

Importance of Clean Water

- British Medical Journal voted the sanitary revolution as the greatest medical advance since 1840.
- Thanks to advances in producing clean water over the last 200 years, life expectancy in the United States has more than doubled to 78.8 years.
- Clean Water Act (1972)

Water Professionals Appreciation Week

The work is constant, technical, and largely invisible

Water Professionals Appreciation Week

The work is constant, precise, and meaningful

Collaborative Partnerships

We take the INVISIBLE and make it VISIBLE

- Clackamas Community College
- Portland General Electric
- Partner City I&I Program
- SOLVE
- Energy Trust of Oregon
- Oregon City Business Alliance
- North Clackamas Chamber of Commerce

RiverHealth Stewardship Program Grant

Water Resource Recovery Facility Tours
