the 2024-2027 Statewide Transportation Improvement Program (STIP), Key No. 23909, that was approved by the Oregon Transportation Commission on July 13, 2023 (or subsequently approved by amendment to the STIP).
